SUBJECT TO COMPLETION, DATED JANUARY 26, 2021

PRELIMINARY PROSPECTUS

Gaucha Group Holdings, Inc.

1,333,333 Units

**Each Unit Consisting of One Share of Common Stock and
One Warrant to Purchase One Share of Common Stock**

This is a firm commitment public offering (the “Offering”) by Gaucha Group Holdings, Inc. (the “Company”, “we”, “us” or “our”) of 1,333,333 of our units (the “units”), with each unit consisting of one share of our common stock, par value \$0.01 per share (the “common stock”) and one common stock purchase warrant (the “warrants”). Each warrant will have an exercise price equal to 100% of the public offering price per unit in this Offering. The warrants will be immediately exercisable and will expire on the eighteen-month anniversary of the original issuance date. The warrants may be exercised only for a whole number of shares of our common stock, and no fractional shares will be issued upon exercise of the warrants. The shares of common stock and warrants comprising the units will be immediately separable to allow for separate trading of such shares. We are also offering an additional 200,000 units consisting of 200,000 shares of our common stock and warrants to purchase up to 200,000 shares of our common stock, assuming the full exercise of the underwriters’ over-allotment options and assuming the price per unit is \$6.00. The public offering price is expected to be between \$5.00 and \$7.00 per unit and will be determined at pricing based on, among other factors, the closing bid price of the common stock on the effective date of the registration statement of which this prospectus forms a part. Once determined and after this registration statement is declared effective, such price per unit will not change for the duration of the Offering. See “Underwriting — Determination of Offering Price” for additional information.

Unless specifically provided otherwise herein, such numbers and prices above and used elsewhere in this prospectus, assume the effectiveness of a 15:1 reverse stock split of our common stock (based on an assumed offering price per unit of \$6.00), and the uplist of our common stock to Nasdaq to occur as of the effective date of the registration statement of which this prospectus forms a part, but prior to the closing of the Offering.

Our common stock is presently quoted on the OTCQB tier operated by OTC Markets Group Inc. (the “OTCQB”) under the symbol “VINO.” On January 25, 2021, the last reported closing bid price of our common stock on the OTCQB was \$0.40 per share.

On September 2, 2020, our stockholders approved our board of directors (“Board”) to effect a reverse stock split of our outstanding common stock at a specific ratio within a range from one-for-two to one-for-twenty-five, and also granted authorization to our Board to determine, in its sole discretion, the specific ratio and timing of such reverse stock split. We intend for the Board to effect such reverse stock split in connection with this Offering and our intended listing of our common stock on the Nasdaq Capital Market (“Nasdaq”), however we cannot guarantee that such reverse stock split will occur based on the ratio stated above, that such reverse stock split will be necessary or will occur in connection with the listing of our common stock on Nasdaq, or that Nasdaq will approve our initial listing application for our common stock upon such reverse stock split. We have applied to have our common stock listed on Nasdaq under the symbol “VINO”, which listing is a condition to this Offering, but no assurance can be given that our application will be approved and that our common stock will ever be listed on Nasdaq. If our listing application is not approved by Nasdaq, we will not be able to consummate the Offering and will terminate this Offering.

Before the U.S. Securities and Exchange Commission (“SEC”) declares this registration statement effective, we intend to file a pre-effective amendment to this registration statement with the SEC in the event that our Board determines that the final ratio to be used to effect such reverse stock split must be changed from the assumed 15:1 ratio disclosed throughout this prospectus. Upon effectiveness, we intend to effect such reverse stock split, price this Offering and uplist our common stock to Nasdaq. Because the pricing of the Offering will occur concurrently with such reverse stock split, potential investors will not be able to check the actual post-split market price before confirming purchases in this Offering.

There is no established public trading market for the units or the warrants, and we do not expect a market to develop. We do not intend to apply for listing of the units or the warrants on any securities exchange or other nationally recognized trading system. Without an active trading market, the liquidity of the units and the warrants will be limited.

Investing in the securities involves a high degree of risk. See “Risk Factors” beginning on page 8 of this prospectus.

	Per Unit	Total ⁽¹⁾
Public offering price	\$	8,000,000
Underwriting discounts and commissions ⁽²⁾	\$	640,000
Proceeds, before expenses, to us	\$	7,360,000

(1) Assumes no exercise of the over-allotment options by the underwriters.

(2) We have also agreed to reimburse the underwriter for certain expenses. See “Underwriting” for additional information regarding total underwriter compensation.

This Offering is being conducted on a firm commitment basis. The underwriters are obligated to take and pay for all the units offered by this prospectus if any such shares are taken.

We have granted each of the underwriters an over-allotment option, exercisable for 45 days from the date of this prospectus, to purchase up to an additional 15% of the units at the public offering price, less the underwriting discounts and commissions to cover over-allotments, if any. If such over-allotment options are fully exercised, the Company will receive an additional \$1,200,000, less an 8.0% fee to the underwriters before expenses. The underwriters are not required to take or pay for the units, shares of common stock or warrants covered by such over-allotment options to purchase such additional units.

We will deliver the shares of common stock being issued to the purchasers of units electronically and will e-mail such investors electronic warrant certificates for the warrants sold in this Offering, upon closing and receipt of investor funds for the purchase of the units offered pursuant to this prospectus. The underwriters expect to deliver the units to purchasers in the Offering on or before _____, 2021.

Neither the Securities and Exchange Commission (the “SEC”) nor any state securities commission has approved or disapproved of the securities offered hereby or passed upon the adequacy or accuracy of this prospectus. Any representation, to the contrary is a criminal offense.

Company Structure and History

(“GGH” or the “Company”) is a publicly traded holding company that includes a growing collection of e-commerce retail platforms with a concentration on fine wines, olive oil, hospitality, luxury real estate, leather goods, ready-to-wear, fashion accessories, and luxury home items.

For more than ten years, Gaucha Group Holdings, Inc.’s (gauchoholding.com) mission has been to source and develop opportunities in Argentina’s undervalued luxury real estate and consumer marketplace. Our company has positioned itself to take advantage of the continued and fast growth pace of global e-commerce across multiple market sectors, with the goal of becoming a leader in diversified luxury goods and experiences in sought after lifestyle industries and retail landscapes. With a concentration on fine wines (algodonfinewines.com & algodonwines.com.ar), hospitality (algodonhotels.com) and luxury real estate (algodonwineestates.com) associated with our proprietary Algodon brand, as well as the leather goods, ready-to-wear and accessories of the fashion brand Gaucha – Buenos Aires™ (gauchobuenosaires.com), these are the luxury brands in which Argentina finds its contemporary expression.

GGH seeks to grow its direct-to-consumer online products to global markets in the United States, Asia, the United Kingdom, Europe, and Argentina.

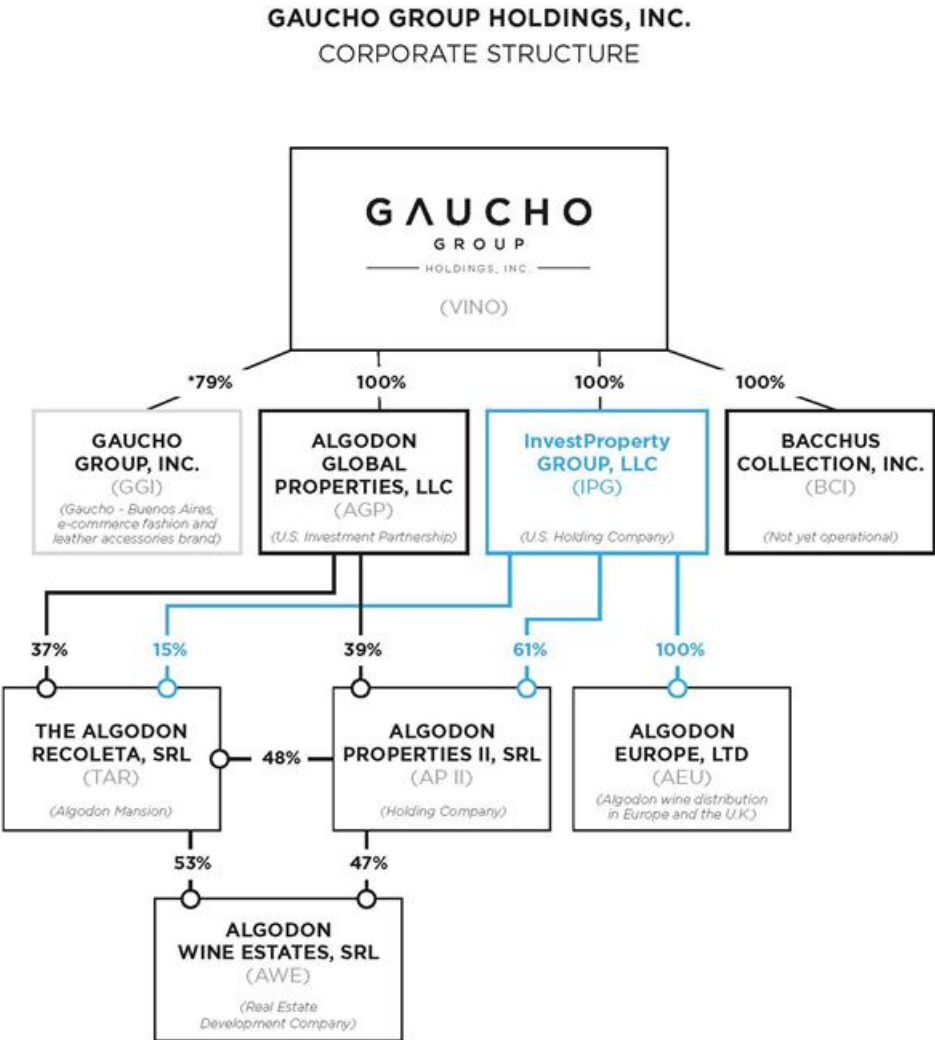

GGH’s goal is to become recognized as the LVMH (“Louis Vuitton Moët Hennessy”) of South America’s leading luxury brands. Through its wholly owned subsidiary Algodon Global Properties, LLC, GGH also owns and operates legacy investments in the boutique hotel, hospitality and luxury vineyard property markets. This includes a golf, tennis and wellness resort, as well as an award winning, wine production company concentrating on Malbecs and Malbec blends. In evaluating the Company, its business and any investment in the Company, readers should carefully consider the following factors:

Risk Factors Summary

- We face significant business disruption and related risks resulting from the COVID-19 pandemic, which could have a material adverse effect on our business and results of operations, including, but not limited to, the closure of the Algodon Mansion, operated by our indirectly owned Argentinian subsidiary, The Algodon - Recoleta S.R.L. (“TAR”), and the disruption of the operations of the Algodon Wine Estates, operated by our indirectly owned Argentinian subsidiary, Algodon Wine Estates S.R.L. (“SWE”).
- Due to the economic hardships presented by the COVID-19 pandemic, we obtained a loan from the Paycheck Protection Program (“PPP Loan”) from the U.S. Small Business Administration (“SBA”) pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”). We may not be entitled to forgiveness under the PPP Loan which would negatively impact our cash flow, and our application for the PPP Loan could damage our reputation.
- Economic and political instability in Argentina may adversely and materially affect our business, results of operations and financial condition.
- Argentina’s economy may not support foreign investment or our business.
- The Company is exposed to the risk of changes in foreign exchange rates.
- The stability of the Argentine banking system is uncertain.
- Government measures to preempt or respond to social unrest may adversely affect the Argentine economy and our business.
- We are exposed to risks in relation to compliance with anti-corruption and anti-bribery laws and regulations overseas and in the U.S. Although we have internal policies and procedures designed to ensure compliance with applicable anti-corruption and anti-bribery laws and regulations, there can be no assurance that such policies and procedures will be sufficient.
- The real estate market is uncertain in Argentina and the investment in Argentine real property is subject to economic and political risks.
- There are limitations on the ability of foreign persons to own Argentinian real property.
- Our business is subject to extensive domestic and foreign regulation, including regulations and laws imposed by the U.S. and Argentine governments, and additional regulations may be imposed in the future.
- There is limited public information about real estate in Argentina.
- The Company may be subject to certain losses that are not covered by insurance.
- Historically, the Company’s hotel incurs overhead costs higher than the total gross margin.
- The profitability of Algodon Wine Estates operated by SWE will depend on consumer demand for leisure and entertainment.
- Development of the Company’s projects will proceed in phases and is subject to unpredictability in costs and expenses.
- Climate change, or legal, regulatory or market measures to address climate change, may negatively affect our business, operations or financial performance, and water scarcity or poor water quality could negatively impact our production costs and capacity.
- Various diseases, pests, contamination, certain weather conditions, and natural disasters may negatively affect our business, operations or financial performance, including the business, operations or financial performance of SWE relating to the operation of the Algodon Wine Estates.
- GGI has no significant operating history and no revenue and we may not recognize any revenue from the Gaucho – Buenos Aires™ line of business in the future.
- The markets in which we operate, and which plan to operate in are highly competitive, and such competition could cause our business to be unsuccessful.
- Our business is subject to risks associated with importing products, and the imposition of additional duties and any changes to international trade agreements could have a material adverse effect on our business, results of operations and financial condition.
- We may not be able to protect our intellectual property rights, which may cause us to incur significant costs.
- GGI is only in the beginning stages of its advertising campaign.
- Labor laws and regulations may adversely affect the Company.
- Insiders continue to have substantial control over the Company.
- The loss of our Chairman, President and Chief Executive Officer could adversely affect the Company’s businesses.
- The Company has incurred recurring losses from operations and our independent registered public accounting firm issued a report which includes a going concern.
- Revenues are currently insufficient to pay operating expenses and costs which may result in the inability to execute the Company’s business concept.
- The Company is dependent upon additional financing which it may not be able to secure in the future.
- Our level of debt may adversely affect our operations and our ability to pay our debt as it becomes due.
- Our financial controls and procedures may not be sufficient to accurately or timely report our financial condition or results of operations, which may adversely affect investor confidence in us and, as a result, the value of our common stock.
- We are an “emerging growth company” and our election of reduced reporting requirements applicable to emerging growth companies may make our common stock less attractive to investors.
- Although we qualify as an emerging growth company, we also qualify as a smaller reporting company and under the smaller reporting company rules we are subject to scaled disclosure requirements that may make it more challenging for investors to analyze our results of operations and financial prospects.
- Raising additional funds through debt or equity financing could be dilutive and may cause the market price of our common stock to decline. We still may need to raise additional funding which may not be available on acceptable terms, or at all. Failure to obtain additional capital may force us to delay, limit, or terminate our product development efforts or other operations.
- Even if the Board approves a reverse stock split of our common stock at a ratio that currently achieves the requisite increase in the market price of our common stock for listing of our common stock on Nasdaq, we cannot assure you that the market price of our common stock will remain high enough for such reverse split to have the intended effect of complying with Nasdaq’s minimum bid price requirement.

- You may experience immediate and substantial dilution in the book value per share of the units you purchase.
- There is no public market for the units or the warrants and we do not expect a market to develop. Without an active market, the liquidity of such units or warrants will be limited.
- Our management will have broad discretion over the use of the net proceeds from this Offering; you may not agree with how we use the proceeds and the proceeds may not be invested successfully.

Implications of Being an Emerging Growth Company

We qualify as an “emerging growth company” as defined in the JOBS Act. For so long as we remain an emerging growth company, we are permitted and currently intend to rely on the following provisions of the JOBS Act that contain exceptions from disclosure and other requirements that otherwise are applicable to companies that conduct initial public offerings and file periodic reports with the SEC. These provisions include, but are not limited to:

- being permitted to present only two years of audited financial statements in this prospectus and only two years of related “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our periodic reports and registration statements, including this prospectus;
- not being required to comply with the auditor attestation requirements of Section 404 of the the Sarbanes-Oxley Act (“SOX”);
- reduced disclosure obligations regarding executive compensation in our periodic reports, proxy statements and registration statements, including in this prospectus; and
- exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

We will remain an emerging growth company until:

- the first to occur of the last day of the fiscal year (i) that follows the fifth anniversary of the completion of this Offering, (ii) in which we have total annual gross revenue of at least \$1.07 billion or (iii) in which we are deemed to be a “large accelerated filer,” as defined in the Exchange Act, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the end of that year’s second fiscal quarter; or
- if it occurs before any of the foregoing dates, the date on which we have issued more than \$1 billion in non-convertible debt over a three-year period.

We have elected to take advantage of certain of the reduced disclosure obligations in this prospectus and may elect to take advantage of other reduced reporting requirements in our future filings with the SEC. As a result, the information that we provide to our stockholders may be different than what you might receive from other public reporting companies in which you hold equity interests.

We have elected to avail ourselves of the provision of the JOBS Act that permits emerging growth companies to take advantage of an extended transition period to comply with new or revised accounting standards until those standards apply to private companies. As a result, we will not be subject to new or revised accounting standards at the same time as other public companies that are not emerging growth companies.

For additional information, see the section titled “Risk Factors — Risks of being an Emerging Growth Company — We are an “emerging growth company” and the reduced disclosure requirements applicable to emerging growth companies may make our common stock less attractive to investors.”

We have granted the underwriters such an option for a period of 45 days from the date of this prospectus to purchase such additional number of units.

Each unit will consist of one share of common stock and one warrant to purchase one share of common stock. Warrants may be exercised only for a whole number of shares and no fractional shares will be issued upon exercise of the warrants. The number of units offered hereby is calculated based on an assumed \$6.00 Offering price per unit, which is the midpoint of the price range for the units set forth on the cover page of this prospectus.

The units will not be certificated and the shares of common stock and warrants comprising the units must be purchased together in this Offering as units. Such shares and warrants will be immediately separable to allow for separate trading of such shares.

Offering price per unit

An assumed Offering price of \$6.00 per unit, which is the midpoint of the price range for the units set forth on the cover page of this prospectus. The actual Offering price per unit may be at, above or below such assumed Offering price and will be determined at pricing based on, among other factors, the closing bid price of the common stock on the effective date of this registration statement. See "Underwriting — Determination of Offering Price" for additional information.

Shares of our common stock outstanding immediately after this Offering

7,449,329 shares, assuming no exercise of the warrants or underwriters' warrants and no exercise of any over-allotment option.

OTCQB symbol

Our common stock is currently quoted on the OTCQB under the symbol "VINO."

Proposed Nasdaq symbol

"VINO".

We have applied to list our common stock on Nasdaq in connection with this Offering, and if necessary, we intend to effect a reverse stock split of our common stock in order to obtain Nasdaq approval for our listing of our common stock. We cannot guarantee that such reverse stock split will occur based on any specific ratio, that such reverse stock split will be necessary or will occur in connection with the uplist of our common stock to Nasdaq, or that Nasdaq will approve our initial listing application for our common stock upon such reverse stock split. If our listing application is not approved by Nasdaq, we will not be able to consummate the Offering and will terminate the Offering. Assumptions are based on a reverse stock split being effected at a ratio of 15:1 (based on an assumed offering price per unit of \$6.00) in connection with the uplist of our common stock to Nasdaq to occur as of the effective date of the registration statement of which this prospectus forms a part, but prior to the closing of the Offering.

Use of proceeds

We estimate that we will receive net proceeds, after deducting estimated underwriting discounts and commissions but before paying estimated expenses payable by us, of \$7.36 million from this Offering, assuming no exercise of the underwriter's over-allotment options, the warrants or the underwriters' warrants offered hereby, and \$8.464 million, assuming full exercise of the over-allotment options, but no exercise of the warrants or the underwriters' warrants offered hereby.

We expect that the net proceeds of this Offering will allow us to qualify for listing on Nasdaq, and we intend to use such net proceeds for working capital and general corporate purposes, which include, but are not limited to, inventory production and marketing for Gaucha Group, Inc., costs of this Offering, operating expenses and working capital. See "Use of Proceeds" on page 30 for more information.

RISK FACTORS

An investment in our securities involves certain risks relating to our structure and investment objective. The risks set forth below are the risks we have identified and which we currently deem material or predictable. We also may face additional risks and uncertainties not currently known to us, or which as of the date of this registration statement we might not consider significant, which may adversely affect our business. In general, you take more risk when you invest in the securities of issuers in emerging markets such as Argentina than when you invest in the securities of issuers in the United States. If any of the following risks occur, our business, financial condition and results of operations could be materially adversely affected. In such case, our net asset value and the price of our common stock could decline, and you may lose all or part of your investment.

In evaluating the Company, its business and any investment in the Company, readers should carefully consider the following factors:

Risks Relating to the COVID-19 Pandemic

We face significant business disruption and related risks resulting from the COVID-19 pandemic, which could have a material adverse effect on our business and results of operations.

We temporarily closed our hotel, restaurant, winery operations, and golf and tennis operations. On October 19, 2020, we re-opened our winery and golf and tennis facilities with COVID-19 measures implemented. Most recently, we reopened the Algodon Mansion as of November 11, 2020 with COVID-19 measures implemented. However, as of December 21, 2020, international tourism by foreign residents, except those foreign residents of neighboring countries, is prohibited through January 31, 2021. Additionally, on December 24, 2020, Argentina removed the exception for foreign residents of neighboring countries through January 9, 2021. Due to COVID-19, construction on homes was temporarily halted from March to September but has resumed.

The Company reduced expenses by negotiating an early termination of our office lease at 135 Fifth Avenue in New York City, and all employees and contractors are currently working from home. In addition, we are reviewing our labor needs to run the administrative side of the Company in New York.

Beginning Monday, April 13, 2020, GGI's warehouse and fulfillment center, Bergen Logistics, announced it would operate on a four-day schedule from Monday through Thursday, allowing for a 72-hour window from Friday through Sunday for any possible surface viruses to self-eliminate. On June 12, 2020 Bergen Logistics announced that it would increase its warehouse operations to a Sunday through Friday schedule. The warehouse stores and ships all of the items that are for sale on our e-commerce website. Any e-commerce orders that may be received during the time of shutdown are only be fulfilled once the fulfillment center re-opens. Likewise, during their shutdown, the warehouse would not be able to receive and process any returned merchandise from customers, nor would the warehouse be able to receive any merchandise from our manufacturers.

Throughout the pandemic, we also experienced significant delays in product development, production, and shipping from our overseas manufacturing partners, many of whom have been on complete lockdown for the safety of their workers. Some of our manufacturing partners have even had to close permanently. Because of this, we are in the process of pursuing new vendors.

Due to the events stated above, it was necessary for us to reduce our email marketing efforts to our customer database, as we were not able to fulfill orders. This resulted in a significant reduction in our web traffic and sales.

Although the Company presently has enough cash on hand to sustain its operations on a month to month basis, we are continuing to explore opportunities with third parties and related parties to provide some or all of the capital that we need. However, if we are unable to obtain additional financing on a timely basis, we may have to delay vendor payments and/or initiate cost reductions, which would have a material adverse effect on our business, financial condition and results of operations, and ultimately, we could be forced to discontinue our operations, liquidate assets and/or seek reorganization under the U.S. bankruptcy code.

The Company is continuing to monitor the outbreak of COVID-19 and the related business and travel restrictions, and changes to behavior intended to reduce its spread, and the related impact on the Company's operations, financial position and cash flows, as well as the impact on its employees. Due to the rapid development and fluidity of this situation, the magnitude and duration of the pandemic and its impact on the Company's future operations and liquidity is uncertain. While there could ultimately be a material impact on operations and liquidity of the Company, as of the date of this prospectus, the impact cannot be determined at this time.

Due to the economic hardships presented by the COVID-19 pandemic, we obtained a loan from the Paycheck Protection Program ("PPP Loan") from the U.S. Small Business Administration ("SBA") pursuant to the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). We may not be entitled to forgiveness under the PPP Loan which would negatively impact our cash flow, and our application for the PPP Loan could damage our reputation.

On May 6, 2020, the Company received a potentially forgivable loan from the SBA pursuant to the PPP enacted by Congress under the CARES Act, resulting in net proceeds of \$242,487. To facilitate the PPP Loan, the Company entered into a note payable agreement with Santander Bank, N.A. as the lender.

Under the terms of the CARES Act, as amended by the Paycheck Protection Program Flexibility Act of 2020, the Company is eligible to apply for and receive forgiveness for all or a portion of their respective PPP Loan. Such forgiveness will be determined, subject to limitations, based on the use of the loan proceeds for certain permissible purposes as set forth in the PPP, including, but not limited to, payroll costs (as defined under the PPP) and mortgage interest, rent or utility costs (collectively, "Qualifying Expenses") incurred during the 24 weeks subsequent to funding, and on the maintenance of employee and compensation levels, as defined, following the funding of the PPP Loan. The Company used the proceeds of the PPP Loan for Qualifying Expenses. However, no assurance is provided that the Company will be able to obtain forgiveness of the PPP Loan in whole or in part. Any amounts that are not forgiven incur interest at 1.0% per annum and monthly repayments of principal and interest are deferred for six months after the date of disbursement. While the PPP Loan currently has a two-year maturity, the amended law permits the borrower to request a five-year maturity from its lender. The Company will apply for forgiveness for the full amount. It is possible that the loan may not be forgiven in full, or that the Company would not be able to deduct the Company expenses it used the PPP Loan for, which could have a negative impact on the Company's cash flow.

Risks Relating to Argentina

As of the date of this registration statement, the majority of our operations, property and sales are located in Argentina. As a result, the quality of our assets, our financial condition and the results of our operations are dependent upon the macroeconomic, regulatory, social and political conditions prevailing in Argentina from time to time. These conditions include growth rates, inflation rates, exchange rates, taxes, foreign exchange controls, changes to interest rates, changes to government policies, social instability, and other political, economic or international developments either taking place in, or otherwise affecting, Argentina.

Economic and political instability in Argentina may adversely and materially affect our business, results of operations and financial condition.

The Argentine economy has experienced significant volatility in recent decades, characterized by periods of low or negative GDP growth, high and variable levels of inflation and currency depreciation and devaluation. The economy has experienced high inflation and GDP growth has been sluggish in the last few years. In October of 2020, the International Monetary Fund (IMF) published the “World Economic Outlook” report. The IMF noted that after contracting 2.1 percent in 2019, the Argentine Real GDP is expected to further contract by 11.8 percent in 2020, with a growth of 4.9 percent forecasted in 2021.

In its October 12, 2020 Staff Statement on Argentina, the IMF noted that Argentina is facing economic and social difficulties relating to the unprecedented health crisis created by COVID-19. The IMF stated that the resulting recession is contributing to an increase in already elevated poverty and unemployment levels.

The IMF projected the 2019 inflation rate to be approximately 40 percent. The actual inflation rate was 53.8 percent. The IMF did not make projections for the inflation rate for 2020 or 2021, as the variables used in the forecasts are linked to still-pending IMF program negotiations. However, in March 2020, NASDAQ reported that the inflation rate was projected to be 40 percent in 2020 and 30.5 percent in 2021, according to a central bank poll of analysts. The actual inflation rate, as reported by the Organization for Economic Cooperation and Development (OECD) was 35.8 percent as of November 2020.

The operating environment in Argentina continues to be a challenging business environment, including the continuing significant devaluation of Argentina’s currency, high inflation and economic recession. Volatility and declines in the exchange rate are expected in the future, which could have an adverse impact on our Argentine revenues, net earnings, cash flows and net monetary asset position.

On December 10, 2015, Mauricio Macri took office as the new president of Argentina, along with his former finance minister Alfonso Prat-Gay and Luis Caputo, who replaced Prat-Gay in late 2016. President Macri has made a number of decisions in pursuit of economic reform, including removing currency controls. Following Prat-Gray’s December 2015 announcement that the currency controls would be lifted, the exchange rate of the peso fell from 9.8 pesos per U.S. dollar to 14 pesos per U.S. dollar, resulting in a 30% devaluation of the peso. By August 2019, inflation had risen to more than 50%. Mr. Macri’s approach to the economy has been one of gradualism, but the economy has suffered and his structural economic reforms have hurt poor and middle-class families in Argentina. As a result, Alberto Fernández won the election as President on October 27, 2019 and Cristina Fernández de Kirchner won as Vice President and both took office on December 10, 2019. In late December of 2019, President Fernández’s emergency economic reform package was passed by Congress and was intended to decrease poverty and reduce inflation. The economic reform package included, among other things, tax increases, restrictions on the currency market, and debt renegotiations.

Given the political climate and the ongoing COVID-19 health crisis, it is not certain what other changes may take place or what the impact of the changes may be on the economy of Argentina. Our discussion below is based on recent history.

Economic and Political Risks Specific to Argentina

The Argentinian economy has been characterized by frequent and occasionally extensive intervention by the Argentinian government and by unstable economic cycles. The Argentinian government has often changed monetary, taxation, credit, tariff and other policies to influence the course of Argentina's economy, and taken other actions which do, or are perceived to weaken the nation's economy especially as it relates to foreign investors and other overall investment climate. The Argentine peso has devalued significantly against the U.S. dollar, from about 6.1 Argentine pesos per dollar in December 2013 to approximately 84.8 pesos per dollar in January 2021.

The overall state of Argentinian politics and the Argentina economy have resulted in numerous investment reports, including the United Nations Conference on Trade and Development (UNCTAD) 2020 World Investment Report, the World Bank's 2020 Doing Business Report, the U.S. Department of State's 2020 Investment Climate Statement on Argentina, and a report by Santander Trade, that discuss the risks of foreign investment in Argentina. In February 2019, the Morgan Stanley Capital International (MSCI) index allowed Argentina to remain in the frontier emerging market despite the country technically being ineligible based on available 2017 Gross National Income data. In May 2019, MSCI classified Argentina as an emerging market rather than a pure frontier market. Nonetheless, investors considering an investment in GGH should be mindful of these potential political and financial risks.

Argentina's economy may not support foreign investment or our business.

Currently there is significant inflation, labor unrest, and currency deflation, in addition to a potential recession brought on by the COVID-19 pandemic. There has also been significant governmental intervention into the Argentine economy, including price controls, foreign currency restrictions, and debt restructuring negotiations. As a result, uncertainty remains as to whether economic growth in Argentina is sustainable and whether foreign investment will be successful.

Since July 1, 2018, Argentina has had a highly inflationary economy, which may continue to increase our accounting and legal costs.

The International Practices Task Force ("IPTF") of the Center for Audit Quality discussed the inflationary status of Argentina at its meeting on May 16, 2018 and, as further described in its May 16, 2018 Document for Discussion, it categorized Argentina as a country with a projected three-year cumulative inflation rate greater than 100%. Therefore, the Company has transitioned its Argentine operations to highly inflationary status as of July 1, 2018. As a result, the Company was required to change the functional currency of its Argentine operations to the U.S. dollar, effective as of July 1, 2018. For operations in highly inflationary economies, monetary asset and liabilities are translated at exchange rates in effect at the balance sheet date, and non-monetary assets and liabilities are translated at historical exchange rates. Income and expense accounts are translated at the weighted average exchange rate in effect during the period. Translation adjustments are reflected in loss on foreign currency translation on the accompanying statements of operations.

Past efforts by Argentina to nationalize businesses.

In April 2012, then Argentine President Cristina Fernández de Kirchner announced her decision to nationalize YPF, the country's largest oil company, from its majority stakeholder, thus contributing to declining faith from foreign investors in the country and again resulting in a downgrade by Standard and Poor's of Argentina's economic and financial outlook to "negative". There were other discussions in Argentina about the possibility of nationalizing other businesses and industries under former President Kirchner, and she was elected a Senator in late 2017. She has made several public statements about her intent to debate everything and take firm positions on her political ideals.

As a result of the primary held in August 2019, where Mr. Macri earned only 32% of the vote in primary elections due to voters' anger over austerity measures, the deep recession and soaring inflation, the peso fell about 17% against the dollar and Argentina's bonds and stocks plunged. On October 27, 2019, Alberto Fernández won as President of Argentina with Ms. de Kirchner becoming Vice President. Ms. de Kirchner has remained a prominent political figure in Argentina, and there has been speculation surrounding the influence that Ms. de Kirchner may have over Mr. Fernández's policies. In June of 2020, President Fernández announced his plan to nationalize Vicentin SAIC, a major Argentine soybean processor. There is no assurance that any investment in GGH will be safe from government control or nationalization.

Due to the Company's operations in Argentina, the Company is exposed to the risk of changes in foreign exchange rates.

Due to the international nature of Gaucho Group Holdings' business, movements in foreign exchange rates may impact the consolidated statements of operations, consolidated balance sheets and cash flows of the Company. Since almost all of the Company's sales are located in Argentina, the Company's consolidated net sales are impacted negatively by the strengthening or positively by the weakening of the U.S. dollar as compared to Argentina's currencies. Additionally, movements in the foreign exchange rates may unfavorably or favorably impact the Company's results of operations, financial condition and liquidity. In October 2020, Argentina's central bank introduced measures to tighten controls on the movement of foreign currency, which resulted in a decline of the Argentine peso. The Argentine peso is stated at approximately 84.8 Argentine pesos per US dollar as of January 2021.

Argentina's ability to obtain financing from international markets is limited, which may impair its ability to implement reforms and foster economic growth.

After the economic crisis in 2002, the Argentine government has maintained a policy of fiscal surplus. To be able to repay its debt, the Argentine government may be required to continue adopting austere fiscal measures that could adversely affect economic growth.

In 2005 and 2010, Argentina restructured over 91% of its sovereign debt that had been in default since the end of 2001. Some of the creditors who did not participate in the 2005 or 2010 exchange offers continued their pursuit of a legal action against Argentina for the recovery of debt.

A U.S. Court of Appeals blocked the most recent debt payment made by Argentina in June 2014 because it was improperly structured, giving Argentina through the end of July 2014 to find a way to pay to fulfill its obligations. In March 2015, more than 500 creditors, separate from the hedge fund creditors, filed suit against Argentina for payment on the debt of \$5.4 billion. Argentina filed a motion opposing those claims noting that there were now \$10 billion in judgments and claims before the court. In February 2016, Argentina and four of its major bond creditors entered into a settlement agreement whereby Argentina agreed to pay roughly \$4.65 billion to those creditors to resolve the fifteen-year litigation. Subsequently, Argentina has also entered into settlement agreements with other bond default creditors who were not party to the original settlement which, in the aggregate, could have an estimated dollar value upwards of \$10 billion.

As a result of Argentina's default and its aftermath of litigation, the government may not have the financial resources necessary to implement reforms and foster economic growth, which, in turn, could have a material adverse effect on the country's economy and, consequently, our businesses and results of operations. Furthermore, Argentina's inability to obtain credit in international markets could have a direct impact on our own ability to access international credit markets to finance our operations and growth.

In April of 2016, after settling the litigation, Argentina was able to return to the international debt markets with a \$16.5 billion century bond. The attractiveness of a century bond is debatable amongst investment advisers and its impact over the long-term in this case unknown. In 2017, Argentina engaged in additional sales of bonds on international markets for around \$13.4 billion. There can be no assurance that the Argentine government will not default on its obligations under these or any of its bonds if it experiences another economic crisis or has a change in political control. A new default by the Argentine government could lead to a new recession, even higher inflation, restrictions on Argentine companies access to financing and funds, limit the operations of Argentine companies in the international markets, higher unemployment and social unrest, which would negatively affect our financial condition, results of operations and cash flows.

In June 2018, the Argentine Government entered into a US\$50 billion, 36-month stand-by arrangement with the IMF. This measure was intended to halt the significant depreciation of the peso during the first half of 2018. In December 2018, the IMF completed a second review under the stand-by arrangement and although there were indications that the financial markets in Argentina have stabilized since the end of September 2018 following the adoption of the new monetary policy framework, the IMF noted that external risks are centered around an unanticipated tightening of global financial conditions, which could resurface concerns about Argentina's ability to meet its large gross financing needs. The IMF also warned that greater than expected inertia in the inflation process may delay the expected easing of monetary policy and generate a greater economic loss during the needed disinflation and that a deeper recession or more persistent inflation could generate a more forceful opposition to the policies underpinning the program and hinder their implementation.

In August 2020, Argentina reported that it had successfully negotiated a restructuring of close to \$65 billion in debt with large US investment firms. The government predicted that the deal will bring in billions of dollars in financial relief over the 2020-2030 term and help cut interest rates on foreign bonds by 4%. However, only weeks after the restructuring, investors criticized the Argentine government's mismanagement of the economy, and bonds issued in September had already fallen 25 percent. Most recently, Argentina has begun working with the IMF to repackage close to \$45 billion of debt owed to the fund. In a December 3, 2020 IMF press briefing, the IMF stated that the discussions with Argentina were ongoing with no precise timeline of any eventual agreement.

The Argentine government may again place currency limitations on withdrawals of funds.

Through 2015, the Argentine government, led by then president Cristina Fernández, instituted economic controls that included limiting the ability of individuals and companies to exchange local currency (Argentine peso) into U.S. dollars and to transfer funds out of the country. At the time, public reports stated that government officials were micromanaging money flows by limiting dollar purchases and discouraging dividend payments and international wire transfers. As a result of these controls, Argentine companies had limited access to U.S. dollars through regular channels (e.g., banks) and consumers faced difficulty withdrawing and exchanging invested funds. Given the Company's investment in Argentine projects and developments, its ability to mobilize and access funds may be adversely affected by the above-mentioned political actions, despite the efforts to repeal economic controls in the recent past.

In December 2015, newly elected President Mauricio Macri ended the central bank's support of the peso and removed the currency controls that limited the ability of Argentines to buy dollars, resulting in a 30% devaluation of the Argentine peso. In January 2017, the country lifted the 120-day holding period for incoming funds hoping to increase the flow of money into the country and ease access for tourists, citizens and businesses. However, Argentina is still feeling the impact of removing currency controls and continued experiencing a decrease in the value of the Argentine peso throughout 2019.

Recently, the Argentine central bank has restricted access to dollars, prohibiting private citizens from buying more than \$200 in foreign currency per month on the official exchange market. Argentine officials have suggested that they will relax controls when the economic has stabilized. These restrictions may have a negative effect on the economy and on our business if imposed in an economic environment where access to local capital is constrained.

The stability of the Argentine banking system is uncertain.

Adverse economic developments, even if not related to or attributable to the financial system, could result in deposits flowing out of the banks and into the foreign exchange market, as depositors seek to shield their financial assets from a new crisis. Any run on deposits could create liquidity or even solvency problems for financial institutions, resulting in a contraction of available credit.

Additionally, unrest among the employment sector of the banking industry has led to strikes led by strong labor unions. This makes it difficult for citizens and businesses to conduct banking activities and decreases the level of trust people put into the Argentine banking system.

In the event of a future shock, such as the failure of one or more banks or a crisis in depositor confidence, the Argentine government could impose further exchange controls or transfer restrictions and take other measures that could lead to renewed political and social tensions and undermine the Argentine government's public finances, which could adversely affect Argentina's economy and prospects for economic growth which could adversely affect our business.

Government measures to preempt or respond to social unrest may adversely affect the Argentine economy and our business.

The Argentine government has historically exercised significant influence over the country's economy. Additionally, the country's legal and regulatory frameworks have at times suffered radical changes, due to political influence and significant political uncertainties. Future government policies to preempt, or in response to, social unrest may include expropriation, nationalization, forced renegotiation or modification of existing contracts, suspension of the enforcement of creditors' rights, new taxation policies, including royalty and tax increases and retroactive tax claims, and changes in laws and policies affecting foreign trade and investment. Such policies could destabilize the country and adversely and materially affect the economy, and thereby our business.

The Argentine economy could be adversely affected by economic developments in other global markets.

Financial and securities markets in Argentina are influenced, to varying degrees, by economic and market conditions in other global markets. Although economic conditions vary from country to country, investors' perception of the events occurring in one country may substantially affect capital flows into other countries. Lower capital inflows and declining securities prices negatively affect the real economy of a country through higher interest rates or currency volatility.

In addition, Argentina is also affected by the economic conditions of major trade partners, such as Brazil and/or countries that have influence over world economic cycles, such as the United States. If interest rates rise significantly in developed economies, including the United States, Argentina and other emerging market economies could find it more difficult and expensive to borrow capital and refinance existing debt, which would negatively affect their economic growth. In addition, if these developing countries, which are also Argentina's trade partners, fall into a recession the Argentine economy would be affected by a decrease in exports. All of these factors would have a negative impact on us, our business, operations, financial condition and prospects.

The Argentine government may order salary increases to be paid to employees in the private sector, which would increase our operating costs.

There have been nationwide strikes in Argentina over wages and benefits paid to workers which workers believe to be inadequate in light of the high rate of inflation and rising utility rates. In the past, the Argentine government has passed laws, regulations and decrees requiring companies in the private sector to maintain minimum wage levels and provide specified benefits to employees and may do so again in the future. In the aftermath of the Argentine economic crisis, employers both in the public and private sectors have experienced significant pressure from their employees and labor organizations to increase wages and to provide additional employee benefits. Due to the high levels of inflation, the employees and labor organizations have begun again demanding significant wage increases. It is possible that the Argentine government could adopt measures mandating salary increases and/or the provision of additional employee benefits in the future. Any such measures could have a material and adverse effect on our business, results of operations and financial condition. To management's knowledge, currently there are no pending measures.

Restrictions on the supply of energy could negatively affect Argentina's economy.

As a result of a prolonged recession, and the forced conversion into pesos and subsequent freeze of gas and electricity tariffs in Argentina, there has been a lack of investment in gas and electricity supply and transport capacity in Argentina in recent years. At the same time, demand for natural gas and electricity has increased substantially, driven by a recovery in economic conditions and price constraints, which has prompted the government to adopt a series of measures that have resulted in industry shortages and/or cost increases. In 2017, the government increased the tariffs on electricity and gas hoping to spur an increase in domestic energy production which increased the cost for these utilities for citizens. Scheduled increases in electricity tariffs in May and August 2019 were canceled and the government committed to no further gas tariff increases in 2019.

The federal government has been taking a number of measures, including the tariff increase, to alleviate the short-term impact of energy shortages on residential and industrial users. If these measures prove to be insufficient, or if the investment that is required to increase natural gas production and transportation capacity and energy generation and transportation capacity over the medium-and long-term fails to materialize on a timely basis, economic activity in Argentina could be limited, which could have a significant adverse effect on our business.

We are exposed to risks in relation to compliance with foreign and domestic anti-corruption and anti-bribery laws and regulations.

Our operations are subject to various foreign and domestic anti-corruption and anti-bribery laws and regulations, including the Argentine Corporate Criminal Liability Law 27,401 effective March 1, 2018 (the “Corporate Criminal Liability Law”) and the U.S. Foreign Corrupt Practices Act of 1977 (the “FCPA”). Both the Corporate Criminal Liability Law and the FCPA impose liability against companies who engage in bribery of government officials, either directly or through intermediaries. The Corporate Criminal Liability Law establishes a system of criminal liability of private legal persons which include companies created under any legal form (LLCs, PLCs, partnerships, etc.) whether of national or foreign capital for criminal offenses against public administration and national and cross-border bribery committed by, among others, its shareholders, attorneys-in-fact, directors, managers, employees, or representatives. Such anti-corruption laws generally prohibit providing anything of value to government officials for the purposes of obtaining or retaining business or securing any improper business advantage. In January of 2019, the National Executive enacted Emergency Decree No. 62/2019, which allows for the confiscation of assets that were acquired from drug trafficking, smuggling, money laundering, and other corruption crimes, where there is proof that the assets do not reasonably correspond to the person’s income. Additionally, on April 10, 2019, President Macri approved Decree No. 258/2019, which implemented the National Anti-corruption Plan (2019-2023). The plan is intended to consolidate progress in fighting corruption, and includes various initiatives divided into three main categories: (1) initiatives on transparency and open government; (2) initiatives to prevent money laundering; and (3) investigation and sanctions initiatives. As part of our business, we may deal with entities in which the employees are considered government officials. We have a compliance program that is designed to manage the risks of doing business in light of these new and existing legal and regulatory requirements.

Although we have internal policies and procedures designed to ensure compliance with applicable anti-corruption and anti-bribery laws and regulations, there can be no assurance that such policies and procedures will be sufficient. Violations of anti-corruption laws and sanctions regulations could lead to financial penalties being imposed on us, limits being placed on our activities, our authorizations and licenses being revoked, damage to our reputation and other consequences that could have a material adverse effect on our business, results of operations and financial condition. Further, litigation or investigations relating to alleged or suspected violations of anti-corruption laws and sanctions regulations could be costly.

Real Estate Considerations and Risks Associated with the International Projects that GGH Operates

The Real Estate Industry and International Investing

Investments in our real estate projects are subject to numerous risks, including the following:

- Increased expenses and uncertainties related to international operations;
- Risks associated with Argentina’s past political uncertainties, economic crises, and high inflation;
- Risks associated with currency, exchange, and import/export controls;
- Adverse changes in national or international economic conditions;
- Adverse local market conditions;
- Construction and renovation costs exceeding original estimates;
- Price increases in basic raw materials used in construction;
- Delays in construction and renovation projects;
- Changes in availability of debt financing;
- Risks due to dependence on cash flow;
- Changes in interest rates, real estate taxes and other operating expenses;
- Changes in the financial condition of tenants, buyers and sellers of properties;
- Competition with others for suitable properties;
- Changes in environmental laws and regulations, zoning laws and other governmental rules and fiscal policies;
- Changes in energy prices;
- Changes in the relative popularity of properties;
- Risks related to the potential use of leverage;
- Costs associated with the need to periodically repair, renovate and re-lease space;
- Increases in operating costs including real estate taxes;
- Risks and operating problems arising out of the presence of certain construction materials;
- Environmental claims arising in respect of real estate acquired with undisclosed or unknown environmental problems or as to which inadequate reserves had been established;
- Uninsurable losses and acts of terrorism;
- Acts of God; and
- Other factors beyond the control of the Company.

Investment in Argentine real property is subject to economic and political risks.

Investment in foreign real estate requires consideration of certain risks typically not associated with investing in the United States. Such risks include, among other things, trade balances and imbalances and related economic policies, unfavorable currency exchange rate fluctuations, imposition of exchange control regulation by the United States or foreign governments, United States and foreign withholding taxes, limitations on the removal of funds or other assets, policies of governments with respect to possible nationalization of their industries, political difficulties, including expropriation of assets, confiscatory taxation and economic or political instability in foreign nations or changes in laws which affect foreign investors. Any one of these risks has the potential to reduce the value of our real estate holdings in Argentina and have a material adverse effect on the Company’s financial condition.

The real estate market is uncertain in Argentina.

President Macri had attempted to boost the real estate market in Argentina by lifting various currency restrictions. However, the real estate market has not rebounded from the crippling effect of past currency controls, and the Argentine government has recently imposed additional currency controls under new President Alberto Fernández. As a result on the currency controls and the decline in the Argentine peso, the real estate market in Argentina is uncertain. Continued investment in real estate in Argentina is very risky and could never materialize in the way our business model plans. However, waiting to act on certain real estate endeavors will have negative consequences if the market sees an increase in competitiveness. The main competitive factors in the real estate development business include availability and location of land, price, funding, design, quality, reputation and partnerships with developers. Although there is little to no leverage used to acquire real estate in Argentina, thereby greatly lessening the impact of foreclosures in the market, the practice of cash acquisitions can be a barrier to entry in the real estate market. A number of residential and commercial developers and real estate services companies may desire to enter the market and compete with the Company in seeking land for acquisition, financial resources for development and prospective purchasers. To the extent that one or more of the Company's competitors are able to acquire and develop desirable properties, as a result of greater financial resources or otherwise, the Company's business could be materially and adversely affected. If the Company is not able to acquire and develop sought-after property as promptly as its competitors, or should the level of competition increase, its financial position and results of operations could be adversely affected.

An adverse economic environment for real estate companies such as a credit crisis may adversely impact our results of operations and business prospects significantly.

The success of our business and profitability of our operations depend on continued investment in real estate and access to capital and debt financing. A prolonged crisis of confidence in real estate investments and lack of credit for acquisitions may constrain our growth. In order to pursue acquisitions, we may need access to equity capital and/or debt financing. Any disruptions in the financial markets may adversely impact our ability to refinance existing debt and the availability and cost of credit in the near future. Any consideration of sales of existing properties or portfolio interests may be offset by lower property values. Our ability to make scheduled payments or to refinance our existing debt obligations depends on our operating and financial performance, which in turn is subject to prevailing economic conditions. If a recurrence of the disruptions in financial markets remains or arises in the future, there can be no assurances that government responses to such disruptions will restore investor confidence, stabilize the markets or increase liquidity and the availability of credit.

There are limitations on the ability of foreign persons to own Argentinian real property.

In December 2011, the Argentine Congress passed Law 26,737 (Regime for Protection of National Domain over Ownership, Possession or Tenure of Rural Land) limiting foreign ownership of rural land, even when not in border areas, to a maximum of 15 percent of all national, provincial or departmental productive land. Ownership by the same foreign owner (i.e., foreign individuals, foreign entities or local entities controlled by a foreign person) may not exceed 1,000 hectares (2,470 acres) of the 'core area' or the 'equivalent surface' determined according to the location of the lands. The Interministerial Council of Rural Lands, the enforcement agency, defines the 'equivalent surface' taking into consideration: (1) the proportion of the 'rural lands' in relation to the municipality, department and province; and (2) the potential and quality of the rural lands for their use and exploitation. Every non-Argentine national must request permission from the National Land Registry of Argentina in order to acquire non-urban real property.

As approved, the law has been in effect since February 28, 2012 but is not retroactive. Furthermore, the general limit of 15 percent ownership by non-nationals must be reached before the law is applicable and each provincial government may establish its own maximum area of ownership per non-national.

Pursuant to Executive Order No. 550/13, as published on the Official Bulletin on May 9, 2013, in the Mendoza province, the maximum area allowed per type of production and activity per non-national is as follows: Mining—25,000 hectares (61,776 acres), cattle ranching—18,000 hectares (44,479 acres), cultivation of fruit or vines—15,000 hectares (37,066 acres), horticulture—7,000 hectares (17,297 acres), private lot—200 hectares (494 acres), and other—1,000 hectares (2,471 acres). A hectare is a unit of area in the metric system equal to approximately 2.471 acres. However, these maximums will only be considered if the total 15 percent is reached. Currently, the Company owns approximately 4,138 acres of Argentine rural land through AWE, 2,050 acres are considered land held for cultivation of fruit or vines and 2,088 was purchased during 2017 to provide additional access to AWE. Because the maximum area for this type of land allowed per non-national is 25,000 hectares, the Company is compliant with the law's limit, were it to apply today. Costs of compliance with the law may be significant in the future. Although currently, as reported by La Nación, the area under foreign ownership in Mendoza is approximately 8.45 percent, this law may apply to the Company in the future and could affect the Company's ability to acquire additional real property in Argentina. The inability to acquire additional land could curtail the Company's growth strategy. Management is not currently aware of any change that would require the Company to divest itself of its properties.

Our business is subject to extensive regulation in Argentina and the U.S. and additional regulations may be imposed in the future.

Many aspects of the Company's businesses face substantial government regulation and oversight. Our activities are subject to Argentine federal, state and municipal laws, and to regulations, authorizations and licenses required with respect to construction, zoning, use of the soil, environmental protection and historical patrimony, consumer protection, antitrust and other requirements, all of which affect our ability to acquire land, buildings and shopping malls, develop and build projects and negotiate with customers.

Additionally, hotel properties are subject to numerous laws, including those relating to the preparation and sale of food and beverages, including alcohol and those governing relationships with employees such as minimum wage and maximum working hours, overtime, working conditions, hiring and firing employees and work permits. Additionally, hotel properties may be subject to various laws relating to the environment and fire and safety. Compliance with these laws may be time consuming and costly and may adversely affect hotel operations in Argentina.

Another example is the wine industry which is subject to extensive regulation by local and foreign governmental agencies concerning such matters as licensing, trade and pricing practices, permitted and required labeling, advertising and relations with wholesalers and retailers. New or revised regulations in Argentina, or other foreign countries and U.S. import laws could have a material adverse effect on Algodon Wine Estates' financial condition or operations.

In addition, companies in this industry are subject to increasing tax rates, the creation of new taxes and changes in the taxation regime. We are required to obtain licenses and authorizations with different governmental authorities in order to carry out our projects. Maintaining our licenses and authorizations can be a costly provision. In the case of non-compliance with such laws, regulations, licenses and authorizations, we may face fines, project shutdowns, and cancellation of licenses and revocation of authorizations.

In addition, public authorities may issue new and stricter standards, or enforce or construe existing laws and regulations in a more restrictive manner, which may force us to make expenditures to comply with such new rules. Development activities are also subject to risks relating to potential delays in obtaining or an inability to obtain all necessary zoning, environmental, land-use, development, building, occupancy and other required governmental permits and authorizations. Any such delays or failures to obtain such government approvals may have an adverse effect on our business.

