### Implications of Being an Emerging Growth Company

We qualify as an “emerging growth company” as defined in the JOBS Act. For so long as we remain an emerging growth company, we are permitted and currently intend to rely on the following provisions of the JOBS Act that contain exceptions from disclosure and other requirements that otherwise are applicable to companies that conduct initial public offerings and file periodic reports with the SEC. These provisions include, but are not limited to:

- being permitted to present only two years of audited financial statements in this prospectus and only two years of related “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our periodic reports and registration statements, including this prospectus;
- not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act (“SOX”);
- reduced disclosure obligations regarding executive compensation in our periodic reports, proxy statements and registration statements, including in this prospectus; and
- exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

We will remain an emerging growth company until:

- the first to occur of the last day of the fiscal year (i) that follows February 19, 2026, (ii) in which we have total annual gross revenue of at least \$1.235 billion or (iii) in which we are deemed to be a “large accelerated filer,” as defined in the Exchange Act, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the end of that year’s second fiscal quarter; or
- if it occurs before any of the foregoing dates, the date on which we have issued more than \$1 billion in non-convertible debt over a three-year period.

We have elected to take advantage of certain of the reduced disclosure obligations in this prospectus and may elect to take advantage of other reduced reporting requirements in our future filings with the SEC. As a result, the information that we provide to our stockholders may be different than what you might receive from other public reporting companies in which you hold equity interests.

We have elected to avail ourselves of the provision of the JOBS Act that permits emerging growth companies to take advantage of an extended transition period to comply with new or revised accounting standards until those standards apply to private companies. As a result, we will not be subject to new or revised accounting standards at the same time as other public companies that are not emerging growth companies.

For additional information, see the section titled “Risk Factors — Risks of being an Emerging Growth Company — We are an “emerging growth company” and the reduced disclosure requirements applicable to emerging growth companies may make our common stock less attractive to investors.

## PRIVATE PLACEMENT OF NOTES

On February 21, 2023, the Company entered into a Securities Purchase Agreement (the “Purchase Agreement”) with the selling stockholder and sold to the selling stockholder a senior secured convertible note of the Company, in the aggregate original principal amount of \$5,617,978 (the “Notes”), which Notes are convertible into shares of common stock of the Company at a conversion price, subject to a floor price of \$0.27, of (i) \$1.34 or (ii) the lower of: (a) the Nasdaq official closing price of the common stock (as reflected on Nasdaq.com) on the trading day immediately preceding the date of conversion; or (b) the average Nasdaq official closing price of the common stock (as reflected on Nasdaq.com) for the five (5) trading days immediately preceding the conversion date (subject to adjustment) and common stock purchase warrants of the Company, which warrants shall be exercisable into an aggregate of 3,377,099 shares of common stock of the Company for a term of three years (the “Warrants”). The Company received \$5,000,000 in proceeds after the original issue discount of 11% on the principal. This registration statement will not be registering the shares underlying the Warrants for resale.

The Notes are due and payable on the first anniversary of the issuance date and bear interest at a rate of 7% per annum, which shall be payable either in cash monthly or by way of inclusion of the interest in the Conversion Amount on each Conversion Date (as defined in the Notes). The investor is entitled to convert any portion of the outstanding and unpaid Conversion Amount (as defined in the Notes) at any time or times after the issuance date, but we may not effect the conversion of any portion of the Notes if it would result in any of the investor beneficially owning more than 4.99% of the common stock (as calculated pursuant to Section 13(d) of the Securities Exchange Act of 1934, as amended, and Rule 13d-3 thereunder).

The Company and the selling stockholders executed the Purchase Agreement in reliance upon the exemption from securities registration afforded by Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”), and Rule 506(b) of Regulation D as promulgated by the Securities and Exchange Commission under the Securities Act.

Under the applicable rules of The Nasdaq Stock Market LLC (“Nasdaq”), in no event may we issue any shares of common stock upon conversion of the Notes or otherwise pursuant to the terms of the Notes if the issuance of such shares of common stock would exceed 19.99% of the shares of the common stock outstanding immediately prior to the execution of the Purchase Agreement and Notes (the “Exchange Cap”), unless we (i) obtain stockholder approval to issue shares of common stock in excess of the Exchange Cap or (ii) obtain a written opinion from our counsel that such approval is not required. In any event, we may not issue any shares of our common stock under the Purchase Agreement or Notes if such issuance or sale would breach any applicable rules or regulations of the Nasdaq.

On May 8, 2023, the Company obtained approval from its stockholders for purposes of complying with Nasdaq Listing Rule 5635(d), for the full issuance and exercise of shares of our common stock to be issued pursuant to the Purchase Agreement and Notes.