Finally, because many of the Company's properties are located in Argentina, they are subject to its laws and to the laws of various local districts that affect ownership and operational matters. Compliance with applicable rules and regulations requires significant management attention and any failure to comply could jeopardize the Company's ability to operate or sell a particular property and could subject the Company to monetary penalties, additional costs required to achieve compliance, and potential liability to third parties. Regulations governing the Argentinian real estate industry as well as environmental laws have tended to become more restrictive over time. The Company cannot assure that new and stricter standards will not be adopted or become applicable to the Company, or that stricter interpretations of existing laws and regulations will not be implemented.

There may be a lack of liquidity in the underlying real estate.

Because a substantial part of the assets managed by the Company will be invested in illiquid real estate, there is a risk that the Company will be unable to realize its investment objectives through the sale or other disposition of properties at attractive prices or to do so at a desirable time. This could hamper the Company's ability to complete any exit strategy with regard to investments it has structured or participated in.

There is limited public information about real estate in Argentina.

There is generally limited publicly available information about real estate in Argentina, and the Company will be conducting its own due diligence on future transactions. Moreover, it is common in Argentinian real estate transactions that the purchaser bears the burden of any undiscovered conditions or defects and has limited recourse against the seller of the property. Should the pre-acquisition evaluation of the physical condition of any future investments have failed to detect certain defects or necessary repairs, the total investment cost could be significantly higher than expected. Furthermore, should estimates of the costs of developing, improving, repositioning or redeveloping an acquired property prove too low or estimates of the market demand or the time required to achieve occupancy prove too optimistic, the profitability of the investment may be adversely affected.

Our construction projects may be subject to delays in completion due to the COVID-19 pandemic.

Due to COVID-19, construction on homes was temporarily halted from March to September but has resumed. Algodon Wine Estates has required significant redevelopment construction (including potentially building residential units for Algodon Wine Estates). The quality of the construction and the timely completion of these projects are factors affecting operations and significant delays or cost overruns could materially adversely affect the Company's operations. Delays in construction or defects in materials and/or workmanship have occurred due to the COVID-19 pandemic and may continue to occur pending the course of the pandemic. In addition, defects could delay completion of one or all of the projects or, if such defects are discovered after completion, expose the Company to liability. In addition, construction projects may also encounter delays due to adverse weather conditions, natural disasters, fires, delays in the provision of materials or labor, accidents, labor disputes, unforeseen engineering, environmental or geological problems, disputes with contractors and subcontractors, or other events. If any of these materialize, there may be a delay in the commencement of cash flow and/or an increase in costs that may adversely affect the Company.

The Company may be subject to certain losses that are not covered by insurance.

GGH, its affiliates and/or subsidiaries currently maintain insurance coverage against liability to third parties and property damage as is customary for similarly situated businesses, however the Company does not hold any country-risk insurance. There can be no assurance, however, that insurance will continue to be available or sufficient to cover any such risks. Insurance against certain risks, such as earthquakes, floods or terrorism may be unavailable, available in amounts that are less than the full market value or replacement cost of the properties or subject to a large deductible. In addition, there can be no assurance the particular risks which are currently insurable will continue to be insurable on an economic basis.

Boutique Hotel

Algodon Mansion closed to the public on March 18, 2020 due to the COVID-19 pandemic, which resulted in a decrease in revenues. Algodon Mansion reopened for business on November 11, 2020 with COVID-19 measures implemented, but the operation of the mansion will continue to be affected by governmental restrictions on business and travel, which remain uncertain.

In addition to the risks relating to COVID-19 and the risks that apply to all real estate investments, hotel and hospitality investments are generally subject to additional risks which include:

- Competition for guests from other hotels based upon brand affiliations, room rates offered including those via internet wholesalers and distributors, customer service, location and the condition and upkeep of each hotel in general and in relation to other hotels in their local market;
- Specific competition from well-established operators of “boutique” or “lifestyle” hotel brands which have greater financial resources and economies of scale;
- Adverse effects of general and local political and/or economic conditions;
- Dependence on demand from business and leisure travelers, which may fluctuate and be seasonal;
- Increases in energy costs, airline fares and other expenses related to travel, which may deter travel;
- Impact of financial difficulties of the airline industry and potential reduction in demand on hotel rooms;
- Overbuilding in the hotel industry, especially in individual markets; and
- Disruption in business and leisure travel patterns relating to perceived fears of terrorism or political unrest.

The boutique hotel market is highly competitive.

The Company competes in the boutique hotel segment, which is highly competitive, is closely linked to economic conditions and may be more susceptible to changes in economic conditions than other segments of the hospitality industry. Competition within the boutique hotel segment is also likely to continue to increase in the future. Competitive factors include name recognition, quality of service, convenience of location, quality of the property, pricing, and range and quality of dining, services and amenities offered. Additionally, success in the boutique hotel market depends, largely, on an ability to shape and stimulate consumer tastes and demands by producing and maintaining innovative, attractive, and exciting properties and services. The Company competes in this segment against many well-known companies that have established brand recognition and significantly greater financial resources. If it is unable to achieve and maintain consumer recognition for its brand and otherwise compete with well-established competitors, the Company’s business and operations will be negatively impacted. There can be no assurance that the Company will be able to compete successfully in this market or that the Company will be able to anticipate and react to changing consumer tastes and demands in a timely manner.

Historically, the Company’s hotel incurs overhead costs higher than the total gross margin.

Currently, the overhead costs for the Algodon Mansion hotel do not exceed its total gross margin, however historically the Algodon Mansion hotel has operated at a loss. There can be no assurance that the Algodon Mansion hotel will continue to operate at a profit or that the Company will be able to continue increasing revenues and lowering the hotel’s overhead cost in the future.

The profitability of the Company's hotels will depend on the performance of hotel management.

The profitability of the Company's hotel and hospitality investment will depend largely upon the ability of management that it employs to generate revenues that exceed operating expenses. The failure of hotel management to manage the hotels effectively would adversely affect the cash flow received from hotel and hospitality operations.

We are subject to risks affecting the hotel industry.

In addition, the profitability of our hotels depends on:

- our ability to form successful relationships with international and local operators to run our hotels;
- changes in tourism and travel trends, including seasonal changes and changes due to pandemic outbreaks, weather phenomena or other natural events and social unrest;
- affluence of tourists, which can be affected by a slowdown in global economy; and
- taxes and governmental regulations affecting wages, prices, interest rates, construction procedures and costs.

Algodon Wine Estates and Land Development

The profitability of Algodon Wine Estates will depend on consumer demand for leisure and entertainment, and such demand has been severely impacted by the COVID-19 pandemic.

Algodon Wine Estates is dependent on demand from leisure and business travelers, which may be seasonal and fluctuate based on numerous factors. Business and leisure travel patterns have been severely disrupted, and remain disrupted as a result of COVID-19. Governments have imposed quarantines and travel restrictions, which have led to a significant decrease in both business and leisure travel. COVID-19 has also negatively impacted the global economy, which will likely result in a decrease in discretionary consumer spending. As a result, the consumer demand for leisure travel will decline. The duration of the COVID-19 pandemic and its effect on travel is uncertain, but the Company anticipates that COVID-19 will continue to negatively impact Algodon Wine Estates through 2021 and possibly beyond.

Demand may also decrease with increases in energy costs, airline fares and other expenses related to travel, which may deter travel. Business and leisure travel patterns may be disrupted due to perceived fears of local unrest or terrorism both abroad and in Argentina. General and local economic conditions and their effects on travel may adversely affect Algodon Wine Estates.

The tourism industry is highly competitive and may affect the success of the Company's projects.

The success of the tourism and real estate development projects underway at Algodon Wine Estates depends primarily on recreational and secondarily on business tourists and the extent to which the Company can attract tourists to the region and to its properties. The U.S. Centers for Disease Control website currently states that travelers should avoid all travel to Argentina due to the COVID-19 pandemic. On March 15, 2020, the Argentine government announced the closing of its borders to foreigners. On November 2, 2020, Argentina re-opened its borders only to residents from Brazil, Paraguay, Uruguay, Bolivia, and Chile. As of December 21, 2020, international tourism by foreign residents, except those foreign residents of neighboring countries, is prohibited through January 31, 2021. Additionally, on December 24, 2020, Argentina removed the exception for foreign residents of neighboring countries through January 9, 2021. Currently, international tourism from the U.S. and Europe is prohibited until COVID-19 restrictions are relaxed.

Generally, the Company is in competition with other hotels and developers based upon brand affiliations, room rates, customer service, location, facilities, and the condition and upkeep of the lodging in general, and in relation to other lodges/hotels/investment opportunities in the local market. Algodon Wine Estates operates as a multi-functional resort and winery and serves a niche market, which may be difficult to target. Algodon Wine Estates may also be disadvantaged because of its geographical location in the greater Mendoza region. While the San Rafael area continues to increase in popularity as a tourist destination, it is currently less traveled than other regions of Mendoza, where tourism is more established.

The profitability of Algodon Wine Estates will depend on consumer demand for leisure and entertainment.

Algodon Wine Estates is dependent on demand from leisure and business travelers, which may be seasonal and fluctuate based on numerous factors. Business and leisure travel patterns have been severely disrupted, and remain disrupted as a result of COVID-19, which may adversely affect Algodon Wine Estates and consequently, our revenues. Demand may decrease with increases in energy costs, airline fares and other expenses related to travel, which may deter travel. Business and leisure travel patterns may be disrupted due to perceived fears of local unrest or terrorism both abroad and in Argentina. General and local economic conditions and their effects on travel may adversely affect Algodon Wine Estates and our revenues.

Development of the Company's projects will proceed in phases and is subject to unpredictability in costs and expenses.

It is contemplated that the expansion and development plans of Algodon Wine Estates will be completed in phases and each phase will present different types and degrees of risk. Algodon Wine Estates may be unable to acquire the property it needs for further expansion or be unable to raise the property to the standards anticipated for the ALGODON® brand. This may be due to difficulties associated with obtaining required future financing, purchasing additional parcels of land, or receiving the requisite zoning approvals. Algodon Wine Estates may have problems with local laws and customs that cannot be predicted or controlled. Development costs may also increase due to inflation or other economic factors.

The ability of the Company to operate its businesses may be adversely affected by U.S. and Argentine government regulations

Many aspects of the Company's businesses face substantial government regulation and oversight. For example, hotel properties are subject to numerous laws, including those relating to the preparation and sale of food and beverages, including alcohol and those governing relationships with employees such as minimum wage and maximum working hours, overtime, working conditions, hiring and firing employees and work permits. Additionally, hotel properties may be subject to various laws relating to the environment and fire and safety. Compliance with these laws may be time consuming and costly and may adversely affect hotel operations in Argentina.

Another example is the wine industry which is subject to extensive regulation by local and foreign governmental agencies concerning such matters as licensing, trade and pricing practices, permitted and required labeling, advertising and relations with wholesalers and retailers. New or revised regulations in Argentina, or other foreign countries and U.S. import laws could have a material adverse effect on Algodon Wine Estates' financial condition or operations.

Finally, because many of the Company's properties are located in Argentina, they are subject to its laws and to the laws of various local districts that affect ownership and operational matters. Compliance with applicable rules and regulations requires significant management attention and any failure to comply could jeopardize the Company's ability to operate or sell a particular property and could subject the Company to monetary penalties, additional costs required to achieve compliance, and potential liability to third parties. Regulations governing the Argentinian real estate industry as well as environmental laws have tended to become more restrictive over time. The Company cannot assure that new and stricter standards will not be adopted or become applicable to the Company, or that stricter interpretations of existing laws and regulations will not be implemented.

Algodon Wine Estates—Vineyard and Wine Production

The COVID-19 pandemic affected the sales of the Company's wines by driving demand online.

The COVID-19 pandemic did not adversely affect Algodon's wine production at Algodon Wine Estate's winery in San Rafael, Mendoza, but did spur the Company to avoid losses from in-person sales by expediting the build and launch of e-commerce platforms in Argentina (algodonwines.com.ar) and in the U.S. (algodonfinewines.com). As the status of retail stores selling our wines remains uncertain due to COVID-19 restrictions, we may see a drop in in-person sales of our wines.

Competition within the wine industry could have a material adverse effect on the profitability of wine sales.

The operation of a winery is a highly competitive business and the dollar amount and unit volume of wine sales through the ALGODON® label could be negatively affected by a variety of competitive factors. Many other local and foreign producers of wine have significantly greater financial, technical, marketing and public relations resources and wine producing expertise than the Company, and many have more refined, developed and established brands. The wine industry is characterized by fickle demand and success in this industry relies heavily on successful branding. Thus, the ALGODON® brand concept may not appeal to a large segment of the market, preventing the Company from successfully competing against other Argentinian and foreign brands. Wholesaler, retailer and consumer purchasing decisions are also influenced by the quality, pricing and branding of the product, as compared to competitive products. Unit volume and dollar sales could be adversely affected by pricing, purchasing, financing, operational, advertising or promotional decisions made by competitors, which could affect the supply of, or consumer demand for, product produced under the ALGODON® brand.

Algodon Wine Estates is subject to import and export rules and taxes which may change.

Algodon Wine Estates primarily exports its products to the United States and Europe. In countries to which Algodon Wine Estates intends to export its products, Algodon Wine Estates will be subject to excise and other taxes on wine products in varying amounts, which are subject to change. Significant increases in excise or other taxes could have a material adverse effect on Algodon Wine Estates' financial condition or operations. Political and economic instabilities of foreign countries may also disrupt or adversely affect Algodon Wine Estates' ability to export or make profitable sales in that country. Moreover, exporting costs are subject to macro-economic forces that affect the price of transporting goods (e.g., the cost of oil and its impact on transportation systems), and this could have an adverse impact on operations.

The Company's business would be adversely affected by natural disasters.

Natural disasters, floods, hurricanes, fires, earthquakes, hailstorms or other environmental disasters could damage the vineyard, its inventory, or other physical assets of the Algodon Wine Estates' resort, including the golf course. If all or a portion of the vineyard or inventory were to be lost prior to sale or distribution as a result of any adverse environmental activity, or if the golf course and facilities were damaged, Algodon Wine Estates would become significantly less attractive as a destination resort and therefore lose a substantial portion of its anticipated profit and cash flow. Such a loss would seriously harm the business and reduce overall sales and profits. The Company is not insured against crop losses as a result of weather conditions or natural disasters. Moderate, but irregular weather conditions may adversely affect the grapes, making any one season less profitable than expected. In addition to weather conditions, many other factors, such as pruning methods, plant diseases, pests, the number of vines producing grapes, and machine failure could also affect the quantity and quality of grapes. Any of these conditions could cause an increase in the price of production or a reduction in the amount of wine Algodon Wine Estates is able to produce and a resulting reduction in business sales and profits.

Climate change, or legal, regulatory or market measures to address climate change, may negatively affect our business, operations or financial performance, and water scarcity or poor water quality could negatively impact our production costs and capacity.

Our wine business depends upon agricultural activity and natural resources. There has been much public discussion related to concerns that carbon dioxide and other greenhouse gases in the atmosphere may have an adverse impact on global temperatures, weather patterns and the frequency and severity of extreme weather and natural disasters. Severe weather events and climate change may negatively affect agricultural productivity in the regions from which we presently source our agricultural raw materials such as grapes. Decreased availability of our raw materials may increase the cost of goods for our products. Severe weather events or changes in the frequency or intensity of weather events can also disrupt our supply chain, which may affect production operations, insurance cost and coverage, as well as delivery of our products to wholesalers, retailers and consumers.

Water is essential in the production of our products. The quality and quantity of water available for use is important to the supply of grapes and our ability to operate our business. Water is a limited resource in many parts of the world and if climate patterns change and droughts become more severe, there may be a scarcity of water or poor water quality that may affect our production costs or impose capacity constraints. Management is unaware of any current water issues in Argentina.

Various diseases, pests and certain weather conditions may negatively affect our business, operations or financial performance.

Various diseases, pests, fungi, viruses, drought, frosts and certain other weather conditions could affect the quality and quantity of grapes other agricultural raw materials available, decreasing the supply of our products and negatively impacting profitability. We cannot guarantee that our grape suppliers or our suppliers of other agricultural raw materials will succeed in preventing contamination in existing vineyards or fields or that we will succeed in preventing contamination in our existing vineyards or future vineyards we may acquire. Future government restrictions regarding the use of certain materials used in growing grapes or other agricultural raw materials may increase vineyard costs and/or reduce production of grapes or other crops. Growing agricultural raw materials also requires adequate water supplies. A substantial reduction in water supplies could result in material losses of grape crops and vines or other crops, which could lead to a shortage of our product supply.

Contamination could adversely affect our sales.

The success of our brands depends upon the positive image that consumers have of those brands. Contamination, whether arising accidentally or through deliberate third-party action, or other events that harm the integrity or consumer support for our brands, could adversely affect their sales. Contaminants in raw materials, packaging materials or product components purchased from third parties and used in the production of our wine or defects in the fermentation or distillation process could lead to low beverage quality as (i) a perceived failure to maintain high ethical, social and environmental standards for all of our operations and activities; (ii) a perceived failure to address concerns relating to the quality, safety or integrity of our products; our environmental impact, including use of agricultural materials, packaging, water and energy use, and waste management; or (iii) effects that are perceived as insufficient to promote the responsible use of alcohol.

Gaucha Group—Buenos Aires
(e-commerce, fashion & leather accessories brand)

Gaucha Group, Inc. (“GGI”) has a limited operating history and no revenue and we may not recognize any revenue from the Gaucha – Buenos Aires™ line of business in the future.

Though a majority-owned subsidiary of GGH, GGI operates as a standalone business, responsible for its own financing and operations and therefore subject to all the risks inherent in a newly established business venture. GGI began operations in 2019 and has few assets and a limited operating history. It has not yet had any significant sales or been able to confirm that its business model can or will be successful. It has not had any significant revenue from inception through September 30, 2020. Our projections for its growth have been developed internally and may not prove to be accurate. As such, given its start-up status with an unproven business model, there is a substantial risk regarding GGI’s ability to succeed and the risk that neither we nor GGI ever recognize revenue in the future from the Gaucha – Buenos Aires™ line of business. The risk of a total loss exists when dealing with start-up companies.

The markets in which GGI operates and plans to operate are highly competitive, and such competition could cause its business to be unsuccessful.

We expect GGI to face intense competition for its Argentine-sourced and designed products. There are many companies around the world that produce similar high-end products, though not necessarily with the Gaucha style that we plan to incorporate into GGI’s products. However, whether or not consumers find our products superior or more desirable than other high-end producers, including many branded products with established worldwide reputations and brands, such as Coach, Ralph Lauren, Hermès, Louis Vuitton, Gucci, Prada, Kate Spade and Calvin Klein, cannot yet be determined. In addition, GGI faces competition through third party distribution channels, such as e-commerce, department stores and specialty stores.

Competition is based on a number of factors, including, without limitation, the following:

- Anticipating and responding to changing consumer demands in a timely manner
- Establishing and maintaining favorable brand-name recognition
- Determining and maintaining product quality
- Maintaining and growing market share
- Developing quality and differentiated products that appeal to consumers
- Establishing and maintaining acceptable relationships with retail customers
- Pricing products appropriately
- Providing appropriate service and support to retailers
- Optimizing retail and supply chain capabilities
- Protecting intellectual property

In addition, many of GGI’s anticipated competitors will be significantly larger and more diversified than it and will likely have significantly greater financial, technological, manufacturing, sales, marketing and distribution resources than it does. Their greater capabilities in these areas may enable them to better withstand periodic downturns in the high-end product sector in which GGI plans to compete. They may also be able to compete more effectively on the basis of price and production, and to develop new products more quickly. The general availability of manufacturing contractors and agents also allows new entrants easy access to the markets in which GGI competes, which may increase the number of its competitors and adversely affect its competitive position and its business. Any increased competition, or GGI’s or our failure to adequately address any of these competitive factors, could result in the ability to generate significant revenues, which could adversely affect our business, results of operations and financial condition.

If we or GGI are unable to continue to compete effectively on any of the factors mentioned above, GGI may never be able to generate operating profits and our business, financial condition and results of operations would be adversely affected.

Our business is subject to risks associated with importing products, and the imposition of additional duties and any changes to international trade agreements could have a material adverse effect on our business, results of operations and financial condition.

There are risks inherent to importing our products. We anticipate that virtually all of our products will be manufactured in Argentina and thus could be subject to duties when imported into the United States, Canada, Europe and Asia, as applicable. Furthermore, if the United States imposes import duties or other protective import measures, other countries could retaliate in ways that could harm the international distribution of our products.

We may not be able to protect our intellectual property rights, which may cause us to incur significant costs.

The success of our future business will in part be dependent on intellectual property rights. We rely primarily on copyright, trade secret and trademark law to protect our intellectual property. For example, the process for obtaining federal trademark registration of our service mark “Gaucho—Buenos Aires™” was completed and the service mark was registered on April 28, 2020. However, a third party may copy or otherwise obtain and use our proprietary information without our authorization. Policing unauthorized use of our intellectual property is difficult, particularly in light of the global nature of the Internet and because the laws of other countries may afford us little or no effective protection of our intellectual property. Potentially expensive litigation may be necessary in the future to enforce our intellectual property rights, to protect our trade secrets, to determine the validity and scope of the proprietary rights of others or to defend against claims of infringement or invalidity.

Privacy breaches and other cyber security risks related to our business could negatively affect our reputation, credibility and business.

We are likely to be dependent on information technology systems and networks for a significant portion of our direct-to-consumer sales, including our e-commerce sites and retail business credit card transaction authorization and processing. We are responsible for storing data relating to our customers and employees and also rely on third party vendors for the storage, processing and transmission of personal and Company information. In addition to taking the necessary precautions ourselves, we require that third-party service providers implement reasonable security measures to protect our employees’ and customers’ identity and privacy. We do not, however, control these third-party service providers and cannot guarantee that no electronic or physical computer break-ins or security breaches will occur in the future. Our systems and technology are vulnerable from time-to-time to damage, disruption or interruption from, among other things, physical damage, natural disasters, inadequate system capacity, system issues, security breaches, “hackers,” email blocking lists, computer viruses, power outages and other failures or disruptions outside of our control. A significant breach of customer, employee or Company data could damage our reputation, our relationship with customers and our brands, and could result in lost sales, sizable fines, significant breach-notification costs and lawsuits, as well as adversely affect our results of operations. We may also incur additional costs in the future related to the implementation of additional security measures to protect against new or enhanced data security and privacy threats, or to comply with state, federal and international laws that may be enacted to address those threats.

We may not be able to accurately predict consumer trends and preferences and our estimate of the size of the market may prove to be inaccurate.

Success in creating demand is dependent on GGI’s ability to continue to accurately predict consumer trends and preferences. If consumer tastes do not coincide with GGI’s product offerings, it could materially affect demand, having an adverse impact on our operations.

It is difficult to estimate the size of the market and predict the rate at which the market for our products will grow, if at all. While our market size estimate was made in good faith and is based on assumptions and estimates we believe to be reasonable, this estimate may not be accurate. If our estimates of the size of our addressable market are not accurate, our potential for future growth may be less than we currently anticipate, which could have a material adverse effect on our business, financial condition, and results of operations.

Additionally, we hope to enter new markets in which we may have limited or no operating experience. There can be no assurance that we will be able to achieve success and/or profitability in our new markets. The success of these new markets will be affected by the different competitive conditions, consumer tastes, and discretionary spending patterns within the new markets, as well as by our ability to generate market awareness of GGI’s Gaucho Group brand. When we enter highly competitive new markets or territories in which we have not yet established a market presence, the realization of our revenue targets and desired profit margins may be more susceptible to volatility and/or more prolonged than anticipated.

GGI is only in the beginning stages of its advertising campaign.

GGI briefly ran digital ad campaigns in the third and fourth quarters of 2019, and has relied since then on word-of-mouth and social media to generate attention to its new brand and to attract customers. In November 2020, GGI relaunched its digital ad campaign, with a limited budget, with the goal of attracting new customers. In the future, it is likely that management will conclude that additional paid advertising and marketing is necessary to attract and retain customers, in which case operating expenses could increase and financial results could be adversely affected.

Labor laws and regulations may adversely affect the Company.

Various labor laws and regulations govern operations and relationships with employees, including minimum wages, breaks, overtime, fringe benefits, safety, working conditions and citizenship requirements. Changes in, or any failure to comply with, these laws and regulations could subject the Company to fines or legal actions. Settlements or judgments that are not insured or in excess of coverage limitations could also have a material adverse effect on the Company's business. This could result in a disruption in the work force, sanctions and adverse publicity. Significant government-imposed increases in minimum wages, paid or unpaid leaves of absence and mandated health benefits could be detrimental to the Company's profitability.

The employees of TAR and AWE are members of a labor unions in Argentina. The terms of any collective bargaining agreement(s) could result in increased labor costs. In addition, any failure to negotiate an agreement in a timely manner could result in an interruption of operations, which would materially and adversely affect the business, results of operations and its financial condition.

GGI relies on its suppliers to maintain consistent quality.

The ability of GGI to maintain consistent quality depends in part upon its ability to acquire quality materials needed for its products from reliable sources in accordance with certain specifications, at certain prices, and in sufficient quantities. As such, GGI is and will likely continue to be dependent on its suppliers. This presents possible risks of shortages, interruptions and price fluctuations. If any suppliers do not perform adequately or otherwise fail to distribute products or supplies required for our business, management may not be able to replace the suppliers in a short period of time on acceptable terms. The inability to replace suppliers in a short period of time on acceptable terms could increase costs and could cause shortages of product that may force management to remove certain items from GGI's product offerings.

Risks of Being an Emerging Growth Company

We are an "emerging growth company" and our election of reduced reporting requirements applicable to emerging growth companies may make our common stock less attractive to investors.

We are an "emerging growth company" as defined in the JOBS Act. For as long as we continue to be an emerging growth company, we may take advantage of exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies, including (1) not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, or Section 404, (2) reduced disclosure obligations regarding executive compensation in this prospectus and our periodic reports and proxy statements and (3) exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. In addition, as an emerging growth company, we are only required to provide two years of audited financial statements and two years of selected financial data in this prospectus. We could be an emerging growth company for up to 5 years following the completion of this Offering, although circumstances could cause us to lose that status earlier, including if we are deemed to be a "large accelerated filer," which occurs when the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30, or if we have total annual gross revenue of \$1.07 billion or more during any fiscal year before that time, in which cases we would no longer be an emerging growth company as of the following December 31, or if we issue more than \$1.0 billion in non-convertible debt during any three-year period before that time, in which case we would no longer be an emerging growth company immediately. Even after we no longer qualify as an emerging growth company, we could still qualify as a "smaller reporting company," which would allow us to take advantage of many of the same exemptions from disclosure requirements including: (1) the reduced disclosure obligations regarding executive compensation, and (2) being required to provide only two years of audited financial statements.

General Corporate Business Considerations

Insiders continue to have substantial control over the Company.

As of January 25, 2021, the Company's directors and executive officers hold the current right to vote approximately 9.9% of the Company's outstanding voting stock, including the Series B Preferred Stock on an as-converted basis. Of this total, 7.5% is owned or controlled, directly or indirectly by Company's CEO, Scott Mathis. Assuming the sale of all the units in the Offering at an assumed price per unit of \$6.00, and no exercise of the warrants to be issued in connection with this Offering and no exercise by the underwriters of their over-allotment options, the Company's directors and executive officers hold the right to vote 8.1% of the Company's outstanding voting stock, with 6.2% owned or controlled, directly by Mr. Mathis. In addition, the Company's directors and executive officers have the right to acquire additional shares which could increase their voting percentage significantly. As a result, Mr. Mathis acting alone, and/or many of these individuals acting together, may have the ability to exert significant control over the Company's decisions and control the management and affairs of the Company, and also to determine the outcome of matters submitted to stockholders for approval, including the election and removal of a director, the removal of any officer and any merger, consolidation or sale of all or substantially all of the Company's assets. Accordingly, this concentration of ownership may harm a future market price of the shares by:

- Delaying, deferring or preventing a change in control of the Company;
- Impeding a merger, consolidation, takeover or other business combination involving the Company; or
- Discouraging a potential acquirer from making a tender offer or otherwise attempting to obtain control of the Company.

The loss of our Chairman, President and Chief Executive Officer could adversely affect the Company's businesses.

We depend on the continued performance of Scott Mathis, our Chairman, President and Chief Executive Officer, who has contributed significantly to the expertise of our team and the position of our business. If we lose the services of Mr. Mathis, and are unable to locate a suitable replacement in a timely manner, it could have a material adverse effect on our business. We currently hold key man life insurance for Mr. Mathis the benefit of the Company.

The Company has incurred recurring losses from operations and our independent registered public accounting firm issued a report which includes a going concern.

The Company has incurred recurring losses from operations of \$6,698,134 and \$5,254,781 and has reported negative net operating cash flows of \$6,080,411 and \$4,345,933 for the years ended December 31, 2019 and 2018, respectively. For the nine months ended September 30, 2020, the Company has a net loss from operations of \$3,736,028 and negative net operating cash flows of \$3,682,663. We have suffered recurring losses from operations and our independent registered public accounting firm issued a report which includes an explanatory paragraph relating to our ability to continue as a going concern.

Revenues are currently insufficient to pay operating expenses and costs which may result in the inability to execute the Company's business concept.

The Company's operations have to date generated significant operating losses, as reflected in the financial information included in this registration statement. Management's expectations in the past regarding when operations would become profitable have been not been realized, and this has continued to put a strain on working capital. Business and prospects must be considered in light of the risks, expenses, and difficulties frequently encountered by companies in the early stages of operations. If the Company is not successful in addressing these risks, its business and financial condition will be adversely affected. In light of the uncertain nature of the markets in which the Company operates, it is impossible to predict future results of operations.

We may incur losses and liabilities in the course of business which could prove costly to defend or resolve.

Companies that operate in one or more of the businesses that we operate face significant legal risks. There is a risk that we could become involved in litigation wherein an adverse result could have a material adverse effect on our business and our financial condition. There is a risk of litigation generally in conducting a commercial business. These risks often may be difficult to assess or quantify and their existence and magnitude often remain unknown for substantial periods of time. We may incur significant legal expenses in defending against litigation.

The Company is dependent upon additional financing which it may not be able to secure in the future.

As it has in the past, the Company will likely continue to require financing to address its working capital needs, continue its development efforts, support business operations, fund possible continuing operating losses, and respond to unanticipated capital requirements. For example, the continuing development of the Algodon Wine Estates project requires significant ongoing capital expenditures as well as the investment in GGI's line of luxury goods. There can be no assurance that additional financing or capital will be available and, if available, upon acceptable terms and conditions. To the extent that any required additional financing is not available on acceptable terms, the Company's ability to continue in business may be jeopardized and the Company may need to curtail its operations and implement a plan to extend payables and reduce overhead until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful. Such a plan could have a material adverse effect on the Company's business, financial condition and results of operations, and ultimately the Company could be forced to discontinue its operations, liquidate and/or seek reorganization in bankruptcy. As to the effect this Offering will have on the Company's financial needs, see "Risks Related to this Offering" below.

Our level of debt may adversely affect our operations and our ability to pay our debt as it becomes due.

The fact that we are leveraged may affect our ability to refinance existing debt or borrow additional funds to finance working capital requirements, acquisitions and capital expenditures. In addition, the recent disruptions in the global financial markets, including the bankruptcy and restructuring of major financial institutions, may adversely impact our ability to refinance existing debt and the availability and cost of credit in the future. In such conditions, access to equity and debt financing options may be restricted and it may be uncertain how long these economic circumstances may last. This would require us to allocate a substantial portion of cash flow to repay principal and interest, thereby reducing the amount of money available to invest in operations, including acquisitions and capital expenditures. Our leverage could also affect our competitiveness and limit our ability to changes in market conditions, changes in the real estate industry and economic downturns.

We may not be able to generate sufficient cash flows from operations to satisfy our debt service requirements or to obtain future financing. If we cannot satisfy our debt service requirements or if we default on any financial or other covenants in our debt arrangements, the lenders and/or holders of our debt will be able to accelerate the maturity of such debt or cause defaults under the other debt arrangements. Our ability to service debt obligations or to refinance them will depend upon our future financial and operating performance, which will, in part, be subject to factors beyond our control such as macroeconomic conditions and regulatory changes in Argentina. If we cannot obtain future financing, we may have to delay or abandon some or all of our planned capital expenditures, which could adversely affect our ability to generate cash flows and repay our obligations as they become due.

The Company may not pay dividends on its common stock or Series B Preferred Stock.

The Company has not paid dividends to date on its common stock. The Company does not contemplate or anticipate declaring or paying any dividends with respect to its common stock. Due to the continuing devaluation of the peso, the Company has concluded in that it must still tread cautiously and manage its available cash resources prudently and the decisions were made to not declare any additional cash dividends with respect to its common stock. The Company did, however, declare dividends on the Series B Preferred Stock for the quarters ending June 30, 2018 through June 30, 2020 and paid such dividends out in common stock. The Board has not yet declared any dividends for any subsequent periods.

The Company reserves the right to declare dividends when operations merit. However, payments of any cash dividends in the future will depend on our financial condition, results of operations, and capital requirements as well as other factors deemed relevant by our board of directors. It is anticipated that earnings, if any, will be used to finance the development and expansion of the Company's business.

The Chief Executive Officer and the Chief Financial Officer of GGH are also involved in outside businesses which may affect their ability to fully devote their time to the Company.

Scott Mathis, Chairman of the Board of Directors of GGH, Chief Executive Officer, President and Treasurer of GGH is also the Chairman and Chief Executive Officer of Hollywood Burger Holdings, Inc., a private company he founded which is developing Hollywood-themed fast food restaurants in the United States. His duties as CEO of Hollywood Burger Holdings, Inc. consume less than 10% of his time, but which may interfere with Mr. Mathis' duties as the CEO of GGH.

In addition, Maria Echevarria, Chief Financial Officer and Chief Operating Officer of GGH also serves as the Chief Financial Officer of Hollywood Burger Holdings, Inc. Ms. Echevarria's duties as CFO of Hollywood Burger Holdings Inc. consume approximately 10% of her time, which may interfere with her duties as the CFO of GGH.

The Company's officers and directors are indemnified against certain conduct that may prove costly to defend.

The Company may have to spend significant resources indemnifying its officers and directors or paying for damages caused by their conduct. The Company's amended and restated certificate of incorporation, as amended (the "Certificate of Incorporation"), exculpates the Board of Directors and its affiliates from certain liability, and the Company has procured directors' and officers' liability insurance to reduce the potential exposure to the Company in the event damages result from certain types of potential misconduct. Furthermore, the General Corporation Law of the State of Delaware (the "DGCL") provides for broad indemnification by corporations of their officers and directors, and the Company's Certificate of Incorporation implement this indemnification to the fullest extent permitted under applicable law as it currently exists or as it may be amended in the future. Consequently, subject to the applicable provisions of the DGCL and to certain limited exceptions in the Certificate of Incorporation, the Company's officers and directors will not be liable to the Company or to its stockholders for monetary damages resulting from their conduct as an officer or director.

Our bylaws designate the federal and state courts of the State of Delaware as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or employees.

Our bylaws provide that, unless we consent in writing to the selection of an alternative forum, the federal and state courts of the State of Delaware are the exclusive forum for certain types of actions and proceedings, not including claims under the federal securities laws such as the Securities Act or the Exchange Act, that may be initiated by our stockholders with respect to our company and our directors. This choice of forum provision may limit a stockholder's ability to bring a claim in a judicial forum that the stockholder believes is favorable for disputes with us or our directors, which may discourage meritorious claims from being asserted against us and our directors. Alternatively, if a court were to find this provision of our charter inapplicable to, or unenforceable in respect of, one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could adversely affect our business, financial condition or results of operations.

Our financial controls and procedures may not be sufficient to accurately or timely report our financial condition or results of operations, which may adversely affect investor confidence in us and, as a result, the value of our common stock.

As a public company, we are required to maintain internal control over financial reporting and to report any material weaknesses in such internal controls. Section 404 of the Sarbanes-Oxley Act requires that we evaluate and determine the effectiveness of our internal control over financial reporting and provide a management report on internal control over financial reporting.

The effectiveness of our controls and procedures may in the future be limited by a variety of factors, including:

- faulty human judgements and simple errors, omissions or mistakes;
- fraudulent actions of an individual or collusion of two or more people;
- inappropriate management override of procedures; and
- the possibility that any enhancements to controls and procedures may still not be adequate to assure timely and accurate financial information.

If we identify material weaknesses in our internal control over financial reporting in the future, if we are unable to comply with the requirements of Section 404 in a timely manner, and if we are unable to assert that our internal control over financial reporting is effective, investors may lose confidence in the accuracy and completeness of our financial reports and the market price of our common stock could be adversely affected, and we could become subject to investigations by the stock exchange on which our securities are listed, the SEC, or other regulatory authorities, which could require additional financial and management resources.

Although we qualify as an emerging growth company, we also qualify as a smaller reporting company and under the smaller reporting company rules we are subject to scaled disclosure requirements that may make it more challenging for investors to analyze our results of operations and financial prospects.

Currently, we qualify as both a “smaller reporting company” and an “emerging growth company” as defined by Rule 12b-2 of the Exchange Act. However we have elected to provide disclosure under the smaller reporting company rules and therefore we are able to provide simplified executive compensation disclosures in our filings and have certain other decreased disclosure obligations in our filings with the SEC, including being required to provide only two years of audited financial statements in annual reports. Consequently, it may be more challenging for investors to analyze our results of operations and financial prospects.

Furthermore, we are a non-accelerated filer as defined by Rule 12b-2 of the Exchange Act, and, as such, are not required to provide an auditor attestation of management’s assessment of internal control over financial reporting, which is generally required for SEC reporting companies under Section 404(b) of the Sarbanes-Oxley Act. Because we are not required to, and have not, had our auditors provide an attestation of our management’s assessment of internal control over financial reporting, a material weakness in internal controls may remain undetected for a longer period.

Risks Related to This Offering

If our listing application for our common stock is not approved by Nasdaq, we will not be able to consummate the Offering and will terminate this Offering.

An approval of our listing application by Nasdaq will be subject to, among other things, our fulfillment of the following conditions: (i) the Offering is completed and closed; and (ii) we have raised a sufficient amount of equity necessary to qualify for the minimum equity requirements necessary to list on Nasdaq. Currently there are two standards for admission onto Nasdaq that we are endeavoring to satisfy: either \$5 million in stockholders’ equity and \$15 million market value of publicly held shares of common stock; or \$4 million in stockholders’ equity, \$15 million market value of publicly held shares and \$50 million market value of publicly listed securities. If we fail to meet the minimum requirements for listing on Nasdaq, we will not be able to consummate the Offering and will terminate this Offering. Failure to have our common stock listed on Nasdaq would make it more difficult for our stockholders to dispose of our common stock and more difficult to obtain accurate price quotations on our common stock. Our ability to issue additional securities for financing or other purposes, or otherwise to arrange for any financing we may need in the future, may also be materially and adversely affected if our common stock is not traded on a national securities exchange. We will need to receive a minimum offering amount of \$6 million in order to satisfy the listing conditions to trade our common stock on the Nasdaq.

Even if the Board approves a reverse stock split of our common stock at a ratio that currently achieves the requisite increase in the market price of our common stock for listing of our common stock on Nasdaq, we cannot assure you that the market price of our common stock will remain high enough for such reverse split to have the intended effect of complying with Nasdaq’s minimum bid price requirement.

In connection with this Offering and the uplist of our common stock to Nasdaq, we intend to effect a reverse stock split of our common stock at the applicable ratio necessary to allow us to obtain Nasdaq approval of our initial listing application to list our common stock on Nasdaq. Even if the Board approves a reverse stock split of our common stock at a ratio that currently achieves the requisite increase in the market price of our common stock for listing of our common stock on Nasdaq, there can be no assurance that the market price of our common stock following the reverse stock split will remain at the level required for continuing compliance with that requirement. It is not uncommon for the market price of a company’s common stock to decline in the period following a reverse stock split. If the market price of our common stock declines following the effectuation of the reverse stock split, the percentage decline may be greater than would occur in the absence of a reverse stock split. In any event, other factors unrelated to the number of shares of our common stock outstanding, such as negative financial or operational results, could adversely affect the market price of our common stock and thus jeopardize our ability to meet or maintain the Nasdaq’s minimum bid price requirement.

If we are unable to satisfy these requirements or standards, we would not be able to meet the initial listing applications, which could cause us to terminate the Offering. We can provide no assurance that any such action taken by us would allow our common stock to be listed, stabilize the market price or improve the liquidity of our common stock, prevent our common stock from dropping below the minimum bid price requirement, or prevent future non-compliance with the listing requirements.

As a result of our intended concurrent reverse stock split, pricing and uplist to the Nasdaq Capital Market, potential investors will not have an opportunity to check the actual post-split market price before confirming their purchases in this Offering.

Before the SEC declares this registration statement effective, we intend to file a pre-effective amendment to this registration statement with the SEC in the event that our Board determines that the final ratio to be used to effect such reverse stock split must be changed from the assumed 15:1 ratio disclosed throughout this prospectus. Upon effectiveness, we intend to effect such reverse stock split, price this Offering and uplist our common stock to Nasdaq. Because the pricing of the Offering will occur concurrently with such reverse stock split, potential investors will not be able to check the actual post-split market price before confirming purchases in this Offering.

If we are not able to comply with the applicable continued listing requirements or standards of Nasdaq, Nasdaq could delist our common stock.

In conjunction with this Offering, we have applied to list our common stock on Nasdaq. Prior to this Offering, our common stock will have been quoted on OTCQB. There is no assurance that our common stock will ever be listed on Nasdaq. Should our common stock be listed on Nasdaq, in order to maintain that listing, we must satisfy minimum financial and other continued listing requirements and standards, including those regarding director independence and independent committee requirements, minimum stockholders' equity, minimum share price, and certain corporate governance requirements. There can be no assurances that we will be able to comply with such applicable listing standards.

Compliance with public reporting requirements will affect the Company's financial resources.

The Company is subject to certain public reporting obligations as required by federal securities laws, regulations and agencies. The compliance with such reporting requirements will require the company to incur significant legal, accounting and other administrative expenses. Additionally, in conjunction with this Offering, the Company has applied to list its shares on the Nasdaq Stock Market. If the application is approved, the Company will be subject to additional rules and disclosure obligations as required by Nasdaq, increasing compliance expenses further. The expenses the Company may incur will have a significant impact on the Company's financial resources and may lead to a decrease in the value and price of our common stock.

In the event that our common stock is delisted from Nasdaq, U.S. broker-dealers may be discouraged from effecting transactions in shares of our common stock because they may be considered penny stocks and thus be subject to the penny stock rules.

The SEC has adopted a number of rules to regulate "penny stock" that restricts transactions involving stock which is deemed to be penny stock. Such rules include Rules 3a51-1, 15g-1, 15g-2, 15g-3, 15g-4, 15g-5, 15g-6, 15g-7, and 15g-9 under the Exchange Act. These rules may have the effect of reducing the liquidity of penny stocks. "Penny stocks" generally are equity securities with a price of less than \$5.00 per share (other than securities registered on certain national securities exchanges or quoted on Nasdaq if current price and volume information with respect to transactions in such securities is provided by the exchange or system). Our shares of common stock have in the past constituted, and may again in the future constitute, "penny stock" within the meaning of the rules. The additional sales practice and disclosure requirements imposed upon U.S. broker-dealers may discourage such broker-dealers from effecting transactions in shares of our common stock, which could severely limit the market liquidity of such shares of common stock and impede their sale in the secondary market.

A U.S. broker-dealer selling penny stock to anyone other than an established customer or "accredited investor" (generally, an individual with a net worth in excess of \$1,000,000 or an annual income exceeding \$200,000, or \$300,000 together with his or her spouse) must make a special suitability determination for the purchaser and must receive the purchaser's written consent to the transaction prior to sale, unless the broker-dealer or the transaction is otherwise exempt. In addition, the "penny stock" regulations require the U.S. broker-dealer to deliver, prior to any transaction involving a "penny stock", a disclosure schedule prepared in accordance with SEC standards relating to the "penny stock" market, unless the broker-dealer or the transaction is otherwise exempt. A U.S. broker-dealer is also required to disclose commissions payable to the U.S. broker-dealer and the registered representative and current quotations for the securities. Finally, a U.S. broker-dealer is required to submit monthly statements disclosing recent price information with respect to the "penny stock" held in a customer's account and information with respect to the limited market in "penny stocks".

Stockholders should be aware that, according to the SEC, the market for "penny stocks" has suffered in recent years from patterns of fraud and abuse. Such patterns include (i) control of the market for the security by one or a few broker-dealers that are often related to the promoter or issuer; (ii) manipulation of prices through prearranged matching of purchases and sales and false and misleading press releases; (iii) "boiler room" practices involving high-pressure sales tactics and unrealistic price projections by inexperienced sales persons; (iv) excessive and undisclosed bid-ask differentials and markups by selling broker-dealers; and (v) the wholesale dumping of the same securities by promoters and broker-dealers after prices have been manipulated to a desired level, resulting in investor losses. Our management is aware of the abuses that have occurred historically in the penny stock market. Although we do not expect to be in a position to dictate the behavior of the market or of broker-dealers who participate in the market, management will strive within the confines of practical limitations to prevent the described patterns from being established with respect to our securities.

There may be future sales or other dilution of our equity, which may adversely affect the market price of our common stock.

Unless otherwise indicated, all information in this risk factor below assumes no exercise of the underwriters' over-allotment options, and an assumed offering price per unit of \$6.00, which is the midpoint of the price range for the units set forth on the cover page of this prospectus, the uplist to Nasdaq of our common stock, the Board effecting a 15:1 reverse common stock split (based on an assumed offering price per unit of \$6.00), and the conversion of all outstanding shares of Series B Preferred Stock into 600,713 shares of our common stock.

This discussion is based on 7,449,329 shares of common stock outstanding on a post-split basis as of September 30, 2020, as adjusted for certain events occurring after September 30, 2020: (i) the Company's receipt of gross proceeds of \$634,000 from a unit offering as of January 25, 2021 and 105,667 shares of common stock and warrants to purchase 105,667 shares of common stock issued pursuant to such offering; (ii) the conversion of convertible notes of the Company into units consisting of 395,113 shares of common stock and 395,113 warrants; (iii) the conversion of a related-party note of the Company into units consisting of 237,011 shares of common stock and 237,011 warrants; (iv) the issuance of 163,660 shares of common stock as dividends to holders of the Series B Preferred stock; (v) issuance of 67,693 shares of common stock to Kingswood Capital Markets, division of Benchmark Investments, Inc., for advisory services pursuant to an advisory agreement, dated October 30, 2020 for services; (vi) the issuance of 8,333 shares of common stock to a vendor and 9,506 shares of common stock pursuant to the Company's 401(k) plan; (vii) 1,333,333 units sold in the Offering less offering expenses of \$463,954; (viii) no exercise of the underwriters' over-allotment options; and (ix) and no exercise of any of the warrants issued pursuant to this Offering.

Based on these assumptions and after giving effect to certain events occurring after September 30, 2020, approximately 4,500,316 of such shares may be sold in the public market. If a substantial number of shares are sold, or if it is perceived that they will be sold, in the public market, the trading price of our common stock, and consequently our warrants, could decline.

Under the terms of our Certificate of Incorporation, our Board of Directors has the option to issue shares of blank check preferred stock. Accordingly, our Board of Directors may issue the preferred stock, without stockholder approval, which could dilute voting and other rights of the common stock shareholders.

You may experience future dilution as a result of future debt or equity offerings

In order to raise additional capital, we may in the future offer additional shares of our common stock or other securities convertible into or exchangeable for our common stock that could result in further dilution to investors purchasing our common stock in this Offering or result in downward pressure on the price of our common stock. Debt financing, if available, may involve agreements that include covenants limiting or restricting our ability to take certain actions, such as incurring debt, making capital expenditures or declaring dividends. We may sell shares of our common stock or other securities in other offerings at prices that are higher or lower than the prices paid by investors in this Offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders.

A large number of shares may be sold in the market following this Offering, which may significantly depress the market price of our common stock.

The shares of our common stock included in the units and underlying warrants sold in the offering will be freely tradable without restriction or further registration under the Securities Act. As a result, a substantial number of shares of our common stock may be sold in the public market following this Offering. If there are significantly more shares of common stock offered for sale than buyers are willing to purchase, then the market price of our common stock may decline to a market price at which buyers are willing to purchase the offered common stock and sellers remain willing to sell our common stock.

Our management will have broad discretion over the use of the net proceeds from this Offering, you may not agree with how we use the proceeds and the proceeds may not be invested successfully.

We have estimated the use of the net proceeds from this Offering as set forth on page 30, "Use of Proceeds", however, there is a large amount designated to be used for general working capital and not for any particular purpose. Accordingly, our management will have broad discretion as to the use of the net proceeds from this Offering and could use them for purposes other than those contemplated at the time of commencement of this Offering. Accordingly, you will be relying on the judgment of our management with regard to the use of these net proceeds, and you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately. It is possible that, pending their use, we may invest the net proceeds in a way that does not yield a favorable, or any, return for our company.

Raising additional funds through debt or equity financing could be dilutive and may cause the market price of our common stock to decline. We still may need to raise additional funding which may not be available on acceptable terms, or at all. Failure to obtain additional capital may force us to delay, limit, or terminate our product development efforts or other operations.

To the extent that we raise additional capital through the sale of equity or convertible debt securities, your ownership interest may be diluted, and the terms of these securities may include liquidation or other preferences that adversely affect your rights as a stockholder. Furthermore, any additional fundraising efforts may divert our management from their day-to-day activities, which may adversely affect our ability to develop and commercialize our therapeutic candidates.

We estimate that our current cash and cash equivalents, along with the net proceeds from this Offering, will be sufficient for us to fund our operating expenses and capital expenditure requirements through the end of 2021. Without giving effect to the anticipated net proceeds from this Offering, our existing capital resources are not sufficient to meet our projected operating requirements beyond the first quarter of 2021. This raises substantial doubt about our ability to continue as a going concern one year from the date of our consolidated financial statements issued on September 30, 2020. The net proceeds from this Offering may remove such doubt regarding our ability to continue as a going concern. We have based this estimate on assumptions that may prove to be wrong, and we could utilize our available capital resources sooner than we currently expect. In addition, the expected net proceeds of this Offering may not be sufficient for us to fund any of our product candidates through regulatory approval, and we may need to raise substantial additional capital to complete the development and commercialization of our product candidates. We may continue to seek funds through equity or debt financings, collaborative or other arrangements with corporate sources, or through other sources of financing. Additional funding may not be available to us on acceptable terms, or at all. Any failure to raise capital as and when needed, as a result of insufficient authorized shares or otherwise, could have a negative impact on our financial condition and on our ability to pursue our business plans and strategies.

You may experience immediate and substantial dilution in the book value per share of the Shares you purchase.

The assumed public offering price per unit is substantially higher than the net tangible book value per share of our common stock. Therefore, if you purchase units in this Offering at such assumed price, you will pay an effective price per share of common stock you acquire that substantially exceeds our net tangible book value per share after this Offering. Assuming an offering price of \$6.00 per unit, you will experience immediate dilution of \$5.06 per share, representing the difference between our as adjusted net tangible book value per share after giving effect to this Offering and the assumed public offering price per unit. In addition, if previously issued options to acquire common stock are exercised at prices below the offering price or the accompanying warrants being offered in the Offering are accounted for as liabilities, you will experience further dilution. See "Dilution" for a more detailed discussion of the dilution you may incur in connection with this Offering. In addition, there is no guarantee that the public offering price per unit post-Offering will not decrease due to market conditions. The actual Offering price per unit may be at, above or below such assumed Offering price and will be determined at pricing based on, among other factors, the closing bid price of the common stock on the effective date of this registration statement. See "Underwriting — Determination of Offering Price" for additional information.

There is no public market for the units or the warrants.

There is no established public trading market for the units or the warrants offered hereby, and we do not expect a market to develop. In addition, we do not intend to apply to list such units or the warrants on any national securities exchange or other nationally recognized trading system, including Nasdaq. Without an active market, the liquidity of such units or warrants will be limited.

The warrants in this Offering are speculative in nature.

Following this Offering, the market value of the warrants, if any, is uncertain and there can be no assurance that the market value of the warrants will equal or exceed their imputed offering price. In the event that our common stock price does not exceed the exercise price of the warrants during the period when such warrants are exercisable, such warrants may not have any value. Furthermore, each warrant will expire five years from its original issuance date.

Holders of the warrants will not have rights of holders of our shares of common stock until such warrants are exercised.

The warrants in this Offering do not confer any rights of share ownership on their holders, but rather merely represent the right to acquire shares of our common stock at a fixed price. Until holders of warrants acquire shares of our common stock upon exercise of the warrants, holders of warrants will have no rights with respect to our shares of common stock underlying such warrants.

USE OF PROCEEDS

Assuming no exercise of the underwriters' over-allotment options or of the warrants issued in this Offering, and the: (i) uplist to Nasdaq of our common stock; (ii) a 15:1 reverse common stock split effected by the Board (based on an assumed offering price per unit of \$6.00); (iii) conversion of all outstanding shares of Series B Preferred Stock into 600,713 shares of our common stock post-split; and (iv) 1,333,333 units sold in the Offering at an assumed price per share of \$6.00, we estimate that our net proceeds from this Offering will be approximately \$7.36 million, after deducting the underwriting discounts and commissions but before paying estimated offering expenses payable by us.

Assuming the same except that the underwriters' option is exercised, we estimate the net proceeds from this Offering will be approximately \$8.464 million.

The below chart describes the use of approximate net proceeds from this Offering, assuming no exercise of the warrants or underwriters' warrants offered hereby. This is an estimated use of proceeds and amounts may be re-allocated by the Board in its sole discretion.

The Company has an expense sharing agreement with GGI for shared expenses such as office space and other clerical services throughout 2020, which as of September 30, 2020 is approximately \$489,600.

Management believes that the proceeds from this Offering will be sufficient to satisfy the Company's cash needs for the next 18 months.

DIVIDEND POLICY

We have never declared or paid cash dividends on our common stock. We currently intend to retain all available funds and any future earnings for use in the operation of our business and do not anticipate paying any dividends on our common stock in the foreseeable future. Any future determination to declare dividends will be made at the discretion of our board of directors and will depend on our financial condition, operating results, capital requirements, general business conditions and other factors that our board of directors may deem relevant.

The holders of Series B Preferred Stock are entitled to cumulative cash dividends at an annual rate of 8% of the Series B Preferred Stock liquidation value (equal to face value of \$10 per share), as defined, payable when, as and if declared by the Board of Directors. Dividends earned by the holders of Series B Preferred Stock were \$181,281 and \$540,217 for the three and nine months ended September 30, 2020, respectively, and were \$181,746 and \$539,311 for the three and nine months ended September 30, 2019, respectively. Dividends payable of \$82,772 are included in the current portion of other liabilities as of September 30, 2020. Cumulative unpaid and undeclared dividends in arrears related to the Series B Preferred Stock totaled \$1,804,578 and \$1,264,361 as of September 30, 2020 and December 31, 2019, respectively. Assuming the uplisting to Nasdaq occurs, no additional dividends will be payable to holders of Series B Preferred Stock. See also “Market Information” on page 69 for additional information.

CAPITALIZATION

The following table sets forth our cash and capitalization as of September 30, 2020, assuming a reverse split of common stock at a 15:1 ratio (based on an offering price per unit of \$6.00), which split we intend to effect as of the effective date of this registration statement but prior to the closing of the Offering. The pro forma as adjusted information in the third column of the table below is illustrative only, and our capitalization following the completion of this Offering will be adjusted based on the actual public offering price and other terms of this Offering determined at pricing.

You should read the information in this table together with our financial statements and accompanying notes and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” appearing elsewhere in this prospectus.

- 1,038,195 shares of common stock underlying warrants issued pro forma as of September 30, 2020

DILUTION

If you invest in the units being offered by this prospectus, your interest will be diluted immediately to the extent of the difference between the public offering price per share of the shares of common stock included in the units and the adjusted net tangible book value per share of our common stock after this Offering.

The as adjusted net tangible book value of our shares of common stock for the nine months ending September 30, 2020, assuming the Board effecting a 15:1 reverse stock split of our common stock (based on an assumed offering price per unit of \$6.00) and conversion of all outstanding shares of Series B Preferred Stock into 600,713 shares of common stock, and the pro forma increase gives effect to the following events post-September 30, 2020: (i) the Company's receipt of gross proceeds of \$634,000 from a unit offering as of January 25, 2021 and 105,667 shares of common stock and warrants to purchase 105,667 shares of common stock issued pursuant to such offering; (ii) the conversion of convertible notes of the Company into units consisting of 395,113 shares of common stock and 395,113 warrants; (iii) the conversion of a related-party note of the Company into units consisting of 237,011 shares of common stock and 237,011 warrants; (iv) the issuance of 163,660 shares of common stock as dividends to holders of the Series B Preferred stock; (v) the issuance of 8,333 shares of common stock to a vendor and 9,506 shares of common stock pursuant to the Company's 401(k) plan; and (vi) the issuance of 67,693 shares of common stock to Kingswood Capital Markets, division of Benchmark Investments, Inc., for advisory services pursuant to an advisory agreement, dated October 30, 2020 for services, was (\$352,132), or approximately (\$0.06) per share. This as adjusted net tangible book value per share represents the amount of our total tangible assets, excluding goodwill and intangible assets, less total liabilities, divided by the total number of shares of our common stock outstanding, which includes Series B Preferred Stock on an as-converted basis to common stock. Dilution per share to new investors represents the difference between the effective amount per share considered to have been paid for by purchasers for each share of common stock included in the units in this Offering and the net tangible book value per share of our common stock immediately following the completion of this Offering.

The following table shows the change in net tangible book value per share from an as adjusted basis as of September 30, 2020 (giving effect to the 15:1 reverse stock split and the conversion of all outstanding shares of Series B Preferred Stock) to the pro forma net tangible book value per share as of September 30, 2020 (giving effect to items (i) through (vi) above.

As adjusted net tangible deficit per share as of September 30, 2020	
Total Assets	\$ 6,882,950
Less: Total Liabilities	<u>(7,370,082)</u>
Net Tangible Book Value	\$ (487,132)
Common Stock outstanding as adjusted as of September 30, 2020	5,129,012
As adjusted net tangible deficit per share as of September 30, 2020	<u>\$ (0.09)</u>
Pro forma net tangible book value per share as of September 30, 2020	
Total Assets	\$ 7,516,950
Less: Total Liabilities	<u>(3,958,397)</u>
Net Tangible Book Value	\$ 3,558,553
Common Stock outstanding as adjusted as of September 30, 2020	5,129,012
Additional Common Stock	<u>986,984</u>
Total pro forma common stock outstanding	6,115,996
Pro forma net tangible book value per share as of September 30, 2020	<u>\$ 0.59</u>

Dilution in net tangible book value per share represents the difference between the amount per share of the shares of common stock included in the units paid for by purchasers in this Offering and the net tangible book value per share of our shares of common stock immediately after this Offering. Assuming the same conditions above in addition to the sale of 1,333,333 units sold in the Offering at an assumed price per unit of \$6.00, less offering expenses of \$463,954, our pro forma as adjusted net tangible book value as of September 30, 2020, after deducting the underwriting discounts and commissions and the estimated offering expenses payable by us, would be approximately \$1.41 per share of common stock. This represents an immediate increase in pro forma net tangible book value of \$0.82 per share to our existing stockholders and an immediate dilution of \$4.59 per share to investors purchasing units.

The following table illustrates this dilution on a per share basis:

Assumed public offering price per unit	\$ 6.00
As adjusted net tangible book value per share as of September 30, 2020	\$ (0.09)
Increase in pro forma net tangible book value per share as of September 30, 2020 pro forma	<u>\$ 0.68</u>
Pro forma net tangible book value per share as of September 30, 2020	\$ 0.59
Increase in pro forma as adjusted net tangible book value per share as of September 30, 2020 after giving effect to the Offering	<u>\$ 0.82</u>
Pro forma as adjusted net tangible book value per share as of September 30, 2020, after giving effect to the Offering	\$ 1.41
Dilution per share to new investors in the Offering	<u>\$ 4.59</u>

If the underwriters exercise their option in full to purchase 200,000 additional units in this Offering at the assumed offering price of \$6.00 per unit, after deducting the underwriting discounts and commissions and based on the other above assumptions, the pro forma as adjusted net tangible book value per share after this Offering would be \$1.51 per share, the increase in the pro forma net tangible book value per share to existing stockholders would be \$0.93 per share and the dilution to new investors purchasing units in this Offering would be \$4.49 per share.

A \$1.00 increase (decrease) in the assumed public offering price of \$6.00 per unit would increase (decrease) our pro forma as adjusted net tangible book value after giving effect to this Offering by \$0.66, the as adjusted net tangible book value per share after giving effect to this Offering by \$0.16 per share and the dilution in as adjusted net tangible book value per share to new investors in this Offering by \$0.84 per share, assuming no change to the number of units offered by us as set forth on the front cover of this prospectus and assuming no exercise of the warrants offered hereby or any over-allotment option, and after deducting placement agent fees and estimated offering expenses payable by us.

The following table summarizes as of September 30, 2020, on an as adjusted basis and giving effect to the sale of all units offered to the investors in this Offering, as described above, the number of shares of common stock, the total consideration and the average price per share (1) paid to us by our existing stockholders and (2) to be paid by investors purchasing units in this Offering at an assumed public offering price of \$6.00 per unit, before deducting underwriting discounts and commissions and estimated offering expenses payable by us:

	Shares Purchased		Total Consideration		Average Price	
	Number	Percent	Amount	Percent	Per Share	
Existing stockholders	6,115,996	82.1%	\$ 103,154,217	92.8%	\$ 16.87	

New investors	1,333,333	17.9%	8,000,000	7.2%	6.00
Total	7,449,329	100.0%	\$ 111,154,217	100.0%	\$ 14.92

Special Note Regarding Emerging Growth Company Status and Smaller Reporting Company Status

Currently we qualify as both an "emerging growth company" and as a "smaller reporting company" (as defined in Rule 12b-2 of the Exchange Act). We are allowed and have elected to comply with the smaller reporting company rules which allows us to omit certain information, including three years of year-to-year comparisons and tabular disclosure of contractual obligations, from this Management's Discussion and Analysis of Financial Condition and Results of Operations. However, we have provided all information for the periods presented that we believe to be appropriate and necessary.

Overview

Gaucho Group Holdings, Inc. ("GGH" or the "Company") positions its e-commerce leather goods, accessories, and fashion brand, Gaucho – Buenos Aires™, as one of luxury, creating a platform for the global consumer to access their piece of Argentine style and high-end products. With a concentration on leather goods, ready-to-wear and accessories, this is the luxury brand in which Argentina finds its contemporary expression. In mid to late January 2021, the Company anticipates launching Gaucho Casa, a Home & Living line of luxury textiles and home accessories, which will be marketed and sold on the Gaucho – Buenos Aires e-commerce platform. Gaucho Casa challenges traditional lifestyle collections with its luxury textiles and home accessories rooted in the singular spirit of the gaucho aesthetic. GGH seeks to grow its direct-to-consumer online products to global markets in the United States, Asia, the United Kingdom, Europe, and Argentina. We intend to focus on e-commerce and scalability of the Gaucho – Buenos Aires and Gaucho Casa brands, as real estate in Argentina is politically sensitive.

GGH's goal is to become recognized as the LVMH ("Louis Vuitton Moët Hennessy") of South America's leading luxury brands. Through one of its wholly owned subsidiaries, GGH also owns and operates legacy investments in the boutique hotel, hospitality and luxury vineyard property markets. This includes a golf, tennis and wellness resort, as well as an award winning, wine production company concentrating on Malbecs and Malbec blends. Utilizing these wines as its ambassador, GGH seeks to further develop its legacy real estate, which includes developing residential vineyard lots located within its resort.

Until May 31, 2020, the Company's senior management was based at its corporate office in New York City. Due to COVID-19, we have terminated the corporate office lease and senior management works remotely. GGH's local operations are managed by professional staff with substantial hotel, hospitality and resort experience in Buenos Aires and San Rafael, Argentina.

Recent Developments and Trends

We temporarily closed our hotel, restaurant, winery operations, and golf and tennis operations. Recently, we have been able to reopen the Algodon Mansion as of November 11, 2020 with COVID-19 measures implemented. We have also been able to reopen our winery and golf and tennis facilities recently with COVID-19 measures implemented. Also due to COVID-19, construction on homes was temporarily halted from March to September but has resumed. However, as of December 21, 2020, international tourism by foreign residents, except those foreign residents of neighboring countries, is prohibited through January 31, 2021. Additionally, on December 24, 2020, Argentina removed the exception for foreign residents of neighboring countries through January 9, 2021.

We reduced expenses by negotiating an early termination of our office lease at 135 Fifth Avenue in New York City, and all employees and contractors are currently working from home. In addition, we are reviewing our labor needs to run the administrative side of the Company in New York.

On April 13, 2020, GGI's warehouse and fulfillment center, Bergen Logistics, announced it would operate on a four-day schedule from Monday through Thursday, allowing for a 72-hour window from Friday through Sunday for any possible surface viruses to self-eliminate. On June 12, 2020, Bergen Logistics announced that it would increase its warehouse operations to a Sunday through Friday schedule. The warehouse stores and ships all of the items that are for sale on our e-commerce website. Any e-commerce orders that may be received during the time of shutdown are only be fulfilled once the fulfillment center re-opens. Likewise, during their shutdown, the warehouse would not be able to receive and process any returned merchandise from customers, nor would the warehouse be able to receive any merchandise from our manufacturers.

Throughout the COVID-19 pandemic, we also experienced significant delays in product development, production, and shipping from our overseas manufacturing partners, many of whom have been on complete lockdown for the safety of their workers. Some of our manufacturing partners have even had to close permanently. Because of this, we are in the process of pursuing new vendors.

Due to the events stated above, it was necessary for us to reduce our email marketing efforts to our customer database, as we were not able to fulfill orders. This resulted in a significant reduction in our web traffic and sales.

Although we believe that we presently have enough cash on hand to sustain our operations on a month to month basis, we are continuing to explore opportunities with third parties and related parties to provide some or all of the capital that we need. However, if we are unable to obtain additional financing on a timely basis, we may have to delay vendor payments and/or initiate cost reductions, which would have a material adverse effect on our business, financial condition and results of operations, and ultimately, we could be forced to discontinue our operations, liquidate assets and/or seek reorganization under the U.S. bankruptcy code.

The Company is continuing to monitor the outbreak of COVID-19 and the related business and travel restrictions, and changes to behavior intended to reduce its spread, and the related impact on the Company's operations, financial position and cash flows, as well as the impact on its employees. Due to the rapid development and fluidity of this situation, the magnitude and duration of the pandemic and its impact on the Company's future operations and liquidity is uncertain. While there could ultimately be a material impact on operations and liquidity of the Company, as of the date of this prospectus, the impact cannot be determined at this time.

On May 6, 2020, the Company entered into a potentially forgivable loan from the U.S. Small Business Administration ("SBA") pursuant to the Paycheck Protection Program ("PPP") enacted by Congress under the Coronavirus Aid, Relief, and Economic Security Act (15 U.S.C. 636(a)(36)) (the "CARES Act"), resulting in net proceeds of \$242,487 (the "PPP Loan"). To facilitate the PPP Loan, the Company entered into a note payable agreement with Santander Bank, N.A. as the lender.

Under the terms of the CARES Act, as amended by the Paycheck Protection Program Flexibility Act of 2020, the Company is eligible to apply for and receive forgiveness for all or a portion of their respective PPP Loan. Such forgiveness will be determined, subject to limitations, based on the use of the loan proceeds for certain permissible purposes as set forth in the PPP, including, but not limited to, payroll costs (as defined under the PPP) and mortgage interest, rent or utility costs (collectively, "Qualifying Expenses") incurred during the 24 weeks subsequent to funding, and on the maintenance of employee and compensation levels, as defined, following the funding of the PPP Loan. The Company used the proceeds of the PPP Loan for Qualifying Expenses. However, no assurance is provided that the Company will be able to obtain forgiveness of the PPP Loan in whole or in part. Any amounts that are not forgiven incur interest at 1.0% per annum and monthly repayments of principal and interest are deferred for six months after the date of disbursement. While the PPP Loan currently has a two-year maturity, the amended law permits the borrower to request a five-year maturity from its lender. The Company will apply for forgiveness for the full amount. It is possible that the loan may not be forgiven in full, or that the Company would not be able to deduct the Company expenses it used the PPP Loan for, which could have a negative impact on the Company's cash flow.

The extent of the impact, if any, will depend on future developments, including actions taken to contain COVID-19. See also "Risk Factors" for more information.

In December 2020, the independent members of our Board approved an extension to our President and CEO's employment agreement to expire on June 30, 2021. Please see "Executive Compensation" for additional information.

Additionally, our Board and holders of Series B Preferred Stock approved an amendment to the Certificate of Designation of the Series B Convertible Preferred Stock which extends the period in which holders of the Series B Preferred Stock may voluntarily elect to convert such shares into shares of common stock of the Company to June 30, 2021. In addition, the amendment extends the date upon which the Company shall redeem all then-outstanding Series B Preferred Stock and all unpaid accrued and accumulated dividends to June 30, 2021. Please see the description of the Series B Preferred Stock under "Market Information" for additional details.

In January 2021, Wine Enthusiast rated and reviewed our Algodon 2012 PIMA Red Blend Mendoza and awarded it 91 points.

Investment in foreign real estate requires consideration of certain risks typically not associated with investing in the United States. Such risks include, trade balances and imbalances and related economic policies, unfavorable currency exchange rate fluctuations, imposition of exchange control regulation by the United States or foreign governments, United States and foreign withholding taxes, limitations on the removal of funds or other assets, policies of governments with respect to possible nationalization of their industries, political difficulties, including expropriation of assets, confiscatory taxation and economic or political instability in foreign nations or changes in laws which affect foreign investors. See also Risk Factors for more information.

Over the past nine months, GGH has been the process of pivoting operations to focus primarily on e-commerce sales of our Gaucho—Buenos Aires brand, in addition to our wines which also serve as ambassador to our 4,138-acre wine and real estate development. We believe that the change in focus and ongoing restructuring of our Argentine operations can have a positive impact and overall improvement on our business.

Our goal for 2021 is to focus on actions that can result in immediate revenues, such as e-commerce sales, continued deeding of lots and real estate sales and greater distribution of our wines by supporting our importer and their network partners. We began our big push of e-commerce sales through our launch of the Gaucho—Buenos Aires brand at New York Fashion Week on September 12, 2019 to create momentum through the holiday season and bring in revenue.

In November 2020, we hired a communications agency, Skoog Co., to provide exposure to all of our brands. Skoog Co. specializes in brand strategy, communications, media relations, and social and digital content development, and their goals for us is to create a wholistic marketing campaign to drive awareness and sales for Gaucho – Buenos Aires, Gaucho Casa, Algodon Fine Wines, as well as our real estate business segments.

In the fourth quarter of 2020 we micro tested U.S. markets and focus groups to gauge demand and iron out early details of our digital marketing strategy. We continue to test campaigns with micro audiences in the first quarter of 2021, in anticipation of a larger roll out of campaigns after the offering closes.

In the third quarter of 2021, we anticipate launching a popup shop in Los Angeles for the summer season, assuming our production schedule is on track to receive our products here in the U.S. With popup shops, we can for example, work with local public relations ("PR") companies to get the word out, as these opportunities are typically promoted via

direct mail, PR and digital marketing efforts, as well as word of mouth and strategic geographic positioning. See page 57 below for more information on popup shops.

In 2021, we expect that our Gaucho brand sales will grow to represent a majority of our revenue, with our wine and real estate business making up the remainder.

Market Size & Segments

According to data from the 17th edition of the Bain Luxury Study by Bain & Company, which was collected pre-COVID-19 (publicly available at <https://www.bain.com/insights/luxury-goods-worldwide-market-study-fall-winter-2018/>), in the online personal luxury goods market, brand websites selling accessories and apparel in North America are among the largest segments of sales.

Based on data from the same study from Bain & Company, management calculated that revenue from brand websites in the apparel & accessories segment sold in the Americas was expected to be \$2.54 billion in 2018.

Growth Outlook - United States

According to data from Bain & Company, which was collected pre-COVID-19, online shopping continues to increase (especially for online luxury goods). Management believes that Gaucho is in a favorable position to capture online growth in the luxury fashion industry. Bain & Company has forecasted that by 2025, online channels will represent 25% of the luxury market's value.

Growth Outlook-Global

Based on a pre-COVID-19 report entitled "The State of the Ecommerce Fashion Industry: Statistics, Trends & Strategy" from Shopify (publicly available at <https://www.shopify.com/enterprise/ecommerce-fashion-industry>) management has calculated that global growth for e-commerce fashion is expected to grow at an 8.19% Compound Annual Growth Rate (CAGR) until 2022. The report also notes that driving such growth "are four notable opportunities:

- Expanding global markets outside the West
- Increasing online access and smartphone penetration
- Emerging worldwide middle-classes with disposable income
- Innovating technologies to create experiential ecommerce"

The report also notes that, "[f]ashion consumers will also have more buying power, as the number of potential customers is projected to grow to more than 1.2 billion by 2020. The good news for fashion is that the majority of these new consumers are within the 16 to 24 and 25 to 34 age groups."

Further, based on the same Shopify report, management has calculated that bags and accessories currently make up 14% of e-commerce fashion revenue and are expected to grow to 14.4% in 2022.

COVID-19 effects on e-commerce

All of the marketing research we reviewed above was as of the fourth quarter of 2019 and we have not yet done a formal study on the effect COVID-19 has had on online shopping behavior specific to our product segments. However, below are additional reports that shed some light on the effects of COVID-19 on e-commerce and the fashion industry.

In May 2020, the World Trade Organization (WTO) released a report on the pandemic's effects on e-commerce. Titled "E-Commerce, Trade and the COVID-19 Pandemic." The report revealed that the enforcement of social distancing, lockdowns and other measures in response to the COVID-19 pandemic has led consumers to ramp up online shopping, and resulted in spikes in business-to-consumers (B2C) sales, primarily in the areas of medical supplies, household essentials, and food products.

However, post COVID-19, as reported by McKinsey & Company's report "The State of Fashion 2020" (<https://www.mckinsey.com/~media/mckinsey/industries/retail/our%20insights/the%20state%20of%20fashion%202020%20navigating%20uncertainty/the-state-of-fashion-2020-final.ashx>), the majority of fashion executives across value segments and geographies foresee a slowdown in the industry in 2020.

In September 2020, Boston Consulting Group released a report "A Three-Season Strategy for Fashion and Luxury Retailers" (<https://www.bcg.com/publications/2020/three-season-management-strategy-for-fashion-and-luxury-retailers>) in which it estimated that fashion retailer sales will be down as much as 35% in 2020 compared to last year.

Revenue

According to the Bain & Company report, which was pre-COVID, the accessories market was expected to be 10% larger in 2018 than apparel and has a much higher expected growth rate moving forward. The same report shows that while apparel is still expected to grow over the next 4 years, growth is declining. According to data from the McKinsey & Company report, premium/bridge and mid-market players are most likely to struggle, in the face of strong competition from value/discount players and increasing market saturation. Based on this data, management believes that the luxury segments are expected to be the most attractive, especially for new entrants.

Revenue –Segments

Based on data from the Bain & Company report which was pre-COVID, older generations are more apt to spend compared to Generation Y (also known as Millennials) and Generation Z. However, the report forecasts that Gen Y/Z will represent “55% of the 2025 luxury market” and the share of spending of these consumers is expected to rise significantly. Based on this data, management believes that a reasonable target market Gaucho might focus on is women aged 25-34 that make between \$75,000-\$250,000 per year. However, this is not meant to suggest that this would be the only target market or that the target market should not be broken down further.

Based on data from the Bain & Company report which was pre-COVID, currently, older generations are more apt to spend compared to Generation Y (also known as Millennials) and Generation Z. However, this is not meant to suggest that this would be the only target market or that the target market should not be broken down further.

Channels & Strategies

Based on data from the pre-COVID Shopify report, we believe that Instagram will be one of the most effective channels for selling Gaucho apparel. Further, the Shopify report notes that “[p]articularly powerful on this front is mixing product-centric content, mainstream influencer marketing, and micro-influencers.” According to Shopify, two other big trends in selling strategies are flash selling and product releases and combining the two strategies to create anticipation for new product and accelerate sales.

We continue to expand our wine distribution through the efforts of our US wine importer, Seaview Imports, as our wines become available in more retail channels across the US. In the third quarter of 2020, Algodon Fine Wines launched e-commerce websites in both the U.S. and Argentina. In September 2020, Algodon Fine Wines announced the launch of an e-commerce initiative servicing patrons in Argentina, at AlgodonWines.com.ar. The e-commerce store sells and ships Algodon wines direct from its San Rafael, Mendoza winery to consumers living in Argentina. This debut is part of an expanded effort to rollout the brand's premium Malbec-based wines, as well as the rest of the Algodon portfolio of award-winning varietals and blends. In September 2020, Algodon Fine Wines also launched an e-commerce initiative servicing the United States, with the backend warehousing and fulfillment provided by the California-based distributor VinPorter Wine Merchants, at AlgodonFineWines.com. The e-commerce store, powered by VinPorter, links to a virtual storefront showcasing the Algodon wines currently distributed in the U.S. This debut is part of an expanded U.S. rollout for Premium Malbec-based wines, as well as the rest of the Algodon portfolio of award-winning varietals and blends. In addition to the Algodon Fine Wines site powered by VinPorter, Algodon wines are also available throughout the U.S. both in-store and online at such retailers as Spec's, Sherry-Lehmann, The Noble Grape and Wine-Searcher.com (among others). Please see "Algodon Fine Wines" under our "Business" section for more information on wine distribution.

We recognize that investment in foreign real estate requires consideration of certain risks typically not associated with investing in the United States. Such risks include, trade balances and imbalances and related economic policies, unfavorable currency exchange rate fluctuations, imposition of exchange control regulation by the United States or foreign governments, United States and foreign withholding taxes, limitations on the removal of funds or other assets, policies of governments with respect to possible nationalization of their industries, political difficulties, including expropriation of assets, confiscatory taxation and economic or political instability in foreign nations or changes in laws which affect foreign investors. See also "Risk Factors" on page 8 for more information.

In December 2011, the Argentine Congress passed Law 26.737 (Regime for Protection of National Domain over Ownership, Possession or Tenure of Rural Land) limiting foreign ownership of rural land, even when not in border areas, to a maximum of 15 percent of all national, provincial or departmental productive land. Every non-Argentine national must request permission from the National Land Registry of Argentina in order to acquire non-urban real property. Additionally, no foreign individual or entity can acquire more than 30 percent within the allowed 15 percent of the total land of the department.

As approved, the law has been in effect since February 28, 2012 but is not retroactive. Furthermore, the general limit of 15 percent ownership by non-nationals must be reached before the law is applicable and each provincial government may establish its own maximum area of ownership per non-national.

Pursuant to Executive Order No. 550/13, as published on the Official Bulletin on May 9, 2013, in the Mendoza province, the maximum area allowed per type of production and activity per non-national is as follows: Mining—25,000 hectares (61,776 acres), cattle ranching—18,000 hectares (44,479 acres), cultivation of fruit or vines—15,000 hectares (37,066 acres), horticulture—7,000 hectares (17,297 acres), private lot—200 hectares (494 acres), and other—1,000 hectares (2,471 acres). A hectare is a unit of area in the metric system equal to approximately 2.471 acres. However, these maximums will only be considered if the total 15 percent is reached. Although currently, as reported by La Nación, the area under foreign ownership in Mendoza is approximately 8.45 percent, this law may apply to the Company in the future and could affect the Company's ability to acquire additional real property in Argentina. Currently, the Company owns approximately 4,138 acres of Argentine rural land through AWE, 2,050 acres are considered land held for cultivation of fruit or vines and 2,088 was purchased during 2017 to provide additional access to AWE. Because the maximum area for this type of land allowed per non-national is 25,000 hectares, the Company is compliant with the law's limit, were it to apply today. Costs of compliance with the law may be significant in the future.

Currently, GGH is developing lots for sale to third party builders and is not engaged in any construction activity. To date, twenty-five lots have been sold. The Company has closed on the sale of all 25 lots and recorded revenue of \$1,468,000. Revenue is recorded when the deeds are issued. As of December 31, 2019, the Company has \$838,471 of deposits for pending sales and as of September 30, 2020, the Company has \$845,634 of deposits for pending sales.

As reflected in our consolidated financial statements we have generated significant losses from operations of \$6,698,134 and \$5,254,781 for the years ended December 31, 2019 and 2018, respectively; \$1,007,087 and \$1,470,649 for the three months ended September 30, 2020 and 2019 respectively; and \$3,708,170 and \$4,669,929 for the nine months ended September 30, 2020 and 2019 respectively, consisting primarily of general and administrative expenses, raising substantial doubt that we will be able to continue operations as a going concern. We have suffered recurring losses from operations and our independent registered public accounting firm issued a report which includes an explanatory paragraph relating to our ability to continue as a going concern. Our ability to execute our business plan is dependent upon our generating cash flow and obtaining additional debt or equity capital sufficient to fund operations. Our business strategy may not be successful in addressing these issues and there can be no assurance that we will be able to obtain any additional capital. If we cannot execute our business plan (including acquiring additional capital), our stockholders may lose their entire investment in us. If we are able to obtain additional debt or equity capital (of which there can be no assurance), we hope to acquire additional management as well as increase marketing our products and continue the development of our real estate holdings.

Financings

In 2019 and 2018, we raised, net of repayments, approximately \$5,700,000 and \$5,084,000, respectively and as of September 30, 2020 and 2019, approximately \$4,492,000 and \$5,138,000 of new capital through the issuance of debt and equity. We used the net proceeds from the closings of these private placement offerings for general working capital and capital expenditures.

Initiatives

We have implemented a number of initiatives designed to expand revenues and control costs. Revenue enhancement initiatives include expanding marketing, investment in additional winery capacity and developing new real estate development revenue sources. In August 2017, we completed a strategic acquisition of land directly adjacent to our existing property at AWE for \$700,000, which more than doubles the size of AWE and provides room for continued expansion and growth. Our goal for 2021 is to focus on actions that can result in immediate revenues, such as e-commerce sales, continued deeding of lots and real estate sales and greater distribution of our wines by supporting our importer and their network partners. We began our big push of e-commerce sales through our launch of the Gaucho—Buenos Aires brand at New York Fashion Week on September 12, 2019 to create momentum through the holiday season and bring in revenue.

Liquidity

As reflected in our accompanying consolidated financial statements, we have generated significant losses which have resulted in a total accumulated deficit of approximately \$88 million, raising substantial doubt that we will be able to continue operations as a going concern. Our independent registered public accounting firm included an explanatory paragraph in their report for the years ended December 31, 2019 and 2018, stating that we have incurred significant losses and need to raise additional funds to meet our obligations and sustain our operations. Our ability to execute our business plan is dependent upon our generating cash flow and obtaining additional debt or equity capital sufficient to fund operations. If we are able to obtain additional debt or equity capital (of which there can be no assurance), we hope to acquire additional management as well as increase the marketing of our products and continue the development of our real estate holdings.

Our business strategy may not be successful in addressing these issues and there can be no assurance that we will be able to obtain any additional capital. If we cannot execute our business plan on a timely basis (including acquiring additional capital), our stockholders may lose their entire investment in us, because we may have to delay vendor payments and/or initiate cost reductions, which would have a material adverse effect on our business, financial condition and results of operations, and we could ultimately be forced to discontinue our operations, liquidate and/or seek reorganization under the U.S. bankruptcy code.

Gross loss

We generated a gross loss of approximately \$21,000 for the three months ended September 30, 2020 as compared to a gross loss of approximately \$86,000 for the three months ended September 30, 2019, representing a decrease of \$65,000 or 76%, primarily as the result of the decrease in our revenues as described above.

Selling and marketing expenses were approximately \$161,000 and \$337,000 for the nine months ended September 30, 2020 and 2019, respectively, representing a decrease of \$176,000 or 52% in 2020, primarily resulting from the impact of COVID-19 shut-downs as well as a GGI marketing event that was held in the second quarter of 2019.

General and administrative expenses

General and administrative expenses were approximately \$3,342,000 and \$4,340,000 for the nine months ended September 30, 2020 and 2019, respectively, representing a decrease of \$998,000 or 23%. The decrease results primarily from the decreases of approximately \$305,000 in professional fees, approximately \$267,000 in travel expenses, approximately \$335,000 resulting from the impact of the decline in the value of the Argentine peso vis-à-vis the U.S. dollar for the nine months ended September 30, 2020 compared to the nine months ended September 30, 2019, and approximately \$383,000 in exchange rate gains, partially offset by an increase of approximately \$116,000 in shipping costs for samples sent to customers, and an increase of approximately \$119,000 related to operating costs in excess of wine production allocations, as a result of idle capacity at our wine processing facility.

Depreciation and amortization expense

Year ended December 31, 2019 compared to year ended December 31, 2018

Overview

We reported net losses of approximately \$7.0 million and \$5.7 million for the years ended December 31, 2019 and 2018, respectively. The increase in net loss is primarily the result of the decrease in revenues as described below.

Revenues

Revenues from operations were approximately \$1.3 million and \$3.1 million during the years ended December 31, 2019 and 2018, respectively, reflecting a decrease of approximately \$1.8 million or 59%. Decreases in revenue results primarily from a decrease in real estate sale revenue of approximately \$1.5 million and a decrease of approximately \$0.8 million resulting from the impact of the decline in the value of the Argentine peso vis-à-vis the U.S. dollar, which was partially offset by an increase in hotel room and event revenue of approximately \$0.3 million. The average exchange rate of the Argentina peso increased from 28.88 for the year ended December 31, 2018 to 48.17 for the year ended December 31, 2019, which represents a decrease in the average worth of the Argentine peso from US \$0.03 to \$0.02.

Total sales from Argentina were approximately ARS \$58.1 million during the year ended December 31, 2019 as compared to approximately ARS \$83.9 million during the year ended December 31, 2018, reflecting a net decrease of approximately ARS \$25.8 million or 31%. Hotel room and event revenues were approximately ARS \$35.7 million and ARS \$25.6 million during years ended December 31, 2019 and 2018, respectively, representing an increase of approximately ARS \$10.1 million, or 40% due to higher occupancy and higher room rates. Real estate sale revenues were approximately ARS \$0 million and ARS \$39.4 million during the years ended December 31, 2019 and 2018, respectively, as a result of 25 lot sales during 2018. Restaurant revenues were approximately ARS \$7.9 million and ARS \$7.5 million during the years ended December 31, 2019 and 2018, respectively, representing an increase of approximately ARS \$0.4 million or 5%. Argentine winemaking revenues were approximately ARS \$6.0 million and ARS \$6.2 million during the years ended December 31, 2019 and 2018, respectively, representing a decrease of approximately ARS \$0.2 million or 3%. Other revenues, including golf, tennis and agricultural revenues, were ARS \$8.5 million and ARS \$5.1 million during the years ended December 31, 2019 and 2018, respectively, representing an increase of approximately ARS \$3.4 million or 67%, of which ARS \$1.5 million represents an increase in agricultural revenues and ARS \$0.9 million represents an increase in maintenance fees.

Gross profit

We generated a gross profit of approximately \$244,000 and \$1,658,000 from operations for the years ended December 31, 2019 and 2018, respectively, representing a decrease of approximately \$1,414,000 or 85%. The decrease results primarily from the decrease in real estate sale revenues of approximately \$1,453,000.

Cost of sales, which consists of raw materials, direct labor and indirect labor associated with our business activities, decreased by approximately \$402,000, from approximately \$1,442,000 for the year ended December 31, 2018, to approximately \$1,040,000 for the year ended December 31, 2019. A decrease of approximately \$672,000 resulting from the decline in the value of the Argentine peso vis-à-vis the U.S. dollar for the year ended December 31, 2019 compared to the year ended December 31, 2018 and decrease in real estate costs of approximately \$142,000 was partially offset by an increase in agricultural costs of approximately \$161,000 and an increase in hotel costs of approximately \$276,000.

The restaurant and golf and tennis business units at AWE realized negative margins in 2019 and 2018, due to significant fixed costs (i.e. depreciation on golf courses and tennis courts) related to these business units. The restaurant and golf and tennis are kept open every day at a loss, in order to support the image of the winery. During the year ended December 31, 2019, the Company recorded \$193,564 of write-down related to obsolete and excess inventory.

Selling and marketing expenses

Selling and marketing expenses were approximately \$483,000 and \$317,000, for the years ended December 31, 2019 and 2018, respectively, representing an increase of approximately \$166,000 or 52%, primarily resulting from marketing events for our new subsidiary, GGI, offset by the impact of the decline in the value of the Argentine peso vis-à-vis the U.S. dollar.

General and administrative expenses

General and administrative expenses were approximately \$6,429,000 and \$6,424,000 from operations for the years ended December 31, 2019 and 2018, respectively, representing a decrease of approximately \$5,000.

Depreciation and amortization expense

Depreciation and amortization expense were approximately \$196,000 and \$172,000 during the years ended December 31, 2019 and 2018, respectively, representing an increase of approximately \$24,000 or 14%. The increase in depreciation expense results from the increases resulting from the purchases of property and equipment during the period, partially offset by the impact of the decline in the value of the Argentine peso relative to the U.S. dollar during the period. Most of our property and equipment is located in Argentina and the gross cost being depreciated is impacted by the devaluation of the Argentine peso relative to the U.S. dollar.

Gain from insurance settlement

Gain from insurance settlement of approximately \$166,000 during the year ended December 31, 2019 represents insurance proceeds received for fire damage to property and equipment.

Interest expense, net

Interest expense was approximately \$360,000 and \$611,000 during the years ended December 31, 2019 and 2018, respectively, representing a decrease of approximately \$251,000 or 41%. The decrease is primarily related to the decrease in amortization of debt discount on convertible debt for notes that matured on March 31, 2019 and the decrease in the principal balance of debt outstanding during 2019, as a result of the conversion of approximately \$2,107,000 of debt and related interest payable into equity of GGI and the conversion of approximately \$103,000 of debt and related interest payable into GGH common stock.

Liquidity and Capital Resources

We measure our liquidity in variety of ways, including the following:

	September 30,		December 31,	
	2020	2019	2019	2018
Cash	\$ 1,210,668	\$ 508,372	\$ 40,378	\$ 58,488
Working Capital Deficiency	\$ (3,451,820)	\$ (1,225,081)	\$ (3,309,206)	\$ (4,188,924)

Based upon our working capital deficiency as of September 30, 2020, we require additional equity and/or debt financing in order to sustain operations. These conditions raise substantial doubt about our ability to continue as a going concern.

During the nine months ended September 30, 2020 and 2019, we have relied primarily on debt and equity offerings to third party independent, accredited investors, related parties, and the government to sustain operations. During the nine months ended September 30, 2020, we received proceeds of approximately \$3,214,000 from the issuance of convertible debt, proceeds of approximately \$1,201,000 from proceeds from common stock offering, proceeds from related party loans payable and non-related party loans payable of approximately \$574,000 and \$28,000, respectively, and proceeds from the PPP Loan of approximately \$242,000, and proceeds from the EIDL of \$94,000.

The proceeds from these financing activities were used to fund our existing operating deficits, legal and accounting expenses associated with being a public company and the general working capital needs of the business.

Availability of Additional Funds

As a result of the above developments, we have been able to sustain operations. However, we will need to raise additional capital in order to meet our future liquidity needs for operating expenses and capital expenditures, including GGI inventory production, development of the GGI e-commerce platform, expansion of our winery and additional investments in real estate development. If we are unable to obtain adequate funds on reasonable terms, we may be required to significantly curtail or discontinue operations.

Net Cash Provided by Financing Activities

Net cash provided by financing activities for the years ended December 31, 2019 and 2018 amounted to approximately \$5,700,000 and \$5,084,000, respectively. For the year ended December 31, 2019, the net cash provided by financing activities resulted primarily from proceeds of approximately \$4,611,000 from the sale of common stock, proceeds from the issuance of convertible debt of approximately \$786,000, proceeds from related party loans payable of approximately \$566,000, and proceeds from investor deposits of approximately \$30,000, partially offset by convertible debt and loan repayments of approximately \$293,000. For the year ended December 31, 2018, the net cash provided by financing activities resulted primarily from the proceeds from convertible debt obligations of approximately \$3,508,000, net proceeds from the issuance of equity securities of approximately \$1,324,000, proceeds from loans payable of approximately \$634,000 partially offset by net repayments of debt of approximately \$200,000, and dividends paid of approximately \$128,000.

Going Concern and Management's Liquidity Plans

The accompanying financial statements have been prepared assuming that we will continue as a going concern, which contemplates the realization of assets and satisfaction of liabilities and commitments in the normal course of business. As discussed in Note 2 to the accompanying consolidated financial statements, we have not achieved a sufficient level of revenues to support our business and development activities and have suffered substantial recurring losses from operations since our inception. Further, while the Company has applied to uplist its common stock to Nasdaq in the first quarter of 2021 by the end of this year and intends for such uplist in connection with the closing of the Offering, should that effort not be successful, the Company would be required, on June 30, 2021, to redeem all shares of Series B Preferred Stock that have not been previously converted to common stock. The cost to redeem these shares would likely have a materially adverse effect on the Company's financial position and would likely require either the liquidation of certain Company assets or an effort to raise new equity or debt financing. Whether the Company would be able to consummate any such transaction, should it need to do so, on economically beneficial terms or otherwise, cannot be presently known. These conditions raise substantial doubt that we will be able to continue operations as a going concern. The accompanying consolidated financial statements do not include any adjustments that might be necessary if we were unable to continue as a going concern.

Based on current cash on hand and subsequent activity as described herein, our cash-on-hand only allows us to operate our business operations on a month-to-month basis. Because of our limited cash availability, we have scaled back our operations to the extent possible. While we are exploring opportunities with third parties and related parties to provide some or all of the capital we need, we have not entered into any agreement to provide us with the necessary capital. Historically, we have been successful in raising funds to support our capital needs. However, if we are unable to obtain additional financing on a timely basis, we may have to delay vendor payments and/or initiate cost reductions, which would have a material adverse effect on our business, financial condition and results of operations, and ultimately, we could be forced to discontinue our operations, liquidate and/or seek reorganization under the U.S. bankruptcy code. As a result, our auditors have issued a report which includes an explanatory paragraph relating to our ability to continue as a going concern in conjunction with their audit of our December 31, 2019 and 2018 consolidated financial statements.

Off-Balance Sheet Arrangements

None.

Contractual Obligations

As a smaller reporting company, we are not required to provide the information required by paragraph (a)(5) of this Item.

Critical Accounting Policies and Estimates

Non-Controlling Interest

As a result of the conversion of certain convertible debt into shares of GGI common stock, GGI investors obtained a 21% ownership interest in GGI, which is recorded as a non-controlling interest. The profits and losses of GGI are allocated between the controlling interest and the non-controlling interest in the same proportions as their membership interest.

Use of Estimates

To prepare financial statements in conformity with accounting principles generally accepted in the United States of America, we must make estimates and assumptions. These estimates and assumptions affect the reported amounts in the financial statements, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Our significant estimates and assumptions include the valuation of equity instruments, the value of right-of-use assets and related lease liabilities, the useful lives of property and equipment and reserves associated with the realizability of certain assets.

Highly Inflationary Status in Argentina

The International Practices Task Force (“IPTF”) of the Center for Audit Quality discussed the inflationary status of Argentina at its meeting on May 16, 2018 and categorized Argentina as a country with a projected three-year cumulative inflation rate greater than 100%. Therefore, we have transitioned our Argentine operations to highly inflationary status as of July 1, 2018.

For operations in highly inflationary economies, monetary asset and liabilities are translated at exchange rates in effect at the balance sheet date, and non-monetary assets and liabilities are translated at historical exchange rates. Income and expense accounts are translated at the weighted average exchange rate in effect during the period. Translation adjustments are reflected in loss on foreign currency translation on the accompanying statements of operations.

Foreign Currency Translation

The Company’s functional and reporting currency is the United States dollar. The functional currencies of the Company’s operating subsidiaries are their local currencies (United States dollar, Argentine peso and British pound) except for the Company’s Argentine subsidiaries for the six-month period from July 31, 2018 through December 31, 2018 and the year ended December 31, 2019, as described above. Prior to the transition of Argentine operations to highly inflationary status on July 1, 2018, these foreign subsidiaries translated assets and liabilities from their local currencies to U.S. dollars using period end exchange rates while income and expense accounts were translated at the average rates in effect during the period. The resulting translation adjustment is recorded as part of other comprehensive loss, a component of shareholders’ deficit. The Company engages in foreign currency denominated transactions with customers and suppliers, as well as between subsidiaries with different functional currencies. Gains and losses resulting from transactions denominated in non-functional currencies are recognized in earnings.

Inventory

Inventories are comprised primarily of vineyard in process, wine in process, finished wine, food and beverage items, plus luxury clothes and accessories which are stated at the lower of cost or net realizable value (which is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation), with cost being determined on the first-in, first-out method. Costs associated with winemaking, and other costs associated with the creation of products for resale, are recorded as inventory. Vineyard in process represents the monthly capitalization of farming expenses (including farming labor costs, usage of farming supplies and depreciation of the vineyard and farming equipment) associated with the growing of grape, olive and other fruits during the farming year which culminates with the February/March harvest. Wine in process represents the capitalization of costs during the winemaking process (including the transfer of grape costs from vineyard in process, winemaking labor costs and depreciation of winemaking fixed assets, including tanks, barrels, equipment, tools and the winemaking building). Finished wines represents wine available for sale and includes the transfer of costs from wine in process once the wine is bottled and labeled. Other inventory consists of olives, other fruits, golf equipment and restaurant food.

In accordance with general practice within the wine industry, wine inventories are included in current assets, although a portion of such inventories may be aged for periods longer than one year. Inventory is carried at the lower of cost or net realizable value in accordance with ASC 330 “Inventory” and reduces the carrying value of inventories that are obsolete or in excess of estimated usage to estimated net realizable value. Our estimates of net realizable value are based on analyses and assumptions including, but not limited to, historical usage, future demand and market requirements. Reductions to the carrying value of inventories are recorded in cost of sales. If future demand and/or pricing for our products are less than previously estimated, then the carrying value of the inventories may be required to be reduced, resulting in additional expense and reduced profitability. During the year ended December 31, 2019, the Company recorded \$193,564 of write-down related to obsolete and excess inventory.

Convertible Debt

We record a beneficial conversion feature ("BCF") related to the issuance of notes which are convertible at a price that is below the market value of the Company's stock when the note is issued. The intrinsic value of the BCF is recorded as debt discount which is amortized to interest expense over the life of the respective note using the effective interest method. Beneficial conversion features that are contingent upon the occurrence of a future event are recorded when the contingency is resolved.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation using the straight-line method over their estimated useful lives. Leasehold improvements are amortized over the lesser of (a) the useful life of the asset; or (b) the remaining lease term.

The estimated useful lives of property and equipment are as follows:

Buildings	10 - 30 years
Furniture and fixtures	3 - 10 years
Vineyards	7 - 20 years
Machinery and equipment	3 - 20 years
Leasehold improvements	3 - 5 years
Computer hardware and software	3 - 5 years

We capitalize internal vineyard improvement costs when developing new vineyards or replacing or improving existing vineyards. These costs consist primarily of the costs of the vines and expenditures related to labor and materials to prepare the land and construct vine trellises. Expenditures for repairs and maintenance are charged to operating expense as incurred. The cost of properties sold or otherwise disposed of and the related accumulated depreciation are eliminated from the accounts at the time of disposal and resulting gains and losses are included as a component of operating income. Real estate development consists of costs incurred to ready the land for sale, including primarily costs of infrastructure as well as master plan development and associated professional fees. Such costs are allocated to individual lots proportionately based on square meters and those allocated costs will be derecognized upon the sale of individual lots. Given that they are not placed in service until they are sold, capitalized real estate development costs are not depreciated. Land is an inexhaustible asset and is not depreciated.

Stock-Based Compensation

We measure the cost of services received in exchange for an award of equity instruments based on the fair value of the award on the date of grant. The fair value amount of the shares expected to ultimately vest is then recognized over the period for which services are required to be provided in exchange for the award, usually the vesting period. The estimation of stock-based awards that will ultimately vest requires judgment, and to the extent actual results or updated estimates differ from original estimates, such amounts are recorded as a cumulative adjustment in the period that the estimates are revised. We account for forfeitures as they occur.

Comprehensive Loss

Comprehensive loss is defined as the change in equity of a business during a period from transactions and other events and circumstances from non-owner sources. It includes all changes in equity during a period except those resulting from investments by owners and distributions to owners. The guidance requires other comprehensive loss to include foreign currency translation adjustments.

Accounts Receivable

Accounts receivable primarily represent receivables from hotel guests who occupy rooms and wine sales to commercial customers. We provide an allowance for doubtful accounts when it is determined that it is more likely than not a specific account will not be collected.

Real Estate Lots Held for Sale

As the development of a real estate lot is completed and the lot becomes available for immediate sale in its present condition, the lot is marketed for sale and is included in real estate lots held for sale on the Company's balance sheet. Real estate lots held for sale are reported at the lower of carrying value or fair value less cost to sell. If the carrying value of a real estate lot held for sale exceeds its fair value less estimated selling costs, an impairment charge is recorded. We did not record any impairment charge in connection with real estate lots held for sale during the year ended December 31, 2019 or 2018.

Impairment of Long-Lived Assets

When circumstances, such as adverse market conditions, indicate that the carrying value of a long-lived asset may be impaired, we perform an analysis to review the recoverability of the asset's carrying value, which includes estimating the undiscounted cash flows (excluding interest charges) from the expected future operations of the asset. These estimates consider factors such as expected future operating income, operating trends and prospects, as well as the effects of demand, competition and other factors. If the analysis indicates that the carrying value is not recoverable from future cash flows, an impairment loss is recognized to the extent that the carrying value exceeds the estimated fair value. Any impairment losses are recorded as operating expenses, which reduce net income. There were no impairments of long-lived assets for the years ended December 31, 2019 and 2018, respectively.

Segment Information

The FASB has established standards for reporting information on operating segments of an enterprise in interim and annual financial statements. We currently operate in three segments which are the (i) business of real estate development and manufacture, (ii) the sale of high-end fashion and accessories through an e-commerce platform and (iii) our corporate operations. This classification is consistent with how our chief operating decision maker makes decisions about resource allocation and assesses the Company's performance.

Revenue Recognition

We earn revenues from the sale of real estate lots and sales of food and wine as well as hospitality, food & beverage, other related services, and from the sale of clothing and accessories. We recognize revenue when goods or services are transferred to customers in an amount that reflects the consideration which it expects to receive in exchange for those goods or services. In determining when and how revenue is recognized from contracts with customers, we perform the following five-step analysis: (i) identification of contract with customer; (ii) determination of performance obligations; (iii) measurement of the transaction price; (iv) allocation of the transaction price to the performance obligations; and (v) recognition of revenue when (or as) we satisfy each performance obligation.

Revenue from real estate lot sales is recorded when the lot is deeded, and legal ownership of the lot is transferred to the customer. Revenue from the sale of food, wine, agricultural products, clothes and accessories is recorded when the customer obtains control of the goods purchased. Revenues from hospitality and other services are recognized as earned at the point in time that the related service is rendered, and the performance obligation has been satisfied. Revenues from gift card sales are recognized when the card is redeemed by the customer. We do not recognize revenue for the portion of gift card values that is not expected to be redeemed ("breakage") due to the lack of historical data.

The timing of our revenue recognition may differ from the timing of payment by our customers. A receivable is recorded when revenue is recognized prior to payment and we have an unconditional right to payment. Alternatively, when payment precedes the provision of the related services, we record deferred revenue until the performance obligations are satisfied. Deferred revenues associated with real estate lot sale deposits are recognized as revenues (along with any outstanding balance) when the lot sale closes, and the deed is provided to the purchaser. Other deferred revenues primarily consist of deposits accepted by us in connection with agreements to sell barrels of wine, advance deposits received for grapes and other agricultural products, and hotel deposits. Wine barrel and agricultural product advance deposits are recognized as revenues (along with any outstanding balance) when the product is shipped to the purchaser. Hotel deposits are recognized as revenue upon occupancy of rooms, or the provision of services.