The Notes rank senior to all outstanding and future indebtedness of the Company and its subsidiaries, and are secured by all existing and future assets of the Company, as evidenced by the Security and Pledge Agreement entered into between the Company and the selling stockholders on February 21, 2023 (the “Security Agreement”). Additionally, Scott L. Mathis, President and CEO of the Company, pledged certain of his shares of common stock and certain options to purchase common stock of the Company as additional collateral under the Notes, as evidenced by the Stockholder Pledge Agreement between the Company, Mr. Mathis and the selling stockholders, dated February 21, 2023 (the “Pledge Agreement”).

In connection with the foregoing, the Company entered into a Registration Rights Agreement with the selling stockholders on February 21, 2023 (the “Registration Rights Agreement”), pursuant to which the Company agreed to provide certain registration rights with respect to the Registrable Securities (as defined in the Registration Rights Agreement) under the Securities Act of 1933 (the “Securities Act”) and the rules and regulation promulgated thereunder, and applicable state securities laws. The Purchase Agreement and the Registration Rights Agreement contain customary representations, warranties, conditions and indemnification obligations of the parties. The representations, warranties and covenants contained in such agreements were made only for purposes of such agreements and as of specific dates, were solely for the benefit of the parties to such agreements and may be subject to limitations agreed upon by the contracting parties.

EF Hutton, division of Benchmark Investments, Inc., f/k/a Kingswood Capital Markets (“EF Hutton”), acted as the exclusive placement agent in connection with the transactions contemplated by the Purchase Agreement, for which the Company paid to EF Hutton a cash placement fee equal to 6.0% of the amount of capital raised, invested, or committed under the Purchase Agreement and Note.

The issuance of our common stock to the selling stockholders pursuant to the Purchase Agreement will not affect the rights or privileges of our existing stockholders, except that the economic and voting interests of each of our existing stockholders will be diluted. Although the number of shares of our common stock that our existing stockholders own will not decrease, the shares of our common stock owned by our existing stockholders will represent a smaller percentage of our total outstanding shares of our common stock after any such issuance. There are substantial risks to our stockholders as a result of the sale and issuance of common stock to the selling stockholders under the Purchase Agreement. See “Risk Factors.”

## RISK FACTORS

*An investment in our securities involves certain risks relating to our structure and investment objective. The risks set forth below are the risks we have identified and which we currently deem material or predictable. We also may face additional risks and uncertainties not currently known to us, or which as of the date of this Annual Report we might not consider significant, which may adversely affect our business. In general, you take more risk when you invest in the securities of issuers in emerging markets such as Argentina than when you invest in the securities of issuers in the United States. If any of the following risks occur, our business, financial condition and results of operations could be materially adversely affected. In such case, our net asset value and the price of our common stock could decline, and you may lose all or part of your investment.*

In evaluating the Company, its business and any investment in the Company, readers should carefully consider the following factors, together with the additional risk factors incorporated by reference from Item 1A of the Company's Annual Report on Form 10-K as filed with the SEC on April 17, 2023 (see "Incorporation of Certain Information by Reference"):

### Risks Related to this Offering

#### *Investors who buy shares at different times will likely pay different prices.*

Each of the selling stockholders has the discretion to convert the Notes into shares of common stock. If and when the selling stockholders elect to convert their Notes, such selling stockholders may resell all, some or none of such shares at any time or from time to time in its discretion and at different prices. As a result, investors who purchase shares from the selling stockholders in this offering at different times will likely pay different prices for those shares, and so may experience different levels of dilution and in some cases substantial dilution and different outcomes in their investment results.

#### *Future sales and issuances of our common stock or other securities might result in significant dilution and could cause the price of our common stock to decline.*

To raise capital, we may sell common stock, convertible securities or other equity securities in one or more transactions, at prices and in a manner we determine from time to time. We may sell shares or other securities in any other offering at a price per share that is less than the price per share paid by investors in this offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders. The price per share at which we sell additional shares of our common stock, or securities convertible or exchangeable into common stock, in future transactions may be higher or lower than the price per share paid by investors in this offering.

We cannot predict what effect, if any, sales of shares of our common stock in the public market or the availability of shares for sale will have on the market price of our common stock. However, future sales of substantial amounts of our common stock in the public market, including shares issued upon exercise of outstanding options, or the perception that such sales may occur, could adversely affect the market price of our common stock.

#### *Management will have broad discretion as to the use of the proceeds from the offering, and uses may not improve our financial condition or market value.*

Because we have not designated the amount of net proceeds from the offering to be used for any particular purpose, our management will have broad discretion as to the application of such net proceeds and could use them for purposes other than those contemplated hereby. Our management may use the net proceeds for corporate purposes that may not improve our financial condition or market value.

#### *Adverse developments affecting the financial services industry, such as actual events or concerns involving liquidity, defaults, or non-performance by financial institutions or transactional counterparties, could adversely affect the Company's current and projected business operations and its financial condition and results of operations.*

Actual events involving reduced or limited liquidity, defaults, non-performance or other adverse developments that affect financial institutions or other companies in the financial services industry or the financial services industry generally, or concerns or rumors about any events of these kinds, have in the past and may in the future lead to market-wide liquidity problems. For example, on March 10, 2023, Silicon Valley Bank, was closed by the California Department of Financial Protection and Innovation, which appointed the Federal Deposit Insurance Corporation as receiver. Although we did not have any cash or cash equivalent balances on deposit with Silicon Valley Bank, investor concerns regarding the U.S. or international financial systems could result in less favorable commercial financing terms, including higher interest rates or costs and tighter financial and operating covenants, or systemic limitations on access to credit and liquidity sources, thereby making it more difficult for us to acquire financing on acceptable terms or at all. Any decline in available funding or access to our cash and liquidity resources could, among other risks, adversely impact our ability to meet our operating expenses, financial obligations or fulfill our other obligations, result in breaches of our financial and/or contractual obligations or result in violations of federal or state wage and hour laws. Any of these impacts, or any other impacts resulting from the factors described above or other related or similar factors not described above, could have material adverse impacts on our liquidity and our current and/or projected business operations and financial condition and results of operations.

## USE OF PROCEEDS

This prospectus relates to the sale or other disposition of shares of our shares by the selling stockholders listed under "Selling Stockholders" section below, and their transferees. We will not receive any proceeds from any sale of the shares by the selling stockholders.

## DETERMINATION OF OFFERING PRICE

The selling stockholders will offer common stock at the prevailing market prices or privately negotiated price as they may determine from time to time.

The offering price of our common stock to be sold by the selling stockholders does not necessarily bear any relationship to our book value, assets, past operating results, financial condition or any other established criteria of value. The facts considered in determining the offering price were our financial condition and prospects, our limited operating history and the general condition of the securities market.

In addition, there is no assurance that our common stock will trade at market prices in excess of the offering price as prices for common stock in any public market will be determined in the marketplace and may be influenced by many factors, including the depth and liquidity.

## SELLING STOCKHOLDERS

The shares of common stock being offered by the selling stockholders are those issuable to the selling stockholders upon conversion of the notes. For additional information regarding the issuance of the notes, see "Private Placement of Notes" above. We are registering the shares of common stock in order to permit the selling stockholders to offer

the shares for resale from time to time. The selling stockholders have not had any material relationships with the Company within the past three years except for: (i) the Common Stock Purchase Agreement entered into with Tumim Stone Capital LLC on May 6, 2021 and terminated on November 8, 2022; (ii) the Securities Purchase Agreement entered into as of November 3, 2021 and related agreements (all terminated on February 21, 2023) with the selling stockholder and certain other investors for the issuance of senior secured convertible notes; (iii) the Common Stock Purchase Agreement entered into with Tumim Stone Capital LLC on November 8, 2022; and (iv) the ownership of the notes issued pursuant to the Purchase Agreement.

The table below lists the selling stockholders and other information regarding the beneficial ownership (as determined under Section 13(d) of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder) of the shares of common stock held by each of the selling stockholders. The second column lists the number of shares of common stock beneficially owned by the selling stockholders, based on their respective ownership of shares of common stock and Notes, as of May 5, 2023, assuming conversion of the Notes held by each such selling stockholder on that date but taking account of any limitations on conversion set forth therein.

The third column lists the shares of common stock being offered by this prospectus by the selling stockholders and does not take in account any limitations on conversion of the Notes set forth therein.

In accordance with the terms of a Registration Rights Agreement with the holders of the Notes, this prospectus generally covers the resale of a portion of the maximum number of shares of common stock issued or issuable pursuant to the Notes, including payment of interest on the notes through February 21, 2024 determined as if the outstanding Notes (including interest on the Notes through February 21, 2024) were converted in full (without regard to any limitations on conversion contained therein solely for the purpose of such calculation) at the floor price of \$0.27. Because the conversion price of the notes may be adjusted, the number of shares that will actually be issued may be more or less than the number of shares being offered by this prospectus. The fourth column assumes the sale of all of the shares offered by the selling stockholders pursuant to this prospectus.

Under the terms of the Notes, a selling stockholder may not convert the Notes to the extent (but only to the extent) such selling stockholder or any of its affiliates would beneficially own a number of shares of our common stock which would exceed 4.99% of the outstanding shares of the Company (the “Maximum Percentage”). The number of shares in the second column reflects these limitations. The selling stockholders may sell all, some or none of their shares in this offering. See “Plan of Distribution.”

Name of Selling Stockholder	Number of Shares of Common Stock Owned Prior to Offering <sup>(1)</sup>		Maximum Number of Shares of Common Stock to be Sold Pursuant to this Prospectus <sup>(5)</sup>	Number of Shares of Common Stock Owned After Offering <sup>(1)</sup>

3i, LP <sup>(4)</sup>	328,987 <sup>(2)</sup>	4.99%	2,000,000	428,787	4.99%

(1) Applicable percentage ownership is based on 6,592,924 shares of our common stock outstanding as of May 5, 2023 and based on 8,592,924 shares of our common stock outstanding after the offering.