Income Taxes

The Company accounts for income taxes pursuant to the asset and liability method of accounting for income taxes pursuant to FASB ASC 740, "Income Taxes." Deferred tax assets and liabilities are recognized for taxable temporary differences and operating loss carry forwards. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Operating Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among organizations by requiring the recognition of operating lease right-of-use ("ROU") assets and lease liabilities on the balance sheet. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. We are also required to recognize and measure new leases at the adoption date and recognize a cumulative-effect adjustment in the period of adoption using a modified retrospective approach, with certain practical expedients available.

We adopted Accounting Standards Codification ("ASC") 842, "Leases" ("ASC 842") effective January 1, 2019 and elected to apply the available practical expedients and implemented internal controls and key system functionality to enable the preparation of financial information on adoption. ASC 842 requires us to make significant judgments and estimates. As a result, we implemented changes to our internal controls related to lease evaluation. These changes include updated accounting policies affected by ASC 842 as well as redesigned internal controls over financial reporting related to ASC 842 implementation. Additionally, we have expanded data gathering procedures to comply with the additional disclosure requirements and ongoing contract review requirements. The standard had an impact on our consolidated balance sheets but did not have an impact on our consolidated statements of operations or consolidated statements of cash flows upon adoption. The most significant impact was the recognition of ROU assets and lease liabilities of \$361,020, respectively, for operating leases. As of December 31, 2019, we had no leases that were classified as finance leases. The adoption of ASC 842 did not have a material impact on our results of operations or cash flows in the current year and prior year comparative periods and as a result, a cumulative-effect adjustment was not required.

New Accounting Pronouncements

In July 2018, the FASB issued ASU No. 2018-09, "Codification Improvements" ("ASU 2018-09"). ASU 2018-09 provides amendments to a wide variety of topics in the FASB's Accounting Standards Codification, which applies to all reporting entities within the scope of the affected accounting guidance. The transition and effective date guidance are based on the facts and circumstances of each amendment. Some of the amendments in ASU 2018-09 do not require transition guidance and were effective upon issuance of ASU 2018-09. However, many of the amendments do have transition guidance with effective dates for annual periods beginning after December 15, 2018. We adopted ASU 2018-09 effective January 1, 2019. ASU 2018-09 did not have a material effect on our consolidated financial statements.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement - Disclosure Framework (Topic 820). The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures.

In March 2019, the FASB issued ASU 2019-01, “Leases (Topic 842): Codification Improvements” (“Topic 842”) (“ASU 2019-01”). These amendments align the guidance for fair value of the underlying asset by lessors that are not manufacturers or dealers in Topic 842 with that of existing guidance. As a result, the fair value of the underlying asset at lease commencement is its cost, reflecting any volume or trade discounts that may apply. However, if there has been a significant lapse of time between when the underlying asset is acquired and when the lease commences, the definition of fair value (in Topic 820, Fair Value Measurement) should be applied. (Issue 1). The ASU also requires lessors within the scope of Topic 942, Financial Services—Depository and Lending, to present all “principal payments received under leases” within investing activities. (Issue 2). Finally, the ASU exempts both lessees and lessors from having to provide certain interim disclosures in the fiscal year in which a company adopts the new leases standard. (Issue 3). The transition and effective date provisions apply to Issue 1 and Issue 2. They do not apply to Issue 3 because the amendments for that Issue are to the original transition requirements in Topic 842. ASU 2019-01 will become effective for us for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021; early adoption is still permitted for interim and annual reporting periods beginning after December 15, 2018. Entities will apply the standard’s provisions as a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective (i.e., modified retrospective approach). We are currently evaluating ASU 2019-01 and its impact on our consolidated financial statements and financial statement disclosures.

In July 2019, the FASB issued ASU 2019-07, “Codification Updates to SEC Sections — Amendments to SEC Paragraphs Pursuant to SEC Final Rule Releases No. 33-10532, Disclosure Update and Simplification, and Nos. 33-10231 and 33-10442, Investment Company Reporting Modernization and Miscellaneous Updates (SEC Update)” (“ASU 2019-07”). ASU 2019-07 aligns the guidance in various SEC sections of the Codification with the requirements of certain SEC final rules. ASU 2019-07 is effective immediately. The adoption of ASU 2019-07 did not have a material impact on our consolidated financial statements.

In December 2019, the FASB issued ASU 2019-12, Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes, which is intended to simplify various aspects related to accounting for income taxes. ASU 2019-12 removes certain exceptions to the general principles in Topic 740 and also clarifies and amends existing guidance to improve consistent application. ASU 2019-12 is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2020. Early adoption is permitted, including adoption in an interim period. We are evaluating the effect of adopting this new accounting guidance.

In August 2020, the FASB issued ASU 2020-06, Debt – Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging – Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity, which simplifies the accounting for convertible debt instruments and convertible preferred stock by reducing the number of accounting models and the number of embedded conversion features that could be recognized separately from the primary contract. The update also requires the application of the if-converted method to calculate the impact of convertible instruments on diluted earnings per share. The new guidance is effective for annual periods beginning after December 15, 2021, including interim periods within those fiscal years. Early adoption is permitted, but no earlier than fiscal years beginning after December 15, 2020. This update can be adopted on either a fully retrospective or a modified retrospective basis. The Company is currently evaluating the impact the adoption of ASU 2020-06 will have on the consolidated financial statements.

Company Overview

Gaucha Group Holdings, Inc. (the “Company”) was incorporated on April 5, 1999. Effective October 1, 2018, the Company changed its name from Algodon Wines & Luxury Development Group, Inc. to Algodon Group, Inc., and effective March 11, 2019, the Company changed its name from Algodon Group, Inc. to Gaucha Group Holdings, Inc. (“GGH”). Through its wholly-owned subsidiaries, GGH invests in, develops and operates real estate projects in Argentina. GGH operates a hotel, golf and tennis resort, vineyard and a producing winery in addition to developing residential lots located near the resort. In 2018, GGH established an e-commerce platform for the manufacture and sale of high-end fashion and accessories. The activities in Argentina are conducted through GGH’s operating entities: InvestProperty Group, LLC, Algodon Global Properties, LLC, The Algodon – Recoleta S.R.L, Algodon Properties II S.R.L., and Algodon Wine Estates S.R.L. GGH distributes its wines in Europe through its United Kingdom entity, Algodon Europe, LTD.

GGH’s mission is to increase our scalability, diversify the Company’s assets, and minimize our political risk. We believe our goal of becoming the LVMH of South America (Moët Hennessy Louis Vuitton) can help us to achieve that. While we continue making excellent wine, upgrading our rooms at the Algodon Mansion, and completing the infrastructure at the vineyard, our growth area is in e-commerce through Gaucha – Buenos Aires™ because of the potential for immediate revenues and growth/scale on a global basis. The Gaucha brand also diversifies our business outside of Argentina and helps insulate us from political risk. Together with our wines, these aspects of our business have the potential to insulate us from both the economic and political fluctuations in Argentina. However, we also refer to our Risk Factors on page 8 regarding the lack of revenues of the Gaucha—Buenos Aires™ brand and its ability to generate revenue in the future.

Sales and Marketing Strategy / Competitive Edge

During the economic crisis in Argentina, iconic international fashion chains left the country. As scarcity is the mother of invention, this gave rise to local brands that made up for that absence. Despite the fact that, in our view, Argentina's fashion scene is today thriving, the country lacks any international mainstream exposure. Argentina's continuing challenges with inflation and unemployment have made it difficult for local labels to break into the global fashion landscape, and today there is not a single Argentine fashion brand that is a household name. We believe Gaucho – Buenos Aires has the ability to fill that void. Our intention is to become the leading fashion and leather accessories brand out of South America.

We have assembled a talented team who speak in the unique voice most representative of Argentina's local fashion scene, and we believe we have the opportunity, the aptitude and the vision not only to successfully introduce this voice to the world's fashion scene, but to become a major player in that landscape.

Our U.S.-based e-commerce website has been designed to deliver Argentine luxury goods to the U.S. marketplace and elsewhere around the globe. We believe the devaluation of the peso can have positive ramifications for the tourism industry (and Algodon's hospitality businesses). Tourists from outside Argentina can spend more money at hotels, restaurants and other attractions with a favorable exchange rate. We intend to take advantage of the historic low and deep devaluation of the Argentine peso by producing many of our products and wine in Argentina, thereby paying for product and labor in pesos, we then intend to sell to consumers at a favorable exchange rate in USD to the U.S. and the world.

Currently, one of the few ways to buy Argentina goods is to travel there and buy local. We want to change that, and in a favorable economic and political climate, we seek to be in the forefront of opening Argentina's luxury market to the millions of potential customers around the globe interested in luxury items from Argentina.

Our target market is upper and upper-middle class female and male millennials in urban areas of the United States and Europe. Millennials have the potential to become the largest spending generation in history, and with the popularity of midrange to high end fashion brands such as Gucci, Armani, Lululemon, and many others, we believe our millennial target market appreciates high quality clothing and accessories, and is willing to spend above the average market price for such quality items in the "affordable luxury" category.

As a health and wellness advocate, Mr. Gilmour's Wakaya Perfection (www.wakaya.com) is a mission-driven wellness enterprise on the 2,200-acre island paradise of Wakaya in the Fiji archipelago which, due to its high-nutrient virgin volcanic soil, served as the brand's very first location in the cultivation of its exclusive formula. Volcanic soil is hailed for its purity and multi-faceted rejuvenating properties that can naturally enhance the quality of lives. The brand's production has since branched out to the main island of Fiji, as well as to Nicaragua, which possess the same high nutrient volcanic ash soil. Social Media Strategy

Our digital marketing efforts will include ongoing search engine optimization (“SEO”) campaigns and initiatives to increase website conversions and brand awareness, social media marketing via Instagram, Facebook, Amazon and Google Marketplace using micro and macro/celebrity influencers, and public relations firms specializing in the international fashion scene.

Our communications firm, Skoog Co., is currently creating an action plan to generate buzz about our brand, our designers, and our e-commerce platform. Social media star, Neels Visser, is also contacting his broad network of social influencers and micro influencers to lay the groundwork for potential partnerships and brand affiliates/ambassadors.

GGI’s Gaucho – Buenos Aires will primarily be an e-commerce store targeting U.S. customers. However we do plan on pursuing reselling retail venues both online and brick and mortar. For example, in the wake of our press launch, we received unsolicited inquiries from several high-end boutiques in Brazil interested in carrying the Gaucho – Buenos Aires™ line. There are of course numerous avenues for us to explore involving brick and mortar opportunities alone, via agencies or direct solicitation.

Online reselling avenues we expect to pursue include Net-a-Porter, MatchesFashion and at least six other high-end, reputable venues with whom we already have an established foot in the door via our networking channels.

We anticipate our marketing strategy will include popup shops in cities such as Austin, Dallas, Houston, Miami, Los Angeles, New York City and Aspen. With popup shops, we can for example, work with local PR companies to get the word out, as these opportunities are typically promoted via direct mail, PR and digital marketing efforts, as well as word of mouth and strategic geographic positioning.

Our online marketing efforts will also include SEO initiatives, social media marketing via Instagram, Facebook, Amazon and Google Marketplace, and retargeting ads.

Post-COVID-19, we anticipate presenting at fashion shows in New York City, London, Paris, Milan and several other targeted cities. Gaucho – Buenos Aires presents an opportunity for global press to talk about Argentina finding its foothold once again on the global fashion scene, spotlighting our designers, our designs, and our concentration on leather goods. As there are few brands launching out of Argentina, and certainly fewer with global intentions, the press reaction to Gaucho – Buenos Aires has been extremely positive and encouraging.

Press

In early 2019, Gaucho – Buenos Aires has garnered the front cover pages of Marie Claire Argentina and Vogue Italia, one of the most iconic fashion magazines on the globe, who states that Gaucho – Buenos Aires is currently “among the most interesting brands on the Argentinian scene.” Our recent press clippings since our Argentina debut in October 2018 include appearances in some of the most widely read fashion magazines in Latin American fashion, including Forbes Argentina, Revista L’Officiel, Revista Luz, Women’s Wear Daily, Nista, and others.

Gaucho – Buenos Aires Trademarks

We filed a U.S. Trademark Application (Serial No. 87743647) for the Gaucho – Buenos Aires in January 2018, and in February 2019, the U.S. Patent and Trademark Office issued a Notice of Allowance for this mark. This application covers goods and services such as apparel, leather accessories and other products, jewelry, cosmetic fragrances and home goods.

The Company intends to promote Gaucho – Buenos Aires™ so that its name and logo collectively become a recognizable trademark with international appeal. We anticipate seeking trademark protection for other marks as we develop our business and product lines.

Within six months of the Notice of Allowance date, or August 12, 2019, we were required to file a satisfactory Statement of Use if use has occurred, or file for an extension of time. The mark was then in use with some of the goods, but not others. As a result, on August 6, 2019, we filed to divide the application for the goods that were in use for which a Statement of Use was filed, and filed an Extension Request in the existing application for the remaining goods. On April 28, 2020 and October 20, 2020, the trademarks were officially registered with the United States Patent and Trademark Office. The details of the registrations are:

In August 2019, the Company received a notice from Markaria S.A. regarding the use of Gaucho—Buenos Aires in Argentina alleging that such mark may infringe with Markaria's work clothing brand Gaucho. At this time Markaria has only requested a nullity of the company's trademark application in Argentina. The Company is working with its Argentine legal counsel to negotiate, distinguish and defend its use of Gaucho—Buenos Aires in Argentina. Since the COVID-19 pandemic suspended all legal cases in Argentina, there have been no notifications of any advancement of this request. The use of the mark in the United States has not been affected, which is the targeted market for the Company.

Argentina Activities

GGH, through its wholly-owned subsidiary and holding company, InvestProperty Group ("IPG"), identifies and develops specific investments in the boutique hotel, hospitality and luxury property markets and in other lifestyle businesses such as wine production and distribution, golf, tennis and real estate development. GGH also operates hotel, hospitality and related properties and is actively seeking to expand its real estate investment portfolio by acquiring additional properties and businesses in Argentina, or by entering into strategic joint ventures. Using GGH's fine wines as its ambassador, GGH's mission is to develop a group of real estate projects under its ALGODON® brand with the goal of developing synergies among its luxury properties.

In 2016, GGH formed a new wholly-owned subsidiary, Gaucho Group, Inc. ("GGI"), and in 2019, the entity began developing a platform and infrastructure to manufacture, distribute and sell high end products created in Argentina under the brand name *Gaucho – Buenos Aires*™. See *Gaucho – Buenos Aires*™ on page 54 above.

GGH's senior management is based in New York City. GGH's local operations are managed by professional staff with substantial hotel, hospitality and resort experience in Buenos Aires and San Rafael, Argentina.

Until May 31, 2020, the Company's senior management was based at its corporate office in New York City. Due to COVID-19, we have terminated the corporate office lease and senior management works remotely. GGH's local operations are managed by professional staff with substantial hotel, hospitality and resort experience in Buenos Aires and San Rafael, Argentina.

GGH's Concept and Business: Repositioning of Hotel Properties, Luxury Destinations and Residential Properties

GGH, through IPG, focuses on opportunities that create value through repositioning of underperforming hotel and commercial assets such as hotel/residential/retail destinations. Repositioning means we are working to gradually increment our average fares to solidify our position as a luxury option. This trend has been well received in large metropolitan areas which have become quite competitive. We believe that the trend is now trickling down to secondary metropolitan, resort and foreign markets where there is significantly less competition from the established major operators. We continue to seek opportunities where value can be added through re-capitalization, repositioning, expansion, improved marketing and/or professional management. We believe that GGH can increase demand for all of a property's various offerings, from its rooms, to its dining, meeting and entertainment facilities, to its retail establishments through careful branding and positioning of properties. While the maxim remains true that the three most important factors in real estate are "location, location, location," management believes that "style and superior service" have grown in importance and can lead to increased operating revenues and capital appreciation.

Both pre- and post-COVID-19, we aim at increasing our activity, occupancy and presence in the market by using direct marketing actions (Facebook and Google Ads, Trip Advisor, Online Travel Agencies, internet presence), and expanding our net of travel agencies and operators, introducing effective changes in our direct sales capacity (new sales-oriented webpages, joint ventures with other hotel organizations, training of our reservations employees, implementing new reservation software). We have also reached out to travel industry media operators to develop new strategic relationships and we are implementing a new commercial management operation for a more aggressive approach with a sales-oriented objective. GGH has built a team of industry professionals to assist in implementing its vision toward repositioning real estate assets. See “Directors, Executive Officers and Corporate Governance” on page 71.

Plan of Operations

GGH continues to implement its growth and development strategy that includes a luxury boutique hotel, a resort estate, vineyard and winery, the sale of high-end fashion, leather goods and accessories, and a large land development project including residential houses within the vineyard. See “Algodon Wine Estates” below.

Long Term Growth Strategy

Our desire is to follow in the footsteps of global leading luxury brands such as Chanel from Paris, Burberry from London, Tom Ford from New York, and Gucci from Milan, and to establish Gaucho as “the Spirit of Argentina” representing Buenos Aires. In doing so, our mission is also to work with the intention of building a multi-billion dollar brand. We believe that through our e-commerce website, we have the potential to achieve significant scale, and add value to our company.

Roll-up Strategy

Upon a successful listing on Nasdaq, we believe we will be positioned to utilize the Company’s stock as “currency” in a sort of “roll-up strategy” to acquire other companies that fall squarely within or complement the Company’s existing and planned lines of business. For example, we might seek to acquire businesses that offer high-end fashion and accessories, or other luxury products and/or experiential hospitality experiences, the quality of which is consistent with the GGH brand. We seek to become the LVMH (“Louis Vuitton Moët Hennessy”) of South America, with the goal of becoming its most well-known luxury brand.

The Company hopes to continue to self-finance future acquisition and development projects because in countries like Argentina, having cash available to purchase land and other assets provides an advantage to buyers. Bank financing in such countries is often difficult or impossible to obtain. To be able to grow our business and expand into new projects, the Company would first want to deploy excess cash generated by operations, but significant amounts of excess cash flow is not anticipated for at least a number of years. Another option would be obtaining new investment funds from investors, including public offerings, and/or borrowing from institutional lenders. GGH may also be able to acquire property for stock instead of cash.

Cobranding and Strategic Alliances

One of GGH’s goals includes positioning its brand ALGODON® as one of luxury. In the past we have formed strategic alliances with well-established luxury brands that have strong followings to create awareness of the GGH brand and help build customer loyalty. Since its inception, GGH has been associated or co-branded with several world-class luxury brands including Relais & Châteaux, Veuve Clicquot Champagne (owned by Louis Vuitton Moët Hennessy), Nespresso, Porsche, Chanel, Hermès, Art Basel, and Andrew Harper Travel.

Catalysts for Growth

Gaucho Casa Residences

As Gaucho – Buenos Aires™ continues to expand its recognition on a domestic and international basis, another area that we can potentially create value and scale is by licensing our brand to commercial, and residential real estate developments. Current examples of such co-branded developments include: Aston Martin Residences in Miami, Bulgari Resort and Residences Dubai, Fendi Chateau Residences in Bal Harbour, Residences by Armani Casa in Miami, Mercedes House in New York, as well Porsche Design Tower in Sunny Isles Beach.

These fashion houses and automobile manufactures license their brand's unique styles and unmistakable names to real estate developers, in an effort to create business opportunity. The mutually beneficial model could be a medium through which Gaucho – Buenos Aires™ makes its imprint on the global market. By using our distinct style – employing fine leathers, metals, and natural stones – in the design and construction of such a project, Gaucho – Buenos Aires could add intrinsic value to the parties involved. This creates potential for licensing fees, as well as a portion of proceeds from property sales.

GAUCHO CASA

— BUENOS AIRES —

Gaucho Casa

Gaucho Casa challenges traditional lifestyle collections with its luxury textiles and home accessories rooted in the singular spirit of the gaucho aesthetic. Using high-quality natural materials sourced from countries that are pioneers in the field of eco production, such as New Zealand, Iceland and, of course, Argentina, each piece within the line embodies the rarefied heritage of Buenos Aires and its deep-rooted connection to artisanship.

Celebrating the equestrian culture that “gaucho country” is world-renowned for, we believe that the collection's silver-plated trays, bottle accessories and more elegant homeware pieces featuring elaborate horn detailing are a perfect embodiment of the contemporary glamour of Buenos Aires. Naturally, the epic wild landscapes have had their own influences, with a curated edit of sheepskin rugs, Tibetan cashmere cushions, mohair throws and Brazilian cow-hide cushions, providing the perfect partnership of form and function – and a chic complement to the more modern details in your home. Whether you're looking to embrace the gaucho lifestyle or bring a touch of the country to the city, Gaucho Casa offers an organic design DNA for every interior space, ideal for modern living.

In recent years, there has been a rise of boutique hotel home goods collections such as by Marriott, who led the way with its debut of Autograph Collection. Others that have followed include Curio by Hilton (Starwood's Tribute Portfolio), and The Unbound Collection (part of the Hyatt Hotels group). We envision the possibility of Gaucho – Buenos Aires utilizing Algodon Mansion as a launch point for a collection of hotel bedding, pillows, linens and robes. Likewise, Argentina's “La Belle Époque” could serve as a reliable source of inspiration for a multitude of luxury consumer goods, including home soft-furnishings. Argentina's rich Polo heritage might also serve as a reliable foundation for a collection of high-end, contemporary leather home furnishings for anything from armchairs and sofas to lamps and photo frames.

Gaucho – Kids Collection

We envision the possibility of a designer baby and kids' clothes collection at Gaucho – Buenos Aires, so that parents who love our brand can treat their children to a luxury line of fun, Gaucho-inspired clothing for kids . We envision building this line around the idea of creating comfy, well-made garments that allow kids to be creative in the way they dress. Gaucho Kids may include, for example, branded onesies and toddler t-shirts, whimsical prints that foster imagination and individuality, and other unique printed separates for kids who don't mind standing out in a crowd.

Gaucho – Buenos Aires Boutique at Algodon Mansion

Located in the ground floor lobby of Algodon Mansion, the future location (anticipated opening in the fourth quarter of 2021) of our boutique store is just a stroll away from the city's main shopping boulevards on Alvear. The Gaucho – Buenos Aires boutique will be open to receive direct foot traffic from shoppers along Montevideo. Emulating the great boutiques and ateliers of Europe's fashion capitals, we believe that Algodon Mansion is an inspiring space in which to shop our collection. Built in 1912, the building connects us to the bygone glamor of the city's golden age – and plays an important role in defining Gaucho Buenos Aires' ethos and aesthetic.

Popup Shops

Popup shops are a popular trend that can be a low cost means of creating a temporary store front focusing on spreading brand awareness, communicating brand values, collecting customer data, and providing personalized experiences. This can also provide a way for Gaucho – Buenos Aires build a relationship with customers in person, while driving conversion on more cost-effective digital channels. We envision popup shops in U.S. cities such as Aspen, Austin, Dallas and Houston, Miami, Los Angeles, New York City, Berlin and Barcelona. With popup shops, we can work with local PR companies to get the word out, as these opportunities are typically promoted via direct mail, PR and digital marketing efforts, as well as word of mouth and strategic geographic positioning. We also anticipate installing a popup shop during the summer season in Punta Del Este, Uruguay, which is a popular vacation spot for wealthy Argentines and other Latin Americans.

Currency Devaluation

A currency devaluation can help Argentina tourism, enticing foreign holidaymakers seeking to make their vacation money stretch further. Vacationers looking for the most representative souvenirs of Argentina and its culture may know the country is best known for its leather. With hundreds of domestic tanneries, Argentina's has high quality production of cow, sheep and goat leather goods such as jackets, shoes and handbags.

A devalued peso may also aid Argentina's wine exporters by improving market competitiveness and leading to higher revenues. Additionally, non-leveraged real estate can be a hedge against inflation, and we believe that over time our land values may perform well.

While our contracts and vendors are largely payable in pesos, which is favorable to us given the current exchange rate of the peso against the U.S. dollar, the downside is that the Argentine market is somewhat closed off for our Gaucho brand goods and our wines. Even though we produce some Gaucho goods in Argentina and we are able to realize a higher margin by selling outside of Argentina, we also do have some goods produced in the U.S. at a higher cost and our margins are therefore much lower.

Further, our real estate and hotel operations are stated in U.S. dollars, which can be seen as less desirable than stating in pesos and could have a negative effect on demand for those parts of our business.

The ALGODON® Brand

We believe that the force and power of brand is of paramount importance in the luxury real estate/hotel market. GGH has developed the ALGODON® brand, which is inspired by both the Cotton Club days of the Roaring 20's and the distinctive style and glamour of the 50's Rat Pack when travel and leisure was synonymous with cultural sophistication. This brand concept was taken from the Spanish word for "cotton" and we believe that this connotes a clean and pure appreciation for the good life, a sense of refined culture, and ultimately a destination where the best elements of the illustrious past meet the affluent present. GGH is looking to attract attention and upscale demographic visitors to the ALGODON® properties and to round out the brand experience in various other forms including music, dining, wine, sports and apparel, by marketing themes that highlight active lifestyles and the pleasures of life. Management believes that these types of brand extensions will serve to reinforce the overall brand recognition and further build upon GGH's presence in the luxury hotel segment.

Description of Specific Investment Projects

GGH has invested in two ALGODON® brand properties located in Argentina. The first property is Algodon Mansion, a Buenos Aires-based luxury boutique hotel that opened in 2010 and is owned by IPG's subsidiary, The Algodon – Recoleta S.R.L. ("TAR"). The second property, owned by Algodon Wine Estates S.R.L., is a Mendoza-based winery and golf resort called Algodon Wine Estates, consisting of 4,138 acres, which was subdivided for residential development and expanded by acquiring adjoining wine producing properties.

Algodon Mansion

The Company, through TAR, has renovated a hotel in the Recoleta section of Buenos Aires called Algodon Mansion, a six-story mansion (including roof-top facilities and basement) located at 1647 Montevideo Street, a tree-lined street in Recoleta, one of the most desirable neighborhoods in Buenos Aires. The property is approximately 20,000 square feet and is a ten-suite high-end luxury hotel with a lounge/living room area, a patio area featuring a glass ceiling and fireplace, and a private wine tasting room. The property also includes a rooftop that houses a luxury spa and terrace pool. Each guest room is an ultra-luxury two-to-three room suite, each approximately 510-1,200 square feet. Recoleta is Buenos Aires' embassy and luxury hotel district and has fashionable boutiques, high-end restaurants, cafés, art galleries, and opulent belle époque architecture.

Below is a table showing occupancy data, average daily rate and revenue per available room ("RevPAR") for Algodon Mansion:

	TAR - Buenos Aires							
	US Dollar (USD)				Argentine Peso (ARS)			
	YTD	YTD	Δ		YTD	YTD	Δ	
	September 2019	September 2020	amount	Δ %	September 2019	September 2020	amount	Δ %

RevPAR	163	58	105	-65%	7,026	3,464	-3562	-51%

Occupancy level: This is a hotel Key Performance Indicator (KPI) calculation that shows the percentage of available rooms or beds being sold for a certain period of time. It is important for hotels to keep track of this data on a daily basis to identify the average daily rate (ADR), forecast and apply revenue management.

ADR: This is a metric widely used in the hospitality industry to indicate the average realized room rental per day. This is calculated by taking the average revenue earned from rooms and dividing it by the number of rooms sold. It excludes complimentary rooms and rooms occupied by staff.

RevPAR: RevPAR is a performance metric used in the hotel industry. It is calculated by multiplying a hotel's ADR by its occupancy rate. 2020 RevPAR in USD has decreased in comparison with previous year from \$189 to \$163. However, the same ratio in ARS\$ has increased by 47%. That means that TAR was able to defend the rates in U.S. dollars despite the great devaluation that was an average of 85% due to the quality of the services offered.

Past guests of Algodon Mansion include President Mauricio Macri of Argentina, Roger Federer, Bobby Flay, Jim Courier, Andre Agassi, Pete Sampras, Mardy Fish, Salvatore Ferragamo, and Maguy Maccario Doyle, the Principality of Monaco's Ambassador to the United States. Algodon Mansion was featured in an article by Huffington Post in January 2018, which praised the luxurious accommodations, impressive suites, and fine amenities of the hotel.

In both 2019 and 2018, Algodon Mansion was inducted to TripAdvisor's Hall of Fame, a distinction given to recognize hotels that have won its Certificate of Excellence award for five consecutive years. Algodon Mansion won the Certificate of Excellence award for the years 2014 through 2019. The Certificate of Excellence award celebrates businesses that have continually delivered a quality customer experience, taking into account the quality, quantity and recency of reviews submitted by travelers on TripAdvisor over a 12-month period. To qualify, a business must maintain an overall TripAdvisor bubble rating of at least four out of five, have a minimum number of reviews and must have been listed on TripAdvisor for at least 12 months.

Algodon Wine Estates

Algodon Wine Estates S.R.L. ("AWE") is 4,138-acre area located in the Cuadro Benegas district of San Rafael, Mendoza, now known as Algodon Wine Estates. The resort property is part of the Mendoza wine region nestled in the foothills of the Andes mountain range. This property includes a winery (whose vines date back to the mid-1940's), a 9-hole golf course, tennis, restaurant and hotel. The estate is situated on Mendoza's Ruta del Vino (Wine Trail). The 4,138-acre property has an impressive lineage, both in terms of wine production and golf, and features structures on the property that date back to 1921.

Algodon Wine Estates features Algodon Villa, a private lodge originally built in 1921, that has been fully restored and refurbished to its original farmhouse design of adobe walls and cane roof. The lodge offers three suites, a gallery for private gatherings, a living area that may also serve as a dining and conference room, swimming pool, and adjacent vine-covered picnic area. The Algodon Villa offers five-star service and is situated for vacationing families, business conferences, retreat travelers, golfing companions, or wine route globe trekkers. Algodon Wine Estates has also recently completed the construction of a new lodge which lies adjacent to the original one. The new lodge features six additional suites and a gallery with two fireplaces and a bar.

Algodon Fine Wines

Algodon Wine Estates contains a vineyard with 290 acres of vines. Over 60 acres have been cultivated since the 1940's, and approximately 20 acres since the 1960's. The property produces eight varieties of grapes, including Argentina's signature varietal, Malbec, as well as Bonarda, Cabernet Sauvignon, Merlot, Syrah, Pinot Noir, Chardonnay and Semillon. The primary difference between the old and new vines is the style of pruning. Algodon Wine Estates utilizes a boutique wine making process, typified by production of a low volume of premium wines sold at a higher than average price in the market.

In an effort to increase distribution of its wines, Algodon Wine Estates is working with a number of importers operating in some of the world's chief markets for premium wines. In Europe, Algodon Wine Estates warehouses its wines in Amsterdam for central distribution to clients in Germany and in the U.K. through Condor Wines (www.condorwines.co.uk), which works with regional distribution partners throughout the U.K. such as hotel and restaurant chains, regional and national brewers, pub companies, wholesalers and wine merchants. In the United States, Algodon Fine Wines is available for sale online at Sherry-Lehmann.com (which ships to 39 states), at Sherry-Lehmann's iconic retail store in New York City, at Spec's Wines, Spirits and Finer Foods retail stores in Texas, and Wally's Wine & Spirits retail store located in Los Angeles. GGH's Fine Wine's Malbec has been featured on the esteemed wine lists of West London's The Fat Duck, a Michelin 3-Star Restaurant, and arguably the U.K.'s most famous eatery, as well as London's Restaurant Gordon Ramsay, A Michelin 3-Star Restaurant, also the exclusive London wine club, 67 Pall Mall, and the exclusive wine list of Buenos Aires' fine dining restaurant, Parrilla Don Julio, one of Argentina's most high-profile eateries.

Founded in 2013, Seaview Imports is a national importer of fine wines from France, Spain, Italy, Australia, New Zealand, Argentina and Chile. Headquartered in Port Washington, NY, the company distributes its products in twenty-five select states through wholesalers and state boards. Their producers are leaders in their regions and their portfolios are all exceptional in quality and value. For further information, please visit www.seaviewimports.com.

Seaview's philosophy in building Algodon as a brand in the United States has been to select high-profile, quality-oriented retailers whom we believe have high credibility in speaking to their wine constituency. We believe it is reasonable to conclude that consumer confidence (within the fine wine industry) can be positively influenced by the endorsement of a well-respected wine merchant. These "Algodon Brand Ambassadors" can not only promote Algodon, its history and vision, but can serve as the go-to wine shop for the shareholders, friends and family of Algodon aficionados. In tandem with building a network of brand ambassador retailers, an additional initiative is to engage a fine wine distributor in select cosmopolitan markets that can provide smaller independent retail and on-premise (restaurant) coverage.

None of the understandings with wine importers constitute a binding commitment by either party to produce, import or export the Company's wines; performance by any of the parties is dependent upon numerous factors such as economic and political climate, consumer spending, weather, the Company's ability to continue wine production operations, the market acceptance of the Company's products, and other matters described in "Risk Factors" on page 8.

AWE uses microvinification (barrel fermentation) for its premium varietals and blends. Microvinification is commonly used in France, but is uncommon in Argentina, and Algodon Wine Estates is one of the few wineries in the country to implement this specialized process.

ALGODON

FINE WINES

In the third quarter of 2020, Algodon Fine Wines launched e-commerce websites in both the U.S. and Argentina.

In September 2020, Algodon Fine Wines announced the launch of an e-commerce initiative servicing patrons in Argentina, at AlgodonWines.com.ar. The e-commerce store sells and ships Algodon wines direct from its San Rafael, Mendoza winery to consumers living in Argentina. This debut is part of an expanded effort to rollout the brand's premium Malbec-based wines, as well as the rest of the Algodon portfolio of award-winning varietals and blends.

In September 2020, Algodon Fine Wines also launched an e-commerce initiative servicing the United States, with the backend warehousing and fulfillment provided by the California-based distributor VinPorter Wine Merchants, at AlgodonFineWines.com. The e-commerce store, powered by VinPorter, links to a virtual storefront showcasing the Algodon wines currently distributed in the U.S. This debut is part of an expanded U.S. rollout for Premium Malbec-based wines, as well as the rest of the Algodon portfolio of award-winning varietals and blends. In addition to the Algodon Fine Wines site powered by VinPorter, Algodon wines are also available throughout the U.S. both in-store and online at such retailers as Spec's, Sherry-Lehmann, The Noble Grape and Wine-Searcher.com (among others).

Algodon's premium wines have received a number of top awards and ratings from the world's foremost tasting competitions including Gold Medals from the prestigious Global Masters Wine Competition, comprised of master sommeliers. Algodon's Black Label Reserves represent the best selection from Algodon with 100% microvinified blends whose low yield produces full concentration of fruit and flavor. Algodon's complete portfolio of fine wines is currently available in wine bars, wine shops, restaurants and hotels in Buenos Aires, Mendoza, Germany, Switzerland, Guernsey, U.K., the Netherlands and the United States.

AWE has acquired a total of 4,3138 acres of contiguous real estate surrounding its project in Mendoza, Argentina. This land was purchased with the purpose of developing a vineyard-resort and attracting investment in second or third homes for the well-to-do from around the world. GGH continues to invest in the ongoing costs of building out infrastructure and anticipates that sales of lots will gradually improve and accelerate as worldwide economic conditions improve.

GGH is currently marketing portions of the property to be developed into luxury residential homes and vineyard estates. Management believes that the power of the ALGODON® brand combined with an attractive package of amenities will promote interest in the surrounding real estate. The estate's master plan features a luxury golf and vineyard living community, made up of six distinct village sectors, with 610 home sites ranging in size from 0.2 to 2.8 hectares (0.5 to 7 acres) for private sale and development. The development's village sectors have been designed and named in accordance with their characteristic surroundings and landscape: the Wine & Golf Village, the Polo & Equestrian Village, the Sierra Pintada Village, The North Vineyard & Orchard Village, The South Vineyard & Orchard Village, and the Desert Vista Village. The development is located fifteen minutes from both the local airport and city center.

In April 2019, GGH announced that it reached an agreement with Compass Real Estate to market and sell home sites at Algodon Wine Estates. Compass Real Estate (www.compass.com), dubbed "the country's fastest-growing luxury real estate technology brokerage company" by Forbes Magazine, is set to revamp Algodon Wine Estates' marketing and global sales initiatives by utilizing its network of 7,000 agents and over 1,000 employees. Compass' business model has attracted investment capital from Fidelity, Softbank, Goldman Sachs, and several other corporations and individuals.

GGH is developing lots for sale to third party builders and is not engaged in any construction activity. To date, twenty-five lots have been sold. The Company has closed on the sale of all 25 lots and recorded revenue of \$1,468,000. As of December 31, 2019, the Company has \$838,471 of deposits for pending sales and as of September 30, 2020, the Company has \$845,634 of deposits for pending sales.

Potential Value Creation

After an official "arm's length" evaluation of the entire property (including the additional recently acquired 2,000 acres), we estimate the discovery and potential development of underground aquifers could help increase the value of the parcel. Due to the prohibition of developing new wells in Mendoza City Metro Area, it may be positive to take advantage of the lack of regulations in San Rafael. Additionally, the current administration of Mendoza Province has asked (upon approval of the Company) to construct a major road through the far reaches of the property in an effort to link the popular tourist destinations of Valle Grande, and Los Reyunos. This development could in effect raise the commercial value of the land significantly, as well as open up potential rental-income opportunities from storefronts, gas stations, and other businesses.

In November 2020, we began the process of drilling two water wells at Algodon Wine Estates, which we believe can significantly increase the value of the land. This initiative can allow us direct access to natural aquifers that can be utilized for a variety of infrastructural and landscape initiatives including crop production capabilities, residential and commercial development potential, or property resale. In the future, we intend to apply for permits to add an additional six water wells throughout the 4,138 acre property.

Owning real estate in Argentina is subject to risk. For more information see "Risk Factors."

Projects and Business Initiatives in Development

GGH's luxury branded assets include fine experiences through our award-winning wines and exceptional luxury destinations. Our U.S.-based e-commerce website Gauchobuenosaires.com is designed to deliver Argentine luxury goods to the U.S. marketplace and elsewhere around the globe. We believe the potential for scale here is particularly significant as Argentina is now making noteworthy re-entry to international trade. With Argentina in the process of re-opening its borders, we believe it is poised to regain its status as a cultural and fashion exporter, and that there may be a sizeable appetite in the U.S. and elsewhere for luxury products that feature a distinctly Argentine point of view. We are excited about the potential for scale here.

Competition

The online luxury fashion business is highly competitive. The apparel industry is characterized by rapid shifts in fashion, consumer demand, and competitive pressures, resulting in both price and demand volatility. We believe that our emphasis on fine leather goods, accessories and apparel mitigates these factors.

We believe that the fit and quality of our garments, as well as the broad variety of colors and styles, our Gaucho and distinctly Argentine inspiration, as well as the contemporary luxury garments and accessories that we offer helps to differentiate us. We compete against a wide variety of smaller, independent specialty stores, as well as department stores and national and international specialty chains. Companies that operate in this space include, but are not limited to, Rag & Bone, Theory, Maison Kitsune, Vince, and All Saints. Many of these companies have substantially greater name recognition than Gaucho – Buenos Aires. Many of these companies also have greater financial, marketing, and other resources when compared to Gaucho – Buenos Aires.

Along with the competitive factors noted above, other key competitive factors for Gaucho – Buenos Aires online e-commerce operations include the success or effectiveness of customer mailing lists, advertising response rates, merchandise delivery, web site design and web site availability. The online e-commerce operations compete against numerous web sites, many of which may have a greater volume of web traffic, and greater financial, marketing, and other resources.

None of the employees in the United States are covered by a collective bargaining agreement and management believes it has good relations with its employees.

DESCRIPTION OF OUR SECURITIES

The following description summarizes important terms of our capital stock and our other securities. For a complete description, you should refer to our Certificate of Incorporation and bylaws, forms of which are incorporated by reference to the exhibits to the registration statement of which this prospectus is a part, as well as the relevant portions of the Delaware law.

Units

This Offering is for 1,333,333 units, with each unit consisting of one share of common stock and one warrant to purchase one share of common stock at the assumed public offering price of \$6.00 per unit, which is the midpoint of the price range for the units set forth on the cover page of this prospectus, and up to an additional 200,000 units upon full exercise of the over-allotment options by the underwriters. The shares of common stock and warrants are being sold in this Offering only as part of the units. The units will not be certificated and the shares of common stock and warrants comprising such units must be purchased together in this Offering as units, and will be immediately separable. Upon separation, such shares of common stock and warrants may be transferred independent of one another, subject to applicable law and transfer restrictions.

Capital Stock

The Company has two classes of stock: common and preferred. The Company's Certificate of Incorporation authorizes the issuance of up to 150,000,000 shares of common stock, par value \$0.01 per share, and 11,000,000 shares of preferred stock, par value \$0.01 per share.

In the discussion that follows, we have summarized selected provisions of our Certificate of Incorporation, amended and restated bylaws (the "Bylaws"), and certificates of designation, and the DGCL relating to our capital stock. This summary is not complete. This discussion is subject to the relevant provisions of Delaware law and is qualified in its entirety by reference to our Certificate of Incorporation and our bylaws. You should read the provisions of our Certificate of Incorporation, our Bylaws, and our certificates of designation as currently in effect for provisions that may be important to you. Please also see "Effect of Certain Provisions of our Bylaws" below.

Common Stock

Each share of common stock has equal and identical rights to every other share for purposes of dividends, liquidation preferences, voting rights and any other attributes of the Company's common stock. No voting trusts or any other arrangement for preferential voting exist among any of the stockholders, and there are no restrictions in the articles of incorporation, or bylaws precluding issuance of further common stock or requiring any liquidation preferences, voting rights or dividend priorities with respect to this class of stock.

As of January 25, 2021, pre-split, there were 82,779,645 shares of common stock issued and 82,729,112 shares of common stock outstanding. 50,533 shares of our common stock that are held by the Company in treasury are the result of the redemption of WOW Group membership interests and indirectly, GGH's shares. Each share of common stock entitles the holder thereof to one vote, either in person or by proxy, at a meeting of stockholders. The holders are not entitled to vote their shares cumulatively. Accordingly, the holders of more than 50% of the issued and outstanding shares of common stock can elect all of the directors of the Company.

All shares of common stock are entitled to participate ratably in dividends when and as declared by the Company's board of directors out of the funds legally available. Any such dividends may be paid in cash, property or additional shares of common stock. The Company has not paid any dividends on its shares of common stock since its inception and presently anticipates that no dividends on such shares will be declared in the foreseeable future. Any future dividends will be subject to the discretion of the Company's board of directors and will depend upon, among other things, future earnings, the operating and financial condition of the Company, its capital requirements, general business conditions and other pertinent facts. Therefore, there can be no assurance that any dividends on the common stock will be paid in the future.

Holders of common stock have no preemptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. In the event of the dissolution, whether voluntary or involuntary of the Company, each share of common stock is entitled to share ratably in any assets available for distribution to holders of the equity securities of the Company after satisfaction of all liabilities.

Preferred Stock

As of September 30, 2020, the Company has authorized 11,000,000 shares of preferred stock, with 10,097,330 shares designated as Series A Convertible Preferred Stock, par value \$0.01 per share ("Series A Preferred"), and 902,670 shares designated as Series B Preferred Stock. The Board of Directors has the ability to issue blank check preferred stock under the Certificate of Incorporation.

As of September 30, 2020, there were no shares issued and outstanding of Series A Preferred and 902,670 shares issued and 901,070 outstanding shares of Series B Preferred Stock. Assuming the simultaneous uplist to Nasdaq of our common stock and 15:1 reverse split of our common stock by the Board (based on an assumed offering price per unit of \$6.00), all shares of Series B Preferred Stock will convert into 600,713 shares of our common stock.

Warrants

As of part of the Offering, assuming (i) a per unit offering price of \$6.00 and (ii) no exercise of the underwriters' over-allotment option, the Company will be offering 1,333,333 common stock purchase warrants as part of the units. Each warrant will have an exercise price equal to 100% of the public offering price per unit in this Offering. The warrants will be immediately exercisable and will expire on the eighteen-month anniversary of the original issuance date. The warrants may be exercised only for a whole number of shares of our common stock, and no fractional shares will be issued upon exercise of the warrants.

Outstanding Stock Options and Warrants

As of September 30, 2020, there were, pre-split, options to acquire a total of 9,209,586 shares of common stock granted pursuant to our 2016 and 2018 equity incentive plans at a weighted-average exercise price of \$0.70, of which 3,839,088 shares of our common stock are currently issuable upon exercise of outstanding stock options at a weighted-average exercise price of \$0.95 per share, and there were warrants to acquire a total of 8,061,227 shares of our common stock all of which are currently exercisable, at a weighted-average exercise price of \$0.43.

Effect of Certain Provisions of our Bylaws

Our Bylaws contain provisions that could have the effect of delaying, deferring, or discouraging another party from acquiring control of us. These provisions and certain provisions of Delaware law, which are summarized below, could discourage takeovers, coercive or otherwise.

Our Bylaws provide for our Board of Directors to be divided into three classes serving staggered terms. Approximately one-third of the Board of Directors will be elected each year. This method of electing directors makes changes in the composition of the Board of Directors more difficult, and thus a potential change in control of a corporation a lengthier and more difficult process. A classified board of directors is designed to assure continuity and stability in a board of directors' leadership and policies by ensuring that at any given time a majority of the directors will have prior experience with our Company and be familiar with our business and operations.

The classified board structure may increase the amount of time required for a takeover bidder to obtain control of the Company without the cooperation of our Board of Directors, even if the takeover bidder were to acquire a majority of the voting power of our outstanding common stock. Without the ability to obtain immediate control of our Board of Directors, a takeover bidder will not be able to take action to remove other impediments to its acquisition of our Company. Thus, a classified Board of Directors could discourage certain takeover attempts, perhaps including some takeovers that stockholders may feel would be in their best interests. Further, a classified Board of Directors will make it more difficult for stockholders to change the majority composition of our Board of Directors, even if our stockholders believe such a change would be beneficial. Because a classified Board of Directors will make the removal or replacement of directors more difficult, it will increase the directors' security in their positions, and could be viewed as tending to perpetuate incumbent management.

Since the creation of a classified Board of Directors will increase the amount of time required for a hostile bidder to acquire control of our Company, the existence of a classified board of directors could tend to discourage certain tender offers which stockholders might feel would be in their best interest. However, our Board of Directors believes that forcing potential bidders to negotiate with our Board of Directors for a change of control transaction will allow our Board of Directors to better maximize stockholder value in any change of control transaction.

Our bylaws also provide that, unless we consent in writing to an alternative forum, the federal and state courts of the State of Delaware will be the sole and exclusive forum for: (i) any derivative action or proceeding brought on our behalf; (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, or employees to us or our stockholders; (iii) any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law; or (iv) any action asserting a claim that is governed by the internal affairs doctrine, in each case subject the court having personal jurisdiction over the indispensable parties named as defendants therein. This exclusive forum provision would not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. This forum selection provision may limit our stockholders' ability to bring a claim in a judicial forum that they find favorable for disputes with us or our directors, officers, employees or agents, which may discourage such lawsuits against us and our directors, officers, employees and agents even though an action, if successful, might benefit our stockholders.

Our bylaws establish an advance notice procedure for stockholder proposals to be brought before any meeting of our stockholders, including proposed nominations of persons for election to our board of directors. At an annual or special meeting, stockholders may only consider proposals or nominations (i) specified in the notice of meeting; (ii) brought before the meeting by or at the direction of our board of directors or (iii) otherwise properly brought before the meeting by any stockholder who is a stockholder of record on the date of the giving of the notice and on the record date of the meeting and who complies with the notice procedures set forth in our bylaws. The bylaws do not give our board of directors the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting of our stockholders. However, our bylaws may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed. These provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of the Company.

Delaware Anti-Takeover Statute

We are subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. These provisions can discourage certain coercive and inadequate takeover bids of the Company by requiring those seeking control of the Company to negotiate with the Board of Directors first. In general, Section 203 prohibits a publicly-held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder (one who owns 15% or more of the Company's outstanding voting stock) for a period of three years following the date the person became an interested stockholder unless:

- Before the stockholder became an interested stockholder, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- On completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced with the total number of shares outstanding calculated when the transaction commenced (excluding certain shares owned by officers or directors or under employee stock plans); or
- At or subsequent to the time of the transaction, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. We expect the existence of this provision to have an anti-takeover effect with respect to transactions that our Board of Directors does not approve in advance and could result in making it more difficult to accomplish transactions that our stockholders may see as beneficial such as (i) discouraging business combinations that might result in a premium over the market price for the shares of our common stock; (ii) discouraging hostile takeovers which could inhibit temporary fluctuations in the market price of our common stock that often result from actual or rumored hostile takeover attempts; and (iii) preventing changes in our management.

On December 3, 2019, the Board of Directors and stockholders holding a majority of the Series B Preferred Stock approved the Amendment to the Certificate of Designation of the Series B Convertible Preferred Stock (the “Series B Amendment”) which extended the period in which holders of the Series B Preferred Stock may voluntarily elect to convert such shares into shares of common stock of the Company to January 31, 2020. All directors will hold office until his term has expired and until his successor is elected and qualified or until his earlier resignation or removal.

Involvement in Certain Legal Proceedings

During the past ten years, except as provided below, none of the persons serving as executive officers and/or directors of the Company has been the subject matter of any of the following legal proceedings that are required to be disclosed pursuant to Item 401(f) of Regulation S-K including: (a) any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time; (b) any criminal convictions; (c) any order, judgment, or decree permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities or banking activities; (d) any finding by a court, the SEC or the CFTC to have violated a federal or state securities or commodities law, any law or regulation respecting financial institutions or insurance companies, or any law or regulation prohibiting mail or wire fraud; or (e) any sanction or order of any self-regulatory organization or registered entity or equivalent exchange, association or entity. Further, no such legal proceedings are believed to be contemplated by governmental authorities against any director or executive officer.

FINRA Enforcement Action (2004-2015): In May 2007, InvestPrivate (now known as DPEC Capital), Scott Mathis and two other InvestPrivate officers entered into a settlement of a disciplinary action filed in May 2004 by the NASD (now known as FINRA), the regulatory body that had primary jurisdiction over InvestPrivate. As part of the settlement, the NASD expressly withdrew numerous allegations and charges, and also resolved almost all of the remaining charges in the case. Mr. Mathis received a 30-day suspension from acting in a principal capacity for InvestPrivate, and InvestPrivate was suspended for 60 days from accepting new engagements to offer private placements. The settling parties paid fines totaling \$215,000, and InvestPrivate was also required to engage an independent consultant to evaluate InvestPrivate's practices and procedures relating to private placement offerings, and to make necessary changes in response to the consultant's recommendations.

While the settlement with the NASD resolved most of the issues in the case, a few remaining charges were not resolved, namely, whether Mr. Mathis inadvertently or willfully failed to properly make certain disclosures on his personal NASD Form U-4, specifically, the existence of certain federal tax liens on his Form U4 during the years 1996-2002.

In December 2007, the FINRA Office of Hearing Officers (“OHO”) held that Mr. Mathis negligently failed to make certain disclosures on his Form U4 concerning personal tax liens, and to have willfully failed to make other required U4 disclosures regarding those tax liens. (All of the underlying tax liabilities were paid in 2003 so the liens were released in 2003.) Mr. Mathis received a three-month suspension, and a \$10,000 fine for the lien nondisclosures. With respect to other non-willful late U4 filings relating to two customer complaints, he received an additional 10-day suspension (to run concurrently) plus an additional \$2,500 fine. The suspension was completed on September 4, 2012, and all fines have been paid.

Mr. Mathis has never disputed that he failed to make or timely make these disclosures on his Form U4; he only disputed the willfulness finding. He appealed the decision (principally with respect to the willfulness issue) to the FINRA National Adjudicatory Council (“NAC”). In December 2008, NAC affirmed the OHO decision pertaining to the “willful” issue, and slightly broadened the finding. Thereafter, Mr. Mathis appealed the NAC decision to the Securities and Exchange Commission and thereafter to the U.S. Court of Appeals. In each instance, the decision of the NAC was affirmed.

While under FINRA’s rules the finding that Mr. Mathis was found to have acted willfully subjects him to a “statutory disqualification,” in September 2012, Mathis submitted to FINRA an application on Form MC-400 in which he sought permission to continue to work in the securities industry notwithstanding the fact that he is subject to a statutory disqualification. That application was approved in Mr. Mathis’ favor in April 2015. Mr. Mathis was at all times able to remain as an associated person of a FINRA member in good standing. Subsequently, the Company expanded into other business opportunities and the broker dealer subsidiary (DPEC Capital, Inc.) was no longer necessary to the Company’s operations. Therefore, Mr. Mathis voluntarily ceased all activities at the Company’s broker-dealer subsidiary (DPEC Capital, Inc.), and voluntarily terminated his registration with FINRA in December 2016, when DPEC Capital, Inc. elected to discontinue its operations and filed a Notice of Withdrawal as a Broker or Dealer on Form BDW.