(2) This column lists the number of shares of common stock beneficially owned by the selling stockholder, as of May 5, 2023, after giving effect to the Maximum Percentage (as defined in the paragraph above). Without regard to the Maximum Percentage, our common stock beneficially owned by 3i, LP would include (i) 262,298 shares of common stock held by Tumim Stone Capital LLC (“Tumim”) acquired pursuant to the Common Stock Purchase Agreement between the Company and Tumim dated November 8, 2022; (ii) up to 128,157 shares of common stock underlying warrants held by 3i, LP, currently exercisable, representing the shares underlying such warrants that may be issued to 3i, LP as of the date of this prospectus upon exercise of such warrants (at a price of \$1.00 per share), subject to a 4.99% beneficial ownership cap limitation therein, acquired by 3i, LP in a transaction unrelated to the transactions contemplated by the Purchase Agreement, none of which underlying warrant shares are being registered for resale under this prospectus; and (iii) up to 3,377,099 underlying warrants held by 3i, LP, currently exercisable, representing the shares underlying such warrants that may be issued to 3i, LP as of the date of this prospectus upon exercise of such warrants (at a price of \$1.34 per share), subject to a 4.99% beneficial ownership cap limitation therein, acquired by 3i, LP in connection with the Purchase Agreement, none of which underlying warrant shares are being registered for resale under this prospectus.

(3) Assumes the sale of all of the shares offered by the selling stockholders pursuant to this prospectus. Does not take into account any sales of shares pursuant to the Form S-1 (File No. 333-271305) declared effective on April 21, 2023.

(4) The business address of 3i, LP is 140 Broadway, 38<sup>th</sup> Floor, New York, NY 10005. 3i, LP’s principal business is that of a private investor. Maier Joshua Tarlow is the manager of 3i Management, LLC, the general partner of 3i, LP, and has sole voting control and investment discretion over securities beneficially owned directly by 3i, LP and indirectly by 3i Management, LLC. We have been advised that none of Mr. Tarlow, 3i Management, LLC, or 3i, LP is a member of the Financial Industry Regulatory Authority, or FINRA, or an independent broker-dealer, or an affiliate or associated person of a FINRA member or independent broker-dealer. Each of Mr. Tarlow, 3i, LP, and 3i Management, LLC, disclaim any beneficial ownership of these shares.

(5) For the purposes of the calculations of the common stock to be sold pursuant to the prospectus we are assuming an event of default has occurred and is continuing, and that the Notes are converted in full at a floor price of \$0.27 per share without regard to any limitations set forth therein.

## PLAN OF DISTRIBUTION

We are registering the shares of common stock issuable upon conversion of the Notes to permit the resale of these shares of common stock by the holders of the Notes from time to time after the date of this prospectus. We will not receive any of the proceeds from the sale by the selling stockholders of the shares of common stock. We will bear all fees and expenses incident to our obligation to register the shares of common stock.

The selling stockholders may sell all or a portion of the shares of common stock held by them and offered hereby from time to time directly or through one or more underwriters, broker-dealers or agents. If the shares of common stock are sold through underwriters or broker-dealers, the selling stockholders will be responsible for underwriting discounts or commissions or agent’s commissions. The shares of common stock may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions, pursuant to one or more of the following methods:

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- through the writing or settlement of options, whether such options are listed on an options exchange or otherwise;
- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales made after the date the Registration Statement is declared effective by the SEC;
- broker-dealers may agree with a selling security holder to sell a specified number of such shares at a stipulated price per share;
- a combination of any such methods of sale; and
- any other method permitted pursuant to applicable law.

The selling stockholders may also sell shares of common stock under Rule 144 promulgated under the Securities Act of 1933, as amended, if available, rather than under this prospectus. In addition, the selling stockholders may transfer the shares of common stock by other means not described in this prospectus. If the selling stockholders effect such transactions by selling shares of common stock to or through underwriters, broker-dealers or agents, such underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholders or commissions from purchasers of the shares of common stock for whom they may act as agent or to whom they may sell as principal (which discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved). In connection with sales of the shares of common stock or otherwise, the selling stockholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the shares of common stock in the course of hedging in positions they assume. The selling stockholders may also sell shares of common stock short and deliver shares of common stock covered by this prospectus to close out short positions and to return borrowed shares in connection with such short sales. The selling stockholders may also loan or pledge shares of common stock to broker-dealers that in turn may sell such shares.