Corporate Governance

In considering its corporate governance requirements and best practices, GGH looks to the Nasdaq Listed Company manual, which is available through the internet at <http://nasdaq.cchwallstreet.com/>.

Board Leadership Structure

The Board does not have an express policy regarding the separation of the roles of Chief Executive Officer and Board Chairman as the Board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the Board. The Board has not designated a lead independent director. Currently, Scott Mathis serves as both the Company’s Chief Executive Officer and Chairman of the Board. As Chief Executive Officer, Mr. Mathis is involved in the day-to-day operations of the Company and also provides strategic guidance on the Company’s operations. The Board believes Mr. Mathis’s experience and knowledge are valuable in the oversight of both the Company’s operations as well as with respect to the overall oversight of the Company at the Board level. The Board believes that this leadership structure is appropriate as Mr. Mathis is intimately knowledgeable with the Company’s current and planned operations.

Role of the Board and the Audit Committee in Risk Oversight

While management is charged with the day-to-day management of risks that GGH faces, the Board of Directors, and the Audit Committee of the Board, have been responsible for oversight of risk management. The full Board, and the Audit Committee since it was formed, have responsibility for general oversight of risks facing the Company. Specifically, the Audit Committee reviews and assesses the adequacy of GGH’s risk management policies and procedures with regard to identification of GGH’s principal risks, both financial and non-financial, and review updates on these risks from the Chief Financial Officer and the Chief Executive Officer. The Audit Committee also reviews and assesses the adequacy of the implementation of appropriate systems to mitigate and manage the principal risks.

Review and Approval of Transactions with Related Parties

The Board of Directors adopted a policy to comply with Item 404 of Regulation S-K of the Exchange Act as well as the Nasdaq Rules requiring that disinterested directors approve transactions with related parties which are not market-based transactions.

Generally, the Board of Directors will approve transactions only to the extent the disinterested directors believe that they are in the best interests of GGH and on terms that are fair and reasonable (in the judgment of the disinterested directors) to GGH. Our policy is available on our Company website at <https://ir.gauchoholdings.com/governance-docs>.

Audit Committee

The Board of Directors established the Audit Committee on April 15, 2015 and effective upon the uplisting of our common stock to Nasdaq in the event that our Nasdaq listing application is approved (which may not occur), our Audit Committee charter will comply with Section 3(a)(58)(A) of the Exchange Act and Nasdaq Rule 5605. The Audit Committee was established to oversee the Company's corporate accounting and financial reporting processes and audits of its financial statements. The members of our Audit Committee are Messrs. Lawrence, Dumont, Cannon, and Dr. Moel. The Board of Directors determined that Messrs. Lawrence, Dumont, Cannon, and Dr. Moel were independent under SEC Rule 10A-3(b)(1) and Nasdaq Rule 5605(a)(2). The Board has determined that all current members of the Audit Committee are "financially literate" as interpreted by the Board in its business judgment. No members of the Audit Committee have been qualified as an audit committee financial expert, as defined in the applicable rules of the SEC because the Board believes that the Company's status as a smaller reporting company does not require expertise beyond financial literacy.

The Audit Committee meets periodically with our independent accountants and management to review the scope and results of the annual audit and to review our financial statements and related reporting matters prior to the submission of the financial statements to the Board. In addition, the Audit Committee meets with the independent auditors at least on a quarterly basis to review and discuss the annual audit or quarterly review of our financial statements.

We have established an Audit Committee Charter that deals with the establishment of the Audit Committee and sets out its duties and responsibilities. The Audit Committee is required to review and reassess the adequacy of the Audit Committee Charter on an annual basis. The Audit Committee Charter is available on our Company website at <https://ir.gauchoholdings.com/governance-docs>.

No Nominating Committee

GGH has not established a nominating committee, however the Company adopted its nomination guidelines effective April 15, 2015 and updated them on December 6, 2017 to comply with the Nasdaq rules. Pursuant to Nasdaq Rule 5605, nominations must be made by a majority of the independent directors. Our independent directors are currently Messrs. Lawrence, Dumont, Cannon, and Dr. Moel. Eligible stockholders may nominate a person to the Board of Directors based on the procedure set forth in the nomination guidelines. The nomination guidelines are available on our website at <https://ir.gauchoholdings.com/governance-docs>.

Compensation Committee

The Board of Directors established the Compensation Committee in the event that our Nasdaq listing application is approved, effective upon the uplisting of our common stock to Nasdaq (which may not occur), such committee will be in compliance with Nasdaq Rule 5605(d). The Compensation Committee consists of only independent directors in accordance with Nasdaq Rule 5605(a)(2) and all non-employee directors for purposes of Rule 16b-3 of the Exchange Act. The compensation of our CEO, Mr. Mathis, must be determined by the Compensation Committee and the CEO may not be present during voting or deliberations for his compensation.

The Compensation Committee is also responsible for making recommendations to the Board of Directors regarding the compensation of other executive officers, to review and administer our Company's equity compensation plans, to review, discuss, and evaluate at least annually the relationship between risk management policies and practices and compensation, as well as oversee the Company's engagement with stockholders and proxy advisors.

Although Nasdaq Rule 5605(d)(3) provides that the Compensation Committee may (in its discretion, not Board discretion) retain compensation consultants, independent legal counsel, and other advisors, the independent directors acting as the compensation committee have not decided to do so. Our Compensation Committee Charter is available at our website: <https://ir.gauchoholdings.com/governance-docs>.

Code of Business Conduct and Ethics and Whistleblower Policy

On March 24, 2015, our Board of Directors adopted a Code of Business Conduct and Whistleblower Policy effective April 15, 2015 (the “Code of Conduct”). Our Code of Conduct is applicable to all of the Company’s and its subsidiaries’ employees, including the Company’s Chief Executive Officer, Chief Financial Officer and Chief Compliance Officer. The Code of Conduct contains written standards that are designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest; full, fair, accurate, timely and understandable public disclosures and communications, including financial reporting; compliance with applicable laws, rules and regulations; prompt internal reporting of violations of the code; and accountability for adherence to the code. A copy of our Code of Business Conduct and Whistleblower Policy of the Company is posted at our website at <https://ir.gauchoholdings.com/governance-docs>.

Summary of the Company's Equity Incentive Plans

General Plan Information

On July 27, 2018, the Board of Directors determined that no additional awards shall be granted under the Company's 2008 Equity Incentive Plan, as amended (the "2008 Plan") or the 2016 Stock Option Plan (the "2016 Plan"), and that no additional shares will be automatically reserved for issuance on each January 1 under the evergreen provision of the 2016 Plan.

On July 27, 2018, the Board of Directors adopted the 2018 Equity Incentive Plan (the "2018 Plan"), which was approved by the Company's shareholders on September 28, 2018. The 2018 Plan provides for grants for the purchase of up to an aggregate of 1,500,000 shares, including incentive and non-qualified stock options, restricted and unrestricted stock, loans and grants, and performance awards. The number of shares available under the 2018 Plan will automatically increase on January 1 of each year by the amount equal to 2.5% of the total number of shares outstanding on such date, on a fully diluted basis. Further, any shares subject to an award issued under the 2018 Plan, the 2016 Plan or the 2008 Plan that are canceled, forfeited or expired shall be added to the total number of shares available under the 2018 Plan.

On July 8, 2019, the stockholders approved an increase in the number of shares available for awards under the 2018 Plan to 4,139,800, plus an increase every January 1 of each year by the amount equal to 2.5% of the total number of shares outstanding on such date, on a fully diluted basis. Subsequently on July 8, 2019, the Board of Directors approved an increase in the number of shares available for awards under the 2018 Plan to 5,946,933, plus an increase every January 1 of each year by the amount equal to 2.5% of the total number of shares outstanding on such date, on a fully diluted basis. As of December 31, 2020, there were 1,315,751 shares of common stock available for issuance in connection with awards under the 2018 Plan.

Under the 2018 Plan, awards may be granted to employees, consultants, independent contractors, officers and directors or any affiliate of the Company as determined by the Board of Directors. The term of any award granted shall be fixed by the committee at the date of grant, and the exercise price of any award shall not be less than the fair value of the Company's stock on the date of grant, except that any incentive stock option granted under the 2018 Plan to a person owning more than 10% of the total combined voting power of the Company's common stock must be exercisable at a price of no less than 110% of the fair market value per share on the date of grant.

The 2018 Plan is administered and interpreted by the Company's compensation committee. The committee has full power and authority to designate participants and determine the types of awards to be granted to each participant under the plan. The committee also has the authority and discretion to determine when awards will be granted, the number of awards to be granted and the terms and conditions of the awards and may adopt modifications to comply with laws of non-U.S. jurisdictions. The committee may appoint such agents as it deems appropriate for the proper administration of the 2018 Plan.

Participants in the 2018 Plan consist of Eligible Persons, who are employees, officers, consultants, advisors, independent contractors, or directors providing services to the Company or any affiliate of the Company as determined by the committee; however, incentive stock options may only be granted to employees of the Company.

Awards remain exercisable for a period of six months (but no longer than the original term of the award) after a participant ceases to be an employee or the consulting services are terminated due to death or disability. All restricted stock held by the participant becomes free of all restrictions, and any payment or benefit under a performance award is forfeited and cancelled at time of termination unless the participant is irrevocably entitled to such award at the time of termination, where termination results from death or disability. Termination of service as a result of anything other than death or disability results in the award remaining exercisable for a period of one month (but no longer than the original term of the award) after termination and any payment or benefit under a performance award is forfeited and cancelled at time of termination unless the participant is irrevocably entitled to such award at the time of termination. All restricted stock held by the participant becomes free of all restrictions unless the participant voluntarily resigns or is terminated for cause, in which event the restricted stock is transferred back to the Company.

The committee may amend, alter, suspend, discontinue or terminate the 2018 Plan at any time; *provided, however*, that, without the approval of the stockholders of the Company, no such amendment, alteration, suspension, discontinuation or termination shall be made that, absent such approval: (i) violates the rules or regulations of the Financial Industry Regulatory Authority, Inc. (FINRA) or any other securities exchange that are applicable to the Company; (ii) causes the Company to be unable, under the Internal Revenue Code, to grant incentive stock options under the 2018 Plan; (iii) increases the number of shares authorized under the 2018 Plan other than the 2.5% increase per year; or (iv) permits the award of options or stock appreciation rights at a price less than 100% of the fair market value of a share on the date of grant of such award, as prohibited by the 2018 Plan or the repricing of options or stock appreciation rights, as prohibited by the 2018 Plan.

Gaucha Group, Inc. Equity Incentive Plan

On October 5, 2018, the Company, as the sole stockholder of GGI, and the Board of Directors of GGI approved the 2018 Equity Incentive Plan (the "2018 Gaucha Plan"). The Company and the Board of Directors of GGI adopted the 2018 Gaucha Plan to promote long-term retention of key employees of GGI and others who contribute to the growth of GGI.

Up to 8,000,000 shares of GGI's common stock is made available for grants of equity incentive awards under the 2018 Gaucho Plan. Authorized shares under the 2018 Gaucho Plan may be subject to adjustment upon determination by the committee in the event of a corporate transaction including but not limited to a stock split, recapitalization, reorganization, or merger.

The 2018 Gaucho Plan includes two types of options, stock appreciation rights, restricted stock and restricted stock units, performance awards and other stock-based awards. Options intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended are referred to as incentive options. Options which are not intended to qualify as incentive options are referred to as non-qualified options.

As of December 31, 2020, options to purchase 9,359,586 shares of common stock of the Company have been granted under the 2018 Gaucho Plan.

The 2018 Gaucho Plan is administered and interpreted by GGI's compensation committee, or the entire Board of Directors. In addition to determining who will be granted options or other awards under the 2018 Gaucho Plan and what type of awards will be granted, the committee has the authority and discretion to determine when awards will be granted and the number of awards to be granted. The committee also may determine the terms and conditions of the awards; amend the terms and conditions of the awards; how the awards may be exercised whether in cash or securities or other property; establish, amend, suspend, or waive applicable rules and regulations and appoint agents to administer the 2018 Gaucho Plan; take any action for administration of the 2018 Gaucho Plan; and adopt modifications to comply with laws of non-U.S. jurisdictions.

Participants in the 2018 Gaucho Plan consist of eligible persons, who are employees, officers, consultants, advisors, independent contractors, or directors providing services to GGI or any affiliate of GGI as determined by the committee. The committee may take into account the duties of persons selected, their present and potential contributions to the success of GGI and such other considerations as the committee deems relevant to the purposes of the 2018 Gaucho Plan.

The exercise price of any option granted under the 2018 Gaucho Plan must be no less than 100% of the "fair market value" of the Company's common stock on the date of grant. Any incentive stock option granted under the 2018 Gaucho Plan to a person owning more than 10% of the total combined voting power of the common stock must be at a price of no less than 110% of the fair market value per share on the date of grant.

Awards remain exercisable for a period of six months (but no longer than the original term of the award) after a participant ceases to be an employee or the consulting services are terminated due to death or disability. All restricted stock held by the participant becomes free of all restrictions, and any payment or benefit under a performance award is forfeited and cancelled at time of termination unless the participant is irrevocably entitled to such award at the time of termination, where termination results from death or disability. Termination of service as a result of anything other than death or disability results in the award remaining exercisable for a period of one month (but no longer than the original term of the award) after termination and any payment or benefit under a performance award is forfeited and cancelled at time of termination unless the participant is irrevocably entitled to such award at the time of termination. All restricted stock held by the participant becomes free of all restrictions unless the participant voluntarily resigns or is terminated for cause, in which event the restricted stock is transferred back to GGI.

The committee may amend, alter, suspend, discontinue or terminate the 2018 Gaucho Plan at any time; *provided, however*, that, without the approval of the stockholders of GGI, no such amendment, alteration, suspension, discontinuation or termination shall be made that, absent such approval: (i) violates the rules or regulations of any securities exchange that are applicable to the Company; (ii) causes the Company to be unable, under the Internal Revenue Code, to grant incentive stock options under the 2018 Gaucho Plan; (iii) increases the number of shares authorized under the 2018 Gaucho Plan; or (iv) permits the award of options or stock appreciation rights at a price less than 100% of the fair market value of a share on the date of grant of such award, as prohibited by the 2018 Gaucho Plan or the repricing of options or stock appreciation rights, as prohibited by the 2018 Gaucho Plan.

Director Independence

Our Board of Directors has undertaken a review of its composition and the independence of each director. Based on the review of each director's background, employment and affiliations, including family relationships, the Board of Directors has determined that five of our six directors (Peter J.L. Lawrence, Steven A. Moel, Reuben Cannon, Marc Dumont, and Edie Rodriguez) are "independent" under the rules and regulations of the SEC and Section 506(a)(2) of the Nasdaq Rules. In making this determination, our Board of Directors considered the current and prior relationships that each non-employee director has with the Company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of the Company's capital stock. Mr. Mathis was not deemed independent as a result of his service as our Chief Executive Officer, and his significant stock ownership.

All related party transactions must be approved by the independent directors of the Board. A transaction is deemed to be a related party transaction if one or more of the directors, officers or holders of more than 5% of GGH common stock and Series B Preferred Stock on an as-converted basis is involved and the transaction exceeds the lesser of \$120,000 or one percent of the average of the Company's total assets at year end. A related party transaction will only be approved if the independent directors determine that the terms are fair and beneficial to the Company. This policy is not written but the Board has repeatedly practiced this approval process.

Indemnification Agreements

Our Certificate of Incorporation requires us to indemnify our directors to the fullest extent permitted by Delaware law.

Information related to the independence of our directors is provided under the section titled "Directors, Executive Officers and Corporate Governance."

SHARES AVAILABLE FOR FUTURE SALES

Future sales of our common stock in the public market, or the availability of such shares for sale in the public market, could adversely affect market prices prevailing from time to time. As described below, the sale of a portion of our shares will be limited after this Offering due to contractual and legal restrictions on resale. Nevertheless, sales of our common stock in the public market after such restrictions, lapse, or the perception that those sales may occur, could adversely affect the prevailing market price at such time and our ability to raise equity capital in the future.

Unless otherwise indicated, all information in this section assumes no exercise of the underwriters' over-allotment options, and an assumed offering price per unit of \$6.00, which is the midpoint of the price range for the units set forth on the cover page of this prospectus, the uplist to Nasdaq of our common stock, the Board effecting a 15:1 reverse common stock split (based on such assumed offering price per unit), and the conversion of all outstanding shares of Series B Preferred Stock into 600,713 shares of our common stock. The actual offering price per unit may be at, above or below such assumed offering price and will be determined at pricing based on, among other factors, the closing bid price of the common stock on the effective date of this registration statement. See "Underwriting — Determination of Offering Price" for additional information.

This discussion is based on 7,449,329 shares of common stock outstanding on a post-split basis as of September 30, 2020, as adjusted for certain events occurring after September 30, 2020: (i) the Company's receipt of gross proceeds of \$634,000 from a unit offering as of January 25, 2021 and 105,667 shares of common stock and warrants to purchase 105,667 shares of common stock issued pursuant to such offering; (ii) the conversion of convertible notes of the Company into units consisting of 395,113 shares of common stock and 395,113 warrants; (iii) the conversion of a related-party note of the Company into units consisting of 237,011 shares of common stock and 237,011 warrants; (iv) the issuance of 163,660 shares of common stock as dividends to holders of the Series B Preferred stock; (v) issuance of 67,693 shares of common stock to Kingswood Capital Markets, division of Benchmark Investments, Inc., for advisory services pursuant to an advisory agreement, dated October 30, 2020 for services; (vi) the issuance of 8,333 shares of common stock to a vendor and 9,506 shares of common stock pursuant to the Company's 401(k) plan; (vii) 1,333,333 units sold in the Offering; (viii) no exercise of the underwriters' over-allotment options; and (ix) and no exercise of any of the warrants issued pursuant to this Offering.

Upon completion of this Offering, assuming no participation by our affiliates, approximately 4,574,054 of our outstanding shares of common stock as of September 30, 2020 as adjusted for certain events occurring after September 30, 2020 will be freely tradable and 2,997,203 will be restricted, of which 893,208 are held by our affiliates, as that term is defined in Rule 144 under the Securities Act, and may only be sold in compliance with the limitations of Rule 144 and Rule 701, which rules are described below.

Rule 144

In general, under Rule 144 of the Securities Act, as in effect on the date of this prospectus, any person who is not our affiliate at any time during the preceding three months, and who has beneficially owned the relevant shares of our common stock for at least six months, including the holding period of any prior owner other than one of our affiliates, would be entitled to sell an unlimited number of shares of our common stock into the public markets provided current public information about us is available, and, after owning such shares for at least one year, including the holding period of any prior owner other than one of our affiliates, would be entitled to sell an unlimited number of shares of our common stock into the public markets without restriction.

A person who is our affiliate or who was our affiliate at any time during the preceding three months, and who has beneficially owned restricted securities for at least six months, including the affiliates, is entitled to sell within any three-month period a number of shares that does not exceed the greater of:

- 1% of the number of shares of our common stock then outstanding post-split, which will equal approximately 7,449,329 shares, or approximately 74,493 shares, based on the number of shares of our common stock outstanding as of the completion of this Offering on a post-split basis; or
- the average weekly trading volume of our common stock during the four calendar weeks preceding the filing of a Form 144 notice by such person with respect to such sale, if our common stock is listed on Nasdaq.

Sales under Rule 144 by our affiliates are also subject to certain manner of sale provisions and notice requirements and to the availability of current public information about us.

Rule 701

Rule 701 generally allows a stockholder who purchased shares of our capital stock pursuant to a written compensatory plan or contract and who is not deemed to have been an affiliate of our Company during the immediately preceding 90 days to sell these shares in reliance upon Rule 144, but without being required to comply with the public information, holding period, volume limitation or notice provisions of Rule 144. Rule 701 also permits affiliates of our Company to sell their Rule 701 shares under Rule 144 without complying with the holding period requirements of Rule 144. All holders of Rule 701 shares, however, are required to wait until 90 days after the date of this prospectus before selling those shares pursuant to Rule 701.

Lock-up Agreements

Pursuant to certain "lock-up" agreements, we, our executive officers, directors and securityholders holding more than 5% of the Company's common stock have agreed, subject to certain exceptions, not to offer, sell, assign, transfer, pledge, contract to sell, or otherwise dispose of or announce the intention to otherwise dispose of, or enter into any swap, hedge or similar agreement or arrangement that transfers, in whole or in part, the economic risk of ownership of, directly or indirectly, engage in any short selling of any common stock or securities convertible into or exchangeable or exercisable for any common stock, whether currently owned or subsequently acquired, without the prior written consent of the underwriters, for a period of 360 days (with respect to the 5% or greater shareholder, 180 days) from the date of effectiveness of the offering. In addition, during such period, except for the registration statement of which this prospectus forms a part, such parties have agreed not to file, circulate or participate in the filing or circulation of any registration statement prospectus or other disclosure document with respect to the offer or sale of such securities, or exercise any rights to require registration with the SEC of such securities or offering thereof.

Form S-8

We intend to file one or more registration statements on Form S-8 under the Securities Act to register our shares issued or reserved for issuance under our equity compensation plans. The first such registration statement is expected to be filed soon after the date of this prospectus and will automatically become effective upon filing with the SEC. Accordingly, shares registered under such registration statement will be available for sale in the open market, unless such shares are subject to vesting restrictions with us or the lock-up restrictions described above.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material U.S. federal income tax considerations relating to the purchase, ownership and disposition of our Units, common stock and warrants purchased in this Offering, which we refer to collectively as our securities, but is for general information purposes only and does not purport to be a complete analysis of all the potential tax considerations. The holder of a unit generally should be treated, for U.S. federal income tax purposes, as the owner of the underlying one share of common stock and one warrant to purchase one share of common stock that underlie the unit, as the case may be. As a result, the discussion below with respect to actual holders of common stock and warrants should also apply to holders of units (as the deemed owners of the underlying common stock and warrants that comprise the units). This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended (the "Code"), existing and proposed U.S. Treasury regulations promulgated thereunder, administrative rulings and judicial decisions, all as of the date hereof. These authorities may be changed, possibly retroactively, so as to result in U.S. federal income and estate tax consequences different from those set forth below. There can be no assurance that the Internal Revenue Service (the "IRS") will not challenge one or more of the tax consequences described herein, and we have not obtained, and do not intend to obtain, an opinion of counsel or ruling from the IRS with respect to the U.S. federal income tax considerations relating to the purchase, ownership or disposition of our securities.

This summary does not address any alternative minimum tax considerations, any considerations regarding the tax on net investment income, or the tax considerations arising under the laws of any state, local or non-U.S. jurisdiction, or under any non-income tax laws, including U.S. federal gift and estate tax laws, except to the limited extent set forth below. In addition, this summary does not address tax considerations applicable to an investor's particular circumstances or to investors that may be subject to special tax rules, including, without limitation:

- banks, insurance companies or other financial institutions;
- tax-exempt organizations or governmental organizations;
- regulated investment companies and real estate investment trusts;
- controlled foreign corporations, passive foreign investment companies and corporations that accumulate earnings to avoid U.S. federal income tax;
- brokers or dealers in securities or currencies;
- traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;
- persons that own, or are deemed to own, more than five percent of our capital stock (except to the extent specifically set forth below);
- tax-qualified retirement plans;
- certain former citizens or long-term residents of the United States;
- partnerships or entities or arrangements classified as partnerships for U.S. federal income tax purposes and other pass-through entities (and investors therein);
- persons who hold our securities as a position in a hedging transaction, "straddle," "conversion transaction" or other risk reduction transaction or integrated investment;
- persons who do not hold our securities as a capital asset within the meaning of Section 1221 of the Code; or
- persons deemed to sell our securities under the constructive sale provisions of the Code.

In addition, if a partnership (or entity or arrangement classified as a partnership for U.S. federal income tax purposes) holds our securities, the tax treatment of a partner generally will depend on the status of the partner and upon the activities of the partnership. Accordingly, partnerships that hold our securities, and partners in such partnerships, should consult their tax advisors.

You are urged to consult your own tax advisors with respect to the application of the U.S. federal income tax laws to your particular situation, as well as any tax consequences of the purchase, ownership and disposition of our securities arising under the U.S. federal estate or gift tax laws or under the laws of any state, local, non-U.S., or other taxing jurisdiction or under any applicable tax treaty.

Allocation of Purchase Price and Characterization of a Unit

No statutory, administrative or judicial authority directly addresses the treatment of a unit or instruments similar to a unit for U.S. federal income tax purposes and, therefore, that treatment is not entirely clear. The acquisition of a unit should be treated for U.S. federal income tax purposes as the acquisition of one share of common stock and one warrant to purchase one share of common stock. For U.S. federal income tax purposes, each holder of a unit must allocate the purchase price paid by such holder for such unit between such one share of common stock and one warrant to purchase one share of common stock based on their relative fair market values at the time of issuance. Under U.S. federal income tax law, each investor must make his or her own determination of such value based on all the relevant facts and circumstances. Therefore, we strongly urge each investor to consult his or her tax adviser regarding the determination of value for these purposes. The price allocated to each share of common stock and each warrant should be the stockholder's tax basis in such share or warrant, as the case may be. Any disposition of a unit should be treated for U.S. federal income tax purposes as a disposition of the one share of common stock and one warrant to purchase one share of common stock comprising the unit, and the amount realized on the disposition should be allocated between the one share of common stock and one warrant to purchase one share of common stock based on their respective relative fair market values (as determined by each such unit holder on all the relevant facts and circumstances) at the time of disposition. The separation of the common stock and warrants comprising units should not be a taxable event for U.S. federal income tax purposes.

The foregoing treatment of the common stock and warrants and a holder's purchase price allocation are not binding on the IRS or the courts. Because there are no authorities that directly address instruments that are similar to the units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Accordingly, each prospective investor is urged to consult its own tax advisors regarding the tax consequences of an investment in a unit (including alternative characterizations of a unit). The balance of this discussion assumes that the characterization of the units described above is respected for U.S. federal income tax purposes.

Consequences to U.S. Holders

The following is a summary of the U.S. federal income tax consequences that will apply to a U.S. holder of our securities. For purposes of this discussion, you are a U.S. holder if, for U.S. federal income tax purposes, you are a beneficial owner of our securities, other than a partnership, that is:

- an individual citizen or resident of the United States;
- a corporation or other entity taxable as a corporation created or organized in the United States or under the laws of the United States, any State thereof or the District of Columbia;
- an estate whose income is subject to U.S. federal income tax regardless of its source; or
- a trust (x) whose administration is subject to the primary supervision of a U.S. court and which has one or more "United States persons" (within the meaning of Section 7701(a)(30) of the Code) who have the authority to control all substantial decisions of the trust or (y) which has made a valid election to be treated as a "United States person."

Distributions

As described in the section titled "Dividend Policy," we have never declared or paid cash dividends on our common stock and do not anticipate paying any dividends on our common stock in the foreseeable future. However, if we do make distributions on our common stock, those payments will constitute dividends for U.S. tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. To the extent those distributions exceed both our current and our accumulated earnings and profits, the excess will constitute a return of capital and will first reduce your basis in our common stock, but not below zero, and then will be treated as gain from the sale of stock as described below under "Sale, Exchange or Other Taxable Disposition of Common Stock."

Dividend income may be taxed to an individual U.S. holder at rates applicable to long-term capital gains, provided that a minimum holding period and other limitations and requirements are satisfied. Any dividends that we pay to a U.S. holder that is a corporation will qualify for a deduction allowed to U.S. corporations in respect of dividends received from other U.S. corporations equal to a portion of any dividends received, subject to generally applicable limitations on that deduction. U.S. holders should consult their own tax advisors regarding the holding period and other requirements that must be satisfied in order to qualify for the reduced tax rate on dividends or the dividends-received deduction.

Constructive Distributions

The terms of the warrants allow for changes in the exercise price of the warrants under certain circumstances. A change in exercise price of a warrant that allows holders to receive more shares of common stock on exercise may increase a holder's proportionate interest in our earnings and profits or assets. In that case, such holder may be treated as though it received a taxable distribution in the form of our common stock. A taxable constructive stock distribution would generally result, for example, if the exercise price is adjusted to compensate holders for distributions of cash or property to our stockholders.

Not all changes in the exercise price that result in a holder's receiving more common stock on exercise, however, would be considered as increasing a holder's proportionate interest in our earnings and profits or assets. For instance, a change in exercise price could simply prevent the dilution of a holder's interest upon a stock split or other change in capital structure. Changes of this type, if made pursuant to bona fide reasonable adjustment formula, are not treated as constructive stock distributions for these purposes. Conversely, if an event occurs that dilutes a holder's interest and the exercise price is not adjusted, the resulting increase in the proportionate interests of our stockholders could be treated as a taxable stock distribution to our stockholders.

Any taxable constructive stock distributions resulting from a change to, or a failure to change, the exercise price of the warrants that is treated as a distribution of common stock would be treated for U.S. federal income tax purposes in the same manner as distributions on our common stock paid in cash or other property, resulting in a taxable dividend to the recipient to the extent of our current or accumulated earnings and profits (with the recipient's tax basis in its common stock or warrants, as applicable, being increased by the amount of such dividend), and with any excess treated as a return of capital or as capital gain. U.S. holders should consult their own tax advisors regarding whether any taxable constructive stock dividend would be eligible for tax rates applicable to long-term capital gains or the dividends-received deduction described below under "Consequences to U.S. Holders—Distributions," as the requisite applicable holding period requirements might not be considered to be satisfied.

Sale, Exchange or Other Taxable Disposition of Common Stock

A U.S. holder will generally recognize capital gain or loss on the sale, exchange or other taxable disposition of our common stock. The amount of gain or loss will equal the difference between the amount realized on the sale and such U.S. holder's tax basis in such common stock. The amount realized will include the amount of any cash and the fair market value of any other property received in exchange for such common stock. Gain or loss will be long-term capital gain or loss if the U.S. holder has held the common stock for more than one year. Long-term capital gains of non-corporate U.S. holders are generally taxed at preferential rates. The deductibility of capital losses is subject to certain limitations.

Sale, Exchange, Redemption, Lapse or Other Taxable Disposition of a Warrant

Upon a sale, exchange, redemption, lapse or other taxable disposition of a warrant, a U.S. holder generally will recognize capital gain or loss in an amount equal to the difference between the amount realized (if any) on the disposition and such U.S. holder's tax basis in the warrant. The amount realized will include the amount of any cash and the fair market value of any other property received in exchange for the warrant. The U.S. holder's tax basis in the warrant generally will equal the amount the holder paid for the warrant. Gain or loss will be long-term capital gain or loss if the U.S. holder has held the warrant for more than one year. Long-term capital gains of non-corporate U.S. holders are generally taxed at preferential rates. The deductibility of capital losses is subject to certain limitations.

Any taxable constructive stock distributions resulting from a change to, or a failure to change, the exercise price of the warrants that is treated as a distribution of common stock would be treated for U.S. federal income tax purposes in the same manner as distributions on our common stock paid in cash or other property, resulting in a taxable dividend to the recipient to the extent of our current or accumulated earnings and profits (with the recipient's tax basis in its common stock or warrants, as applicable, being increased by the amount of such dividend), and with any excess treated as a return of capital or as capital gain. U.S. holders should consult their own tax advisors regarding whether any taxable constructive stock dividend would be eligible for tax rates applicable to long-term capital gains or the dividends-received deduction described below under "Consequences to U.S. Holders—Distributions," as the requisite applicable holding period requirements might not be considered to be satisfied.

Sale, Exchange or Other Taxable Disposition of Common Stock

A U.S. holder will generally recognize capital gain or loss on the sale, exchange or other taxable disposition of our common stock. The amount of gain or loss will equal the difference between the amount realized on the sale and such U.S. holder's tax basis in such common stock. The amount realized will include the amount of any cash and the fair market value of any other property received in exchange for such common stock. Gain or loss will be long-term capital gain or loss if the U.S. holder has held the common stock for more than one year. Long-term capital gains of non-corporate U.S. holders are generally taxed at preferential rates. The deductibility of capital losses is subject to certain limitations.

Sale, Exchange, Redemption, Lapse or Other Taxable Disposition of a Warrant

Upon a sale, exchange, redemption, lapse or other taxable disposition of a warrant, a U.S. holder generally will recognize capital gain or loss in an amount equal to the difference between the amount realized (if any) on the disposition and such U.S. holder's tax basis in the warrant. The amount realized will include the amount of any cash and the fair market value of any other property received in exchange for the warrant. The U.S. holder's tax basis in the warrant generally will equal the amount the holder paid for the warrant. Gain or loss will be long-term capital gain or loss if the U.S. holder has held the warrant for more than one year. Long-term capital gains of non-corporate U.S. holders are generally taxed at preferential rates. The deductibility of capital losses is subject to certain limitations.

Gain on Sale, Exchange or Other Taxable Disposition of Common Stock or Warrants

Subject to the discussion below regarding backup withholding and foreign accounts, a non-U.S. holder generally will not be required to pay U.S. federal income tax on any gain realized upon the sale, exchange or other taxable disposition of our common stock or a warrant unless:

- the gain is effectively connected with the non-U.S. holder's conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, the gain is attributable to a permanent establishment or fixed base maintained by the non-U.S. holder in the United States);
- the non-U.S. holder is a non-resident alien individual who is present in the United States for a period or periods aggregating 183 days or more during the calendar year in which the sale or disposition occurs and certain other conditions are met; or
- shares of our common stock or our warrants, as applicable, constitute U.S. real property interests by reason of our status as a "United States real property holding corporation" (a USRPHC) for U.S. federal income tax purposes at any time within the shorter of the five-year period preceding the non-U.S. holder's disposition of, or the non-U.S. holder's holding period for, our common stock or warrants, as applicable.

We believe that we are not currently and will not become a USRPHC for U.S. federal income tax purposes, and the remainder of this discussion so assumes. However, because the determination of whether we are a USRPHC depends on the fair market value of our U.S. real property relative to the fair market value of our other business assets, there can be no assurance that we will not become a USRPHC in the future. Even if we become a USRPHC, however, as long as our common stock is regularly traded on an established securities market, such common stock will be treated as U.S. real property interests only if the non-U.S. holder actually or constructively hold more than five percent of such regularly traded common stock at any time during the shorter of the five-year period preceding the non-U.S. holder's disposition of, or the non-U.S. holder's holding period for, our common stock. In addition, provided that our common stock is regularly traded on an established securities market, a warrant will not be treated as a U.S. real property interest with respect to a non-U.S. holder if such holder did not own, actually or constructively, warrants whose total fair market value on the date they were acquired (and on the date or dates any additional warrants were acquired) exceeded the fair market value on that date (and on the date or dates any additional warrants were acquired) of 5% of all our common stock.

If the non-U.S. holder is described in the first bullet above, it will be required to pay tax on the net gain derived from the sale, exchange or other taxable disposition under regular graduated U.S. federal income tax rates, and a corporate non-U.S. holder described in the first bullet above also may be subject to the branch profits tax at a rate of 30%, or such lower rate as may be specified by an applicable income tax treaty. An individual non-U.S. holder described in the second bullet above will be required to pay a flat 30% tax (or such lower rate specified by an applicable income tax treaty) on the gain derived from the sale, exchange or other taxable disposition, which gain may be offset by U.S. source capital losses for the year (provided the non-U.S. holder has timely filed U.S. federal income tax returns with respect to such losses). Non-U.S. holders should consult their own tax advisors regarding any applicable income tax or other treaties that may provide for different rules.

Federal Estate Tax

Common stock or warrants beneficially owned by an individual who is not a citizen or resident of the United States (as defined for U.S. federal estate tax purposes) at the time of their death will generally be includable in the decedent's gross estate for U.S. federal estate tax purposes. Such shares, therefore, may be subject to U.S. federal estate tax, unless an applicable estate tax treaty provides otherwise.

Backup Withholding and Information Reporting

Generally, we must report annually to the IRS the amount of dividends paid to you, your name and address and the amount of tax withheld, if any. A similar report will be sent to you. Pursuant to applicable income tax treaties or other agreements, the IRS may make these reports available to tax authorities in your country of residence.

Payments of dividends on or of proceeds from the disposition of our securities made to you may be subject to information reporting and backup withholding at a current rate of 28% unless you establish an exemption, for example, by properly certifying your non-U.S. status on an IRS Form W-8BEN or IRS Form W-8BEN-E or other applicable IRS Form W-8. Notwithstanding the foregoing, backup withholding and information reporting may apply if either we or our paying agent has actual knowledge, or reason to know, that you are a U.S. person.

Backup withholding is not an additional tax; rather, the U.S. federal income tax liability of persons subject to backup withholding will be reduced by the amount of tax withheld. If withholding results in an overpayment of taxes, a refund or credit may generally be obtained from the IRS, provided that the required information is furnished to the IRS in a timely manner.

Foreign Account Tax Compliance

The Foreign Account Tax Compliance Act (“FATCA”) generally imposes withholding tax at a rate of 30% on dividends on and gross proceeds from the sale or other disposition of our securities paid to a “foreign financial institution” (as specially defined under these rules), unless such institution enters into an agreement with the U.S. government to, among other things, withhold on certain payments and to collect and provide to the U.S. tax authorities substantial information regarding the U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners) or otherwise establishes an exemption. FATCA also generally imposes a U.S. federal withholding tax of 30% on dividends on and gross proceeds from the sale or other disposition of our securities paid to a “non-financial foreign entity” (as specially defined for purposes of these rules) unless such entity provides the withholding agent with a certification identifying certain substantial direct and indirect U.S. owners of the entity, certifies that there are none or otherwise establishes an exemption. The withholding provisions under FATCA generally apply to dividends paid by us, and under current transitional rules are expected to apply with respect to the gross proceeds from a sale or other disposition of our securities on or after January 1, 2020. Under certain circumstances, a non-U.S. holder might be eligible for refunds or credits of such taxes. An intergovernmental agreement between the United States and an applicable foreign country may modify the requirements described in this paragraph. Non-U.S. holders should consult their own tax advisors regarding the possible implications of this legislation on their investment in our securities.

UNDERWRITING

Kingswood Capital Markets, division of Benchmark Investments, Inc., is acting as the representative of the underwriters of the Offering (the “Representative”). We intend to enter into an underwriting agreement dated ____, 2021 with the Representative. We plan to list our common stock for trading on Nasdaq under the symbol “VINO” in connection with this Offering, and if necessary, to effect a reverse stock split of our common stock in order for our common stock to be approved for listing on Nasdaq, although there is no assurance that such reverse stock split will occur based on any specific ratio, that such reverse stock split will be necessary or will occur in connection with the uplisting to Nasdaq, or that Nasdaq will approve our initial listing application for our common stock upon such reverse stock split. If we fail to effect such reverse stock split of our common stock if necessary to obtain such Nasdaq approval, or if we are not able to uplist our common stock for any other reason, we will not be able to consummate the Offering and will terminate this Offering. Subject to the terms and conditions of the underwriting agreement, we intend to sell to each underwriter named below, and each underwriter named below intends to severally purchase, at the public offering price, less the underwriting discounts set forth on the cover page of this prospectus, the number of units listed next to its name in the following table:

Underwriter	Number of Units
Kingswood Capital Markets, division of Benchmark Investments, Inc.	
Total	

A form of the underwriting agreement has been filed as an exhibit to the registration statement of which this prospectus is part.

We have been advised by the Representative that they propose to offer the units directly to the public at the public offering price set forth on the cover page of this prospectus. Any units sold by the Representative to securities dealers will be sold at the public offering price, less a selling concession not in excess of \$ _____ per unit.

The underwriting agreement will provide that subject to the satisfaction or waiver by the Representative of the conditions contained in the underwriting agreement, the Representative is obligated to purchase and pay for all of the units offered by this prospectus.

We have granted an option to the Representative exercisable for forty-five (45) days after the date of this prospectus, to purchase up to _____ additional units at the public offering price, less the underwriting discounts and commission.

No action has been taken by us or the Representative that would permit a public offering of the units in any jurisdiction outside the United States where action for that purpose is required. None of our units, shares of common stock or warrants included in this Offering may be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sales of any such securities offered hereby be distributed or published in any jurisdiction except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons who receive this prospectus are advised to inform themselves about and to observe any restrictions relating to this Offering of units and the distribution of this prospectus. This prospectus is neither an offer to sell nor a solicitation of any offer to buy the units in any jurisdiction where that would not be permitted or legal.

The Representative is expected to make offers on sales both in and outside of the United States to its respective selling agents. The offers and sales in the United States will be conducted by broker-dealers registered with the SEC.

The Representative has advised us that they do not intend to confirm sales to any account over which they exercise discretionary authority.

Underwriting Discount and Expenses

The following table provides information regarding the amount of the discount to be paid to the underwriters by us, before expenses:

	Per Unit	Total without exercise of over- allotment options	Total with full exercise of over- allotment options
Public Offering Price	\$	\$	\$
Underwriting discount and commissions	\$	\$	\$
Proceeds, before expenses, to us	\$	\$	\$

We estimate the total expenses payable by us for this Offering to be approximately \$ _____, which amount includes (i) the underwriting discount of \$ _____ (8%), (ii) reimbursement of the accountable expenses of the representative equal to \$100,000 including the legal fees of the representative being paid by us and (iii) other estimated Company expenses of approximately \$ _____, which includes legal accounting printing costs and various fees associated with the registration of our securities.

Underwriters' Warrants

In addition, we intend to issue warrants to the underwriters to purchase a number of shares of common stock equal to 6% of the total number of units sold in this Offering at an exercise price equal to 110% of the per unit offering price of the units sold in this Offering. These warrants may be purchased in cash or via cashless exercise, will be exercisable for five years from the effective date of this registration statement of which this prospectus forms a part and will terminate on the eighteen-month anniversary of the effective date of the registration statement on Form S-1 of which this prospectus forms a part. The warrants and the shares of common stock underlying such warrants will be deemed compensation by FINRA, and therefore will be subject to FINRA Rule 5110(g)(1). In accordance with FINRA Rule 5110(g)(1), neither the underwriters' warrants nor any of our shares of common stock issued upon exercise of such warrants may be sold, transferred, assigned, pledged or hypothecated, or be the subject of any hedging, short sale, derivative, put or call transaction that would result in the effective economic disposition of such securities by any person, for a period of 180 days immediately following the commencement of sales of the securities registered on the registration statement of which this prospectus is a part, subject to certain exceptions.

Determination of Offering Price

Our common stock is presently quoted on the OTCQB under the symbol "VINO." On January 25, 2021, the closing bid price of our common stock on the OTCQB was \$0.40 per share.

The public offering price of the units offered by this prospectus will be determined by negotiation between us and the underwriter. Among the factors considered in determining the public offering price of the units were:

- our history, capital structure and our business prospects;
- the industry in which we operate;
- our past and present operating results;
- the previous experience of our executive officers;
- the recent trading and closing bid prices of our common stock quoted on the OTCQB; and
- the general condition of the securities markets at the time of this Offering.

The offering price stated on the cover page of this prospectus should not be considered an indication of the actual value of the units sold in this Offering, or the shares of common stock or warrants included in such units. The values of such securities are subject to change as a result of market conditions and other factors.

Subsequent Equity Sales

Pursuant to the underwriting agreement, from the date of such agreement until 135 days after the closing date of the Offering, neither the Company nor any of its subsidiaries shall issue, or solicit, negotiate with, or enter into any agreement with any source of financing (whether equity, debt or otherwise) other than the Representative, in connection with an offering or proposed offering of the Company's debt or equity securities or any other financing by the Company, and the Company shall be prohibited from effecting or entering into an agreement to effect any issuance by the Company or any of its subsidiaries of common stock or common stock equivalents (or a combination of units thereof) involving a Variable Rate Transaction (as defined in such underwriting agreement).

Tail Period

In the event that the Offering is not consummated by the underwriters as contemplated herein, for a period of twelve (12) months from the earlier of (i) the final closing date of the Offering or (ii) twelve (12) months from the date of the underwriting agreement, in the event that the Company receives any proceeds from the sale of securities to any investor actually introduced to the Company by the Representative during the Engagement Period (as defined in the October 2020 Engagement Agreement between the Company and the Representative) (a "Tail Financing") and the Company has direct knowledge of such investor's participation, the Company agrees to pay to the Representative a cash fee equal to 8.0% of such gross proceeds; provided that any purchase of any Company securities in an at-the-market offering shall not be deemed a Tail Financing. In addition, unless (x) the Company terminates this underwriting agreement for "Cause" (as defined therein), or (y) the Representative fails to provide the underwriting services provided in the underwriting agreement, upon termination of such agreement, if the Company subsequently completes a public or private financing with any investors introduced to the Company by the Representative during the twelve (12) month period following such termination, the Representative shall be entitled to receive the same compensation to be paid to the Representative in connection with this Offering.

Lock-up Agreements

Pursuant to certain "lock-up" agreements, we, our executive officers, directors and securityholders holding more than 5% of the Company's common stock intend to agree, subject to certain exceptions, not to offer, sell, assign, transfer, pledge, contract to sell, or otherwise dispose of or announce the intention to otherwise dispose of, or enter into any swap, hedge or similar agreement or arrangement that transfers, in whole or in part, the economic risk of ownership of, directly or indirectly, engage in any short selling of any common stock or securities convertible into or exchangeable or exercisable for any common stock, whether currently owned or subsequently acquired, without the prior written consent of the underwriters, for a period of 360 days (with respect to the 5% or greater shareholder, 180 days) from the date of effectiveness of the offering. In addition, during such period, except for the registration statement of which this prospectus forms a part, such parties have agreed not to file, circulate or participate in the filing or circulation of any registration statement prospectus or other disclosure document with respect to the offer or sale of such securities, or exercise any rights to require registration with the SEC of such securities or offering thereof.

Stabilization, Short Positions and Penalty Bids

The underwriters may engage in stabilizing transactions for the purpose of pegging, fixing or maintaining the price of our common stock. Stabilizing transactions permit bids to purchase the underlying common stock so long as the stabilizing bids do not exceed a specific maximum. These stabilizing transactions may have the effect of raising or maintaining the market prices of our securities or preventing or retarding a decline in the market prices of our securities. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. Neither we nor the underwriters make any representation or prediction as to the effect that stabilizing transactions may have on the price of our common stock. These transactions may be effected on Nasdaq, in the over-the-counter market or on any other trading market and, if commenced, may be discontinued at any time.

In connection with this Offering, the underwriters also may engage in passive market making transactions in our common stock in accordance with Regulation M. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for that security. However, if all independent bids are lowered below the passive market maker's bid that bid must then be lowered when specific purchase limits are exceeded. Passive market making may stabilize the market price of the securities at a level above that which might otherwise prevail in the open market and, if commenced, may be discontinued at any time.

Neither we nor the underwriters make any representations or predictions as to the direction or magnitude of any effect that the transactions described above may have on the prices of our securities. In addition, neither we nor the underwriters make any representations that the underwriters will engage in these transactions or that any transactions, once commenced will not be discontinued without notice.

Electronic Offer, Sale and Distribution of Shares

A prospectus in electronic format may be made available on the websites maintained by one or more underwriters or selling group members, if any, participating in the Offering. The underwriters may agree to allocate a number of units to underwriters and selling group members for sale to their online brokerage account holders. Internet distributions will be allocated by the representative to underwriters and selling group members that may make internet distributions on the same basis as other allocations. Other than the prospectus in electronic format, the information on the underwriters' websites and any information contained in any other website maintained by the underwriters is not part of this prospectus or the registration statement of which this prospectus forms a part.

Other Relationships

From time to time, certain of the underwriters and their affiliates have provided, and may provide in the future, various advisory, investment and commercial banking and other financial services for us and our affiliates in the ordinary course of business, for which they have received and may continue to receive customary fees and commissions. On October 30, 2020, the Company entered into an exclusive advisory agreement (the "Kingswood Advisory Agreement") with the Representative, by which the Representative agreed to provide general financial advisory services to the Company for an initial 12-month term, such as introducing the Company to investors and assisting the Company in financings or other transactions. In exchange for such services, the Company issued 67,693 shares of common stock, which represented 1% of the fully diluted common stock outstanding of the Company as of October 30, 2020, but 80% of which are subject to forfeiture if an offering or transaction is not completed within 180 days from the date of such agreement. In addition, the Kingswood Advisory Agreement provides for cash fees to be paid to the Representative based on the Company transactions and financings in which the Representative is involved during the term of such agreement or within 12 months from the termination of such agreement, which range between 6-8% of the amount of capital raised, invested or committed in such transactions and financings. Pursuant to such agreement, the Company also granted the Representative a right of first refusal, for a period of twelve months from the date that such a financing is completed, to act as sole investment banker, sole book-runner, and/or sole placement agent, at the Representative's sole and exclusive discretion, for each and every subject transaction during such twelve (12) month period, of the Company, or any successor to or subsidiary of the Company, on terms and conditions customary to the Representative for such subject transactions.

However, except as disclosed in this prospectus, we have no present arrangements with any of the underwriters for any further services.

Indemnification

We intend to indemnify the underwriter against certain liabilities, including certain liabilities arising under the Securities Act or to contribute to payments that the underwriter may be required to make for these liabilities.

LEGAL MATTERS

The validity of the units including the shares of common stock, warrants, and shares of common stock underlying the warrants offered by this prospectus will be passed upon by Burns, Figa & Will, P.C. Certain legal matters in connection with the Offering will be passed upon for the underwriters by Sullivan & Worcester LLP.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

1. ORGANIZATION

Through its subsidiaries, Gaucho Group Holdings, Inc. ("Company", "GGH"), a Delaware corporation that was incorporated on April 5, 1999, currently invests in, develops, and operates a collection of luxury assets, including real estate development, fine wines, and a boutique hotel in Argentina, as well as an e-commerce platform for the sale of high-end fashion and accessories.

As wholly owned subsidiaries of GGH, InvestProperty Group, LLC ("IPG") and Algodon Global Properties, LLC ("AGP") operate as holding companies that invest in, develop and operate global real estate and other lifestyle businesses such as wine production and distribution, golf, tennis, and restaurants. GGH operates its properties through its ALGODON® brand. IPG and AGP have invested in two ALGODON® brand projects located in Argentina. The first project is Algodon Mansion, a Buenos Aires-based luxury boutique hotel property that opened in 2010 and is owned by the Company's subsidiary, The Algodon – Recoleta, SRL ("TAR"). The second project is the redevelopment, expansion and repositioning of a Mendoza-based winery and golf resort property now called Algodon Wine Estates ("AWE"), the integration of adjoining wine producing properties, and the subdivision of a portion of this property for residential development. GGH's wholly owned subsidiary Algodon Europe, Ltd., is a United Kingdom wine distribution company. GGH also holds a 79% ownership interest in its subsidiary Gaucho Group, Inc. ("GGI") which began operations in 2019 for the manufacture, distribution and sale of high-end luxury fashion and accessories through an e-commerce platform. On March 20, 2020, the Company formed a wholly-owned subsidiary, Bacchus Collection, Inc., which is still in the concept stage for the production of elegant wine and bar essentials.

2. GOING CONCERN AND MANAGEMENT'S LIQUIDITY PLANS

The accompanying condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of asset amounts or the classification of liabilities that might be necessary should the Company be unable to continue as a going concern. As of September 30, 2020, the Company had cash of \$1,210,668 and a working capital deficit of \$3,451,820. During the nine months ended September 30, 2020, the Company incurred a net loss of \$3,736,028 and used cash in operations of \$3,682,663. The Company has an accumulated deficit of \$91,493,980 at September 30, 2020. Further, as of September 30, 2020, principal and interest in the amount of \$1,270,354 and \$573,150, respectively, owed in connection with the Company's debt obligations are past due and are payable on demand, principal and interest in the amount of \$1,955,389 and \$50,686 owed in connection with the Company's convertible debt matures on December 31, 2020, and \$643,092 represents the current portion of the Company's loans payable which are payable on demand or for which payments are due within twelve months after September 30, 2020. During the nine months ended September 30, 2020 the Company funded its operations with the proceeds of debt and equity financing of \$5,353,717.