The selling stockholders may pledge or grant a security interest in some or all of the Notes or shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer and donate the shares of common stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

13

To the extent required by the Securities Act and the rules and regulations thereunder, the selling stockholders and any broker-dealer participating in the distribution of the shares of common stock may be deemed to be “underwriters” within the meaning of the Securities Act, and any commission paid, or any discounts or concessions allowed to, any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. At the time a particular offering of the shares of common stock is made, a prospectus supplement, if required, will be distributed, which will set forth the aggregate amount of shares of common stock being offered and the terms of the offering, including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the selling stockholders and any discounts, commissions or concessions allowed or re-allowed or paid to broker-dealers.

Under the securities laws of some states, the shares of common stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of common stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

There can be no assurance that any selling stockholder will sell any or all of the shares of common stock registered pursuant to the registration statement, of which this prospectus forms a part.

The selling stockholders and any other person participating in such distribution will be subject to applicable provisions of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder, including, without limitation, to the extent applicable, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of common stock by the selling stockholders and any other participating person. To the extent applicable, Regulation M may also restrict the ability of any person engaged in the distribution of the shares of common stock to engage in market-making activities with respect to the shares of Common stock. All of the foregoing may affect the marketability of the shares of Common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of Common stock.

We will pay all expenses of the registration of the shares of Common stock pursuant to the Registration Rights Agreement, estimated to be \$50,000 in total, including, without limitation, Securities and Exchange Commission filing fees and expenses of compliance with state securities or “blue sky” laws; provided, however, a selling stockholder will pay all underwriting discounts and selling commissions, if any. We will indemnify the selling stockholders against liabilities, including some liabilities under the Securities Act in accordance with the Registration Rights Agreements or the selling stockholders will be entitled to contribution. We may be indemnified by the selling stockholders against civil liabilities, including liabilities under the Securities Act that may arise from any written information furnished to us by the selling stockholder specifically for use in this prospectus, in accordance with the related registration rights agreements or we may be entitled to contribution.

Once sold under the registration statement, of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

This Offering will terminate on the date that all shares of our common stock offered by this prospectus have been sold by the selling stockholder.

Our common stock is currently listed on Nasdaq under the symbol “VINO”.

## BUSINESS

The description of our business is incorporated by reference from Part I, Item 1 of the Company’s Annual Report on Form 10-K as filed with the SEC on April 17, 2023 (see “Incorporation of Certain Information by Reference”).

## DESCRIPTION OF OUR CAPITAL STOCK

The following description summarizes important terms of our capital stock and our other securities. For a complete description, you should refer to our Certificate of Incorporation and bylaws, forms of which are incorporated by reference to the exhibits to the registration statement of which this prospectus is a part, as well as the relevant portions of the Delaware General Corporation Law (“DGCL”). Please also see “Effect of Certain Provisions of our Bylaws” below.

### Capital Stock

The Company has two classes of stock: common and preferred. The Company’s Amended and Restated Certificate of Incorporation authorizes the issuance of up to 150,000,000 shares of common stock, par value \$0.01 per share, and 902,670 shares of preferred stock, par value \$0.01 per share.

In the discussion that follows, we have summarized selected provisions of our Certificate of Incorporation, amended and restated bylaws (the “Bylaws”), and certificates of designation, and the DGCL relating to our capital stock. This summary is not complete. This discussion is subject to the relevant provisions of Delaware law and is qualified in its entirety by reference to our Certificate of Incorporation and our bylaws. You should read the provisions of our Certificate of Incorporation, our Bylaws, and our certificates of designation as currently in effect for provisions that may be important to you. Please also see “Effect of Certain Provisions of our Bylaws” below.

### Common Stock

As of May 5, 2023, there were 6,593,205 shares of common stock issued and 6,592,924 shares of common stock outstanding. 281 shares of our common stock that are held by the Company in treasury are the result of the redemption of WOW Group membership interests and indirectly, GGH’s shares.

Each share of common stock entitles the holder thereof to one vote, either in person or by proxy, at a meeting of stockholders. The holders are not entitled to vote their shares cumulatively. Accordingly, the holders of more than 50% of the issued and outstanding shares of common stock can elect all of the directors of the Company.

Each share of common stock has equal and identical rights to every other share for purposes of dividends, liquidation preferences, voting rights and any other attributes of the Company’s common stock. No voting trusts or any other arrangement for preferential voting exist among any of the stockholders, and there are no restrictions in the articles of incorporation, or bylaws precluding issuance of further common stock or requiring any liquidation preferences, voting rights or dividend priorities with respect to this class of stock.

Effective September 16, 2022, the Company filed an Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware to reflect the reduction in the number of authorized shares of preferred stock from 11,000,000 shares to 902,670 shares as a result of the previous conversion of the Series A Convertible Preferred into shares of common stock of the Company. The Amended and Restated Certificate of Incorporation also reflects the removal of provisions related to the Company’s previously effective reverse-stock split. The Amended and Restated Certificate of Incorporation was approved by the Board of Directors, without a vote of the stockholders, on September 14, 2022, as permitted by Section 242 and Section 245 of the General Corporation Law of the State of Delaware.

Effective November 4, 2022 at 4:30 p.m. Eastern Time, the Company filed an Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware to effect a reverse stock split of the common stock at a ratio of 12-for-1 (the “Reverse Split”).

There were no fractional shares issued as a result of the Reverse Split. All fractional shares as a result of the Reverse Split were rounded up to the nearest whole number. The total number of the Company’s authorized shares of common stock or preferred stock were not affected by the foregoing. As a result, after giving effect to the Reverse Split, the Company remains authorized to issue a total of 150,000,000 shares of common stock.

All shares of common stock are entitled to participate ratably in dividends when and as declared by the Company’s board of directors out of the funds legally available. Any such dividends may be paid in cash, property or additional shares of common stock. The Company has not paid any dividends on its shares of common stock since its inception and presently anticipates that no dividends on such shares will be declared in the foreseeable future. Any future dividends will be subject to the discretion of the Company’s board of directors and will depend upon, among other things, future earnings, the operating and financial condition of the Company, its capital requirements, general business conditions and other pertinent facts. Therefore, there can be no assurance that any dividends on the common stock will be paid in the future.

Holders of common stock have no preemptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. In the event of the dissolution, whether voluntary or involuntary of the Company, each share of common stock is entitled to share ratably in any assets available for distribution to holders of the equity securities of the Company after satisfaction of all liabilities.

### Preferred Stock

As of December 31, 2022, the Company has authorized 902,670 shares of preferred stock, of which, none are issued and outstanding. The Board of Directors has the ability to issue blank check preferred stock under the Amended and Restated Certificate of Incorporation.

#### *New Convertible Promissory Note*

On February 21, 2023, the Company entered into a Securities Purchase Agreement (the “2023 Purchase Agreement”) with an institutional investor (the “Initial Closing”), pursuant to which the Company will sell to the investor a series of senior secured convertible notes of the Company in the aggregate original principal amount of \$5,617,978 with an original issue discount of 11% (the “2023 Notes”), and a series of common stock purchase warrants of the Company, which warrants shall be exercisable into an aggregate of 3,377,099 shares of common stock of the Company for a term of three years (the “2023 Warrants”). The Company received \$5,000,000 in proceeds after the original issue discount of 11% on the principal.

The 2023 Notes are convertible into shares of common stock of the Company at a conversion price of \$1.34 (subject to adjustment and a floor price of \$0.27). The 2023 Notes are due and payable on the first anniversary of the Issuance Date and bear interest at a rate of 7% per annum, which shall be payable either in cash monthly or by way of inclusion of the interest in the Conversion Amount on each Conversion Date (as defined in the 2023 Notes). The investor is entitled to convert any portion of the outstanding and unpaid Conversion Amount (as defined in the 2023 Notes) at any time or times after the Issuance Date, but we may not effect the conversion of any portion of the 2023 Notes if it would result in any of the investor beneficially owning more than 4.99% of the common stock.

The investor also has an option to enter into an additional promissory note for \$5,617,978 and warrants to purchase 3,377,099 shares of common stock, or if certain equity condition are met, the Company may exercise that option (the “Second Closing”) on the same terms as the Initial Closing. The maximum amount of the 2023 Notes therefore, would be \$11,235,956 with total 2023 Warrants to purchase 6,754,198 shares of common stock.

Under the applicable rules of The Nasdaq Stock Market LLC (“Nasdaq”), in no event may we issue any shares of common stock upon conversion of the 2023 Notes or otherwise pursuant to the terms of the 2023 Notes if the issuance of such shares of common stock would exceed 19.99% of the shares of the common stock outstanding immediately prior to the execution of the 2023 Purchase Agreement and the 2023 Notes and 2023 Warrants (the “Exchange Cap”), unless we (i) obtain stockholder approval to issue shares of common stock in excess of the Exchange Cap or (ii) obtain a written opinion from our counsel that such approval is not required. In any event, we may not issue any shares of our common under the 2023 Purchase Agreement or 2023 Notes if such issuance or sale would breach any applicable rules or regulations of the Nasdaq.

The 2023 Notes will rank senior to all outstanding and future indebtedness of the Company and its subsidiaries, and will be secured by (i) a security interest in all of the existing and future assets of the Company, as evidenced by the Security and Pledge Agreement entered into between the Company and the investor (the “2023 Security Agreement”; and (ii) a pledge of shares of common stock of the Company held by Scott L. Mathis, President and CEO of the Company, and other entities managed by him, as evidenced by the stockholder pledge agreements entered into between the Company, Mr. Mathis and his entities, and the investor.