Based upon projected revenues and expenses, the Company believes that it may not have sufficient funds to operate for the next twelve months from the date these financial statements are issued. Further, while the Company plans to extend its current deadline to uplist to NASDAQ, should that effort not be successful, the Company would be required, on December 31, 2020, to redeem all Series B Shares that have not been previously converted to common stock. The cost to redeem these shares would likely have a material adverse effect on the Company's financial position and would likely require either the liquidation of certain Company assets or an effort to raise new equity or debt financing. Whether the Company would be able to consummate any such transaction, should it need to do so, on economically beneficial terms or otherwise, cannot be presently known. The aforementioned factors raise substantial doubt about the Company's ability to continue as a going concern.

In December 2019, the 2019 novel coronavirus ("COVID-19") surfaced in Wuhan, China. The World Health Organization declared the outbreak as a global pandemic in March 2020. Recently, we closed our corporate office, and temporarily closed our hotel, restaurant, winery operations, and golf and tennis operations. Further, the Gaucho factories have closed, borders for importing product have been impacted and the Gaucho fulfillment center is also closed. In response, we have reduced costs by negotiating out of our New York lease, renegotiating with our vendors, and implementing salary reductions. We have also created an e-commerce platform for our wine sales in response to the pandemic. The Company is continuing to monitor the outbreak of COVID-19 and the related business and travel restrictions, and changes to behavior intended to reduce its spread, and the related impact on the Company's operations, financial position and cash flows, as well as the impact on its employees. Due to the rapid development and fluidity of this situation, the magnitude and duration of the pandemic and its impact on the Company's future operations and liquidity is uncertain as of the date of this report. While there could ultimately be a material impact on operations and liquidity of the Company, at the time of issuance, the impact could not be determined.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

The Company presently has enough cash on hand to sustain its operations on a month to month basis. If the Company is not able to obtain additional sources of capital, it may not have sufficient funds to continue to operate the business for twelve months from the date these financial statements are issued. Historically, the Company has been successful in raising funds to support its capital needs. Management believes that it will be successful in obtaining additional financing; however, no assurance can be provided that the Company will be able to do so. Further, there is no assurance that these funds will be sufficient to enable the Company to attain profitable operations or continue as a going concern. To the extent that the Company is unsuccessful, the Company may need to curtail its operations and implement a plan to extend payables, reduce overhead and possibly sell certain Company assets until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful. Such a plan could have a material adverse effect on the Company's business, financial condition, and results of operations, and ultimately the Company could be forced to discontinue its operations, liquidate and/or seek reorganization in bankruptcy.

These condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information. Accordingly, they do not include all of the information and disclosures required by accounting principles generally accepted in the United States of America for annual financial statements. In the opinion of management, such statements include all adjustments (consisting only of normal recurring items) which are considered necessary for a fair presentation of the unaudited condensed consolidated financial statements of the Company as of September 30, 2020, and for the three and nine months ended September 30, 2020 and 2019. The results of operations for the three and nine months ended September 30, 2020 are not necessarily indicative of the operating results for the full year. It is suggested that these unaudited condensed consolidated financial statements be read in conjunction with the consolidated financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2019, filed with the Securities and Exchange Commission ("SEC") on March 30, 2020. The condensed consolidated balance sheet as of December 31, 2019 has been derived from the Company's audited consolidated financial statements.

Non-Controlling Interest

As a result of the conversion of certain convertible debt into shares of GGI common stock, GGI investors obtained a 21% ownership interest in GGI, which is recorded as a non-controlling interest. The profits and losses of GGI are allocated between the controlling interest and the non-controlling interest in the same proportions as their ownership interest. (See Note 8 – Debt Obligations)

Use of Estimates

To prepare financial statements in conformity with accounting principles generally accepted in the United States of America, the Company must make estimates and assumptions. These estimates and assumptions affect the reported amounts in the financial statements, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The significant estimates and assumptions of the Company include the valuation of investments, equity and liability instruments, the value of right-of-use assets and related lease liabilities, the useful lives of property and equipment and reserves associated with the realizability of certain assets.

Segment Information

The Financial Accounting Standards Board ("FASB") has established standards for reporting information on operating segments of an enterprise in interim and annual financial statements. The Company currently operates in three segments which are the (i) business of real estate development and manufacture (including hospitality and winery operations, which support the ALGODON® brand) (ii) the sale of high-end fashion and accessories through an e-commerce platform and (iii) its corporate operations. This classification is consistent with how the Company's chief operating decision maker makes decisions about resource allocation and assesses the Company's performance.

Highly Inflationary Status in Argentina

The International Practices Task Force ("IPTF") of the Center for Audit Quality discussed the inflationary status of Argentina at its meeting on May 16, 2018 and categorized Argentina as a country with a projected three-year cumulative inflation rate greater than 100%. Therefore, the Company has transitioned its Argentine operations to highly inflationary status as of July 1, 2018.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

For operations in highly inflationary economies, monetary asset and liabilities are translated at exchange rates in effect at the balance sheet date, and non-monetary assets and liabilities are translated at historical exchange rates. Under highly inflationary accounting, the Company's Argentina subsidiaries' functional currency became the United States dollar. Nonmonetary assets and liabilities existing on July 1, 2018 (the date that the Company adopted highly inflationary accounting) were translated using the Argentina Peso ("ARS") to United States Dollar exchange rate in effect on June 30, 2018, which was 28.880. Since the adoption of highly inflationary accounting, activity in nonmonetary assets and liabilities is translated using historical exchange rates, monetary assets and liabilities are translated using the exchange rate at the balance sheet date, and income and expense accounts are translated at the weighted average exchange rate in effect during the period. Translation adjustments are reflected in income (loss) on foreign currency translation on the accompanying statements of comprehensive loss. During the three and nine months ended September 30, 2020, the Company recorded gains on foreign currency transactions of \$14,826 and \$35,316, respectively, and during the three and nine months ended September 30, 2019, respectively, the Company recorded a \$74,179 and \$106,513 gain, respectively, on foreign currency transactions as a result of the net monetary liability position of its Argentine subsidiaries.

Foreign Currency Translation

The Company's functional and reporting currency is the United States dollar. The functional currencies of the Company's operating subsidiaries are their local currencies (United States dollar, Argentine peso and British pound) except for the Company's Argentine subsidiaries since July 1, 2018, as described above. The assets and liabilities of Algodon Europe, LTD are translated from its local currency (British Pound) to the Company's reporting currency using period end exchange rate while income and expense accounts were translated at the average rate in effect during the period. The resulting translation adjustment is recorded as part of other comprehensive loss, a component of stockholders' deficit. The assets, liabilities and income and expense accounts of the Company's Argentine subsidiaries are translated as described above. The Company engages in foreign currency denominated transactions with customers and suppliers, as well as between subsidiaries with different functional currencies. Gains and losses resulting from transactions denominated in non-functional currencies are recognized in earnings.

Concentrations

The Company maintains cash with major financial institutions. Cash held in US bank institutions is currently insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 at each institution. No similar insurance or guarantee exists for cash held in Argentine bank accounts. There were aggregate uninsured cash balances of \$961,100 and \$29,027, at September 30, 2020 and December 31, 2019, respectively, of which \$76,372 and \$29,027, respectively, represents cash held in Argentine bank accounts.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Codification ("ASC") Topic 606, Revenue from Contracts with Customers. ASC Topic 606 provides a single comprehensive model to use in accounting for revenue arising from contracts with customers, and gains and losses arising from transfers of non-financial assets including sales of property and equipment, real estate, and intangible assets.

The Company earns revenues from the sale of real estate lots and sales of food and wine as well as hospitality, food & beverage, other related services, and from the sale of clothing and accessories. The Company recognizes revenue when goods or services are transferred to customers in an amount that reflects the consideration which it expects to receive in exchange for those goods or services. In determining when and how revenue is recognized from contracts with customers, the Company performs the following five-step analysis: (i) identification of contract with customer; (ii) determination of performance obligations; (iii) measurement of the transaction price; (iv) allocation of the transaction price to the performance obligations; and (v) recognition of revenue when (or as) the Company satisfies each performance obligation.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(unaudited)

The following table summarizes the revenue recognized in the Company's condensed consolidated statements of operations:

	For The Three Months Ended September 30,		For The Nine Months Ended September 30,	
	2020	2019	2020	2019
Hotel rooms and events	\$ 2,946	\$ 140,778	\$ 212,708	\$ 508,134
Restaurants	22,331	38,954	87,711	136,735
Winemaking	23,212	29,069	45,099	131,949

Clothes and accessories	-	-	749	-
Real estate sales	-	8,560	-	8,560
Total revenues	<u>\$ 60,228</u>	<u>\$ 231,231</u>	<u>\$ 474,546</u>	<u>\$ 940,459</u>

Revenue from the sale of food, wine, agricultural products, clothes and accessories is recorded when the customer obtains control of the goods purchased. Revenues from hospitality and other services are recognized as earned at the point in time that the related service is rendered, and the performance obligation has been satisfied. Revenues from gift card sales are recognized when the card is redeemed by the customer. The Company does not recognize revenue for the portion of gift card values that is not expected to be redeemed ("breakage") due to the lack of historical data. Revenue from real estate lot sales is recorded when the lot is deeded, and legal ownership of the lot is transferred to the customer.

The timing of the Company's revenue recognition may differ from the timing of payment by its customers. A receivable is recorded when revenue is recognized prior to payment and the Company has an unconditional right to payment. Alternatively, when payment precedes the provision of the related services, the Company records deferred revenue until the performance obligations are satisfied. Deferred revenues associated with real estate lot sale deposits are recognized as revenues (along with any outstanding balance) when the lot sale closes, and the deed is provided to the purchaser. Other deferred revenues primarily consist of deposits accepted by the Company in connection with agreements to sell barrels of wine, advance deposits received for grapes and other agricultural products, and hotel deposits. Wine barrel and agricultural product advance deposits are recognized as revenues (along with any outstanding balance) when the product is shipped to the purchaser. Hotel deposits are recognized as revenue upon occupancy of rooms, or the provision of services.

Contracts related to the sale of wine, agricultural products and hotel services have an original expected length of less than one year. The Company has elected not to disclose information about remaining performance obligations pertaining to contracts with an original expected length of one year or less, as permitted under the guidance.

As of September 30, 2020 and December 31, 2019, the Company had deferred revenue of \$845,634 and \$838,471, respectively, associated with real estate lot sale deposits, and had \$43,285 and \$61,449, respectively, of deferred revenue related to hotel deposits. Sales taxes and value added ("VAT") taxes collected from customers and remitted to governmental authorities are excluded from revenues in the condensed consolidated statements of operations.

Convertible Debt

The Company evaluates for the existence of a beneficial conversion feature ("BCF") related to the issuance of convertible notes, if such instruments are not deemed to be derivative financial instruments, by comparing the commitment date fair value to the effective conversion price of the instrument. The Company records a BCF as debt discount, which is amortized to interest expense over the life of the respective note using the effective interest method. BCFs that are contingent upon the occurrence of a future event are recognized when the contingency is resolved.

Derivative Financial Instruments

The Company evaluates its convertible instruments to determine if those contracts or embedded components of those contracts qualify as derivative financial instruments to be separately accounted for in accordance with FASB ASC 815 "Derivatives and Hedging" ("ASC 815"). Embedded derivatives are valued separately from the host instrument and are recognized as derivative liabilities in the Company's balance sheet. Fair value accounting requires measurement of embedded derivatives at fair value. Changes in the fair value of derivative instruments are recognized in results of operation during the period of change.

(unaudited)

Sequencing Policy

Under ASC 815, the Company has adopted a sequencing policy, whereby, in the event that reclassification of contracts from equity to assets or liabilities is necessary pursuant to ASC 815 due to the Company's inability to demonstrate it has sufficient authorized shares as a result of certain securities with a potentially indeterminable number of shares or the Company's total potentially dilutive shares exceed the Company's authorized share limit, shares will be allocated on the basis of the earliest issuance date of potentially dilutive instruments, with the earliest grants receiving the first allocation of shares. Pursuant to ASC 815, issuances of securities granted as compensation in a share-based payment arrangement are not subject to the sequencing policy.

Net Loss per Common Share

Basic loss per common share is computed by dividing net loss attributable to GGH common stockholders by the weighted average number of common shares outstanding during the period. Diluted loss per common share is computed by dividing net loss attributable to common stockholders by the weighted average number of common shares outstanding, plus the impact of common shares, if dilutive, resulting from the exercise of outstanding stock options and warrants and the conversion of convertible instruments.

The following securities are excluded from the calculation of weighted average dilutive common shares because their inclusion would have been anti-dilutive:

New Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement - Disclosure Framework (Topic 820). The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Company adopted ASU 2018-13, effective January 1, 2020, which did not have a material effect on the Company's unaudited condensed consolidated financial statements.

In March 2020, the FASB issued ASU 2020-03, "Codification Improvements to Financial Instruments" ("ASU 2020-03"). ASU 2020-03 improves and clarifies various financial instruments topics. ASU 2020-03 includes seven different issues that describe the areas of improvement and the related amendments to GAAP, intended to make the standards easier to understand and apply by eliminating inconsistencies and providing clarifications. The Company adopted ASU 2020-03 upon issuance, which did not have a material effect on the Company's unaudited condensed consolidated financial statements.

In August 2020, the FASB issued ASU 2020-06, Debt – Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging – Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity, which simplifies the accounting for convertible debt instruments and convertible preferred stock by reducing the number of accounting models and the number of embedded conversion features that could be recognized separately from the primary contract. The update also requires the application of the if-converted method to calculate the impact of convertible instruments on diluted earnings per share. The new guidance is effective for annual periods beginning after December 15, 2021, including interim periods within those fiscal years. Early adoption is permitted, but no earlier than fiscal years beginning after December 15, 2020. This update can be adopted on either a fully retrospective or a modified retrospective basis. The Company is currently evaluating the impact the adoption of ASU 2020-06 will have on the consolidated financial statements.

5. INVESTMENTS AND FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or developed by the Company. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 - Valued based on quoted prices at the measurement date for identical assets or liabilities trading in active markets. Financial instruments in this category generally include actively traded equity securities.

Level 2 - Valued based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in markets that are not active; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) from market corroborated inputs. Financial instruments in this category include certain corporate equities that are not actively traded or are otherwise restricted.

Level 3 - Valued based on valuation techniques in which one or more significant inputs is not readily observable. Included in this category are certain corporate debt instruments, certain private equity investments, and certain commitments and guarantees.

The remaining decrease in principal balances are the result of the impact of the change in exchange rates during the period.

The Company incurred interest expense related to the loans payable in the amount of \$11,855 and \$50,562 during the three and nine months ended September 30, 2020, respectively, of which \$2,233 and \$9,335, respectively represented amortization of debt discount, and incurred interest expense of \$23,155 and \$95,983 during the three and nine months ended September 30, 2019, respectively, of which \$809 and \$15,545, respectively represented amortization of debt discount.

Land Loan

On August 19, 2017, the Company purchased 845 hectares of land adjacent to its existing property at AWE. The Company paid \$100,000 at the date of purchase and executed a note payable in the amount of \$600,000, denominated in U.S. dollars (the "Land Loan") with a stated interest rate of 0% and with quarterly payments of \$50,000 beginning on December 18, 2017 and ending August 18, 2021. At the date of purchase, the Company took possession of the property, with full use and access, but will not receive the deed to the property until after \$400,000 of the purchase price has been paid. The Company imputed interest on the note at 7% per annum and recorded a discounted note balance of \$517,390 on August 19, 2017, which is being amortized over the term of the loan using the effective interest method. On August 12, 2020, the terms of the Land Loan were amended such that (i) the original maturity date (August 18, 2021) was changed to December 31, 2020 and (ii) the remaining balance was reduced by \$137,850 from \$459,500 to \$321,652. The Company agreed to pay the loan in four equal payments at the end of each month starting August 30, 2020. The amendment was accounted for as a debt restructuring with the future undiscounted cash flows being less than the net carrying value of the original debt. No interest expense is recorded going forward and all future payments reduce the carrying value. A gain of \$130,421 was recorded in connection with the restructuring of the Land Loan.

Demand Loan

On March 1, 2020, the Company received a loan in the amount of \$27,641 (ARS \$1,777,778) (the "2020 Demand Loan") which bears interest at 10% per month and is due upon demand of the lender (the "Demand Loan"). Interest is paid monthly.

PPP Loan

On May 6, 2020, the Company entered into a potentially forgivable loan from the U.S. Small Business Administration ("SBA") pursuant to the Paycheck Protection Program ("PPP") enacted by Congress under the Coronavirus Aid, Relief, and Economic Security Act (15 U.S.C. 636(a)(36)) (the "CARES Act"), resulting in net proceeds of \$242,487 (the "PPP Loan"). To facilitate the PPP Loan, the Company entered into a note payable agreement with Santander Bank, N.A. as the lender.

Under the terms of the CARES Act, as amended by the Paycheck Protection Program Flexibility Act of 2020, the Company is eligible to apply for and receive forgiveness for all or a portion of their respective PPP Loan. Such forgiveness will be determined, subject to limitations, based on the use of the loan proceeds for certain permissible purposes as set forth in the PPP, including, but not limited to, payroll costs (as defined under the PPP) and mortgage interest, rent or utility costs (collectively, "Qualifying Expenses") incurred during the 24 weeks subsequent to funding, and on the maintenance of employee and compensation levels, as defined, following the funding of the PPP Loan. The Company intends to use the proceeds of the PPP Loan for Qualifying Expenses. However, no assurance is provided that the Company will be able to obtain forgiveness of the PPP Loan in whole or in part. Any amounts that are not forgiven incur interest at 1.0% per annum and monthly repayments of principal and interest are deferred for six months after the date of disbursement. While the PPP Loan currently has a two-year maturity, the amended law permits the borrower to request a five-year maturity from its lender. The Company has applied for forgiveness for the full amount and is waiting for the approval from the bank and the SBA.

SBA Economic Injury Disaster Loans

On May 22, 2020, the Company received a loan in the principal amount of \$94,000 (the "EIDL Loan") pursuant to the Economic Injury Disaster Loan ("EIDL") assistance program offered by the SBA in response to the impact of the COVID-19 pandemic on the Company's business. The EIDL Loan bears interest at 3.75% per annum and matures on May 22, 2050. Proceeds from the EIDL are being used for working capital purposes. Monthly installment payments of \$459, including principal and interest, are due monthly beginning May 22, 2021. The EIDL Loan is secured by a security interest in all of the Company's assets.

9. CONVERTIBLE DEBT OBLIGATIONS

The Company's convertible debt obligations are summarized below:

	September 30, 2020			December 31, 2019		
	Principal	Interest [1]	Total	Principal	Interest [1]	Total
Convertible Notes	\$ 1,955,389	\$ 50,686	\$ 2,006,075	\$ -	\$ -	\$ -
Total Convertible Debt Obligations	<u>\$ 1,955,389</u>	<u>\$ 50,686</u>	<u>\$ 2,006,075</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

[1] Accrued interest is included as a component of accrued expenses on the accompanying condensed consolidated balance sheets.

During the nine months ended September 30, 2020, the Company sold unsecured convertible promissory notes ("Convertible Notes") in an aggregate amount of \$1,955,389 to accredited investors with a substantive pre-existing relationship with the Company. The Convertible Notes mature on December 31, 2020 and bear interest at 7% per annum. Principal and interest outstanding under the Convertible Notes are convertible (i) automatically upon the closing of a firm commitment underwritten public offering registered pursuant to the Securities Act of 1933, as amended (a "Public Offering", at a conversion price equal to 85% of the price per share of the Company's common stock sold in the Public Offering (the "Mandatory Conversion Option"), or (ii) at the option of the holder at any time prior to the Public Offering at a conversion price equal to the closing price of the Company's common stock on the day prior to conversion (the "Holder's Conversion Option"). The Company incurred total interest expense of \$33,044 and \$52,000 related to this debt during the three and nine months ended September 30, 2020, respectively.

The Company determined that the Holder's Conversion Option represented a variable conversion feature with no floor. Accordingly, the Company has adopted a sequencing policy in accordance with ASC 815-40-35-12 whereby the Holder's Conversion Option and all future instruments may be classified as a derivative liability with the exception of instruments related to share-based compensation issued to employees or directors.

As of September 30, 2020, the value of the Holders' Conversion Option was de minimis. It was determined that the Mandatory Conversion Option represented a share-settled redemption feature that is not clearly and closely related to its debt host and should be separated as a derivative. However it was determined that the financial statement impact as of and through September 30, 2020 was immaterial.

After consulting legal counsel, the Company does not believe that the outcome of any such pending or threatened litigation will have a material adverse effect on its financial condition or results of operations. Employment Agreement

On September 28, 2015, the Company entered into an employment agreement with Scott Mathis, the Company's CEO (the "Employment Agreement"). Among other things, the agreement provided for a three-year term of employment at an annual salary of \$401,700 (subject to a 3% cost-of-living adjustment per year), bonus eligibility, paid vacation and specified business expense reimbursements. The agreement sets limits on Mr. Mathis' annual sales of GGH common stock. Mr. Mathis is subject to a covenant not to compete during the term of the agreement and following his termination for any reason, for a period of twelve months. Upon a change of control (as defined by the agreement), all of Mr. Mathis' outstanding equity-based awards will vest in full and his employment term resets to two years from the date of the change of control. Following Mr. Mathis's termination for any reason, Mr. Mathis is prohibited from soliciting Company clients or employees for one year and disclosing any confidential information of GGH for a period of two years. The agreement may be terminated by the Company for cause or by the CEO for good reason, in accordance with the terms of the agreement. The Board of Directors extended the Employment Agreement on various dates such that as of March 29, 2020 the Employment Agreement, as amended, expires on December 31, 2020. All other terms of the Employment Agreement remain the same. The Board of Directors also approved the payment of Mr. Mathis' cost of living salary adjustment of 3% for the years 2019 and 2020 to be paid in equal monthly installments beginning January 1, 2021, provided the Company has uplisted to a national stock exchange. The Board of Directors granted a retention bonus to Mr. Mathis that consists of the real estate lot on which Mr. Mathis has been constructing a home at Algodon Wine Estates, to vest in one-third increments over the next three years (the "Retention Period"), provided Mr. Mathis's performance as an employee with the Company continues to be satisfactory, as deemed by the Board of Directors. The current market value of the lot is \$115,000, and before ownership of the lot can be transferred to Mr. Mathis, the Company must be legally permitted to issue a deed for the property. Mr. Mathis is eligible to receive a pro-rata portion of the bonus if his employment is terminated before the end of the Retention Period.

Due to economic circumstances related to the global coronavirus outbreak 2019 (COVID-19), on March 13, 2020, Mr. Mathis voluntarily deferred payment of 85% of his salary through August 21, 2020. The Company is accruing all compensation not paid to Mr. Mathis pursuant to his employment agreement until the Company has sufficient funds to pay his full compensation. On August 26, 2020, the Company paid out \$68,000 which was owed to Mr. Mathis in connection with his deferred compensation. The balance owed to Mr. Mathis as of September 30, 2020 is \$107,485.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
Gaucho Group Holdings, Inc. and Subsidiaries,

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Gaucho Group Holdings, Inc. and Subsidiaries (the “Company”) as of December 31, 2019 and 2018, and the related consolidated statements of operations, comprehensive loss, changes in temporary equity and stockholders’ deficiency and cash flows for each of the two years in the period ended December 31, 2019 and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the consolidated financial position of the Company as of December 31, 2019 and 2018, and the consolidated results of its operations and its cash flows for each of the two years in the period ended December 31, 2019, in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 3 to the consolidated financial statements, the Company has changed its method of accounting for leases in 2019 due to the adoption of the guidance in ASC Topic 842, Leases.

Explanatory Paragraph – Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 2, the Company has a significant working capital deficiency, has incurred significant losses and needs to raise additional funds to meet its obligations and sustain its operations. These conditions raise substantial doubt about the Company’s ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION

Through its subsidiaries, Gaucho Group Holdings, Inc. (“Company”, “GGH”), a Delaware corporation that was incorporated on April 5, 1999, currently invests in, develops and operates international real estate projects. Effective October 1, 2018, the Company changed its name from Algodon Wines & Luxury Development, Inc. to Algodon Group, Inc., and effective March 11, 2019, the Company changed its name from Algodon Group, Inc. to Gaucho Group Holdings, Inc.

As wholly owned subsidiaries of GGH, InvestProperty Group, LLC (“IPG”) and Algodon Global Properties, LLC (“AGP”) operate as holding companies that invest in, develop and operate global real estate and other lifestyle businesses such as wine production and distribution, golf, tennis, and restaurants. GGH operates its properties through its ALGODON® brand. IPG and AGP have invested in two ALGODON® brand projects located in Argentina. The first project is Algodon Mansion, a Buenos Aires-based luxury boutique hotel property that opened in 2010 and is owned by the Company’s subsidiary, The Algodon – Recoleta, SRL (“TAR”). The second project is the redevelopment, expansion and repositioning of a Mendoza-based winery and golf resort property now called Algodon Wine Estates (“AWE”), the integration of adjoining wine producing properties, and the subdivision of a portion of this property for residential development. GGH’s wholly owned subsidiary Algodon Europe, Ltd., is a United Kingdom wine distribution company. GGH also holds a 79% ownership interest in its subsidiary Gaucho Group, Inc. (“GGI”) which began operations in 2019 for the manufacture, distribution and sale of high-end luxury fashion and accessories through an e-commerce platform.

2. GOING CONCERN AND MANAGEMENT’S LIQUIDITY PLANS

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of asset amounts or the classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company incurred losses of \$6,956,815 and \$5,678,418 during the years ended December 31, 2019 and 2018, respectively. Cash used in operating activities was \$6,080,411 and \$4,345,933 for the years ended December 31, 2019 and 2018, respectively. Based upon projected revenues and expenses, the Company believes that it may not have sufficient funds to operate for the next twelve months from the date these financial statements are made available. Further, while the Company plans to apply to NASDAQ later this year to uplist its common stock, should that effort not be successful, the Company would be required, on December 31, 2020, to redeem all Series B Shares that have not been previously converted to common stock. The cost to redeem these shares would likely have a materially adverse effect on the Company’s financial position and would likely require either the liquidation of certain Company assets or an effort to raise new equity or debt financing. Whether the Company would be able to consummate any such transaction, should it need to do so, on economically beneficial terms or otherwise, cannot be presently known. The aforementioned factors raise substantial doubt about the Company’s ability to continue as a going concern. During the year ended December 31, 2019 the Company funded its operations with the net proceeds of debt and equity financing of \$5,700,248.

The Company presently has enough cash on hand to sustain its operations on a month to month basis. If the Company is not able to obtain additional sources of capital, it may not have sufficient funds to continue to operate the business for twelve months from the date these financial statements are issued. Historically, the Company has been successful in raising funds to support its capital needs. Management believes that it will be successful in obtaining additional financing; however, no assurance can be provided that the Company will be able to do so. Further, there is no assurance that these funds will be sufficient to enable the Company to attain profitable operations or continue as a going concern. To the extent that the Company is unsuccessful, the Company may need to curtail its operations and implement a plan to extend payables and reduce overhead until sufficient additional capital is raised to support further operations. There can be no assurance that such a plan will be successful. Such a plan could have a material adverse effect on the Company’s business, financial condition and results of operations, and ultimately the Company could be forced to discontinue its operations, liquidate and/or seek reorganization in bankruptcy.

In December 2019, the 2019 novel coronavirus (“COVID-19”) surfaced in Wuhan, China. The World Health Organization declared a global emergency on January 30, 2020. The impacts of the outbreak are unknown and rapidly evolving. To date the outbreak has not had a material adverse impact on our operations. However, the future impact of the outbreak is highly uncertain and cannot be predicted and there is no assurance that the outbreak will not have a material adverse impact on the future results of the Company. The extent of the impact, if any, will depend on future developments, including actions taken to contain COVID-19.

These consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying consolidated financial statements include all of the accounts of Gaucho Group Holdings, Inc. and its consolidated subsidiaries. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

Non-Controlling Interest

As a result of the conversion of certain convertible debt into shares of GGI common stock, GGI investors obtained a 21% ownership interest in GGI, which is recorded as a non-controlling interest. The profits and losses of GGI are allocated between the controlling interest and the non-controlling interest in the same proportions as their membership interest. (See Note 11 – Debt Obligations)

Use of Estimates

To prepare financial statements in conformity with accounting principles generally accepted in the United States of America, the Company must make estimates and assumptions. These estimates and assumptions affect the reported amounts in the financial statements, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The significant estimates and assumptions of the Company include the valuation of equity instruments, the value of right-of-use assets and related lease liabilities, the useful lives of property and equipment and reserves associated with the realizability of certain assets.

Highly Inflationary Status in Argentina

The International Practices Task Force (“IPTF”) of the Center for Audit Quality discussed the inflationary status of Argentina at its meeting on May 16, 2018 and categorized Argentina as a country with a projected three-year cumulative inflation rate greater than 100%. Therefore, the Company has transitioned its Argentine operations to highly inflationary status as of July 1, 2018.

For operations in highly inflationary economies, monetary asset and liabilities are translated at exchange rates in effect at the balance sheet date, and non-monetary assets and liabilities are translated at historical exchange rates. Under highly inflationary accounting, the Company’s Argentina subsidiaries’ functional currency became the United States dollar. Nonmonetary assets and liabilities existing on July 1, 2018 (the date that the Company adopted highly inflation accounting) were translated using the Argentina Peso to United States Dollar exchange rate in effect on June 30, 2018, which was 28.880. Since the adoption of highly inflationary accounting, activity in nonmonetary assets and liabilities is translated using historical exchange rates, monetary assets and liabilities are translated at using the exchange rate at the balance sheet date, and income and expense accounts are translated at the weighted average exchange rate in effect during the period. Translation adjustments are reflected in income (loss) on foreign currency translation on the accompanying statements of operations. During the years ended December 31, 2019 and 2018, the Company recorded gains on foreign currency transactions of \$101,732 and \$187,660, respectively, as a result of the net monetary liability position of its Argentine subsidiaries.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Foreign Currency Translation

The Company's functional and reporting currency is the United States dollar. The functional currencies of the Company's operating subsidiaries are their local currencies (United States dollar, Argentine peso and British pound) except for the Company's Argentine subsidiaries since July 1, 2018, as described above. Prior to the transition of Argentine operations to highly inflationary status on July 1, 2018, these foreign subsidiaries translated assets and liabilities from their local currencies to U.S. dollars using period end exchange rates while income and expense accounts were translated at the average rates in effect during the period. The resulting translation adjustment is recorded as part of other comprehensive loss, a component of stockholders' deficit. The Company engages in foreign currency denominated transactions with customers and suppliers, as well as between subsidiaries with different functional currencies. Gains and losses resulting from transactions denominated in non-functional currencies are recognized in earnings.

Comprehensive Loss

Comprehensive loss is defined as the change in equity of a business during a period from transactions and other events and circumstances from non-owner sources. It includes all changes in equity during a period except those resulting from investments by owners and distributions to owners. The guidance requires other comprehensive loss to include foreign currency translation adjustments.

Accounts Receivable

Accounts receivable primarily represent receivables from hotel guests who occupy rooms and wine sales to commercial customers. The Company provides an allowance for doubtful accounts when it determines that it is more likely than not a specific account will not be collected. Bad debt expense for the years ended December 31, 2019 and 2018 was \$126,157 and \$367, respectively. Write-offs of accounts receivable for the years ended December 31, 2019 and 2018 were \$516 and \$422, respectively.

Inventory

Inventories are comprised primarily of vineyard in process, wine in process, finished wine, food and beverage items, plus luxury clothes and accessories which are stated at the lower of cost or net realizable value (which is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation), with cost being determined on the first-in, first-out method. Costs associated with winemaking, and other costs associated with the creation of products for resale, are recorded as inventory. Costs of producing samples for marketing purposes are expensed as incurred and are included in selling and marketing expense on the accompanying statements of operations. Vineyard in process represents the monthly capitalization of farming expenses (including farming labor costs, usage of farming supplies and depreciation of the vineyard and farming equipment) associated with the growing of grape, olive and other fruits during the farming year which culminates with the February/March harvest. Wine in process represents the capitalization of costs during the winemaking process (including the transfer of grape costs from vineyard in process, winemaking labor costs and depreciation of winemaking fixed assets, including tanks, barrels, equipment, tools and the winemaking building). Finished wines represents wine available for sale and includes the transfer of costs from wine in process once the wine is bottled and labeled. Other inventory consists of olives, other fruits, golf equipment and restaurant food.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In accordance with general practice within the wine industry, wine inventories are included in current assets, although a portion of such inventories may be aged for periods longer than one year. The Company carries inventory at the lower of cost or net realizable value in accordance with ASC 330 "Inventory" and reduces the carrying value of inventories that are obsolete or in excess of estimated usage to estimated net realizable value. The Company's estimates of net realizable value are based on analyses and assumptions including, but not limited to, historical usage, future demand and market requirements. The Company records an allowance for excess, slow moving, and obsolete inventory, calculated as the difference between the cost of inventory and net realizable value. Inventory allowances are charged to cost of sales and establish a lower cost basis for the inventory. If future demand and/or pricing for the Company's products are less than previously estimated, then the carrying value of the inventories may be required to be reduced, resulting in additional expense and reduced profitability. During the year ended December 31, 2019, the Company recorded \$193,564 of write-down related to obsolete and excess inventory.

Property and Equipment

Property and equipment are stated at cost, net of accumulated depreciation using the straight-line method over their estimated useful lives. Leasehold improvements are amortized over the lesser of (a) the useful life of the asset; or (b) the remaining lease term.

The estimated useful lives of property and equipment are as follows:

Buildings	10 - 30 years
Furniture and fixtures	3 - 10 years
Vineyards	7 - 20 years
Machinery and equipment	3 - 20 years
Leasehold improvements	3 - 5 years
Computer hardware and software	3 - 5 years

The Company capitalizes internal vineyard improvement costs when developing new vineyards or replacing or improving existing vineyards. These costs consist primarily of the costs of the vines and expenditures related to labor and materials to prepare the land and construct vine trellises. Expenditures for repairs and maintenance are charged to operating expense as incurred. The cost of properties sold or otherwise disposed of and the related accumulated depreciation are eliminated from the accounts at the time of disposal and resulting gains and losses are included as a component of operating income. Real estate development consists of costs incurred to ready the land for sale, including primarily costs of infrastructure as well as master plan development and associated professional fees. Such costs are allocated to individual lots proportionately based on square meters and those allocated costs will be derecognized upon the sale of individual lots. Given that they are not placed in service until they are sold, capitalized real estate development costs are not depreciated. Land is an inexhaustible asset and is not depreciated.

Real Estate Lots Held for Sale

As the development of a real estate lot is completed and the lot becomes available for immediate sale in its present condition, the lot is marketed for sale and is included in real estate lots held for sale on the Company's balance sheet. Real estate lots held for sale are reported at the lower of carrying value or fair value less cost to sell. If the carrying value of a real estate lot held for sale exceeds its fair value less estimated selling costs, an impairment charge is recorded. The Company did not record any impairment charge in connection with real estate lots held for sale during the years ended December 31, 2019 or 2018.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Convertible Debt

The Company records a beneficial conversion feature (“BCF”) related to the issuance of notes which are convertible at a price that is below the market value of the Company’s stock when the note is issued. The intrinsic value of the BCF is recorded as debt discount which is amortized to interest expense over the life of the respective note using the effective interest method. Beneficial conversion features that are contingent upon the occurrence of a future event are recorded when the contingency is resolved.

Derivative Financial Instruments

The Company evaluates its convertible instruments to determine if those contracts or embedded components of those contracts qualify as derivative financial instruments to be separately accounted for in accordance with FASB ASC 815 “Derivatives and Hedging” (“ASC 815”). Embedded derivatives are valued separately from the host instrument and are recognized as derivative liabilities in the Company’s balance sheet. Fair value accounting requires measurement of embedded derivatives at fair value. Changes in the fair value of derivative instruments are recognized in results of operation during the period of change.

Sequencing Policy

Under ASC 815-40-35 (“ASC 815”), the Company has adopted a sequencing policy, whereby, in the event that reclassification of contracts from equity to assets or liabilities is necessary pursuant to ASC 815 due to the Company’s inability to demonstrate it has sufficient authorized shares as a result of certain securities with a potentially indeterminable number of shares, shares will be allocated on the basis of the earliest issuance date of potentially dilutive instruments, with the earliest grants receiving the first allocation of shares. Pursuant to ASC 815, issuances of securities granted as compensation in a share-based payment arrangement are not subject to the sequencing policy.

Stock-Based Compensation

The Company measures the cost of services received in exchange for an award of equity instruments based on the fair value of the award on the date of grant. The fair value amount of the shares expected to ultimately vest is then recognized over the period for which services are required to be provided in exchange for the award, usually the vesting period. The estimation of stock-based awards that will ultimately vest requires judgment, and to the extent actual results or updated estimates differ from original estimates, such amounts are recorded as a cumulative adjustment in the period that the estimates are revised. The Company accounts for forfeitures as they occur.

Concentrations

The Company maintains cash with major financial institutions. Cash held in US bank institutions is currently insured by the Federal Deposit Insurance Corporation (“FDIC”) up to \$250,000 at each institution. No similar insurance or guarantee exists for cash held in Argentina bank accounts. There were aggregate uninsured cash balances of \$29,027 and \$48,929 at December 31, 2019 and 2018, respectively, which represents cash held in Argentine bank accounts.

Foreign Operations

The following summarizes key financial metrics associated with the Company’s continuing operations (these financial metrics are immaterial for the Company’s operations in the United Kingdom):

Impairment of Long-Lived Assets

When circumstances, such as adverse market conditions, indicate that the carrying value of a long-lived asset may be impaired, the Company performs an analysis to review the recoverability of the asset's carrying value, which includes estimating the undiscounted cash flows (excluding interest charges) from the expected future operations of the asset. These estimates consider factors such as expected future operating income, operating trends and prospects, as well as the effects of demand, competition and other factors. If the analysis indicates that the carrying value is not recoverable from future cash flows, an impairment loss is recognized to the extent that the carrying value exceeds the estimated fair value. Any impairment losses are recorded as operating expenses, which reduce net income. There were no impairments of long-lived assets for the years ended December 31, 2019 and 2018, respectively.

Segment Information

The FASB has established standards for reporting information on operating segments of an enterprise in interim and annual financial statements. The Company currently operates in three segments which are the (i) business of real estate development and manufacture, (ii) the sale of high-end fashion and accessories through an e-commerce platform and (iii) its corporate operations. This classification is consistent with how the Company's chief operating decision maker makes decisions about resource allocation and assesses the Company's performance.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Codification ("ASC") Topic 606, Revenue from Contracts with Customers. ASC Topic 606 provides a single comprehensive model to use in accounting for revenue arising from contracts with customers, and gains and losses arising from transfers of non-financial assets including sales of property and equipment, real estate, and intangible assets. The Company adopted ASC Topic 606 on January 1, 2018 for all applicable contracts using the modified retrospective method, which would have required a cumulative-effect adjustment, if any, as of the date of adoption. The adoption of ASC Topic 606 did not have a material impact on the Company's consolidated financial statements as of the date of adoption, and therefore a cumulative-effect adjustment was not required.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Company earns revenues from the sale of real estate lots and sales of food and wine as well as hospitality, food & beverage, other related services, and from the sale of clothing and accessories. The Company recognizes revenue when goods or services are transferred to customers in an amount that reflects the consideration which it expects to receive in exchange for those goods or services. In determining when and how revenue is recognized from contracts with customers, the Company performs the following five-step analysis: (i) identification of contract with customer; (ii) determination of performance obligations; (iii) measurement of the transaction price; (iv) allocation of the transaction price to the performance obligations; and (v) recognition of revenue when (or as) the Company satisfies each performance obligation.

The following table summarizes the revenue recognized in the Company's consolidated statements of operations:

	For the Years Ended	
	December 31,	
	2019	2018
Real estate sales	\$ -	\$ 1,467,714
Hotel rooms and events	740,284	882,213
Restaurants	169,600	277,652
Winemaking	180,692	315,741
Golf, tennis and other	182,196	156,288
Clothes and accessories	11,665	-
Total revenues	\$ 1,284,437	\$ 3,099,608

Revenue from real estate lot sales is recorded when the lot is deeded, and legal ownership of the lot is transferred to the customer. To date, twenty-five lots have been sold. During 2018, the Company closed on the sale of all 25 lots and recorded revenue of \$1,468,000.

Revenue from the sale of food, wine, agricultural products, clothes and accessories is recorded when the customer obtains control of the goods purchased. Revenues from hospitality and other services are recognized as earned at the point in time that the related service is rendered, and the performance obligation has been satisfied. Revenues from gift card sales are recognized when the card is redeemed by the customer. The Company does not recognize revenue for the portion of gift card values that is not expected to be redeemed ("breakage") due to the lack of historical data.

The timing of the Company's revenue recognition may differ from the timing of payment by its customers. A receivable is recorded when revenue is recognized prior to payment and the Company has an unconditional right to payment. Alternatively, when payment precedes the provision of the related services, the Company records deferred revenue until the performance obligations are satisfied. Deferred revenues associated with real estate lot sale deposits are recognized as revenues (along with any outstanding balance) when the lot sale closes, and the deed is provided to the purchaser. Other deferred revenues primarily consist of deposits accepted by the Company in connection with agreements to sell barrels of wine, advance deposits received for grapes and other agricultural products, and hotel deposits. Wine barrel and agricultural product advance deposits are recognized as revenues (along with any outstanding balance) when the product is shipped to the purchaser. Hotel deposits are recognized as revenue upon occupancy of rooms, or the provision of services.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

During the year ended December 31, 2019 the Company did not recognized any revenue related to the sale of real estate lots which was included in deferred revenues as of December 31, 2018. For the year ended December 31, 2019, the Company did not recognize any revenue related to performance obligations satisfied in previous periods. Contracts related to the sale of wine, agricultural products and hotel services have an original expected length of less than one year. The Company has elected not to disclose information about remaining performance obligations pertaining to contracts with an original expected length of one year or less, as permitted under the guidance.

As of December 31, 2019 and 2018, the Company had deferred revenue of \$838,471 and \$995,327, respectively, associated with real estate lot sale deposits and had \$61,449 and \$43,165, respectively, of deferred revenue related to hotel deposits. Sales taxes and value added (“VAT”) taxes collected from customers and remitted to governmental authorities are presented on a net basis within revenues in the consolidated statements of operations.

Income Taxes

The Company accounts for income taxes pursuant to the asset and liability method of accounting for income taxes pursuant to FASB ASC 740, “Income Taxes.” Deferred tax assets and liabilities are recognized for taxable temporary differences and operating loss carry forwards. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized.

Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Net Loss per Common Share

Basic loss per common share is computed by dividing net loss attributable to GGH common stockholders by the weighted average number of common shares outstanding during the period. Diluted loss per common share is computed by dividing net loss attributable to common stockholders by the weighted average number of common shares outstanding, plus the impact of common shares, if dilutive, resulting from the exercise of outstanding stock options and warrants and the conversion of convertible instruments.

The following securities are excluded from the calculation of weighted average dilutive common shares because their inclusion would have been anti-dilutive:

Operating Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among organizations by requiring the recognition of operating lease right-of-use (“ROU”) assets and lease liabilities on the balance sheet. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases. The Company is also required to recognize and measure new leases at the adoption date and recognize a cumulative-effect adjustment in the period of adoption using a modified retrospective approach, with certain practical expedients available.

The Company adopted Accounting Standards Codification (“ASC”) 842, “Leases” (“ASC 842”) effective January 1, 2019 and elected to apply the available practical expedients and implemented internal controls and key system functionality to enable the preparation of financial information on adoption. ASC 842 requires the Company to make significant judgments and estimates. As a result, the Company implemented changes to its internal controls related to lease evaluation. These changes include updated accounting policies affected by ASC 842 as well as redesigned internal controls over financial reporting related to ASC 842 implementation. Additionally, the Company has expanded data gathering procedures to comply with the additional disclosure requirements and ongoing contract review requirements. The standard had an impact on the Company’s consolidated balance sheets but did not have an impact on the Company’s consolidated statements of operations or consolidated statements of cash flows upon adoption. The most significant impact was the recognition of ROU assets and lease liabilities of \$361,020, respectively, for operating leases, while the Company’s accounting for finance leases remained substantially unchanged. The adoption of ASC 842 did not have a material impact on the Company’s results of operations or cash flows in the current year and prior year comparative periods and as a result, a cumulative-effect adjustment was not required.

Advertising

Advertising costs are expensed as incurred. Advertising expense for the years ended December 31, 2019 and 2018 was \$319,919 and \$156,006, respectively.

New Accounting Pronouncements

In July 2018, the FASB issued ASU No. 2018-09, “Codification Improvements” (“ASU 2018-09”). ASU 2018-09 provides amendments to a wide variety of topics in the FASB’s Accounting Standards Codification, which applies to all reporting entities within the scope of the affected accounting guidance. The transition and effective date guidance are based on the facts and circumstances of each amendment. Some of the amendments in ASU 2018-09 do not require transition guidance and were effective upon issuance of ASU 2018-09. However, many of the amendments do have transition guidance with effective dates for annual periods beginning after December 15, 2018. The Company adopted ASU 2018-09 effective January 1, 2019. ASU 2018-09 did not have a material effect on the Company’s consolidated financial statements.

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement - Disclosure Framework (Topic 820). The updated guidance improves the disclosure requirements on fair value measurements. The updated guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. The Company is currently assessing the impact of adopting the updated provisions.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In March 2019, the FASB issued ASU 2019-01, “Leases (Topic 842): Codification Improvements” (“Topic 842”) (“ASU 2019-01”). These amendments align the guidance for fair value of the underlying asset by lessors that are not manufacturers or dealers in Topic 842 with that of existing guidance. As a result, the fair value of the underlying asset at lease commencement is its cost, reflecting any volume or trade discounts that may apply. However, if there has been a significant lapse of time between when the underlying asset is acquired and when the lease commences, the definition of fair value (in Topic 820, Fair Value Measurement) should be applied. (Issue 1). The ASU also requires lessors within the scope of Topic 942, Financial Services—Depository and Lending, to present all “principal payments received under leases” within investing activities. (Issue 2). Finally, the ASU exempts both lessees and lessors from having to provide certain interim disclosures in the fiscal year in which a company adopts the new leases standard. (Issue 3). The transition and effective date provisions apply to Issue 1 and Issue 2. They do not apply to Issue 3 because the amendments for that Issue are to the original transition requirements in Topic 842. ASU 2019-01 will become effective for the Company for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021; early adoption is still permitted for interim and annual reporting periods beginning after December 15, 2018. Entities will apply the standard’s provisions as a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective (i.e., modified retrospective approach). The Company is currently evaluating ASU 2019-01 and its impact on its consolidated financial statements and financial statement disclosures.

In July 2019, the FASB issued ASU 2019-07, “Codification Updates to SEC Sections — Amendments to SEC Paragraphs Pursuant to SEC Final Rule Releases No. 33-10532, Disclosure Update and Simplification, and Nos. 33-10231 and 33-10442, Investment Company Reporting Modernization and Miscellaneous Updates (SEC Update)” (“ASU 2019-07”). ASU 2019-07 aligns the guidance in various SEC sections of the Codification with the requirements of certain SEC final rules. ASU 2019-07 is effective immediately. The adoption of ASU 2019-07 did not have a material impact on the Company’s consolidated financial statements.

In December 2019, the FASB issued ASU 2019-12, Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes, which is intended to simplify various aspects related to accounting for income taxes. ASU 2019-12 removes certain exceptions to the general principles in Topic 740 and also clarifies and amends existing guidance to improve consistent application. ASU 2019-12 is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2020. Early adoption is permitted, including adoption in an interim period. The Company is evaluating the effect of adopting this new accounting guidance.

Prepaid foreign taxes, net, of \$474,130 and \$369,590 at December 31, 2019 and 2018, respectively, consists primarily of prepaid value added tax ("VAT") credits. VAT credits are recovered through VAT collections on subsequent sales of products by the Company. Prepaid VAT tax credits do not expire. Prepaid foreign taxes also include Argentine minimum presumed income tax ("MPIT") credits, which are deemed unrealizable and are fully reserved. MPIT credits expire after ten years.

In assessing the realization of the prepaid foreign taxes, management considers whether it is more likely than not that some portion or all of the prepaid foreign taxes will not be realized. Management considers the historical and projected revenues, expenses and capital expenditures in making this assessment. Based on this assessment, management has recorded a valuation allowance related to MPIT credits of \$231,441 and \$228,613 as of December 31, 2019 and 2018, respectively. During the year ended December 31, 2018, the Company recorded a credit to the provision for uncollectible assets of \$163,980 related to the decrease in reserves against prepaid foreign taxes.

7. INVESTMENTS AND FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or developed by the Company. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 - Valued based on quoted prices at the measurement date for identical assets or liabilities trading in active markets. Financial instruments in this category generally include actively traded equity securities.

Level 2 - Valued based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in markets that are not active; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) from market corroborated inputs. Financial instruments in this category include certain corporate equities that are not actively traded or are otherwise restricted.

Level 3 - Valued based on valuation techniques in which one or more significant inputs is not readily observable. Included in this category are certain corporate debt instruments, certain private equity investments, and certain commitments and guarantees.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Investments – related party at December 31, 2019 consists of warrants for the purchase of common stock of a related, but independent, entity under common management, of which GGH's Chief Executive Officer ("CEO") is Chairman and Chief Executive Officer, and GGH's Chief Financial Officer ("CFO") is Chief Financial Officer (collectively referred to as "Related Party"). Warrants retained by the Company are marked-to-market at each reporting date using the Black-Scholes option pricing model. Unrealized losses on affiliate warrants of \$4,370 were recorded during the year ended December 31, 2019 and \$18,561 for the year ended December 31, 2018 are included in revenues on the accompanying consolidated statements of operations.

The fair value of the warrants was determined based on the Black-Scholes option pricing model, which requires the input of highly subjective assumptions, including the expected share price volatility. Given that such shares were not publicly-traded, the Company developed an expected volatility figure based on a review of the historical volatilities, over a period of time, of similarly positioned public companies within the industry.

The Company's other short-term financial instruments include cash, accounts receivable, advances and loans to employees, accounts payable, accrued expenses, other liabilities, loans payable and debt obligations. The carrying values of these instruments approximate fair value, as they bear terms and conditions comparable to market, for obligations with similar terms and maturities.

In January 2019, management of GGI gave the option to the noteholders of extending the maturity date from December 31, 2018 to March 31, 2019 of their specific Gaucho Notes. The Gaucho Notes, as amended, bear interest at 7% per annum and mature and became due on March 31, 2019. All holders of Gaucho Notes agreed to extend the maturity date to March 31, 2019. The Gaucho Notes and related accrued interest were convertible into GGI common stock at the option of the holder, at a price representing 20% discount to the share price in a future offering of GGI common stock. During 2019, the Company repaid \$65,500 and \$3,256 of principal and interest due, respectively, and the Company issued a certain noteholder 144,882 shares of its common stock in satisfaction for a note in the principal and accrued interest amount of \$50,000 and \$709, respectively. On April 14, 2019, the Company made a one-time offer to the holders of Gaucho Notes to convert the Gaucho Notes into shares of common stock of GGI at a price per share of \$0.40, and on June 30, 2019, \$2,051,300 and \$55,308 of principal and interest, respectively, was converted into 5,266,520 shares of GGI common stock, representing a 21% non-controlling interest in GGI. As of December 31, 2019, principal and interest of \$100,000 and \$6,260 remain outstanding under the Gaucho Notes. The Company incurred total interest expense of \$ 46,746 and \$18,786 related to the Gaucho Notes during the years ended December 31, 2019 and 2018, respectively. The principal balance of the Gaucho Notes at December 31, 2019 is no longer convertible, since the notes are past their maturity date. Interest continues to accrue based on the interest rate stated above.

As of December 31, 2019, the Company estimates that an aggregate of approximately \$67,600,000, \$53,700,000 and \$30,100,000 of gross U.S. federal, state and local net operating losses ("NOLs") may be available to offset future taxable income, each of which includes approximately \$1,300,000 of GGI 2019 NOLs which is no longer part of the consolidated tax group because GGH's ownership interest is now less than 80%. Approximately \$55,900,000 of the federal NOLs will expire from 2020 to 2037 and approximately \$11,700,000 have no expiration. All of the \$53,700,000 of state NOLs will expire from 2035 to 2039 and approximately \$30,000,000 of the local NOLs will expire from 2035 to 2037, while approximately \$100,000 of the local NOLs have no expiration. These NOL carryovers are subject to annual limitations under Section 382 of the U.S. Internal Revenue Code because there was a greater than 50% ownership change, as determined under the regulations, on or about June 30, 2012. We have determined that, due to those annual limitations under Section 382, approximately \$6,315,000 of NOLs will expire unused and are not included in the available NOLs stated above. Therefore, we have reduced the related deferred tax asset for NOL carryovers by approximately \$2,810,000 from June 30, 2012 forward. The Company's NOLs generated through the date of the ownership change on June 30, 2012 are subject to an annual limitation of approximately \$1,004,000. The Company remains subject to the possibility that a greater than 50% ownership change could trigger additional annual limitations on the usage of NOLs.