In connection with the foregoing, the Company also entered into a Registration Rights Agreement with the investor (the “2023 Registration Rights Agreement”), pursuant to which the Company has agreed to provide certain registration rights with respect to the Registrable Securities (as defined in the 2023 Registration Rights Agreement) under the Securities Act of 1933 (the “1933 Act”) and the rules and regulation promulgated thereunder, and applicable state securities laws. The 2023 Purchase Agreement and the 2023 Registration Rights Agreement contain customary representations, warranties, conditions and indemnification obligations of the parties. The representations, warranties and covenants contained in such agreements were made only for purposes of such agreements and as of specific dates, were solely for the benefit of the parties to such agreements and may be subject to limitations agreed upon by the contracting parties.

EF Hutton, division of Benchmark Investments, Inc. (“EF Hutton”) acted as the exclusive placement agent in connection with the transactions contemplated by the Purchase Agreement, for which the Company will pay to EF Hutton a cash placement fee equal to 6.0% of the amount of capital raised, invested or committed under the 2023 Purchase Agreement and Notes.

The shares of common stock that have been and may be issued under the 2023 Purchase Agreement, 2023 Notes, and 2023 Warrants (collectively, the “2023 Note Documents”) are being offered and sold in a transaction exempt from registration under the 1933 Act, in reliance on Section 4(a)(2) thereof and/or Rule 506(b) of Regulation D thereunder. The investor represented that it is an “accredited investor,” as defined in Regulation D, and are acquiring such shares under the 2023 Purchase Agreement for investment purposes only and not with a view towards, or for resale in connection with, the public sale or distribution thereof. Accordingly, the shares of common stock that have been and may be issued to the investor under the 2023 Purchase Agreement have not been registered under the 1933 Act or any applicable state securities laws and may not be offered or sold in the United States absent registration or an exemption from registration under the 1933 Act and any applicable state securities laws. The Company filed a Form D with the SEC on March 3, 2023.

During 2023 and pursuant to the 2023 Note Documents, investors converted the following amounts of principal and interest of the 2023 Notes: (i) on May 1, 2023, the investor converted a total of \$190,000 of principal and interest of the 2023 Notes and the Company issued 246,754 shares of common stock upon conversion; (ii) on May 4, 2023, the investor converted a total of \$190,000 of principal of the 2023 Notes and the Company issued 243,922 shares of common stock upon conversion; and (iii) on May 5, 2022, the investor converted a total of \$95,000 of principal of the 2023 Notes and the Company issued 121,961 shares of common stock upon conversion.

The Company filed a Registration Statement on Form S-1 (File No. 333-271305) registering the resale of up to 1,519,454 shares upon exercise of the 2023 Notes on April 18, 2023, which was declared effective on April 21, 2023.

From July 13, 2022 through August 30, 2022, the Company issued convertible promissory notes to certain investors (the “Investor Notes”) in the amount of \$1,727,500. Pursuant to the terms of the Investor Notes, if the stockholders approved for purposes of complying with Nasdaq Listing Rule 5635(d), the issuance of shares of up to 1,250,000 of the Company’s common stock upon the conversion of the Investor Notes, without giving effect to Nasdaq’s 20% Rule, the Investor Notes would be automatically converted into units consisting of one share of common stock and one warrant to purchase one share of common stock at a price equal to the lesser of (a) \$6.60 per unit or (b) the three-day volume weighted average closing price (“VWAP”) of the Company’s common stock beginning on the date that is two days prior to stockholder approval of such conversion at the 2022 annual stockholder meeting (the “2022 AGM”).

At the 2022 AGM, the Company obtained the requisite stockholder approval, and the Investor Notes comprised of \$1,727,500 and \$8,252 in interest were automatically converted into an aggregate of 454,576 units based on a conversion price of \$3.82 – the three-day VWAP of the Company’s common stock beginning on the date that is two days prior to stockholder approval of such conversion at the 2022 AGM. Each warrant issued upon the conversion of the Investor Notes is exercisable at a price of \$3.82.

### **Effect of Certain Provisions of our Bylaws**

Our Bylaws contain provisions that could have the effect of delaying, deferring, or discouraging another party from acquiring control of us. These provisions and certain provisions of Delaware law, which are summarized below, could discourage takeovers, coercive or otherwise.

---

19

Our Bylaws provide for our Board of Directors to be divided into three classes serving staggered terms. Approximately one-third of the Board of Directors will be elected each year. This method of electing directors makes changes in the composition of the Board of Directors more difficult, and thus a potential change in control of a corporation a lengthier and more difficult process. A classified board of directors is designed to assure continuity and stability in a board of directors' leadership and policies by ensuring that at any given time a majority of the directors will have prior experience with our Company and be familiar with our business and operations.

The classified board structure may increase the amount of time required for a takeover bidder to obtain control of the Company without the cooperation of our Board of Directors, even if the takeover bidder were to acquire a majority of the voting power of our outstanding common stock. Without the ability to obtain immediate control of our Board of Directors, a takeover bidder will not be able to take action to remove other impediments to its acquisition of our Company. Thus, a classified Board of Directors could discourage certain takeover attempts, perhaps including some takeovers that stockholders may feel would be in their best interests. Further, a classified Board of Directors will make it more difficult for stockholders to change the majority composition of our Board of Directors, even if our stockholders believe such a change would be beneficial. Because a classified Board of Directors will make the removal or replacement of directors more difficult, it will increase the directors' security in their positions, and could be viewed as tending to perpetuate incumbent management.

Since the creation of a classified Board of Directors will increase the amount of time required for a hostile bidder to acquire control of our Company, the existence of a classified board of directors could tend to discourage certain tender offers which stockholders might feel would be in their best interest. However, our Board of Directors believes that forcing potential bidders to negotiate with our Board of Directors for a change of control transaction will allow our Board of Directors to better maximize stockholder value in any change of control transaction.

Our bylaws also provide that, unless we consent in writing to an alternative forum, the federal and state courts of the State of Delaware will be the sole and exclusive forum for: (i) any derivative action or proceeding brought on our behalf; (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, or employees to us or our stockholders; (iii) any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law; or (iv) any action asserting a claim that is governed by the internal affairs doctrine, in each case subject the court having personal jurisdiction over the indispensable parties named as defendants therein. This exclusive forum provision would not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. This forum selection provision may limit our stockholders' ability to bring a claim in a judicial forum that they find favorable for disputes with us or our directors, officers, employees or agents, which may discourage such lawsuits against us and our directors, officers, employees and agents even though an action, if successful, might benefit our stockholders.

Our bylaws establish an advance notice procedure for stockholder proposals to be brought before any meeting of our stockholders, including proposed nominations of persons for election to our board of directors. At an annual or special meeting, stockholders may only consider proposals or nominations (i) specified in the notice of meeting; (ii) brought before the meeting by or at the direction of our board of directors or (iii) otherwise properly brought before the meeting by any stockholder who is a stockholder of record on the date of the giving of the notice and on the record date of the meeting and who complies with the notice procedures set forth in our bylaws. The bylaws do not give our board of directors the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting of our stockholders. However, our bylaws may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed. These provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of the Company.

#### **Delaware Anti-Takeover Statute**

We are subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. These provisions can discourage certain coercive and inadequate takeover bids of the Company by requiring those seeking control of the Company to negotiate with the Board of Directors first. In general, Section 203 prohibits a publicly-held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder (one who owns 15% or more of the Company's outstanding voting stock) for a period of three years following the date the person became an interested stockholder unless:

- Before the stockholder became an interested stockholder, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- On completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced with the total number of shares outstanding calculated when the transaction commenced (excluding certain shares owned by officers or directors or under employee stock plans); or
- At or subsequent to the time of the transaction, the business combination is approved by the board of directors of the corporation and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset or stock sale, or other transaction resulting in a financial benefit to the interested stockholder. We expect the existence of this provision to have an anti-takeover effect with respect to transactions that our Board of Directors does not approve in advance and could result in making it more difficult to accomplish transactions that our stockholders may see as beneficial such as (i) discouraging business combinations that might result in a premium over the market price for the shares of our common stock; (ii) discouraging hostile takeovers which could inhibit temporary fluctuations in the market price of our common stock that often result from actual or rumored hostile takeover attempts; and (iii) preventing changes in our management.

**Item 14. Indemnification of Directors and Officers.**

Section 102 of the General Corporation Law of the State of Delaware permits a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except for breaches of the director's duty of loyalty to the corporation or its stockholders, acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of a law, authorizations of the payments of a dividend or approval of a stock repurchase or redemption in violation of Delaware corporate law or for any transactions from which the director derived an improper personal benefit.

Section 145 of the General Corporation Law of the State of Delaware provides that a corporation has the power to indemnify a director, officer, employee, or agent of the corporation and certain other persons serving at the request of the corporation in related capacities against expenses (including attorney's fees), judgments, fines and amounts paid in settlements actually and reasonably incurred by the person in connection with a threatened, pending, or completed action, suit or proceeding to which he or she is or is threatened to be made a party by reason of such position, if such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful, except that, in the case of actions brought by or in the right of the corporation, indemnification is limited to expenses (including attorney's fees) actually and reasonably incurred by the person in connection with defense or settlement of such action or suit and no indemnification shall be made with respect to any claim, issue, or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper. In addition, to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit, or proceeding described above (or claim, issue, or matter therein), such person shall be indemnified against expenses (including attorney's fees) actually and reasonably incurred by such person in connection therewith. Expenses (including attorney's fees) incurred by an officer or director in defending any civil, criminal, administrative, or investigative action, suit, or proceeding may be advanced by the corporation upon receipt of an undertaking by such person to repay such amount if it is ultimately determined that such person is not entitled to indemnification by the corporation under Section 145 of the General Corporation Law of the State of Delaware.

**Item 17. Undertakings.**

The undersigned registrant hereby undertakes:

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of

the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

II-2

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.; provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(6) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to any charter provision, by law or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