GAUCHO GROUP HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

As of December 31, 2019, the Company had approximately \$450,000 of gross U.K. NOL carryovers which do not expire, and the Company had approximately \$110,000 of Argentine tax credits which may be carried forward 10 years and begin to expire in 2020.

In assessing the realization of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the future generation of taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income, and taxing strategies in making this assessment. Based on this assessment, management has established a full valuation allowance against all of the net deferred tax assets for each period, since it is more likely than not that all of the deferred tax assets will not be realized. The valuation allowance for the year ended December 31, 2019 decreased by approximately \$6,000 and for the year ended December 31, 2018 decreased by approximately \$861,000.

Management has evaluated and concluded that there were no material uncertain tax positions requiring recognition in the Company's consolidated financial statements as of December 31, 2019 and 2018. The Company does not expect any significant changes in its unrecognized tax benefits within twelve months of the reporting date. The Company has U.S. tax returns subject to examination by tax authorities beginning with those filed for the year ended December 31, 2016 (or the year ended December 31, 2000 if the Company were to utilize its NOLs). No tax audits were commenced or were in process during the years ended December 31, 2019 and 2018. The Company's policy is to classify assessments, if any, for tax related interest as interest expense and penalties as general and administrative expenses in the consolidated statements of operations.

13. SEGMENT DATA

Prior to the commencement of GGI operations, the Company's chief operating decision-maker (CODM) reviewed the operating results of the Company on an aggregate basis and managed the Company's operations as a single operating segment. As a result of the commencement of GGI operations in the fourth quarter of 2019, the Company's financial position and results of operations are classified into three reportable segments, consistent with how the CODM makes decisions about resource allocation and assesses the Company's performance. :

- Real Estate Development, through AWE and TAR, including hospitality and winery operations, which support the ALGODON® brand.
- Fashion (e-commerce), through GGI, including the manufacture and sale of high-end fashion and accessories sold through an e-commerce platform.
- Corporate, consisting of general corporate overhead expenses not directly attributable to any one of the business segments.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

On July 8, 2019, the Company granted options for the purchase of 3,139,890 shares of common stock at an exercise price of \$0.385 per share to certain employees and consultants under the 2018 Stock Option Plan, which includes options for the purchase of 2,209,890 common shares granted to the Company's President and CEO, options for the purchase of 155,000 common shares granted to the Company's CFO, and options for the purchase of 150,000 shares granted to a member of the Company's board of directors. The options vest 25% on the first anniversary of the date of grant with the remainder vesting quarterly over the next three years. The options had an aggregate grant date fair value of \$398,199, which will be recognized ratably over the vesting period.

The Company has computed the fair value of options granted using the Black-Scholes option pricing model. The weighted average grant date fair value per share of options granted by GGH during the years ended December 31, 2019 and 2018 was \$0.10 and \$0.32, respectively. Assumptions used in applying the Black-Scholes option pricing model during years ended December 31, 2019 and 2018, respectively, are as follows:

	For the Years Ended	
	December 31,	
	2019	2018
Risk free interest rate	1.84 - 2.43%	2.56 - 2.96%
Expected term (years)	3.6 - 5.0	3.6-5.0
Expected volatility	51.0 - 52.0%	43.5%
Expected dividends	0.00%	0.00%

Until September 23, 2016, there was no public trading market for the shares of GGH common stock underlying the Company's 2001 Plan and 2008 Plan and 2016 Plan. Accordingly, the fair value of the GGH common stock was estimated by management based on observations of the cash sales prices of GGH equity securities. Forfeitures are estimated at the time of valuation and reduce expense ratably over the vesting period. This estimate will be adjusted periodically based on the extent to which actual forfeitures differ, or are expected to differ, from the previous estimate, when it is material. The expected term of options granted to consultants represents the contractual term, whereas the expected term of options granted to employees and directors was estimated based upon the "simplified" method for "plain-vanilla" options. Given that the Company's shares were not publicly traded, the Company developed an expected volatility based on a review of the historical volatilities, over a period of time equivalent to the expected term of the options, of similarly positioned public companies within its industry. The risk-free interest rate was determined from the implied yields from U.S. Treasury zero-coupon bonds with a remaining term consistent with the expected term of the options. The Company records forfeitures related to options as they occur.

During the years ended December 31, 2019 and 2018, the Company recorded stock-based compensation expense of \$432,187 and \$716,249, respectively, related to stock option grants, which is reflected as general and administrative expenses (classified in the same manner as the grantees' wage compensation) in the consolidated statements of operations. As of December 31, 2019, there was \$1,143,412 of unrecognized stock-based compensation expense related to stock option grants that will be amortized over a weighted average period of 2.69 years.

Neither the Company, nor any of its Affiliates, nor any Person acting on its or their behalf has, directly or indirectly, made any offers or sales of any security or solicited any offers to buy any security, under circumstances that would cause this offering of the Securities to be integrated with prior offerings by the Company for purposes of any applicable shareholder approval provisions of any Trading Market on which any of the securities of the Company are listed or designated.

(bb) Solvency. Based on the consolidated financial condition of the Company as of the Closing Date, after giving effect to the receipt by the Company of the proceeds from the sale of the Securities hereunder, (i) the fair saleable value of the Company's assets exceeds the amount that will be required to be paid on or in respect of the Company's existing debts and other liabilities (including known contingent liabilities) as they mature, (ii) the Company's assets do not constitute unreasonably small capital to carry on its business as now conducted and as proposed to be conducted including its capital needs taking into account the particular capital requirements of the business conducted by the Company, consolidated and projected capital requirements and capital availability thereof, and (iii) the current cash flow of the Company, together with the proceeds the Company would receive, were it to liquidate all of its assets, after taking into account all anticipated uses of the cash, would be sufficient to pay all amounts on or in respect of its liabilities when such amounts are required to be paid. The Company does not intend to incur debts beyond its ability to pay such debts as they mature (taking into account the timing and amounts of cash to be payable on or in respect of its debt). The Company has no knowledge of any facts or circumstances which lead it to believe that it will file for reorganization or liquidation under the bankruptcy or reorganization laws of any jurisdiction within one year from the Closing Date. The SEC Reports sets forth as of the Execution Date all outstanding secured and unsecured Indebtedness of the Company or any Subsidiary, or for which the Company or any Subsidiary has commitments. There are no unpaid taxes in any material amount claimed to be due by the taxing authority of any jurisdiction, and the officers of the Company or of any Subsidiary know of no basis for any such claim. The provisions for taxes payable, if any, shown on the financial statements filed with or as part of the Registration Statement, Preliminary Prospectus and Prospectus are sufficient for all accrued and unpaid taxes, whether or not disputed, and for all periods to and including the dates of such consolidated financial statements. The term “taxes” mean all federal, state, local, foreign, and other net income, gross income, gross receipts, sales, use, ad valorem, transfer, franchise, profits, license, lease, service, service use, withholding, payroll, employment, excise, severance, stamp, occupation, premium, property, windfall profits, customs, duties or other taxes, fees, assessments, or charges of any kind whatsoever, together with any interest and any penalties, additions to tax, or additional amounts with respect thereto. The term “returns” means all returns, declarations, reports, statements, and other documents required to be filed in respect to taxes.

(dd) Foreign Corrupt Practices. Neither the Company nor any Subsidiary, nor to the knowledge of the Company or any Subsidiary, any agent or other person acting on behalf of the Company or any Subsidiary, has (i) directly or indirectly, used any funds for unlawful contributions, gifts, entertainment or other unlawful expenses related to foreign or domestic political activity, (ii) made any unlawful payment to foreign or domestic government officials or employees or to any foreign or domestic political parties or campaigns from corporate funds, (iii) failed to disclose fully any contribution made by the Company or any Subsidiary (or made by any person acting on its behalf of which the Company is aware) which is in violation of law, or (iv) violated in any material respect any provision of FCPA. The Company has taken reasonable steps to ensure that its accounting controls and duties are sufficient to cause the Company to comply in all material respects with the FCPA.

Each equity incentive award granted by the Company under the Company’s equity incentive plans was granted (i) in accordance with the terms of such plan and (ii) any option was granted with an exercise price at least equal to the fair market value of the Common Stock on the date such stock option would be considered granted under GAAP and applicable law. No stock option granted under any Company stock option plan has been backdated. The Company has not knowingly granted, and there is no and has been no Company policy or practice to knowingly grant, stock options prior to, or otherwise knowingly coordinate the grant of stock options with, the release or other public announcement of material information regarding the Company or its Subsidiaries or their financial results or prospects.

(gg) Office of Foreign Assets Control. Neither the Company nor any Subsidiary nor, to the Company’s knowledge, any director, officer, agent, employee or affiliate of the Company or any Subsidiary is currently subject to any U.S. sanctions administered by the Office of Foreign Assets Control of the U.S. Treasury Department.

(hh) U.S. Real Property Holding Corporation. The Company is not and has never been a U.S. real property holding corporation within the meaning of Section 897 of the Internal Revenue Code of 1986, as amended, and the Company shall so certify upon the Representative’s request.

Neither the Company nor any of its Subsidiaries or Affiliates is subject to the Bank Holding Company Act of 1956, as amended (the “BHCA”) and to regulation by the Board of Governors of the Federal Reserve System (the “Federal Reserve”). Neither the Company nor any of its Subsidiaries or Affiliates owns or controls, directly or indirectly, five percent (5%) or more of the outstanding shares of any class of voting securities or twenty-five percent (25%) or more of the total equity of a bank or any entity that is subject to the BHCA and to regulation by the Federal Reserve. Neither the Company nor any of its Subsidiaries or Affiliates exercises a controlling influence over the management or policies of a bank or any entity that is subject to the BHCA and to regulation by the Federal Reserve.

Except for securities purchased on the open market, no Company Affiliate is an owner of stock or other securities of any member of FINRA. No Company Affiliate has made a subordinated loan to any member of FINRA. No proceeds from the sale of the Securities (excluding underwriting compensation as disclosed in the Registration Statement, Preliminary Prospectus and the Prospectus) will be paid to any FINRA member, any persons associated with a FINRA member or an affiliate of a FINRA member. Other than the 1,015,393 shares of Common Stock issued to the Representative on October 30, 2020 in connection with entering into the Engagement Agreement (as defined below) with the Representative, the Company has not issued any warrants or other securities or granted any options, directly or indirectly, to the Representative or any of the Underwriters named on Schedule I hereto within the 180-day period prior to the commencement of sales of the Securities in connection with the Offering. Except as disclosed in the Registration Statement, Preliminary Prospectus and the Prospectus and except securities sold by the Representative on behalf of the Company, no person to whom securities of the Company have been privately issued within the 180-day period prior to the commencement of the sales of the Securities in connection with the Offering is a FINRA member, is a person associated with a FINRA member or is an affiliate of a FINRA member. To the Company’s knowledge, no FINRA member participating in the Offering has a conflict of interest with the Company. For this purpose, a “conflict of interest” exists when a FINRA member, the parent or affiliate of a FINRA member or any person associated with a FINRA member in the aggregate beneficially own 5% or more of the Company’s outstanding subordinated debt or common equity, or 5% or more of the Company’s preferred equity. “FINRA member participating in the Offering” includes any associated person of a FINRA member that is participating in the Offering, any member of such associated person’s immediate family and any affiliate of a FINRA member that is participating in the Offering. “Any person associated with a FINRA member” means (1) a natural person who is registered or has applied for registration under the rules of FINRA and (2) a sole proprietor, partner, officer, director, or branch manager of a FINRA member, or other natural person occupying a similar status or performing similar functions, or a natural person engaged in the investment banking or securities business who is directly or indirectly controlling or controlled by a FINRA member. When used in this Section 3.1(ll) the term “affiliate of a FINRA member” or “affiliated with a FINRA member” means an entity that controls, is controlled by or is under common control with a FINRA member. The Company will advise the Representative and S&W if it learns that any officer, director or owner of 5% or more of the Company’s outstanding shares of Common Stock or Common Stock Equivalents is or becomes an affiliate or associated person of a FINRA member firm.

(mm) Officers’ Certificate. Any certificate signed by any duly authorized officer of the Company and delivered to the Representative or S&W shall be deemed a representation and warranty by the Company to the Underwriters as to the matters covered thereby.

(nn) Board of Directors. These plans are referred to collectively herein as the “Employee Plans.” An “ERISA Affiliate” of any person or entity means any other person or entity which, together with that person or entity, could be treated as a single employer under Section 414(b), (c), (m) or (o) of the Internal Revenue Code of 1986, as amended (the “Code”). Each Employee Plan has been maintained in material compliance with its terms and the requirements of applicable law. No Employee Plan is subject to Title IV of ERISA. The SEC Reports, Preliminary Prospectus, Registration Statement and the Prospectus identify each employment, severance or other similar agreement, arrangement or policy and each material plan or arrangement required to be disclosed pursuant to the Rules and Regulations providing for insurance coverage (including any self-insured arrangements), workers’ compensation, disability benefits, severance benefits, supplemental unemployment benefits, vacation benefits or retirement benefits, or deferred compensation, profit-sharing, bonuses, stock options, stock appreciation rights or other forms of incentive compensation, or post-retirement insurance, compensation or benefits, which: (i) is not an Employee Plan; (ii) is entered into, maintained or contributed to, as the case may be, by the Company or any of its ERISA Affiliates; and (iii) covers any officer or director or former officer or director of the Company or any of its ERISA Affiliates. These agreements, arrangements, policies or plans are referred to collectively as “Benefit Arrangements”. Each Benefit Arrangement has been maintained in material compliance with its terms and with the requirements of applicable law. Except as disclosed in the Registration Statement, Preliminary Prospectus and the Prospectus, there is no liability in respect of post-retirement health and medical benefits for retired employees of the Company or any of its ERISA Affiliates, other than medical benefits required to be continued under applicable law. No “prohibited transaction” (as defined in either Section 406 of ERISA or Section 4975 of the Code) has occurred with respect to any Employee Plan; and each Employee Plan that is intended to be qualified under Section 401(a) of the Code is so qualified, and nothing has occurred, whether by action or by failure to act, which could cause the loss of such qualification.

The Company hereby waives and releases, to the fullest extent permitted by law, any claims that the Company may have against the Underwriters with respect to any breach or alleged breach of fiduciary duty.

(a) From the Execution Date until one hundred thirty-five (135) days after the Closing Date, neither the Company nor any Subsidiary shall issue, or solicit, negotiate with, or enter into any agreement with any source of financing (whether equity, debt or otherwise) other than the Representative, including, but not limited to, any underwriter, potential underwriter, placement agent, financial advisor, investment banking firm or any other person or entity, in connection with an offering or proposed offering of the Company’s debt or equity securities or any other financing by the Company.

(b) From the Execution Date until one hundred thirty-five (135) days after the Closing Date, the Company shall be prohibited from effecting or entering into an agreement to effect any issuance by the Company or any of its Subsidiaries of Common Stock or Common Stock Equivalents (or a combination of units thereof) involving a Variable Rate Transaction. “Variable Rate Transaction” means a transaction in which the Company (i) issues or sells any debt or equity securities that are convertible into, exchangeable or exercisable for, or include the right to receive, additional shares of Common Stock either (A) at a conversion price, exercise price or exchange rate or other price that is based upon, and/or varies with, the trading prices of or quotations for the shares of Common Stock at any time after the initial issuance of such debt or equity securities or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such debt or equity security or upon the occurrence of specified or contingent events directly or indirectly related to the business of the Company or the market for the Common Stock or (ii) enters into, or effects a transaction under, any agreement, including, but not limited to, an equity line of credit, whereby the Company may issue securities at a future determined price. Any Underwriter shall be entitled to obtain injunctive relief against the Company to preclude any such issuance, which remedy shall be in addition to any right to collect damages.

29

(c) Notwithstanding the foregoing, this Section 4.21 shall not apply in respect of an Exempt Issuance, except that no Variable Rate Transaction shall be an Exempt Issuance.

4.22 Capital Changes. Until nine (9) months after the Closing Date, the Company shall not undertake a reverse or forward stock split or reclassification of the Common Stock without the prior written consent of the Representative, which shall not be unreasonably withheld if such stock split or reclassification is for purposes of maintaining the Company’s Nasdaq listing.

4.23 Research Independence. The Company acknowledges that each Underwriter’s research analysts and research departments, if any, are required to be independent from their respective investment banking divisions and are subject to certain regulations and internal policies, and that such Underwriter’s research analysts may hold and make statements or investment recommendations and/or publish research reports with respect to the Company and/or the offering that differ from the views of its investment bankers. The Company hereby waives and releases, to the fullest extent permitted by law, any claims that the Company may have against such Underwriter with respect to any conflict of interest that may arise from the fact that the views expressed by their independent research analysts and research departments may be different from or inconsistent with the views or advice communicated to the Company by such Underwriter’s investment banking divisions. The Company acknowledges that each Representative is a full service

securities firm and as such from time to time, subject to applicable securities laws, may effect transactions for its own account or the account of its customers and hold long or short position in debt or equity securities of the Company.

4.24. Tail Period. Notwithstanding any other provision of this Agreement, in the event that the Offering is not consummated by the Underwriters as contemplated herein, for a period of twelve (12) months from the earlier of (i) the final Closing Date of the Offering or (ii) twelve (12) months from the Execution Date, in the event that the Company receives any proceeds from the sale of securities to any investor actually introduced to the Company by the Representative during the Engagement Period (as defined in the Engagement Agreement) (a “Tail Financing”) and the Company has direct knowledge of such investor’s participation, the Company agrees to pay to the Representative a cash fee equal to 8.0% of such gross proceeds; provided that any purchase of any Company securities in an at-the-market offering shall not be deemed a Tail Financing. In addition, unless (x) the Company terminates this Agreement for “Cause” (as defined below), or (y) the Representative fails to provide the underwriting services provided in this Agreement, upon termination of this Agreement pursuant to Section 7.1(a), if the Company subsequently completes a public or private financing with any investors introduced to the Company by the Representative during the twelve (12) month period following such termination, the Representative shall be entitled to receive the compensation to be paid to the Representative under this Agreement.

30

ARTICLE V. DEFAULT BY REPRESENTATIVE

If on the Closing Date or any Option Closing Date, if any, any Underwriter shall fail to purchase and pay for the portion of the Closing Securities or Option Securities, as the case may be, which such Underwriter has agreed to purchase and pay for on such date (otherwise than by reason of any default on the part of the Company), the Representative, or if a Representative is the defaulting Underwriter, the non-defaulting Underwriters, shall use their reasonable efforts to procure within 36 hours thereafter one or more of the other Underwriters, or any others, to purchase from the Company such amounts as may be agreed upon and upon the terms set forth herein, the Closing Securities or Option Securities, as the case may be, which the defaulting Underwriter or Underwriters failed to purchase. If during such 36 hours the Representative shall not have procured such other Underwriters, or any others, to purchase the Closing Securities or Option Securities, as the case may be, agreed to be purchased by the defaulting Underwriter or Underwriters, then (a) if the aggregate number of Closing Securities or Option Securities, as the case may be, with respect to which such default shall occur does not exceed 10% of the Closing Securities or Option Securities, as the case may be, covered hereby, the other Underwriters shall be obligated, severally, in proportion to the respective numbers of Closing Securities or Option Securities, as the case may be, which they are obligated to purchase hereunder, to purchase the Closing Securities or Option Securities, as the case may be, which such defaulting Underwriter or Underwriters failed to purchase, or (b) if the aggregate number of Closing Securities or Option Securities, as the case may be, with respect to which such default shall occur exceeds 10% of the Closing Securities or Option Securities, as the case may be, covered hereby, the Company or the Representative will have the right to terminate this Agreement without liability on the part of the non-defaulting Underwriters or of the Company except to the extent provided in Article VI hereof. In the event of a default by any Underwriter or Underwriters, as set forth in this Article V, the applicable Closing Date may be postponed for such period, not exceeding seven days, as the Representative, or if a Representative is the defaulting Underwriter, the non-defaulting Underwriters, may determine in order that the required changes in the Prospectus or in any other documents or arrangements may be effected. The term “Underwriter” includes any person substituted for a defaulting Underwriter. Any action taken under this Section shall not relieve any defaulting Underwriter from liability in respect of any default of such Underwriter under this Agreement.

31

ARTICLE VI. INDEMNIFICATION AND CONTRIBUTION

6.1 Indemnification of the Underwriters. The Company shall indemnify and hold harmless each Underwriter, its affiliates, the directors, officers, employees and agents of such Underwriter and each person, if any, who controls such Underwriter within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act from and against any and all losses, claims, liabilities, expenses and damages (including any and all investigative, legal and other expenses reasonably incurred in connection with, and any amount paid in settlement of, any action, suit or proceeding between any of the indemnified parties and any indemnifying parties or between any indemnified party and any third party, or otherwise, or any claim asserted), to which they, or any of them, may become subject under the Securities Act, the Exchange Act or other federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, liabilities, expenses or damages arise out of or are based on (i) any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement (or any amendment thereto), including the information deemed to be a part of the Registration Statement at the time of effectiveness and at any subsequent time pursuant to Rules 430A and 430B of the Securities Act and the rules and regulations thereunder, as applicable, or the omission or alleged omission therefrom of a material fact required to be stated therein or necessary to make the statements therein not misleading or (ii) any untrue statement or alleged untrue statement of a material fact contained in any preliminary prospectus, any preliminary prospectus supplement, any Permitted Free Writing Prospectus or the Prospectus (or any amendment or supplement to any of the foregoing) or the omission or alleged omission therefrom of a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading or (iii) any untrue statement or alleged untrue statement of a material fact contained in any materials or information provided to investors by, or with the approval of, the Company in connection with the marketing of the offering of the Securities, including any roadshow or investor presentations made to investors by the Company (whether in person or electronically) (collectively, Marketing Materials) or the omission or alleged omission therefrom of a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; *provided, however*, that the Company shall not be liable to the extent that such loss, claim, liability, expense or damage is based on any untrue statement or omission or alleged untrue statement or omission made in reliance on and in conformity with Underwriters’ Information. This indemnity agreement will be in addition to any liability that the Company might otherwise have. For all purposes of this Agreement, the information set forth in the Prospectus in the “Price Stabilization, Short Positions and Penalty Bids” and “Electronic Distribution” sections under the caption “Underwriting” constitutes the only information (the “Underwriters’ Information”) relating to the Underwriters furnished in writing to the Company by the Underwriters through the Representative specifically for inclusion in the preliminary prospectus, the Registration Statement or the Prospectus. With respect to any untrue statement or omission or alleged untrue statement or omission made in the General Disclosure Package, the indemnity agreements contained in this Section 6.1 shall not inure to the benefit of any Underwriter Indemnified Party to the extent that any loss, liability, claim, damage or expense of such Underwriter Indemnified Party results from the fact that a copy of the Prospectus was not given or sent to the person asserting any such loss, liability, claim, damage at or prior to written confirmation of sale of the Public Securities to such person as required by the Securities Act, and if the untrue statement or omission had been corrected in the Prospectus, unless the failure to deliver the Prospectus was a result of non-compliance by the Company with its obligations under Section 4.3 hereof.

6.2 Indemnification of the Company. Each Underwriter, severally and not jointly, agrees to indemnify and hold harmless the Company, its affiliates, the directors, officers, employees and agents of the Company and each other person or entity, if any, who controls the Company within the meaning of Section 15 of the Securities Act or Section 20 of the Exchange Act, against any losses, liabilities, claims, damages and expenses whatsoever, as incurred (including but not limited to reasonable attorneys’ fees and any and all reasonable expenses whatsoever, incurred in investigating, preparing or defending against any litigation, commenced or threatened, or any claim whatsoever, and any and all amounts paid in settlement of any claim or litigation), joint or several, to which they or any of them may become subject under the Securities Act, the Exchange Act or otherwise, insofar as such losses, liabilities, claims, damages or expenses (or actions in respect thereof) arise out of or are based upon an untrue statement or alleged untrue statement of a material fact contained in the Registration Statement at the time of effectiveness and at any subsequent time pursuant to Rules 430A and 430B of the Securities Act and the rules and regulations thereunder, any Preliminary Prospectus, the Prospectus, or any amendment or supplement to any of them, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, in each case to the extent, but only to the extent, that any such loss, liability, claim, damage or expense (or action in respect thereof) arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission made therein in reliance upon the Underwriters’ Information; *provided, however*, that in no case shall any Underwriter be liable or responsible for any amount in excess of the underwriting discount and commissions applicable to the Securities purchased by such Underwriter hereunder.

32

6.3 Indemnification Procedures. Any party hereto that proposes to assert the right to be indemnified under this Section 6 shall, promptly after receipt of notice of commencement of any action against such party in respect of which a claim is to be made against an indemnifying party or parties under this Section 6, notify each such indemnifying party of the commencement of such action, enclosing a copy of all papers served, but the omission so to notify such indemnifying party shall not relieve the indemnifying party from any liability that it may have to any indemnified party under the foregoing provisions of this Section 6 unless, and only to the extent that, such omission results in the forfeiture of substantive rights or defenses by the indemnifying party. If any such action is brought against any indemnified party and it notifies the indemnifying party of its commencement, the indemnifying party will be entitled to participate in and, to the extent that it elects by delivering written notice to the indemnified party promptly after receiving notice of the commencement of the action from the indemnified party, jointly with any other indemnifying party similarly notified, to assume the defense of the action, with counsel reasonably satisfactory to the indemnified party, and after notice from the indemnifying party to the indemnified party of its election to assume the defense, the indemnifying party will not be liable to the indemnified party for any legal or other expenses except as provided below and except for the reasonable out-of-pocket costs of investigation subsequently incurred by the indemnified party in connection with the defense. The indemnified party will have the right to employ its own counsel in any such action, but the fees, expenses and other charges of such counsel will be at the expense of such indemnified party unless (i) the employment of counsel by the indemnified party has been authorized in writing by one of the indemnifying parties in connection with the defense of such action, (ii) the indemnified party has reasonably concluded (based on advice of counsel) that there may be legal defenses available to it or other indemnified parties that are different from or in addition to those available to the indemnifying party, (iii) the indemnified party has reasonably concluded that a conflict or potential conflict exists (based on advice of counsel to the indemnified party) between the indemnified party and the indemnifying party (in which case the indemnifying party shall not have the right to direct the defense of such action on behalf of the indemnified party), (iv) the indemnifying party does not diligently defend the action after assumption of the defense, or (v) the indemnifying party has not in fact employed counsel reasonably satisfactory to the indemnified party to assume the defense of such action within a reasonable time after receiving notice of the commencement of the action, in each of which cases the reasonable fees, disbursements and other charges of counsel shall be at the expense of the indemnifying party or parties. It is understood that the indemnifying party or parties shall not, in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the reasonable fees, disbursements and other charges of more than one separate firm admitted to practice in such jurisdiction at any one time for all such indemnified party or parties. All such fees, disbursements and other charges shall be reimbursed by the indemnifying party promptly as they are incurred. An indemnifying party shall not be liable for any settlement of any action or claim effected without its written consent (which consent will not be unreasonably withheld or delayed). No indemnifying party shall, without the prior written consent of each indemnified party, settle or compromise or consent to the entry of any judgment in any pending or threatened claim, action or proceeding relating to the matters contemplated by this Section 6 (whether or not any indemnified party is a party thereto), unless (x) such settlement, compromise or consent (i) includes an unconditional release of each indemnified party from all liability arising or that may arise out of such claim, action or proceeding and (ii) does not include a statement as to or an admission of fault, culpability or a failure to act by or on behalf of any indemnified party, and (y) the indemnifying party confirms in writing its indemnification obligations hereunder with respect to such settlement, compromise or judgment. Notwithstanding the foregoing, if at any time an indemnified party shall have requested an indemnifying party to reimburse the indemnified party for fees and expenses of counsel, such indemnifying party agrees that it shall be liable for any settlement of the nature contemplated by Section 6(a) effected without its written consent if (A) such settlement is entered into more than 45 days after receipt by such indemnifying party of the aforesaid request, (B) such indemnifying party shall have received notice of the terms of such settlement at least 30 days prior to such settlement being entered into and (iii) such indemnifying party shall not have reimbursed such indemnified party in accordance with such request prior to the date of such settlement.

33

6.4 Contribution. In order to provide for just and equitable contribution in circumstances in which the indemnification provided for in the foregoing paragraphs of this Section 6 is applicable in accordance with its terms but for any reason is held to be unavailable, the Company and the Underwriters shall contribute to the total losses, claims, liabilities, expenses and damages (including any investigative, legal and other expenses reasonably incurred in connection with, and any amount paid in settlement of, any action, suit or proceeding or any claim asserted, but after deducting any contribution received by the Company from persons other than the Underwriters, such as persons who control the Company within the meaning of the Securities Act, officers of the Company who signed the Registration Statement and directors of the Company, who may also be liable for contribution), to which the Company and the Underwriter may be subject in such proportion as shall be appropriate to reflect the relative benefits received by the Company on the one hand and the Underwriters on the other from the offering of the Securities pursuant to this Agreement. The relative benefits received by the Company and the Underwriters shall be deemed to be in the same proportion as (x) the total proceeds from the Offering (net of underwriting discount and commissions but before deducting expenses) received by the Company bears to (y) the underwriting discount and commissions received by the Underwriters, in each case as set forth in the table on the cover page of the Prospectus. If, but only if, the allocation provided by the foregoing sentence is not permitted by applicable law, the allocation of contribution shall be made in such proportion as is appropriate to reflect not only the relative benefits referred to in the foregoing sentence but also the relative fault of the Company, on the one hand, and the Underwriters, on the other, with respect to the statements or omissions which resulted in such loss, claim, liability, expense or damage, or action in respect thereof, as well as any other relevant equitable considerations with respect to such offering. Such relative fault shall be determined by reference to whether the untrue or alleged untrue statement of a material fact or omission or alleged omission to state a material fact relates to information supplied by the Company or the Underwriters, the intent of the parties and their relative knowledge, access to information and opportunity to correct or prevent such statement or omission. The Company and the Underwriters agree that it would not be just and equitable if contributions pursuant to this Section 6.4 were to be determined by pro rata allocation or by any other method of allocation (even if the Underwriters were treated as one entity for such purpose) which does not take into account the equitable considerations referred to herein. The amount paid or payable by an indemnified party as a result of the loss, claim, liability, expense or damage, or action in respect thereof, referred to above in this Section 6.4 shall be deemed to include, for purpose of this Section 6.4, any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 6.4, no Underwriter shall be required to contribute any amount in excess of the underwriting discounts and commissions received by it. No person found guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 6.4, any person who controls a party to this Agreement within the meaning of the Securities Act will have the same rights to contribution as that party, and each officer of the Company who signed the Registration Statement will have the same rights to contribution as the Company, and each director, officer, employee, counsel or agent of an Underwriter will have the same rights to contribution as such Underwriter, subject in each case to the provisions hereof. Any party entitled to contribution, promptly after receipt of notice of commencement of any action against such party in respect of which a claim for contribution may be made under this Section 6.4, will notify any such party or parties from whom contribution may be sought, but the omission so to notify will not relieve the party or parties from whom contribution may be sought from any other obligation it or they may have under this Section 6.4. The obligations of the Underwriters to contribute pursuant to this Section 6.4 are several in proportion to the respective number of Shares to be purchased by each of the Underwriters hereunder and not joint. No party will be liable for contribution with respect to any action or claim settled without its written consent (which consent will not be unreasonably withheld).

6.5 Survival. The indemnity and contribution agreements contained in this Section 6 and the representations and warranties of the Company contained in this Agreement shall remain operative and in full force and effect regardless of (i) any investigation made by or on behalf of any Underwriter or any controlling Person thereof, (ii) acceptance of any of the Securities and payment therefor or (iii) any termination of this Agreement.

34

ARTICLE VII. MISCELLANEOUS

7.1 Termination.

(a) Termination Right. This Agreement shall terminate at the end of the Engagement Period. In addition, the Representative shall have the right to terminate this Agreement at any time prior to any Closing Date (i) if any domestic or international event, act or occurrence has materially disrupted, or in their opinion will in the immediate future materially disrupt, general securities markets in the United States, including, but not limited to any event, act or occurrence relating to the COVID-19 pandemic; (ii) if trading on any Trading Market shall have been suspended or materially limited, or minimum or maximum prices for trading shall have been fixed, or maximum ranges for prices for securities shall have been required by FINRA or by order of the Commission or any other government authority having jurisdiction; (iii) if the United States shall

have become involved in a new war or an increase in major hostilities, which will, in the Representative's opinion, make it inadvisable to proceed with the delivery of any Securities; (iv) if a banking moratorium has been declared by a New York State or federal authority; (v) if a moratorium on foreign exchange trading has been declared which materially adversely impacts the United States securities markets; (vi) if the Company shall have sustained a material loss by fire, flood, accident, hurricane, earthquake, theft, sabotage or other calamity or malicious act which, whether or not such loss shall have been insured, will, in the Representative's opinion, make it inadvisable to proceed with the delivery of any Securities; (vii) if the Company is in material breach of any of its representations, warranties or covenants hereunder; or (viii) if the Representative shall have become aware after the Execution Date of such a material adverse change in the conditions or prospects of the Company, or such adverse material change in general market conditions as in the Representative's judgment would make it impracticable to proceed with the offering, sale and/or delivery of any Securities or to enforce contracts made by the Underwriters for the sale of any Securities. The Company shall not have the right to terminate this Agreement other than for "Cause". "Cause", for the purpose of this Agreement, shall mean, as determined by a court of competent jurisdiction, willful misconduct, gross negligence or a material breach of this Agreement by the Representative. In the event that the Company believes that the Representative has engaged conduct constituting Cause, the Company must first notify the Representative in writing of the facts and circumstances supporting such an assertion(s), and the Representative shall have twenty (20) days to cure such alleged conduct.

(b) Expenses. In the event this Agreement shall be terminated pursuant to Section 7.1(a), within the time specified herein or any extensions thereof pursuant to the terms herein, the Company shall be obligated to pay to the Representative its actual and accountable out-of-pocket expenses related to the transactions contemplated herein then due and payable up to \$35,000 (provided, however, that such expense cap in no way limits or impairs the indemnification and contribution provisions of this Agreement).

(c) Indemnification. Notwithstanding any contrary provision contained in this Agreement, any election hereunder or any termination of this Agreement, and whether or not this Agreement is otherwise carried out, the provisions of Article VI shall not be in any way effected by such election or termination or failure to carry out the terms of this Agreement or any part hereof.

7.2 Entire Agreement. The Transaction Documents, together with the exhibits and schedules thereto, the General Disclosure Package, any Preliminary Prospectus and the Prospectus, contain the entire understanding of the parties hereto with respect to the subject matter hereof and thereof and supersede all prior agreements and understandings, oral or written, with respect to such matters, which the parties hereto acknowledge have been merged into such documents, exhibits and schedules. Notwithstanding anything herein to the contrary, the Engagement Agreement, executed on October 30, 2020 ("Engagement Agreement"), by and between the Company and the Representative, shall continue to be effective and the terms therein, including, without limitation, Section 14 with respect to any future offerings, shall continue to survive and be enforceable by the Representative in accordance with its terms, provided that, in the event of a conflict between the terms of the Engagement Agreement and this Agreement, the terms of this Agreement shall prevail.

35

7.3 Notices. Any and all notices or other communications or deliveries required or permitted to be provided hereunder shall be in writing and shall be deemed given and effective on the earliest of: (a) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number or e-mail attachment at the email address set forth on the signature pages attached hereto at or prior to 5:30 p.m. (New York City time) on a Trading Day, (b) the next Trading Day after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile number or e-mail attachment at the e-mail address as set forth on the signature pages attached hereto on a day that is not a Trading Day or later than 5:30 p.m. (New York City time) on any Trading Day, (c) the second (2nd) Trading Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service or (d) upon actual receipt by the party to whom such notice is required to be given. The address for such notices and communications shall be as set forth on the signature pages attached hereto.

7.4 Amendments; Waivers. No provision of this Agreement may be waived, modified, supplemented or amended except in a written instrument signed, in the case of an amendment, by the Company and the Representative. No waiver of any default with respect to any provision, condition or requirement of this Agreement shall be deemed to be a continuing waiver in the future or a waiver of any subsequent default or a waiver of any other provision, condition or requirement hereof, nor shall any delay or omission of any party to exercise any right hereunder in any manner impair the exercise of any such right.

7.5 Headings. The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof.

7.6 Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns.

7.7 Governing Law. All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflicts of law thereof. Each party hereto agrees that all legal proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by this Agreement and any other Transaction Documents (whether brought against a party hereto or its respective affiliates, directors, officers, shareholders, partners, members, employees or agents) shall be commenced exclusively in the state and federal courts sitting in the City of New York. Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the City of New York, Borough of Manhattan for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any action, suit or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is improper or is an inconvenient venue for such proceeding. Each party hereto hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by law. If either party hereto shall commence an action or proceeding to enforce any provisions of the Transaction Documents, then, in addition to the obligations of the Company under Article VI, the prevailing party in such action, suit or proceeding shall be reimbursed by the other party for its reasonable attorneys' fees and other costs and expenses incurred with the investigation, preparation and prosecution of such action or proceeding.

7.8 Survival. The representations and warranties contained herein shall survive the Closing and the Option Closing, if any, and the delivery of the Securities.

36

7.9 Execution. This Agreement may be executed in two or more counterparts, all of which when taken together shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party hereto and delivered to each other party hereto, it being understood that the parties hereto need not sign the same counterpart. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

7.10 Severability. If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction to be invalid, illegal, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions set forth herein shall remain in full force and effect and shall in no way be affected, impaired or invalidated, and the parties hereto shall use their commercially reasonable efforts to find and employ an alternative means to achieve the same or substantially the same result as that contemplated by such term, provision, covenant or restriction. It is hereby stipulated and declared to be the intention of the parties hereto that they would have executed the remaining terms, provisions, covenants and restrictions without including any of such that may be hereafter declared invalid, illegal, void or unenforceable.

7.11 Remedies. In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, the Underwriters and the Company will be entitled to specific performance under the Transaction Documents. The parties hereto agree that monetary damages may not be adequate compensation for any loss

incurred by reason of any breach of obligations contained in the Transaction Documents and hereby agree to waive and not to assert in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

7.12 Saturdays, Sundays, Holidays, etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Business Day, then such action may be taken or such right may be exercised on the next succeeding Business Day.

7.13 Construction. The parties hereto agree that each of them and/or their respective counsel have reviewed and had an opportunity to revise the Transaction Documents and, therefore, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of the Transaction Documents or any amendments thereto. In addition, each and every reference to share prices and shares of Common Stock in any Transaction Document shall be subject to adjustment for reverse and forward stock splits, stock dividends, stock combinations and other similar transactions of the Common Stock that occur after the date of this Agreement.

7.14 **WAIVER OF JURY TRIAL.** IN ANY ACTION, SUIT, OR PROCEEDING IN ANY JURISDICTION BROUGHT BY ANY PARTY HERETO AGAINST ANY OTHER PARTY HERETO ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY, THE PARTIES HERETO EACH KNOWINGLY AND INTENTIONALLY, TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY ABSOLUTELY, UNCONDITIONALLY, IRREVOCABLY AND EXPRESSLY WAIVE FOREVER ANY RIGHT TO TRIAL BY JURY.

Re: Gaucho Group Holdings, Inc. — Public Offering

Ladies and Gentlemen:

The undersigned, a holder of common stock, par value \$0.01 per share (“**Shares**”), of Gaucho Group Holdings, Inc. (the “**Company**”), or rights to acquire shares of Common Stock, understands that you are the representative (the “**Representative**”) of the several underwriters (collectively, the “**Underwriters**”) named or to be named in the final form of the underwriting agreement (the “**Underwriting Agreement**”) to be entered into among the Underwriters and the Company, providing for the public offering (the “**Public Offering**”) of the Securities pursuant to a registration statement filed or to be filed with the U.S. Securities and Exchange Commission (the “**SEC**”). Capitalized terms used herein and not otherwise defined shall have the meanings set forth for them in the Underwriting Agreement.

In consideration of the Underwriters’ agreement to enter into the Underwriting Agreement and to proceed with the Public Offering of the Securities, and for other good and valuable consideration, receipt of which is hereby acknowledged, the undersigned hereby agrees, for the benefit of the Company, the Representative and the other Underwriters that, without the prior written consent of the Representative, the undersigned will not, during the period specified in the following paragraph (the “**Lock-Up Period**”), directly or indirectly, unless otherwise provided herein, (a) offer, sell, agree to offer or sell, solicit offers to purchase, grant any call option or purchase any put option with respect to, pledge, encumber, assign, borrow or otherwise dispose of (each a “**Transfer**”) any Relevant Security (as defined below) or otherwise publicly disclose the intention to do so, or (b) establish or increase any “put equivalent position” or liquidate or decrease any “call equivalent position” with respect to any Relevant Security (in each case within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), and the rules and regulations thereunder) with respect to any Relevant Security or otherwise enter into any swap, derivative or other transaction or arrangement that Transfers to another, in whole or in part, any economic consequence of ownership of a Relevant Security, whether or not such transaction is to be settled by the delivery of Relevant Securities, other securities, cash or other consideration, or otherwise publicly disclose the intention to do so. As used herein, the term “**Relevant Security**” means any Share, warrant to purchase Shares or any other security of the Company or any other entity that is convertible into, or exercisable or exchangeable for, Shares or any other equity security of the Company, in each case owned beneficially or otherwise by the undersigned on the date of closing of the Public Offering or acquired by the undersigned during the Lock-Up Period.

The restrictions in the foregoing paragraph shall not apply to any exercise (including a cashless exercise or broker-assisted exercise and payment of tax obligations) of options or warrants to purchase Shares; provided that any Shares received upon such exercise, conversion or exchange will be subject to this Lock-Up Period. The Lock-Up Period will commence on the date of this Lock-up Agreement and continue and include the date that is three-hundred sixty (360) days after the closing of the Public Offering; provided however, that the Lock-Up Period for John Griffin, who is neither an officer or director of the Company, will commence on the date of this Lock-Up Agreement and continue and include the date that is one hundred eighty (180) days after the closing of the Public Offering.

In addition, the undersigned further agrees that, except for the registration statement filed or to be filed in connection with the Public Offering, during the Lock-Up Period the undersigned will not, without the prior written consent of the Representative: (a) file or participate in the filing with the SEC of any registration statement or circulate or participate in the circulation of any preliminary or final prospectus or other disclosure document, in each case with respect to any proposed offering or sale of a Relevant

Security, or (b) exercise any rights the undersigned may have to require registration with the SEC of any proposed offering or sale of a Relevant Security.

In furtherance of the undersigned's obligations hereunder, the undersigned hereby authorizes the Company during the Lock-Up Period to cause any transfer agent for the Relevant Securities to decline to transfer, and to note stop transfer restrictions on the stock register and other records relating to, Relevant Securities for which the undersigned is the record owner and the transfer of which would be a violation of this Lock-Up Agreement and, in the case of Relevant Securities for which the undersigned is the beneficial but not the record owner, agrees that during the Lock-Up Period it will cause the record owner to cause the relevant transfer agent to decline to transfer, and to note stop transfer restrictions on the stock register and other records relating to, such Relevant Securities to the extent such transfer would be a violation of this Lock-Up Agreement.

Notwithstanding the foregoing, the undersigned may transfer the undersigned's Relevant Securities:

- (i) as a *bona fide* gift or gifts,
- (ii) to any trust, partnership, limited liability company or other legal entity commonly used for estate planning purposes which is established for the direct or indirect benefit of the undersigned or a member of members of the immediate family of the undersigned,
- (iii) if the undersigned is a corporation, partnership, limited liability company, trust or other business entity (1) to another corporation, partnership, limited liability company, trust or other business entity that is a direct or indirect affiliate (as defined in Rule 405 under the Securities Act of 1933, as amended) of the undersigned, (2) to limited partners, limited liability company members or stockholders of the undersigned, or (3) in connection with a sale, merger or transfer of all or substantially all of the assets of the undersigned or any other change of control of the undersigned, not undertaken for the purpose of avoiding the restrictions imposed by this Lock-Up Agreement,
- (iv) if the undersigned is a trust, to the beneficiary of such trust,
- (v) by testate or intestate succession,
- (vi) by operation of law, such as pursuant to a qualified domestic order or in connection with a divorce settlement, or
- (vii) pursuant to the Underwriting Agreement;

provided, in the case of clauses (i)-(vi), that (A) such transfer shall not involve a disposition for value, (B) the transferee agrees in writing with the Underwriters and the Company to be bound by the terms of this Lock-Up Agreement, and (C) such transfer would not require any filing under Section 16(a) of the Exchange Act and no such filing is voluntarily made.

43

For purposes of this Lock-Up Agreement, "immediate family" shall mean any relationship by blood, marriage or adoption, not more remote than first cousin.

The undersigned hereby represents and warrants that the undersigned has full power and authority to enter into this Lock-Up Agreement and that this Lock-Up Agreement has been duly authorized (if the undersigned is not a natural person) and constitutes the legal, valid and binding obligation of the undersigned, enforceable in accordance with its terms. Upon request, the undersigned will execute any additional documents necessary in connection with the enforcement hereof. Any obligations of the undersigned shall be binding upon the successors and assigns of the undersigned from the date of this Lock-Up Agreement.

The undersigned understands that, if the Underwriting Agreement does not become effective, or if the Underwriting Agreement (other than the provisions thereof which survive termination) shall terminate or be terminated prior to payment for and delivery of the Securities to be sold thereunder, the undersigned shall be released from all obligations under this Lock-Up Agreement.

The undersigned, whether or not participating in the Public Offering, understands that the Underwriters are entering into the Underwriting Agreement and proceeding with the Public Offering in reliance upon this Lock-Up Agreement.

This Lock-Up Agreement shall be governed by and construed in accordance with the laws of the State of New York, without regard to the conflict of laws principles thereof. Delivery of a signed copy of this Lock-Up Agreement by facsimile or e-mail/pdf transmission shall be effective as the delivery of the original hereof.

Section 2. Exercise.

a) Exercise of Warrant. Subject to the provisions of Section 2(e) herein, exercise of the purchase rights represented by this Warrant may be made, in whole or in part, at any time or times on or after the Initial Exercise Date and on or before the Termination Date by delivery to the Company of a duly executed facsimile copy or PDF copy submitted by e-mail (or e-mail attachment) of the Notice of Exercise in the form annexed hereto (the “Notice of Exercise”). Within the earlier of (i) two (2) Trading Days and (ii) the number of Trading Days comprising the Standard Settlement Period (as defined in Section 2(d)(i) herein) following the date of exercise as aforesaid, the Holder shall deliver the aggregate Exercise Price for the Warrant Shares specified in the applicable Notice of Exercise by wire transfer or cashier’s check drawn on a United States bank unless the cashless exercise procedure specified in Section 2(c) below is specified in the applicable Notice of Exercise. No ink-original Notice of Exercise shall be required, nor shall any medallion guarantee (or other type of guarantee or notarization) of any Notice of Exercise be required. Notwithstanding anything herein to the contrary, the Holder shall not be required to physically surrender this Warrant to the Company until the Holder has purchased all of the Warrant Shares available hereunder and the Warrant has been exercised in full, in which case, the Holder shall surrender this Warrant to the Company for cancellation within three (3) Trading Days of the date on which the final Notice of Exercise is delivered to the Company. Partial exercises of this Warrant resulting in purchases of a portion of the total number of Warrant Shares available hereunder shall have the effect of lowering the outstanding number of Warrant Shares purchasable hereunder in an amount equal to the applicable number of Warrant Shares purchased. The Holder and the Company shall maintain records showing the number of Warrant Shares purchased and the date of such purchases. The Company shall deliver any objection to any Notice of Exercise within one (1) Trading Day of receipt of such notice. **The Holder and any assignee, by acceptance of this Warrant, acknowledge and agree that, by reason of the provisions of this paragraph, following the purchase of a portion of the Warrant Shares hereunder, the number of Warrant Shares available for purchase hereunder at any given time may be less than the amount stated on the face hereof.**

3

b) Exercise Price. The exercise price per share of Common Stock under this Warrant shall be \$[]³ subject to adjustment hereunder (the “Exercise Price”).

c) Cashless Exercise. If at any time when this Warrant first becomes exercisable, after the one hundred eighty (180)-day anniversary of the Closing Date, the Registration Statement does not cover the Warrant Shares or is not in effect and there is no other effective registration statement registering, or no current prospectus available for the issuance of the Warrant Shares to the Holder and the resale of the Warrant Shares, then this Warrant may also be exercised, in whole or in part, at such time by means of a “cashless exercise” in which the Holder shall be entitled to receive a number of Warrant Shares equal to the quotient obtained by dividing [(A-B) (X)] by (A), where:

(A) = as applicable: (i) the VWAP on the Trading Day immediately preceding the date of the applicable Notice of Exercise if such Notice of Exercise is (1) both executed and delivered pursuant to Section 2(a) hereof on a day that is not a Trading Day or (2) both executed and delivered pursuant to Section 2(a) hereof on a Trading Day prior to the opening of “regular trading hours” (as defined in Rule 600(b)(68) of Regulation NMS promulgated under the federal securities laws) on such Trading Day, (ii) at the option of the Holder, either (y) the VWAP on the Trading Day immediately preceding the date of the applicable Notice of Exercise or (z) the Bid Price of the Common Stock on the principal Trading Market as reported by Bloomberg L.P. as of the time of the Holder’s execution of the applicable Notice of Exercise if such Notice of Exercise is executed during “regular trading hours” on a Trading Day and is delivered within two (2) hours thereafter (including until two (2) hours after the close of “regular trading hours” on a Trading Day) pursuant to Section 2(a) hereof or (iii) the VWAP on the date of the applicable Notice of Exercise if the date of such Notice of Exercise is a Trading Day and such Notice of Exercise is both executed and delivered pursuant to Section 2(a) hereof after the close of “regular trading hours” on such Trading Day;

(B) = the Exercise Price of this Warrant, as adjusted hereunder; and

(X) = the number of Warrant Shares that would be issuable upon exercise of this Warrant in accordance with the terms of this Warrant if such exercise were by means of a cash exercise rather than a cashless exercise.

If Warrant Shares are issued in a cashless exercise, the parties acknowledge and agree that in accordance with Section 3(a)(9) of the Securities Act, the Warrant Shares shall take on the characteristics of the Warrants being exercised, and the holding period of the Warrant Shares being issued may be tacked on to the holding period of this Warrant. The Company agrees not to take any position contrary to this Section 2(c).

³ 110% the price of a unit set forth in the prospectus, which makes up a part of the Registration Statement.

4

d) Mechanics of Exercise.

i. Delivery of Warrant Shares Upon Exercise. The Company shall cause the Warrant Shares purchased hereunder to be transmitted by the Transfer Agent to the Holder by crediting the account of the Holder’s or its designee’s balance account with The Depository Trust Company through its Deposit or Withdrawal at Custodian system (“DWAC”) if the Company is then a participant in such system and either (A) there is an effective registration statement permitting the issuance of the Warrant Shares to or resale of the Warrant Shares by the Holder or (B) the Warrant Shares are eligible for resale by the Holder without volume or manner-of-sale limitations pursuant to Rule 144 (assuming cashless exercise of the Warrants), and

otherwise by physical delivery of a certificate, registered in the Company's share register in the name of the Holder or its designee, for the number of Warrant Shares to which the Holder is entitled pursuant to such exercise to the address specified by the Holder in the Notice of Exercise by the date that is the earliest of (i) two (2) Trading Days after the delivery to the Company of the Notice of Exercise, provided that payment of the aggregate Exercise Price (other than in the instance of a cashless exercise) is received by the Company by such date, (ii) one (1) Trading Day after delivery of the aggregate Exercise Price to the Company and (iii) the number of Trading Days comprising the Standard Settlement Period after the delivery to the Company of the Notice of Exercise (such date, the "Warrant Share Delivery Date"). Upon delivery of the Notice of Exercise, the Holder shall be deemed for all corporate purposes to have become the holder of record of the Warrant Shares with respect to which this Warrant has been exercised, irrespective of the date of delivery of the Warrant Shares, provided that payment of the aggregate Exercise Price (other than in the case of a cashless exercise) is received within the earlier of (i) two (2) Trading Days and (ii) the number of Trading Days comprising the Standard Settlement Period following delivery of the Notice of Exercise. The Company agrees to maintain a transfer agent that is a participant in the FAST program so long as this Warrant remains outstanding and exercisable. As used herein, "Standard Settlement Period" means the standard settlement period, expressed in a number of Trading Days, on the Company's primary Trading Market with respect to the Common Stock as in effect on the date of delivery of the Notice of Exercise.

ii. Delivery of New Warrants Upon Exercise. If this Warrant shall have been exercised in part, the Company shall, at the request of a Holder and upon surrender of this Warrant certificate, at the time of delivery of the Warrant Shares, deliver to the Holder a new Warrant evidencing the rights of the Holder to purchase the unpurchased Warrant Shares called for by this Warrant, which new Warrant shall in all other respects be identical with this Warrant.

iii. Rescission Rights. If the Company fails to cause the Transfer Agent to transmit to the Holder the Warrant Shares pursuant to Section 2(d) (i) by the Warrant Share Delivery Date, then the Holder will have the right to rescind such exercise.

5

iv. Compensation for Buy-In on Failure to Timely Deliver Warrant Shares Upon Exercise. In addition to any other rights available to the Holder, if the Company fails to cause the Transfer Agent to transmit to the Holder the Warrant Shares in accordance with the provisions of Section 2(d)(i) above pursuant to an exercise on or before the Warrant Share Delivery Date (other than any such failure that is solely due to any action or inaction by the Holder with respect to such exercise), and if after such date the Holder is required by its broker to purchase (in an open market transaction or otherwise) or the Holder's brokerage firm otherwise purchases, shares of Common Stock to deliver in satisfaction of a sale by the Holder of the Warrant Shares which the Holder anticipated receiving upon such exercise (a "Buy-In"), then the Company shall (A) pay in cash to the Holder the amount, if any, by which (x) the Holder's total purchase price (including brokerage commissions, if any) for the shares of Common Stock so purchased exceeds (y) the amount obtained by multiplying (1) the number of Warrant Shares that the Company was required to deliver to the Holder in connection with the exercise at issue times (2) the price at which the sell order giving rise to such purchase obligation was executed, and (B) at the option of the Holder, either reinstate the portion of the Warrant and equivalent number of Warrant Shares for which such exercise was not honored (in which case such exercise shall be deemed rescinded) or deliver to the Holder the number of shares of Common Stock that would have been issued had the Company timely complied with its exercise and delivery obligations hereunder. For example, if the Holder purchases Common Stock having a total purchase price of \$11,000 to cover a Buy-In with respect to an attempted exercise of shares of Common Stock with an aggregate sale price giving rise to such purchase obligation of \$10,000, under clause (A) of the immediately preceding sentence the Company shall be required to pay the Holder \$1,000. The Holder shall provide the Company written notice indicating the amounts payable to the Holder in respect of the Buy-In and, upon request of the Company, evidence of the amount of such loss. Nothing herein shall limit a Holder's right to pursue any other remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Company's failure to timely deliver shares of Common Stock upon exercise of the Warrant as required pursuant to the terms hereof.

v. No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares shall be issued upon the exercise of this Warrant. As to any fraction of a share which the Holder would otherwise be entitled to purchase upon such exercise, the Company shall, at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Exercise Price or round up to the next whole share.

vi. Charges, Taxes and Expenses. Issuance of Warrant Shares shall be made without charge to the Holder for any issue or transfer tax or other incidental expense in respect of the issuance of such Warrant Shares, all of which taxes and expenses shall be paid by the Company, and such Warrant Shares shall be issued in the name of the Holder or in such name or names as may be directed by the Holder; provided, however, that in the event that Warrant Shares are to be issued in a name other than the name of the Holder, this Warrant when surrendered for exercise shall be accompanied by the Assignment Form attached hereto duly executed by the Holder and the Company may require, as a condition thereto, the payment of a sum sufficient to reimburse it for any transfer tax incidental thereto. The Company shall pay all Transfer Agent fees required for same-day processing of any Notice of Exercise

6

vii. Closing of Books. The Company will not close its stockholder books or records in any manner which prevents the timely exercise of this Warrant, pursuant to the terms hereof.

e) Holder's Exercise Limitations. The Company shall not effect any exercise of this Warrant, and a Holder shall not have the right to exercise any portion of this Warrant, pursuant to Section 2 or otherwise, to the extent that after giving effect to such issuance after exercise as set forth on the applicable Notice of Exercise, the Holder (together with the Holder's Affiliates, and any other Persons acting as a group together with the Holder or any of the Holder's Affiliates (such Persons, "Attribution Parties")), would beneficially own in excess of the Beneficial Ownership Limitation (as defined below). For purposes of the foregoing sentence, the number of shares of Common Stock beneficially owned by the Holder and its Affiliates and Attribution Parties shall include the number of shares of Common Stock issuable upon exercise of this Warrant with respect to which such determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) exercise of the remaining, nonexercised portion of this Warrant beneficially owned by the Holder or any of its Affiliates or Attribution Parties and (ii) exercise or conversion of the unexercised or nonconverted portion of any other securities of the Company (including, without limitation, any other Common Stock Equivalents) subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the Holder or any of its Affiliates or Attribution Parties. Except as set forth in the preceding sentence, for purposes of this Section 2(e), beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder, it being acknowledged by the Holder that the Company is not representing to the Holder that such calculation is in compliance with Section 13(d) of the Exchange Act and the Holder is solely responsible for any schedules required to be filed in accordance therewith. To the extent that the limitation contained in this Section 2(e) applies, the determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and of which portion of this Warrant is exercisable shall be in the sole discretion of the Holder, and the submission of a Notice of Exercise shall be deemed to be the Holder's determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and of which portion of this Warrant is exercisable, in each case subject to the Beneficial Ownership Limitation, and the Company shall have no obligation to verify or confirm the accuracy of such determination. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder. For purposes of this Section 2(e), in determining the number of outstanding shares of Common Stock, a Holder may rely on the number of outstanding shares of Common Stock as reflected in (A) the Company's most recent periodic or annual report filed with the Commission, as the case may be, (B) a

more recent public announcement by the Company or (C) a more recent written notice by the Company or the Transfer Agent setting forth the number of shares of Common Stock outstanding. Upon the written or oral request of a Holder, the Company shall within one Trading Day confirm orally and in writing to the Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Company, including this Warrant, by the Holder or its Affiliates or Attribution Parties since the date as of which such number of outstanding shares of Common Stock was reported. The “Beneficial Ownership Limitation” shall be 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock issuable upon exercise of this Warrant. The Holder, upon notice to the Company, may increase or decrease the Beneficial Ownership Limitation provisions of this Section 2(e), provided that the Beneficial Ownership Limitation in no event exceeds 9.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock upon exercise of this Warrant held by the Holder and the provisions of this Section 2(e) shall continue to apply. Any increase in the Beneficial Ownership Limitation will not be effective until the 61st day after such notice is delivered to the Company. The provisions of this paragraph shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 2(e) to correct this paragraph (or any portion hereof) which may be defective or inconsistent with the intended Beneficial Ownership Limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such limitation. The limitations contained in this paragraph shall apply to a successor holder of this Warrant.

7

Section 3. Certain Adjustments.

a) Stock Dividends and Splits. If the Company, at any time while this Warrant is outstanding: (i) pays a stock dividend or otherwise makes a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company upon exercise of this Warrant), (ii) subdivides outstanding shares of Common Stock into a larger number of shares, (iii) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (iv) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event, and the number of shares issuable upon exercise of this Warrant shall be proportionately adjusted such that the aggregate Exercise Price of this Warrant shall remain unchanged. Any adjustment made pursuant to this Section 3(a) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

b) Subsequent Rights Offerings. In addition to any adjustments pursuant to Section 3(a) above, if at any time the Company grants, issues or sells any Common Stock Equivalents or rights to purchase stock, warrants, securities or other property pro rata to all (or substantially all) of the record holders of any class of shares of Common Stock (the “Purchase Rights”), then the Holder will be entitled to acquire, upon the terms applicable to such Purchase Rights, the aggregate Purchase Rights which the Holder could have acquired if the Holder had held the number of shares of Common Stock acquirable upon complete exercise of this Warrant immediately before the date on which a record is taken for the grant, issuance or sale of such Purchase Rights, or, if no such record is taken, the date as of which the record holders of shares of Common Stock are to be determined for the grant, issue or sale of such Purchase Rights. The provisions of this Section 3(b) will not apply to any grant, issuance, or sale of Common Stock Equivalents or other rights to purchase stock, warrants, securities or other property of the Company which is not made pro rata to all record holders of Common Stock.

8

c) [Reserved].

d) Fundamental Transaction. If, at any time while this Warrant is outstanding, (i) the Company, directly or indirectly, in one or more related transactions effects any merger or consolidation of the Company with or into another Person, (ii) the Company, directly or indirectly, effects any sale, lease, license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions, (iii) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding Common Stock, (iv) the Company, directly or indirectly, in one or more related transactions effects any reclassification, reorganization or recapitalization of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property, or (v) the Company, directly or indirectly, in one or more related transactions consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off, merger, or scheme of arrangement) with another Person or group of Persons whereby such other Person or group acquires more than 50% of the outstanding shares of Common Stock (not including any shares of Common Stock held by the other Person or other Persons making or party to, or associated or affiliated with the other Persons making or party to, such stock or share purchase agreement or other business combination) (each a “Fundamental Transaction”), then, upon any subsequent exercise of this Warrant, the Holder shall have the right to receive, for each Warrant Share that would have been issuable upon such exercise immediately prior to the occurrence of such Fundamental Transaction, at the option of the Holder (without regard to any limitation in Section 2(e) on the exercise of this Warrant), the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and any additional consideration (the “Alternate Consideration”) receivable as a result of such Fundamental Transaction by a holder of the number of shares of Common Stock for which this Warrant is exercisable immediately prior to such Fundamental Transaction (without regard to any limitation in Section 2(e) on the exercise of this Warrant). For purposes of any such exercise, the determination of the Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any exercise of this Warrant following such Fundamental Transaction. The Company shall cause any successor entity in a Fundamental Transaction in which the Company is not the survivor (the “Successor Entity”) to assume in writing all of the obligations of the Company under this Warrant in accordance with the provisions of this Section 3(d) pursuant to written agreements prior to such Fundamental Transaction and shall, at the option of the Holder, deliver to the Holder in exchange for this Warrant a security of the Successor Entity evidenced by a written instrument substantially similar in form and substance to this Warrant which is exercisable for a corresponding number of shares of capital stock of such Successor Entity (or its parent entity) equivalent to the shares of Common Stock acquirable and receivable upon exercise of this Warrant (without regard to any limitations on the exercise of this Warrant) prior to such Fundamental Transaction, and with an exercise price which applies the exercise price hereunder to such shares of capital stock (but taking into account the relative value of the shares of Common Stock pursuant to such Fundamental Transaction and the value of such shares of capital stock, such number of shares of capital stock and such exercise price being for the purpose of protecting the economic value of this Warrant immediately prior to the consummation of such Fundamental Transaction). Upon the occurrence of any such Fundamental Transaction, the Successor Entity shall succeed to, and be substituted for (so that from and after the date of such Fundamental Transaction, the provisions of this Warrant referring to the “Company” shall refer instead to the Successor Entity), and may exercise every right and power of the Company and shall assume all of the obligations of the Company under this Warrant with the same effect as if such Successor Entity had been named as the Company herein. For the avoidance of doubt, if, at any time while this Warrant is outstanding, a Fundamental Transaction occurs, pursuant to the terms of this Section 3(d), the Holder shall not be entitled to receive more than one of (i) the consideration receivable as a result of such Fundamental Transaction by a holder of the number of shares of Common Stock for which this Warrant is exercisable immediately prior to such Fundamental Transaction, or (ii) the assumption by the Successor Entity of all of the obligations of the Company under this Warrant and the option to receive a security of the Successor Entity evidenced by a written instrument substantially similar in form and substance to this Warrant.

e) [Reserved.]

f) Calculations. All calculations under this Section 3 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 3, the number of shares of Common Stock deemed to be issued and outstanding as of a given date shall be the sum of the number of shares of Common Stock (excluding treasury shares, if any) issued and outstanding.

g Notice to Holder.

i. Adjustment to Exercise Price. Whenever the Exercise Price is adjusted pursuant to any provision of this Section 3, the Company shall promptly deliver to the Holder by facsimile or email a notice setting forth the Exercise Price after such adjustment and any resulting adjustment to the number of Warrant Shares and setting forth a brief statement of the facts requiring such adjustment.

ii. Notice to Allow Exercise by Holder. If (A) the Company shall declare a dividend (or any other distribution in whatever form) on the Common Stock, (B) the Company shall declare a special nonrecurring cash dividend on or a redemption of the Common Stock, (C) the Company shall authorize the granting to all holders of the Common Stock rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights, (D) the approval of any stockholders of the Company shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company, or any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property, or (E) the Company shall authorize the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company, then, in each case, the Company shall cause to be delivered by facsimile or email to the Holder at its last facsimile number or email address as it shall appear upon the Warrant Register of the Company, at least twenty (20) calendar days prior to the applicable record or effective date hereinafter specified, a notice (unless such information is filed with the Commission, in which case a notice shall not be required) stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange; provided that the failure to deliver such notice or any defect therein or in the delivery thereof shall not affect the validity of the corporate action required to be specified in such notice. To the extent that any notice provided in this Warrant constitutes, or contains, material, non-public information regarding the Company or any of the Subsidiaries, the Company shall simultaneously file such notice with the Commission pursuant to a Current Report on Form 8-K. The Holder shall remain entitled to exercise this Warrant during the period commencing on the date of such notice to the effective date of the event triggering such notice except as may otherwise be expressly set forth herein.

10

h) Aggregation of Shares. If, after the date hereof, the number of outstanding shares of Common Stock is decreased by a consolidation, combination or reclassification of Common Stock or other similar event, then, on the effective date thereof, the number of Warrant Shares purchasable hereunder shall be decreased in proportion to such decrease in outstanding shares of Common Stock, and the Exercise Price shall be proportionately increased.

i) Changes in Form of Warrant. This form of Warrant need not be changed because of any change pursuant to this Section 3, and any Warrant issued after such change may state the same Exercise Price and the same number of Warrant Shares as are stated in the initial Warrant. The acceptance by the Holder of the issuance of a new Warrant reflecting a required or permissive change shall not be deemed to waive any rights to an adjustment occurring after the Initial Exercise Date or the computation thereof.

Section 4. Transfer of Warrant.

a) Transferability. Pursuant to FINRA Rule 5110(e)(1), neither this Warrant nor any Warrant Shares issued upon exercise of this Warrant shall be sold, transferred, assigned, pledged, or hypothecated, or be the subject of any hedging, short sale, derivative, put, or call transaction that would result in the effective economic disposition of the Securities by any person for a period of 180 days immediately following the commencement of sales of the Securities in connection with the Offering pursuant to which this Warrant is being issued, except the transfer of any security:

- i. by operation of law or by reason of reorganization of the Company;
- ii. to any FINRA member firm participating in the Offering and the officers or partners thereof, if all securities so transferred remain subject to the lock-up restriction in this Section 4(a) for the remainder of the time period;
- iii. if the aggregate amount of securities of the Company held by the Holder or related person do not exceed 1% of the Securities being offered;
- iv. that is beneficially owned on a pro-rata basis by all equity owners of an investment fund, provided that no participating member manages or otherwise directs investments by the fund, and participating members in the aggregate do not own more than 10% of the equity in the fund;
- v. of an issuer that meets the registration requirements of Commission Forms S-3, F-3 or F-10;
- vi. is a non-convertible or non-exchangeable debt security acquired in a transaction related to the Offering;

11

- vii. is a derivative instrument acquired in connection with a hedging transaction related to the Offering and at a fair price;
- viii. was acquired in a transaction meeting the requirements of FINRA Rule 5110(d);
- ix. was received as underwriting compensation, and is registered and sold as part of a firm commitment offering;
- x. is "actively-traded" (as defined in Rule 101(c)(1) of Regulation M promulgated by the Commission);
- xi. is transferred or sold back to the Company in a transaction exempt from registration with the Commission; or
- xii. the exercise or conversion of any security, if all securities received remain subject to the lock-up restriction in this Section 4(a) for the remainder of the time period.

Subject to the foregoing and compliance with any applicable securities laws and the conditions set forth in Section 4(d) hereof, this Warrant and all rights hereunder are transferable, in whole or in part, upon surrender of this Warrant at the principal office of the Company or its designated agent, together with a written assignment of this Warrant substantially in the form attached hereto duly executed by the Holder or its agent or attorney and funds sufficient to pay any transfer taxes payable upon the making of such transfer. Upon such surrender and, if required, such payment, the Company shall execute and deliver a new Warrant or Warrants in the name of the assignee or assignees, as applicable, and in the denomination or denominations specified in such instrument of assignment, and shall issue to the assignor a new Warrant evidencing the portion of this Warrant not so assigned, and this Warrant shall promptly be cancelled. In order to effectuate a transfer (in whole or in part) of this Warrant, the Holder shall surrender this Warrant to the Company within three (3) Trading Days of the date on which the Holder delivers an assignment form to the Company assigning this Warrant in full. This Warrant, if properly assigned in accordance herewith, may be exercised by a new holder for the purchase of Warrant Shares without having a new Warrant issued.

b) New Warrants. This Warrant may be divided or combined with other Warrants upon presentation hereof at the aforesaid office of the Company, together with a written notice specifying the names and denominations in which new Warrants are to be issued, signed by the Holder or its agent or attorney. Subject to compliance with Section 4(a), as to any transfer which may be involved in such division or combination, the Company shall execute and deliver a new Warrant or Warrants in exchange for the Warrant or Warrants to be divided or combined in accordance with such notice. All Warrants issued on transfers or exchanges shall be dated the Issue Date and shall be identical with this Warrant except as to the number of Warrant Shares issuable pursuant thereto.

c) Warrant Register. The Company shall register this Warrant, upon records to be maintained by the Company for that purpose (the "Warrant Register"), in the name of the record Holder hereof from time to time. The Company may deem and treat the registered Holder of this Warrant as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes, absent actual notice to the contrary.

12

d) Representation by the Holder. The Holder, by the acceptance hereof, represents and warrants that it is acquiring this Warrant and, upon any exercise hereof, will acquire the Warrant Shares issuable upon such exercise, for its own account and not with a view to or for distributing or reselling such Warrant Shares or any part thereof in violation of the Securities Act or any applicable state securities law, except pursuant to sales registered or exempted under the Securities Act.

Section 5. Miscellaneous.

a) No Rights as Stockholder Until Exercise; No Settlement in Cash. This Warrant does not entitle the Holder to any voting rights, dividends or other rights as a stockholder of the Company prior to the exercise hereof as set forth in Section 2(d)(i), except as expressly set forth in Section 3. Without limiting the rights of a Holder to receive Warrant Shares on a "cashless exercise," and to receive the cash payments contemplated pursuant to Sections 2(d)(i) and 2(d)(iv), in no event will the Company be required to net cash settle a Warrant exercise.

b) Loss, Theft, Destruction or Mutilation of Warrant. The Company covenants that upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant or any stock certificate relating to the Warrant Shares, and in case of loss, theft or destruction, of indemnity or security reasonably satisfactory to it (which, in the case of the Warrant, shall not include the posting of any bond), and upon surrender and cancellation of such Warrant or stock certificate, if mutilated, the Company will make and deliver a new Warrant or stock certificate of like tenor and dated as of such cancellation, in lieu of such Warrant or stock certificate.

c) Saturdays, Sundays, Holidays, etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Trading Day, then, such action may be taken or such right may be exercised on the next succeeding Trading Day.

d) Authorized Shares.

The Company covenants that, during the period the Warrant is outstanding, it will reserve from its authorized and unissued Common Stock a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise of any purchase rights under this Warrant. The Company further covenants that its issuance of this Warrant shall constitute full authority to its officers who are charged with the duty of issuing the necessary Warrant Shares upon the exercise of the purchase rights under this Warrant. The Company will take all such reasonable action as may be necessary to assure that such Warrant Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of the Trading Market upon which the Common Stock may be listed. The Company covenants that all Warrant Shares which may be issued upon the exercise of the purchase rights represented by this Warrant will, upon exercise of the purchase rights represented by this Warrant and payment for such Warrant Shares in accordance herewith, be duly authorized, validly issued, fully paid and nonassessable and free from all taxes, liens and charges created by the Company in respect of the issue thereof (other than taxes in respect of any transfer occurring contemporaneously with such issue). Except and to the extent as waived or consented to by the Holder, the Company shall not by any action, including, without limitation, amending its certificate of incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such actions as may be necessary or appropriate to protect the rights of Holder as set forth in this Warrant against impairment. Without limiting the generality of the foregoing, the Company will (i) not increase the par value of any Warrant Shares above the amount payable therefor upon such exercise immediately prior to such increase in par value, (ii) take all such action as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable Warrant Shares upon the exercise of this Warrant and (iii) use commercially reasonable efforts to obtain all such authorizations, exemptions or consents from any public regulatory body having jurisdiction thereof, as may be, necessary to enable the Company to perform its obligations under this Warrant.

13

Before taking any action which would result in an adjustment in the number of Warrant Shares for which this Warrant is exercisable or in the Exercise Price, the Company shall obtain all such authorizations or exemptions thereof, or consents thereto, as may be necessary from any public regulatory body or bodies having jurisdiction thereof.

e) Governing Law. All questions concerning the construction, validity, enforcement and interpretation of this Warrant shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflicts of law thereof. The Company and the Holder each agrees that all legal proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by this Warrant (whether brought against the Company or the Holder or their respective affiliates, directors, officers, shareholders, partners, members, employees or agents) shall be commenced exclusively in the state and federal courts sitting in the City of New York. The Company and the Holder each hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the City of New York, Borough of Manhattan for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein, and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is improper or is an inconvenient venue for such proceeding. The Company and the Holder each hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Warrant and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by law. Notwithstanding the foregoing, nothing in this paragraph shall limit or restrict the federal district court

in which a Holder may bring a claim under the federal securities laws.

f) Attorney's Fees. If either the Company or the Holder shall commence an action, suit or proceeding to enforce any provisions of this Warrant, the prevailing party in such action, suit or proceeding shall be reimbursed by the other party for their reasonable attorneys' fees and other costs and expenses incurred with the investigation, preparation and prosecution of such action or proceeding.

g) Restrictions. The Holder acknowledges that the Warrant Shares acquired upon the exercise of this Warrant, if not registered, and the Holder does not utilize cashless exercise, will have restrictions upon resale imposed by state and federal securities laws.

14

h) Nonwaiver and Expenses. No course of dealing or any delay or failure to exercise any right hereunder on the part of Holder shall operate as a waiver of such right or otherwise prejudice the Holder's rights, powers or remedies. Without limiting any other provision of this Warrant, if the Company willfully and knowingly fails to comply with any provision of this Warrant, which results in any material damages to the Holder, the Company shall pay to the Holder such amounts as shall be sufficient to cover any costs and expenses including, but not limited to, reasonable attorneys' fees, including those of appellate proceedings, incurred by the Holder in collecting any amounts due pursuant hereto or in otherwise enforcing any of its rights, powers or remedies hereunder.

i) Notices. Any and all notices or other communications or deliveries to be provided by the Holder hereunder including, without limitation, any Notice of Exercise, shall be in writing and delivered personally, by e-mail, or sent by a nationally recognized overnight courier service, addressed to the Company, c/o Burns, Figa & Will, P.C., 6400 S. Fiddlers Green Circle, Suite 1000, Greenwood Village, CO 80209, Attention: Victoria Bantz, Esq.; e-mail address: vbantz@bfwlaw.com, or such other email address or address as the Company may specify for such purposes by notice to the Holder. Any and all notices or other communications or deliveries to be provided by the Company hereunder shall be in writing and delivered personally, by e-mail, or sent by a nationally recognized overnight courier service addressed to each Holder at the e-mail address or address of the Holder appearing on the books of the Company. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (a) the time of transmission, if such notice or communication is delivered via e-mail attachment at the email addresses described above at or prior to 5:30 p.m. (New York City time) on a Trading Day, (b) the next Trading Day after the date of transmission, if such notice or communication is delivered via e-mail attachment at the e-mail addresses described above on a day that is not a Trading Day or later than 5:30 p.m. (New York City time) on any Trading Day, (c) the second (2nd) Trading Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service or (d) upon actual receipt by the party to whom such notice is required to be given. To the extent that any notice provided hereunder constitutes, or contains, material, non-public information regarding the Company or any Subsidiaries, the Company shall simultaneously file such notice with the Commission pursuant to a Current Report on Form 8-K.

j) Limitation of Liability. No provision hereof, in the absence of any affirmative action by the Holder to exercise this Warrant to purchase Warrant Shares, and no enumeration herein of the rights or privileges of the Holder, shall give rise to any liability of the Holder for the purchase price of any Common Stock or as a stockholder of the Company, whether such liability is asserted by the Company or by creditors of the Company.

k) Remedies. The Holder, in addition to being entitled to exercise all rights granted by law, including recovery of damages, will be entitled to specific performance of its rights under this Warrant. The Company agrees that monetary damages would not be adequate compensation for any loss incurred by reason of a breach by it of the provisions of this Warrant and hereby agrees to waive and not to assert the defense in any action for specific performance that a remedy at law would be adequate.

l) Successors and Assigns. Subject to applicable securities laws, this Warrant and the rights and obligations evidenced hereby shall inure to the benefit of and be binding upon the successors and permitted assigns of the Company and the successors and permitted assigns of Holder. The provisions of this Warrant are intended to be for the benefit of any Holder from time to time of this Warrant and shall be enforceable by the Holder or holder of Warrant Shares.

m) Amendment. This Warrant may be modified or amended or the provisions hereof waived with the written consent of the Company, on the one hand, and the Holder, on the other hand.

n) Severability. Wherever possible, each provision of this Warrant shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Warrant shall be prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this Warrant.

o) Headings. The headings used in this Warrant are for the convenience of reference only and shall not, for any purpose, be deemed a part of this Warrant.

Notwithstanding anything herein to the contrary, the Holder shall not be required to physically surrender this Warrant to the Company until the Holder has purchased all of the Warrant Shares available hereunder and the Warrant has been exercised in full, in which case, the Holder shall surrender this Warrant to the Company for cancellation within three (3) Trading Days of the date on which the final Notice of Exercise is delivered to the Company. b) Exercise Price. The exercise price per share of Common Stock under this Warrant shall be \$[]³ subject to adjustment hereunder (the “Exercise Price”).

c) Cashless Exercise. If the Registration Statement is not in effect and there is no other effective registration statement registering, or no current prospectus available for the issuance of the Warrant Shares to the Holder and the resale of the Warrant Shares, then this Warrant may also be exercised, in whole or in part, at such time by means of a “cashless exercise” in which the Holder shall be entitled to receive a number of Warrant Shares equal to the quotient obtained by dividing [(A-B)(X)] by (A), where:

(A) = as applicable: (i) the VWAP on the Trading Day immediately preceding the date of the applicable Notice of Exercise if such Notice of Exercise is (1) both executed and delivered pursuant to Section 2(a) hereof on a day that is not a Trading Day or (2) both executed and delivered pursuant to Section 2(a) hereof on a Trading Day prior to the opening of “regular trading hours” (as defined in Rule 600(b)(68) of Regulation NMS promulgated under the federal securities laws) on such Trading Day, (ii) at the option of the Holder, either (y) the VWAP on the Trading Day immediately preceding the date of the applicable Notice of Exercise or (z) the Bid Price of the Common Stock on the principal Trading Market as reported by Bloomberg L.P. as of the time of the Holder’s execution of the applicable Notice of Exercise if such Notice of Exercise is executed during “regular trading hours” on a Trading Day and is delivered within two (2) hours thereafter (including until two (2) hours after the close of “regular trading hours” on a Trading Day) pursuant to Section 2(a) hereof or (iii) the VWAP on the date of the applicable Notice of Exercise if the date of such Notice of Exercise is a Trading Day and such Notice of Exercise is both executed and delivered pursuant to Section 2(a) hereof after the close of “regular trading hours” on such Trading Day;

³ 100% of the offering price of the units.

(B) = the Exercise Price of this Warrant, as adjusted hereunder; and

(X) = the number of Warrant Shares that would be issuable upon exercise of this Warrant in accordance with the terms of this Warrant if such exercise were by means of a cash exercise rather than a cashless exercise.

If Warrant Shares are issued in a cashless exercise, the parties acknowledge and agree that in accordance with Section 3(a)(9) of the Securities Act, the Warrant Shares shall take on the characteristics of the Warrants being exercised, and the holding period of the Warrant Shares being issued may be tacked on to the holding period of this Warrant. The Company agrees not to take any position contrary to this Section 2(c).

d) Mechanics of Exercise.

i. Delivery of Warrant Shares Upon Exercise. The Company shall cause the Warrant Shares purchased hereunder to be transmitted by the Transfer Agent to the Holder by crediting the account of the Holder’s or its designee’s balance account with The Depository Trust Company through its Deposit or Withdrawal at Custodian system (“DWAC”) if the Company is then a participant in such system and either (A) there is an effective registration statement permitting the issuance of the Warrant Shares to or resale of the Warrant Shares by the Holder or (B) the Warrant Shares are eligible for resale by the Holder without volume or manner-of-sale limitations pursuant to Rule 144 (assuming cashless exercise of the Warrants), and otherwise by physical delivery of a certificate, registered in the Company’s share register in the name of the Holder or its designee, for the number of Warrant Shares to which the Holder is entitled pursuant to such exercise to the address specified by the Holder in the Notice of Exercise by the date that is the earliest of (i) two (2) Trading Days after the delivery to the Company of the Notice of Exercise, provided that payment of the aggregate Exercise Price (other than in the instance of a cashless exercise) is received by the Company by such date, (ii) one (1) Trading Day after delivery of the aggregate Exercise Price to the Company and (iii) the number of Trading Days comprising the Standard Settlement Period after the delivery to the Company of the Notice of Exercise (such date, the “Warrant Share Delivery Date”). Upon delivery of the Notice of Exercise, the Holder shall be deemed for all corporate purposes to have become the holder of record of the Warrant Shares with respect to which this Warrant has been exercised, irrespective of the date of delivery of the Warrant Shares, provided that payment of the aggregate Exercise Price (other than in the case of a cashless exercise) is received within the earlier of (i) two (2) Trading Days and (ii) the number of Trading Days comprising the Standard Settlement Period following delivery of the Notice of Exercise. The Company agrees to maintain a transfer agent that is a participant in the FAST program so long as this Warrant remains outstanding and exercisable. As used herein, “Standard Settlement Period” means the standard settlement period, expressed in a number of Trading Days, on the Company’s primary Trading Market with respect to the Common Stock as in effect on the date of delivery of the Notice of Exercise.

ii. Delivery of New Warrants Upon Exercise. If this Warrant shall have been exercised in part, the Company shall, at the request of a Holder and upon surrender of this Warrant certificate, at the time of delivery of the Warrant Shares, deliver to the Holder a new Warrant evidencing the rights of the Holder to purchase the unpurchased Warrant Shares called for by this Warrant, which new Warrant shall in all other respects be identical with this Warrant.

iii. Rescission Rights. If the Company fails to cause the Transfer Agent to transmit to the Holder the Warrant Shares pursuant to Section 2(d) (i) by the Warrant Share Delivery Date, then the Holder will have the right to rescind such exercise.

iv. Compensation for Buy-In on Failure to Timely Deliver Warrant Shares Upon Exercise. In addition to any other rights available to the Holder, if the Company fails to cause the Transfer Agent to transmit to the Holder the Warrant Shares in accordance with the provisions of Section 2(d)(i) above pursuant to an exercise on or before the Warrant Share Delivery Date (other than any such failure that is solely due to any action or inaction by the Holder with respect to such exercise), and if after such date the Holder is required by its broker to purchase (in an open market transaction or otherwise) or the Holder's brokerage firm otherwise purchases, shares of Common Stock to deliver in satisfaction of a sale by the Holder of the Warrant Shares which the Holder anticipated receiving upon such exercise (a "Buy-In"), then the Company shall (A) pay in cash to the Holder the amount, if any, by which (x) the Holder's total purchase price (including brokerage commissions, if any) for the shares of Common Stock so purchased exceeds (y) the amount obtained by multiplying (1) the number of Warrant Shares that the Company was required to deliver to the Holder in connection with the exercise at issue times (2) the price at which the sell order giving rise to such purchase obligation was executed, and (B) at the option of the Holder, either reinstate the portion of the Warrant and equivalent number of Warrant Shares for which such exercise was not honored (in which case such exercise shall be deemed rescinded) or deliver to the Holder the number of shares of Common Stock that would have been issued had the Company timely complied with its exercise and delivery obligations hereunder. For example, if the Holder purchases Common Stock having a total purchase price of \$11,000 to cover a Buy-In with respect to an attempted exercise of shares of Common Stock with an aggregate sale price giving rise to such purchase obligation of \$10,000, under clause (A) of the immediately preceding sentence the Company shall be required to pay the Holder \$1,000. The Holder shall provide the Company written notice indicating the amounts payable to the Holder in respect of the Buy-In and, upon request of the Company, evidence of the amount of such loss. Nothing herein shall limit a Holder's right to pursue any other remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Company's failure to timely deliver shares of Common Stock upon exercise of the Warrant as required pursuant to the terms hereof.

v. No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares shall be issued upon the exercise of this Warrant. As to any fraction of a share which the Holder would otherwise be entitled to purchase upon such exercise, the Company shall, at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Exercise Price or round up to the next whole share.

vi. Charges, Taxes and Expenses. Issuance of Warrant Shares shall be made without charge to the Holder for any issue or transfer tax or other incidental expense in respect of the issuance of such Warrant Shares, all of which taxes and expenses shall be paid by the Company, and such Warrant Shares shall be issued in the name of the Holder or in such name or names as may be directed by the Holder; provided, however, that in the event that Warrant Shares are to be issued in a name other than the name of the Holder, this Warrant when surrendered for exercise shall be accompanied by the Assignment Form attached hereto duly executed by the Holder and the Company may require, as a condition thereto, the payment of a sum sufficient to reimburse it for any transfer tax incidental thereto. The Company shall pay all Transfer Agent fees required for same-day processing of any Notice of Exercise.

vii. Closing of Books. The Company will not close its stockholder books or records in any manner which prevents the timely exercise of this Warrant, pursuant to the terms hereof.

e) Holder's Exercise Limitations. The Company shall not effect any exercise of this Warrant, and a Holder shall not have the right to exercise any portion of this Warrant, pursuant to Section 2 or otherwise, to the extent that after giving effect to such issuance after exercise as set forth on the applicable Notice of Exercise, the Holder (together with the Holder's Affiliates, and any other Persons acting as a group together with the Holder or any of the Holder's Affiliates (such Persons, "Attribution Parties")), would beneficially own in excess of the Beneficial Ownership Limitation (as defined below). For purposes of the foregoing sentence, the number of shares of Common Stock beneficially owned by the Holder and its Affiliates and Attribution Parties shall include the number of shares of Common Stock issuable upon exercise of this Warrant with respect to which such determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (i) exercise of the remaining, nonexercised portion of this Warrant beneficially owned by the Holder or any of its Affiliates or Attribution Parties and (ii) exercise or conversion of the unexercised or nonconverted portion of any other securities of the Company (including, without limitation, any other Common Stock Equivalents) subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the Holder or any of its Affiliates or Attribution Parties. Except as set forth in the preceding sentence, for purposes of this Section 2(e), beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder, it being acknowledged by the Holder that the Company is not representing to the Holder that such calculation is in compliance with Section 13(d) of the Exchange Act and the Holder is solely responsible for any schedules required to be filed in accordance therewith. To the extent that the limitation contained in this Section 2(e) applies, the determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and of which portion of this Warrant is exercisable shall be in the sole discretion of the Holder, and the submission of a Notice of Exercise shall be deemed to be the Holder's determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and of which portion of this Warrant is exercisable, in each case subject to the Beneficial Ownership Limitation, and the Company shall have no obligation to verify or confirm the accuracy of such determination. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder. For purposes of this Section 2(e), in determining the number of outstanding shares of Common Stock, a Holder may rely on the number of outstanding shares of Common Stock as reflected in (A) the Company's most recent periodic or annual report filed with the Commission, as the case may be, (B) a more recent public announcement by the Company or (C) a more recent written notice by the Company or the Transfer Agent setting forth the number of shares of Common Stock outstanding. Upon the written or oral request of a Holder, the Company shall within one Trading Day confirm orally and in writing to the Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Company, including this Warrant, by the Holder or its Affiliates or Attribution Parties since the date as of which such number of outstanding shares of Common Stock was reported. The "Beneficial Ownership Limitation" shall be 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock issuable upon exercise of this Warrant. The Holder, upon notice to the Company, may increase or decrease the Beneficial Ownership Limitation provisions of this Section 2(e), provided that the Beneficial Ownership Limitation in no event exceeds 9.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock upon exercise of this Warrant held by the Holder and the provisions of this Section 2(e) shall continue to apply. Any increase in the Beneficial Ownership Limitation will not be effective until the 61st day after such notice is delivered to the Company. The provisions of this paragraph shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 2(e) to correct this paragraph (or any portion hereof) which may be defective or inconsistent with the intended Beneficial Ownership Limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such limitation. The limitations contained in this paragraph shall apply to a successor holder of this Warrant.

Section 3. Certain Adjustments.

a) Stock Dividends and Splits. If the Company, at any time while this Warrant is outstanding: (i) pays a stock dividend or otherwise makes a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company upon exercise of this Warrant), (ii) subdivides outstanding shares of Common Stock into a larger number of shares, (iii) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (iv) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event, and the number of shares issuable upon exercise of this Warrant shall be proportionately adjusted such that the aggregate Exercise Price of this Warrant shall remain unchanged. Any adjustment made pursuant to this Section 3(a) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become

b) [Reserved].

c) [Reserved].

d) Fundamental Transaction. If, at any time while this Warrant is outstanding, (i) the Company, directly or indirectly, in one or more related transactions effects any merger or consolidation of the Company with or into another Person, (ii) the Company, directly or indirectly, effects any sale, lease, license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions, (iii) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding Common Stock, (iv) the Company, directly or indirectly, in one or more related transactions effects any reclassification, reorganization or recapitalization of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property, or (v) the Company, directly or indirectly, in one or more related transactions consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off, merger, or scheme of arrangement) with another Person or group of Persons whereby such other Person or group acquires more than 50% of the outstanding shares of Common Stock (not including any shares of Common Stock held by the other Person or other Persons making or party to, or associated or affiliated with the other Persons making or party to, such stock or share purchase agreement or other business combination) (each a "Fundamental Transaction"), then, upon any subsequent exercise of this Warrant, the Holder shall have the right to receive, for each Warrant Share that would have been issuable upon such exercise immediately prior to the occurrence of such Fundamental Transaction, at the option of the Holder (without regard to any limitation in Section 2(e) on the exercise of this Warrant), the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and any additional consideration (the "Alternate Consideration") receivable as a result of such Fundamental Transaction by a holder of the number of shares of Common Stock for which this Warrant is exercisable immediately prior to such Fundamental Transaction (without regard to any limitation in Section 2(e) on the exercise of this Warrant). For purposes of any such exercise, the determination of the Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any exercise of this Warrant following such Fundamental Transaction. The Company shall cause any successor entity in a Fundamental Transaction in which the Company is not the survivor (the "Successor Entity") to assume in writing all of the obligations of the Company under this Warrant in accordance with the provisions of this Section 3(d) pursuant to written agreements prior to such Fundamental Transaction and shall, at the option of the Holder, deliver to the Holder in exchange for this Warrant a security of the Successor Entity evidenced by a written instrument substantially similar in form and substance to this Warrant which is exercisable for a corresponding number of shares of capital stock of such Successor Entity (or its parent entity) equivalent to the shares of Common Stock acquirable and receivable upon exercise of this Warrant (without regard to any limitations on the exercise of this Warrant) prior to such Fundamental Transaction, and with an exercise price which applies the exercise price hereunder to such shares of capital stock (but taking into account the relative value of the shares of Common Stock pursuant to such Fundamental Transaction and the value of such shares of capital stock, such number of shares of capital stock and such exercise price being for the purpose of protecting the economic value of this Warrant immediately prior to the consummation of such Fundamental Transaction). Upon the occurrence of any such Fundamental Transaction, the Successor Entity shall succeed to, and be substituted for (so that from and after the date of such Fundamental Transaction, the provisions of this Warrant referring to the "Company" shall refer instead to the Successor Entity), and may exercise every right and power of the Company and shall assume all of the obligations of the Company under this Warrant with the same effect as if such Successor Entity had been named as the Company herein. For the avoidance of doubt, if, at any time while this Warrant is outstanding, a Fundamental Transaction occurs, pursuant to the terms of this Section 3(d), the Holder shall not be entitled to receive more than one of (i) the consideration receivable as a result of such Fundamental Transaction by a holder of the number of shares of Common Stock for which this Warrant is exercisable immediately prior to such Fundamental Transaction, or (ii) the assumption by the Successor Entity of all of the obligations of the Company under this Warrant and the option to receive a security of the Successor Entity evidenced by a written instrument substantially similar in form and substance to this Warrant.

e) [Reserved].

f) Calculations. All calculations under this Section 3 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 3, the number of shares of Common Stock deemed to be issued and outstanding as of a given date shall be the sum of the number of shares of Common Stock (excluding treasury shares, if any) issued and outstanding.

g) Notice to Holder.

i. Adjustment to Exercise Price. Whenever the Exercise Price is adjusted pursuant to any provision of this Section 3, the Company shall promptly deliver to the Holder by facsimile or email a notice setting forth the Exercise Price after such adjustment and any resulting adjustment to the number of Warrant Shares and setting forth a brief statement of the facts requiring such adjustment.

ii. Notice to Allow Exercise by Holder. If (A) the Company shall declare a dividend (or any other distribution in whatever form) on the Common Stock, (B) the Company shall declare a special nonrecurring cash dividend on or a redemption of the Common Stock, (C) the Company shall authorize the granting to all holders of the Common Stock rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights, (D) the approval of any stockholders of the Company shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company, or any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property, or (E) the Company shall authorize the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company, then, in each case, the Company shall cause to be delivered by facsimile or email to the Holder at its last facsimile number or email address as it shall appear upon the Warrant Register of the Company, at least twenty (20) calendar days prior to the applicable record or effective date hereinafter specified, a notice (unless such information is filed with the Commission, in which case a notice shall not be required) stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange; provided that the failure to deliver such notice or any defect therein or in the delivery thereof shall not affect the validity of the corporate action required to be specified in such notice. To the extent that any notice provided in this Warrant constitutes, or contains, material, non-public information regarding the Company or any of the Subsidiaries, the Company shall simultaneously file such notice with the Commission pursuant to a Current Report on Form 8-K. The Holder shall remain entitled to exercise this Warrant during the period commencing on the date of such notice to the effective date of the event triggering such notice except as may otherwise be expressly set forth herein.

h) Aggregation of Shares. If, after the date hereof, the number of outstanding shares of Common Stock is decreased by a consolidation, combination or reclassification of Common Stock or other similar event, then, on the effective date thereof, the number of Warrant Shares purchasable hereunder shall be decreased in proportion to such decrease in outstanding shares of Common Stock, and the Exercise Price shall be proportionately increased.

i) Changes in Form of Warrant. This form of Warrant need not be changed because of any change pursuant to this Section 3, and any Warrant issued after such change may state the same Exercise Price and the same number of Warrant Shares as are stated in the initial Warrant. The acceptance by the Holder of the issuance of a new Warrant reflecting a required or permissive change shall not be deemed to waive any rights to an adjustment occurring after the Initial Exercise Date or the computation thereof.

Section 4. Transfer of Warrant.

a) Transferability. Subject to compliance with any applicable securities laws and the conditions set forth in Section 4(d) hereof, this Warrant and all rights hereunder are transferable, in whole or in part, upon surrender of this Warrant at the principal office of the Company or its designated agent, together with a written assignment of this Warrant substantially in the form attached hereto duly executed by the Holder or its agent or attorney and funds sufficient to pay any transfer taxes payable upon the making of such transfer. Upon such surrender and, if required, such payment, the Company shall execute and deliver a new Warrant or Warrants in the name of the assignee or assignees, as applicable, and in the denomination or denominations specified in such instrument of assignment, and shall issue to the assignor a new Warrant evidencing the portion of this Warrant not so assigned, and this Warrant shall promptly be cancelled. In order to effectuate a transfer (in whole or in part) of this Warrant, the Holder shall surrender this Warrant to the Company within three (3) Trading Days of the date on which the Holder delivers an assignment form to the Company assigning this Warrant in full. This Warrant, if properly assigned in accordance herewith, may be exercised by a new holder for the purchase of Warrant Shares without having a new Warrant issued.

b) New Warrants. This Warrant may be divided or combined with other Warrants upon presentation hereof at the aforesaid office of the Company, together with a written notice specifying the names and denominations in which new Warrants are to be issued, signed by the Holder or its agent or attorney. Subject to compliance with Section 4(a), as to any transfer which may be involved in such division or combination, the Company shall execute and deliver a new Warrant or Warrants in exchange for the Warrant or Warrants to be divided or combined in accordance with such notice. All Warrants issued on transfers or exchanges shall be dated the Issue Date and shall be identical with this Warrant except as to the number of Warrant Shares issuable pursuant thereto.

9

c) Warrant Register. The Company shall register this Warrant, upon records to be maintained by the Company for that purpose (the "Warrant Register"), in the name of the record Holder hereof from time to time. The Company may deem and treat the registered Holder of this Warrant as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes, absent actual notice to the contrary.

d) Representation by the Holder. The Holder, by the acceptance hereof, represents and warrants that it is acquiring this Warrant and, upon any exercise hereof, will acquire the Warrant Shares issuable upon such exercise, for its own account and not with a view to or for distributing or reselling such Warrant Shares or any part thereof in violation of the Securities Act or any applicable state securities law, except pursuant to sales registered or exempted under the Securities Act.

Section 5. Miscellaneous.

a) No Rights as Stockholder Until Exercise; No Settlement in Cash. This Warrant does not entitle the Holder to any voting rights, dividends or other rights as a stockholder of the Company prior to the exercise hereof as set forth in Section 2(d)(i), except as expressly set forth in Section 3. Without limiting the rights of a Holder to receive Warrant Shares on a "cashless exercise," and to receive the cash payments contemplated pursuant to Sections 2(d)(i) and 2(d)(iv), in no event will the Company be required to net cash settle a Warrant exercise.

b) Loss, Theft, Destruction or Mutilation of Warrant. The Company covenants that upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant or any stock certificate relating to the Warrant Shares, and in case of loss, theft or destruction, of indemnity or security reasonably satisfactory to it (which, in the case of the Warrant, shall not include the posting of any bond), and upon surrender and cancellation of such Warrant or stock certificate, if mutilated, the Company will make and deliver a new Warrant or stock certificate of like tenor and dated as of such cancellation, in lieu of such Warrant or stock certificate.

c) Saturdays, Sundays, Holidays, etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Trading Day, then, such action may be taken or such right may be exercised on the next succeeding Trading Day.

d) Authorized Shares.

The Company covenants that, during the period the Warrant is outstanding, it will reserve from its authorized and unissued Common Stock a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise of any purchase rights under this Warrant. The Company further covenants that its issuance of this Warrant shall constitute full authority to its officers who are charged with the duty of issuing the necessary Warrant Shares upon the exercise of the purchase rights under this Warrant. The Company will take all such reasonable action as may be necessary to assure that such Warrant Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of the Trading Market upon which the Common Stock may be listed. The Company covenants that all Warrant Shares which may be issued upon the exercise of the purchase rights represented by this Warrant will, upon exercise of the purchase rights represented by this Warrant and payment for such Warrant Shares in accordance herewith, be duly authorized, validly issued, fully paid and nonassessable and free from all taxes, liens and charges created by the Company in respect of the issue thereof (other than taxes in respect of any transfer occurring contemporaneously with such issue).

10

Except and to the extent as waived or consented to by the Holder, the Company shall not by any action, including, without limitation, amending its certificate of incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such actions as may be necessary or appropriate to protect the rights of Holder as set forth in this Warrant against impairment. Without limiting the generality of the foregoing, the Company will (i) not increase the par value of any Warrant Shares above the amount payable therefor upon such exercise immediately prior to such increase in par value, (ii) take all such action as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable Warrant Shares upon the exercise of this Warrant and (iii) use commercially reasonable efforts to obtain all such authorizations, exemptions or consents from any public regulatory body having jurisdiction thereof, as may be, necessary to enable the Company to perform its obligations under this Warrant.

Before taking any action which would result in an adjustment in the number of Warrant Shares for which this Warrant is exercisable or in the Exercise Price, the Company shall obtain all such authorizations or exemptions thereof, or consents thereto, as may be necessary from any public regulatory body or

bodies having jurisdiction thereof.

e) Governing Law; Venue. All questions concerning the construction, validity, enforcement and interpretation of this Warrant shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflicts of law thereof. The Company and the Holder each agrees that all legal proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by this Warrant (whether brought against the Company or the Holder or their respective affiliates, directors, officers, shareholders, partners, members, employees or agents) shall be commenced exclusively in the state and federal courts sitting in the City of New York. The Company and the Holder each hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the City of New York, Borough of Manhattan for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein, and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is improper or is an inconvenient venue for such proceeding. The Company and the Holder each hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Warrant and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any other manner permitted by law. Notwithstanding the foregoing, nothing in this paragraph shall limit or restrict the federal district court in which a Holder may bring a claim under the federal securities laws.

11

f) Attorney's Fees. If either the Company or the Holder shall commence an action, suit or proceeding to enforce any provisions of this Warrant, the prevailing party in such action, suit or proceeding shall be reimbursed by the other party for their reasonable attorneys' fees and other costs and expenses incurred with the investigation, preparation and prosecution of such action or proceeding.

g) Restrictions. The Holder acknowledges that the Warrant Shares acquired upon the exercise of this Warrant, if not registered, and the Holder does not utilize cashless exercise, will have restrictions upon resale imposed by state and federal securities laws.

h) Nonwaiver and Expenses. No course of dealing or any delay or failure to exercise any right hereunder on the part of Holder shall operate as a waiver of such right or otherwise prejudice the Holder's rights, powers or remedies. Without limiting any other provision of this Warrant, if the Company willfully and knowingly fails to comply with any provision of this Warrant, which results in any material damages to the Holder, the Company shall pay to the Holder such amounts as shall be sufficient to cover any costs and expenses including, but not limited to, reasonable attorneys' fees, including those of appellate proceedings, incurred by the Holder in collecting any amounts due pursuant hereto or in otherwise enforcing any of its rights, powers or remedies hereunder.

i) Notices. Any and all notices or other communications or deliveries to be provided by the Holder hereunder including, without limitation, any Notice of Exercise, shall be in writing and delivered personally, by e-mail, or sent by a nationally recognized overnight courier service, addressed to the Company, c/o Burns, Figa & Will, P.C., 6400 S. Fiddlers Green Circle, Suite 1000, Greenwood Village, CO 80209, Attention: Victoria Bantz, Esq.; e-mail address: vbantz@bfwlaw.com, or such other email address or address as the Company may specify for such purposes by notice to the Holder. Any and all notices or other communications or deliveries to be provided by the Company hereunder shall be in writing and delivered personally, by e-mail, or sent by a nationally recognized overnight courier service addressed to each Holder at the e-mail address or address of the Holder appearing on the books of the Company. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (a) the time of transmission, if such notice or communication is delivered via e-mail attachment at the email addresses described above at or prior to 5:30 p.m. (New York City time) on a Trading Day, (b) the next Trading Day after the date of transmission, if such notice or communication is delivered via e-mail attachment at the e-mail addresses described above on a day that is not a Trading Day or later than 5:30 p.m. (New York City time) on any Trading Day, (c) the second (2nd) Trading Day following the date of mailing, if sent by U.S. nationally recognized overnight courier service or (d) upon actual receipt by the party to whom such notice is required to be given. To the extent that any notice provided hereunder constitutes, or contains, material, non-public information regarding the Company or any Subsidiaries, the Company shall simultaneously file such notice with the Commission pursuant to a Current Report on Form 8-K..

j) Limitation of Liability.
